WESTERN ONTARIO.

BRANT.

W. D. Jones, Brantford, has been commissioned as deputy judge of Brant, and G. B. Van Norman has been chosen as assistant judge.

Rev. Mr. Wright, Gorrie, has been chosen as rector of St. Jude's Church in Brantford, and the Bishop of Huron has sanctioned the appointment. Mr. Wright is a graduate of Wycliffe College, and has been very successful in all the parishes in which he has labored. As a churchman he is what is known as "a moderate man," neither high nor low church. He will take over the parish of St. Jude's in May next.

ELGIN.

The farm of the late John Sanders, of Malahide, consisting of 140 acres, has been sold to Edward Dangerfield for $5,000.

The following have been nominated for water commissioners at St. Thomas: Joseph Griffin, Charles Scrase, Israel Moore, John Farly, J. P. Martyn, J. M. Green, John King.

Lorne Baxter, the young lad who robbed the postoffice at Aylmer, has been liberated on suspended sentence. He is not allowed to come inside the corporation of that town.

ESSEX.

The Windsor Oddfellows will make great preparations to receive the delegates to the Grand Lodge that convenes in Windsor next August. It is expected that 400 delegates will be present.

The M. C. R. now charges passengers a 5 cent fare from the L. E. and D. R. junction to McGregor station.

Lewis Wigle, ex-M.P., of Leamington, has decided to dispose of the majority of his thoroughbred horses, and is forming a joint stock company, to which he will turn over 40 or 50 of his best Texas horses. The managers for the present are Joseph White, of Windsor; M. J. Buchanan, of Ingersoll, and Lewis Wigle.

A narrow escape from fatal asphyxiation occurred at the Crawford House in Windsor the other morning. A young farmer named Cowan, from Blytheswood, and his bride arrived on their wedding tour, and were assigned to a room. Before retiring Cowan left an early call stating that he had some business at Comber, and desired to take an early train. When called in the morning he arose, lighted the gas, and when ready to go turned out the gas, as he supposed, and left his wife in bed. Instead of turning the gas out, however, he left it turned on, and when several hours later the employes of the hotel were attracted by the odor of escaping gas, they entered the room and found Mrs. Cowan unconscious. When the doors and windows were open the woman quickly recovered, but the physicians who had been summoned stated that she had a very narrow escape.

An action which involves nearly every class of civil immorality, from an alleged fraudulent conveyance of land to adultery, was brought up before Master Winchester at Osgoode Hall, Toronto, last week. The suit is that of Mrs. Caroline Perrault against her husband, Emery Perrault, and her brother-in-law, Pierre Perrault, for alimony, legal separation, and to set aside an alleged fraudulent conveyance of a $3,700 farm in Essex and a couple of Windsor lots, made by Emery to Pierre, for the purpose it is said, of avoiding the payment of alimony to Mrs. Perrault. The motion was made on behalf of the plaintiff for interim alimony and costs; to commit the defendant to jail for contempt of court in refusing to answer questions on examination; and the defendant had a contra motion to dismiss the plaintiff's action for non-production of some particulars which were ordered. The first part of the former motion was enlarged; the motion to commit was made, and the master gave judgment, ordering Emery Perrault to attend for examination at his own expense and answer the questions asked him about the conveyance of his property; and the defendant's motion was enlarged. In this suit the plaintiff charges her husband with cruelty and abuse and other crimes, which, if established, would immediately obtain her a divorce. The husband, in his counter-charges against the wife, says that shortly after his marriage he suffered a serious accident, which resulted in a permanent physical disability, and he charges that the four children which were supposed to have been born of his marriage are not his children, and produces medical evidence to support this allegation. He alleges that his wife was almost constantly with her lover, and on one occasion she incited her lover to eject him from his own house. Perrault, who is a Frenchman, when up for examination, was asked about his property, and when this subject was touched the witness would always answer that he did not understand the question. It was on this account that a motion to commit was made.

HURON.

Johnston, the man accused of stealing clothing and other things from near Ailsa Craig recently, was tried at Goderich and sentenced to six months' imprisonment the other day.

James Nichol, farmer, of McKillop, was in Seaforth and called at the store of A. Cardno to make some purchases. After he had concluded his business he laid his pocketbook, containing a note for $300 and two ten-dollar bills, on the counter, as he thought, and engaged in conversation with a friend. He afterwards walked out of the store and neglected to take up his pocketbook. He called at Mr. Papst's bookstore, and it was there he missed his valuables. He immediately returned to Mr. Cardno's store, but in the meantime the pocketbook had been carried off.

KENT.

Walter W. Scane, eldest son of E. W. Scane, of Scane & Houston, solicitors, Chatham, has just passed his final law examination and has been called to the bar.

A petition to the Governor-General is being circulated for the release of Benjamin McMahon. McMahon was sentenced to be hung at the Kent fall assizes in 1888 for complicity in the murder of Will Holton, of Tilbury Center. The murder of Holton took place on the night of the Jan 16, 1888, in the old man's home near Tilbury Center. McMahon was immediately arrested, but his accomplices, Duff and Todd Quick, escaped. After a number of months Quick was found and both he and McMahon stood their trial. Quick was acquitted and McMahon sentenced to death, the sentence afterwards being commuted to imprisonment for life. Proof was, however, afterwards brought to show that Duff, who cannot be found, was the actual murderer of Holton and that the others were only his companions on the occasion.

LAMBTON.

At the anniversary of the Black Creek Presbyterian Church addresses were delivered by Revs. J. Campbell Tibb, of Barns Church; A. Beamer, of Petrolea; Fairchild and Gannon, of Wilksport. Music was furnished by three different choirs. The chair was occupied by the pastor, J. A. McConnell. Proceeds were $60.

MIDDLESEX.

Samuel Towle, a well known resident of East Nissouri, who a few years ago was a candidate for Parliamentary honors, has some months past been suffering from a disease of the leg, which grew gradually worse until amputation above the knee was found necessary.

John Betts has left the Commercial House, Mount Brydges, and T. Hodgins, lately of this city, is his successor.

Miss Lottie Buttery, daughter of John Buttery, of Strathroy, has been promoted to the position of manager of the circulation department of the Detroit Evening News.

The following township officers were appointed at the first meeting of the new Ekfrid Council: Assessor, Henry Gough; collector, Thos. Warren; auditors, Henry Lowe and R. Dunlop; clerk, John Hutton; treasurer, Alex. Cameron.

A tea meeting and a necktie social were held on Thursday and Friday nights at Nilestown under the direction of the C. M. Society. Lovers of songs and solos, recitations, speeches, etc., had a treat on Thursday evening, and on Friday night from hoary hairs and furrowed brows of age down to rosy cheeks and sparkling eyes of youth there was continuous contention for pre-eminence in pleasant tete-a-tete. The gastronomic feature on both occasions was a marvel of culinary skill.

R. R. Hall, of Parry Sound, is delivering a series of temperance lectures every evening this week in Napier.

OXFORD.

Stephen Hall, the retiring reeve of Blenheim, is to be banqueted on Feb. 23 in Drumbo.

At the last meeting of St. Paul's Church, Ingersoll, the rector's salary was increased from $1,200 to $1,500. Rev. E. R. Hutt is popular with his congregation. The addition and alterations to the church are now about completed and the church will be reopened on Feb. 20.

Mr. Wm. Grey has been re-elected chairman and Mayor Douglas secretary-treasurer of the collegiate institute board in Woodstock.

The annual report of the Woodstock school board shows that the receipts during last year were $13,868 44 and the expenditure $13,867 04. The average salary paid male teachers was $650 and female, $292.

The first case of diphtheria in Woodstock in two years has been reported. The disease was brought there by Mrs. Eckmyer, of Ethel, who has been on a visit to friends in Tavistock. She came to Woodstock Thursday on a visit to relatives in the West End, and, her child feeling unwell, Dr. McLurg was called in, who pronounced the disease diphtheria.

The death is recorded of Arthur Gregory, of Hawtrey. Deceased was born in Somersetshire, England, and came to Canada in 1869, taking up his residence at Norwich, near which place he has since resided. On returning from a visit to England last June he met with an accident on board the steamer, breaking his thigh, and from the effects of this accident he never recovered. Mr. Gregory was twice married, first to Elizabeth Parsons, and in 1858 to Bertha Dymond, daughter of Henry Dymond, of Sidcot, England, and sister of A. H. Dymond, now of Brantford. He leaves a family of five sons and five daughters, among the former being W. D. Gregory, A. R. Gregory and T. W. Gregory, of Toronto. Mr. Gregory belonged to an old Quaker family, and was a member of the Society of Friends.

PERTH.

Wm. Harris, formerly manager of the Monkton cheese factory, died in Elma last Saturday. He had a cold which developed into pneumonia and resulted in death after a few days' illness.

A young son of John Grutsch, of Stratford, had an experience Thursday that nearly cost him his life. He was standing near the track as the noon train going west was passing, and in his impatience to cross slipped too near the rail. He says that he felt a sensation of dizziness, unconsciously leaned forward and was struck by a passing car. He was lifted clear off the ground and hurled several feet from the track. He was badly bruised and terribly shaken up.

Some three weeks ago Councilor Wm. Rennie, South Easthope, while leading a colt round a barn yard was thrown against a stone, sustaining a cut on the knee. Erysipelas set in and blood poisoning followed. After much intense suffering he died last week. Mr. Rennie was 52 years of age and a bachelor. He was a man of considerable means, a prominent and consistent member of the Presbyterian church, and in the office of councilor he served his township honorably and creditably. He was a staunch Liberal in politics. His death is deeply regretted by a large circle of relatives and friends.

WATERLOO.

An inspection of the long bridge over the Grand on the C. P. R. near Galt, was made by the Government inspector of bridges. To make the test a Mogul engine, said to weigh 110 tons, was detached from a freight train and first of all run on to the bridge and allowed to stand while measurements and deflections were taken, which were said to be very slight. Next the engine was put on the track on the west of the bridge and allow of room to get up speed, and then at a rate of 40 or 50 miles an hour run across the structure, a very slight deflection being observed by the tests applied.

FREE PRESS ON MR. CARLING.

On the 26th January the London Free Press told this story to illustrate the anxiety of Mr. Hyman's friends to have Mr. Carling run. Said our contemporary:

AT A GRIT CAUCUS.

A Grit spy bounds breathless into the room. On his ashen face is a look of despair. "Mr. Carling ain't going to run," he gasps.

Consternation fills the room and the people in it.

"We'll keep up a bold front outside, boys, anyhow."

"Easier said than done," growls another inmate of the little room.

This was the Free Press' view of it then, when it is thought Mr. Carling had been successfully frozen out by the efforts of Mr. Hyman's fearful opponents. It makes the position of the paper laughable now. "Oh, these sharp curves," sighs the unhappy editor.

Wouldn't Be Without It.

Mr. Alfred Roberts, Manager of the Dominion Railway Advertising Agency, 79 King street W., Toronto, Ont., June 1, 1888, writes as follows: "I desire to testify to the efficacy of St. Jacobs Oil as a sure remedy for sprains, bruises, rheumatism, etc., having had occasion to use it in my family for some time past. In fact I would not be without a bottle of the Oil in my house for double the amount charged."

The month of January is always regarded with the most gloomy anticipation by the Queen of the Belgians, who believes it will inevitably bring some misfortune.

B. B. cured Mrs. B. Maddis, of Mt. Pleasant, Ont., of painful sores which broke out on her leg.

Corns can stand heat and cold, but they perish quickly in moist atmosphere.

A man's wife should always be the same especially to her husband; but if she is weak and nervous and uses Carter's Iron Pills, she cannot be, for they will make her "feel like a different person," at least so they all say, and their husbands say so, too.

"German Syrup"

Martinsville, N.J., Methodist Parsonage. "My acquaintance with your remedy, Boschee's German Syrup, was made about fourteen years ago, when I contracted a Cold which resulted in a Hoarseness and a Cough which disabled me from filling my pulpit for a number of Sabbaths. After trying a Physician, without obtaining relief—I cannot say now what remedy he prescribed—I saw the advertisement of your remedy and obtained a bottle. I received such quick and permanent help from it that whenever we have had Throat or Bronchial troubles since in our family, Boschee's German Syrup has been our favorite remedy and always with favorable results. I have never hesitated to report my experience of its use to others when I have found them troubled in like manner." REV. W. H. HAGGARTY, of the Newark, New Jersey, M.E. Conference, April 25, '90.

Cured Mrs. Jones It Ought To Cure Mrs. Brown
Is the reason always given to induce people to buy patent medicines.
People are becoming too enlightened now to be satisfied with this reasoning.
What is the cause of every disease? Inflammation.
What produces inflammation? An excess of acid in the system. If the blood does not circulate properly it ferments, producing an acid. If food taken into the stomach does not digest, it ferments, producing and acid.
The above facts are proven by chemical tests. Brunton's Curative Fluid (internal) and Curative Absorbent (external) are combinations of potasses. They neutralize the acid, thereby removing the inflammation, and the disease ceases.
Indigestion, Dyspepsia, Catarrh, la Grippe, Rheumatism, Eczema, Sores, Skin Diseases, fly like chaff before the wind if the sufferer uses Curative Fluid and Curative Absorbent.
All druggists keep it.

LONDON CITIZENS
Are Talking About the New System.

177 Dundas St., London, Dec. 28, 1891.
I have used Dr. J. Eugene Jordan's Histogenetic Medicines for different members of my family, with good results, during the past year, and cheerfully recommend the remedies to the citizens of London, feeling convinced that Dr. Jordan's theory of reaching diseases is the correct one. N. F. YEO.

389 Waterloo St., London, Dec. 28, 1891.
Having used Dr. J. Eugene Jordan's Histogenetic Medicines in my family with good results, I cheerfully recommend them to the citizens of London, and strongly advise all sufferers to give them a trial. Dr. Jordan's system, in my opinion, is the best system of medicine on earth. I speak from experience, having paid hundreds of dollars for other doctors' medicines, receiving little or no benefit. My wife is a new woman since she began using Histogenetic Remedies. I will be pleased to answer any inquiries. JOHN YOUNG, liveryman.

Histogenetic Medicine Association:
Gentlemen,—This is to certify that I have suffered with rheumatism for the past 25 years. At five different periods I have been so bad that I had to remain in bed for several months at a time. This summer I was suffering severely with pain all through my body, constipation, headache, drowsiness, etc. I began taking Histogenetic Medicines on June 15 and continued for eight weeks. I began to improve at once; pain left me gradually. I do not feel it at all, except a very little at change of weather—nothing to speak of; just a gentle reminder. Constipation and headache cured us, and no return of either since. It is now six weeks since I stopped taking the medicines. I feel better now than I have for years, and I heartily recommend the people of London to try Histogenetic Medicines, as they did more for me than all the doctors' prescriptions or other medicines that I had taken before.
JAMES JACK.
London, 569 York street, Sept. 19, 1891.

Call or write for free medical book explaining the Histogenetic system. All information free. The principles used in the preparation of the medicines are as necessary for our existence as the air we breathe. The medicines have no taste—grand for children. Grip cured in a short time. Specific for inflammation of the lungs; almost impossible to die from that trouble if medicines given promptly at the start. Cost you nothing to investigate the system. It is a reform, and therefore the duty of every one to know something about it.

OFFICE HOURS—9 a.m. to 6:30 p.m.
Open Saturday Nights.
Histogenetic Medicine Ass'n
Rooms 2 and 3 Albion Block, Richmond Street, London,
