IT IS THE NEWEST AND BEST.

Visit of the Parks and Gardens Committee to Island Park.

In the cool of the evening Ald. Hallam and a number of the aldermen yesterday visited Island Park, and the committee to whose care this beautiful resort is entrusted made a tour of inspection under the pilotage of Park Commissioner Chambers.

First approval was expressed at the expeditious action of the Toronto Ferry Company in providing a large shelter for visitors close to the wharf. Next the tree-planting was inspected and with interest the visitors listened to the recital of plans to increase the beauty of this favorite spot and to provide a playground for children by the filling in of certain lagoons.

Medical Health Officer Sheard, who accompanied the party, said that this was important from a sanitary point of view. The less stagnant water on the Island the better would be the health of the residents.

The New Baths.

Then the committee visited the neat, economical and certainly convenient bathing-place which has been constructed. This is immediately over the central bridge and to the west. There are 36 compartments for the bathers' clothing and convenient office and closets. One-half of these compartments have been set aside for women, and although the public opening of the baths has been arranged for Thursday next the attendant in charge said that, owing to the hot spell, many males and females had their morning bath both on Saturday and Sunday.

Ample water area has been fenced round, and from a gradual descent from the sodded bank the water increases in depth to five feet. The bottom is sandy, the reeds and weeds have been to a great extent removed, and as this work was in progress yesterday it is expected that by Thursday noon, when the formal opening will take place, the entire bathing area will be free from any of these objectionable features.

General Satisfaction Expressed.

All the aldermen present expressed their satisfaction with the way in which Mr. Chambers had carried out the work and their belief that a wholesome and safe bathing place had at last been provided, not only for Island residents, but for the youth of the city. The temperature of the water from being enclosed and all day open to the sun's rays is considerably warmer than that of the lake.

Other improvements effected and contemplated were inspected and described, and when the party returned to the Pavilion and partook of the hospitality of Ald. Hallam many were the congratulatory speeches which were delivered.

The City's Good Investment.

Incidentally Ald. Hallam said that the Island was now a revenue-producing asset of the city, that the rents exceeded the outlay, that many leases would soon fall in and the leaseholders be willing to pay much more for their lots than at present. All that was needed to make Centre Island the most attractive spot for summer residence was the outlay of a few thousand dollars, which would give employment this fall for many of the unemployed and be a revenue-producing investment for the city.

Gratification was also expressed at the passing by the Board of Works that morning of the proposed Island water supply scheme of City Engineer Keating.

SUNDAY CARS AND BOATS.

Thousands of Hamilton Citizens Find Them a Great Convenience.

[Hamilton Herald, June 25.]

Running street cars on Sunday is no novelty in Hamilton, but for two years now the public has been deprived of this convenience, and the reappearance of the cars yesterday was hailed with delight by hundreds of citizens to whom they afforded an opportunity of escaping from the heat of the city to cool and shady spots, where they could find rest and refreshing breezes. The service was very popular and the cars were patronized extensively. Church-goers took advantage of them to a considerable extent, and many who would not have been able to attend the various down-town churches without great personal inconvenience found them quite handy. Among the first to ride on the cars was Bishop Hamilton, who used them to reach St. Peter's Church, where he held confirmation service.

Perhaps the most popular line was that which led to the steamboat wharf, and in the afternoon especially the cars leading to the boat were crowded. The Mazeppa carried large numbers to the Beach on every trip, and on one of the afternoon trips was unable to take all on board who were anxious to get away from the heated city, having to make a special run back for them.

At the Beach the crowds enjoyed themselves quietly, and it is safe to say they spent a more restful and satisfactory Sunday than if they had been cooped up in the city and compelled to swelter and bake in the sunny streets.

Nearly 6000 people rode on the cars yesterday and about 600 went to the Beach. Many used the cars to visit the cemetery, Dundurn Park and Harvey Park.

No Disorder Resulted.

[Hamilton Herald editorial, June 25.]

The street cars slipped along the streets of Hamilton yesterday as quietly and naturally as if they had been doing it all their lives, and looking about the city to-day there is no evidence that the community is any the worse for it. The cars were patronized by quiet, orderly crowds for various purposes. Some went to church and Sunday school, while others slipped off from the heat and dust to the tree-shaded, grass-grown lanes in the outskirts of the city.

Others, and not a few of them, went to the Beach and grew stronger and healthier in the cool, vigorous breeze sweeping over the lake. Intolerably hot as the day was in the heart of the city it was cool and pleasant outside, as thousands found who used the unfeeling street cars instead of tiring themselves out by walking, or tiring out some poor plugs of horses from the nearest livery stable. Is it not better that street cars should run than that men and horses should suffer?

Hamilton is to-day giving the little world of Ontario, which is very "provincial" and narrow-minded in a great many respects when all is said and done, a fine object lesson in human liberty. The street cars are being run on Sunday for the benefit of those who wish to use them. No one is forced to ride on them against his will. If he has conscientious scruples he can set his own legs in motion or hire a horse from the livery stable and sing songs of joy that he is not as naughty as the naughty, naughty folks who ride on the insensate cars.

I can highly praise Burdock Blood Bitters. My symptoms were dropsy, backache and sleeplessness, and all these disappeared after using two bottles of Burdock Blood Bitters. Georgina Holmes, Wood Point, Sackville, N.B.

CHAMBER OF ARBITRATION.

List of Members Elected for the New Arbitration Board.

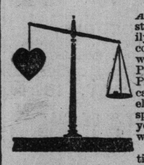
At the Board of Trade rotunda yesterday afternoon quite an interesting election took place. The following gentlemen were the successful candidates for the first two years:

D W Alexander, Hugh N Baird, George H Bertram, Hugh Blain, E F Clarke, Walter Burnill, Stapleton Caldecott, John I Davidson, E R C Clarkson, John Donough, William Galbraith, John H G Hagarty, Æmilius Irving, Robert Jaffray, W T Jennings, Arthur B Lee, Walter S Lee, W D Matthews, George McMurrich, E B Osler, Elias Rogers, Sir Frank Smith, J L Spink, B E Walker, D R Wilkie.

At Toronto's Favorite Summer Resort.

NIAGARA-ON-THE-LAKE, June 24.—A very large number of Toronto people came across the Lake yesterday afternoon to avoid the intense heat. The Queen's Royal Hotel during the afternoon presented a very busy scene. The mandolin orchestra discoursed sweet music on the piazza, while in the evening a hop was held in the ballroom of the hotel.

The ballroom was quite cool and the dancing was thoroughly enjoyed by a large attendance of guests. Among those from Toronto were Mrs. Henry Cawthra, Miss Cawthra, Mr. Victor Cawthra, Mrs. Gzowski, Mrs. Charles O'Reilly, Mrs. Hamilton Merritt, Miss Merritt, Mr. and Mrs. Lyndhurst Ogden, Mr. and Mrs. Evelyn Macrae, Miss Henry, Mr. and Mrs. Whitehead, Mr. A. B. Whitehead, Mr. and Mrs. Fraser, Mr. Applegath, Mr. Webster, Mr. and Mrs. W. J. Jones, Misses Sargent, Mr. C. D. Scott, Mr. E. C. Attrill, Messrs. Ball, Mr. J. Russell.



A LIGHT HEART, strong nerves, bodily comfort—these come to a woman, with the use of Dr. Pierce's Favorite Prescription. You can't be anything else but nervous and spiritless, as long as you suffer from any womanly ills.

The "Prescription" relieves every such condition. It builds up your general health, too, better than any ordinary tonic

PIERCE Guarantees **CURE.**

can do—and, by restoring the natural functions, it brings back health and strength.

St. Matthews, Orangeburgh Co., S. C.

DR. R. V. PIERCE: *Dear Sir*—For four months my wife tried your "Favorite Prescription," and I am able to say that it has done all that it claims to do. She can always praise this medicine for all womb troubles.

Yours truly,

B. Israel Matthews

"THE TRIUMPH OF LOVE

IS HAPPY FRUITFUL MARRIAGE.

Every Man Who Would Know the Grand Truths: the Plain Facts; the New Discoveries of Medical Science as Applied to Married Life, Who Would Atone for Past Errors and Avoid Future Pitfalls, Should Secure the Wonderful Little Book Called "Complete Manhood, and How to Attain It."

"Here at last is information from a high medical source that must *work wonders* with this generation of men."

The book fully describes a method by which to attain full vigor and manly power.

A method by which to end all unnatural drains on the system.

To cure nervousness, lack of self-control, despondency, etc.

To exchange a jaded and worn nature for one of brightness, buoyancy and power.

To cure forever effects of excesses, overwork, worry, etc.

To give full strength, development and tone to every portion and organ of the body.

Age no barrier. Failure impossible. 2000 references.

The book is *purely medical and scientific*, useless to curiosity seekers, invaluable to *men only who need it.*

A despairing man, who had applied to us, soon after wrote:

"Well, I tell you that first day is one I'll never forget. I just bubbled with joy. I wanted to hug everybody and tell them my old self had died yesterday and my new self was born to-day. Why didn't you tell me when I first wrote that I would find it this way?"

And another thus:

"If you had dumped a carload of gold at my feet it would not bring such gladness into my life as your method has done."

Write to the ERIE MEDICAL COMPANY, Buffalo, N.Y., and ask for the little book called "COMPLETE MANHOOD." Refer to this paper, and the company promises to send the book, in sealed envelope, without any marks, and entirely free, until it is well introduced.

AMERICAN STOCKS RAGGED.

A RATHER BETTER TONE FOR CHICAGO WHEAT.

Canadian Securities Quiet and Steady—More Gold Engagements at New York—Local Grain Markets Steady—Big Decrease in Amount of Wheat Afloat to Europe.

MONDAY EVENING, June 25.

Canadian Pacific is ⅝ lower in London, closing at 64⅞.

Consols easier, closing at 100 15-16 for money and at 101 for account.

A million in gold was engaged at New York to-day for export to-morrow.

The imports into the United Kingdom the past week were: Wheat, 510,000 qrs; maize, 299,000 qrs; flour, 124,000 barrels.

The amount of wheat afloat to Europe is 36,472,000, a decrease of 2,864,000 bushels for the week. A year ago the amount afloat was 43,112,000 bushels.

Corn afloat to Europe 6,030,000 bushels, a decrease of 816,000 for the week.

India's shipments of wheat this week aggregate 640,000 bushels.

The gold reserve of the United States Treasury is now only $64,782,000, as compared with $94,136,000 a year ago.

Tips From Wall-street.

The market closed generally steady.

St. Paul's earnings for the third week of June decreased $118,930.

Henry A. King & Co.'s special wire from Hubbard, Price & Co., New York: While the London market for Americans was somewhat feverish as a result of the assassination of the French President, there was a total lack of weakness which might reasonably have been expected. In New York opening prices were irregular. The pressure to sell was directed chiefly against the insolvent roads, notably Union Pacific and Northern Pacific preferred, and extended in a lesser degree to St. Paul. Gas was a strong feature and was evidently strongly supported by the pools, an effort made to make it touch as high a point as possible. Reading was quite active, and one prominent operator took a block of 2500 shares. The business and prospects of General Electric were sufficient to impart a considerable show of strength to this stock. Cordage, while active, was well supported, and it is evident that strong people are behind the movement to advance the price of this security. So far $1,000,000 of gold has been ordered for export this week, but the sum is not expected to reach anywhere near the proportions sent abroad last week. Union Pacific has been in better demand on rumor that the House Committee on Pacific railroads will favor the extension of the Government debt at 50 years.

A. PAXTON & CO. QUOTE AS FOLLOWS: Butter, choice tub, 14c to 15c; large rolls, 15c, lbs 15c to 16c. Eggs firmer at 9½c. Cheese, 10c to 10½c. Berries, 13c to 15c. Correspondence and consignments solicited. A. PAXTON & CO., 246 Commission Merchants, 72 Colborne-st.

Schwartz, Dupee & Co. wire Dixon: The wheat market ruled higher to-day. Business light and mostly of local character. British cables were higher and Continental cables generally easier in tone. The stock here in store decreased 400,000 bushels. The strength of the market at the outset was on reported large cash business done here late Saturday and the better tone to the English cables and reports of crop damage in parts of Dakota. At the close it was reported that another line of cash wheat has been worked for shipment. The amount, however, was not accurately stated and there was a good deal of doubt about the price it brought. Exports from the seaboard were about 350,000 bushels in wheat and flour and from 15 to 20 loads of new business done there. Favorable crop reports, receipts of 483 cars to-day and 500 estimated to-morrow, with lower cables and a slack cash demand, caused a weaker feeling in corn and considerable selling by parties recently identified with the long side. There was a decrease in the amount on passage of over 800,000 bushels. The cash demand for corn is proving very disappointing to its friends.

Advances made on Life Insurance Policies.

Henry A. King & Co. special wire from Logan & Co., Chicago: We have had a nervous and moderately active market to-day, September selling as low as 61⅝c and as high as 63c. Our crop reports from the Northwest do not indicate any improvement. England is strong, showing daily advances. The big stock afloat slowly but surely shows a steady decrease and will continue to do so. All the bankrupt cargoes of the Argentine are out of the way and now the only bear argument is the movement of the new winter crop. This, we think, will cut no figure inside of three weeks, and if the foreign demand we look for comes higher prices are in the near future.

Oats have ruled moderately active and lower. Selling orders come largely from the outside and coupled with which the local feeling is rather bearish, notwithstanding the fact of small supplies. The changes in stocks here and elsewhere are comparatively small.

Cotton Markets.

At New York the market is steady. Aug. closed 7.14, Sept. at 7.15, Oct. at 7.20 and Nov. at 7.25.

Business Embarrassments.

W. A. and C. A. Warriner of the Toronto Business College have assigned to Mr. E. R. C. Clarkson.

The creditors of M. Dwan, insolvent coal and wood merchant, will meet on Friday in Assignee Clarkson's office. A statement of the liabilities places the amount in the neighborhood of $9000.
