MR. TARTE AT COLLINGWOOD

Minister Inspected the Harbor and the Various Industries of the Lively Town.

WAS JOINED BY MR. MACDONALD

Careful Examination of the New Vessel Nearing Completion—Banquet at Night.

Collingwood, Ont., June 27.—Hon. Israel Tarte and party arrived here at noon today. Mr. Macdonald of the Cramp Steel Company arrived by the same train. They were met at the station by the Mayor and Council and driven around town for 30 minutes, and then were entertained at luncheon by the corporation in the Grand Central Hotel. Altogether fifty guests were present, and a very merry and enjoyable hour was spent. The party were then taken on board the Northern Navigation Company's steamer Majestic, and Mr. Tarte made a thoro tour of the harbor and harbor-works, inspecting the work being done by the various dredges and drill scows. The Minister expressed himself as being well pleased with the work done, and recognized the value of the harbor as a commercial necessity. The Northern Navigation Company were kind enough to have the vessel run a few miles out in the bay, and then back into port.

Visit to the Shipyards.

The party next visited the steel shipyards, and they made a thoro inspection of the shops and dry-dock, and also the 325-foot steel vessel, which is rapidly nearing completion. At the dry-dock, Mr. Tarte and his engineers were very much surprised at the great improvement which has been made in the last two years, since his last visit, the old stone sides having been replaced by new stone and lengthened about 100 feet. The engineers, among them. Mr. Coste, made a careful examination of the new vessel, being piloted around by the company's superintendent, Mr. Calderwood.

The Smelter Works.

In company with a small number of the party, Mr. Tarte and Mr. Macdonald visited the site of the smelter works, the engineers and the rest of the party going by steam launch across the bay to the Collingwood Pork Packing Company's factory and Charlton's new mill. At the factory, the party again joined forces, and were conducted thru this large and growing establishment. Superintendent Enright conducted the party over the building, and carefully explained the different processes the meat is put thru, even to the pressing of the bacon into the cases, ready for its journey to London, England. One point that seemed to catch everyone's attention was the brand on the side of each case, "Manufactured in Canada."

The gentlemen then returned, some by boat, some by carriage, to the hotel, and, as the weather was so extremely warm, they rested there until the Board of Trade banquet at night.

THE BANQUET.

The Board of Trade banquet here tonight was attended by the largest number in the history of the town. Hon. J. Israel Tarte, Minister of Public Works; Messrs. McDonald, Evans and Waite of the Cramp Steel Co., J. J. Long, Thomas Long, John Charlton, M.P.; Leighton McCarthy, M.P.; James Duff, M.L.A.; Chas. Cameron, Capt. McDougall, Mayor Silver and Councillor Gullfoyle were the principal speakers. Mr. Tarte expressed his pleasure with the hearty reception tendered him, and promised the town that their harbor would be made large enough and deep enough to carry any vessel that might offer, and this before the next yearly banquet of the Board of Trade.

Mr. John Charlton promised the town and the Minister of Public Works all the assistance he could give them in making Collingwood the best and safest harbor on the lakes, as he claimed he discovered it to be. He also said that he could promise Collingwood that other large industries would locate here in the near future. He remarked that the Hon. J. Israel Tarte had better postpone his trip to French River, as he had right here the solution of the transportation question, and that the black flies were very bad on the French River this year.

Mr. McDonald, solicitor for the Cramp Steel Co., told the members that his company was now the strongest in Canada, being closely allied to the Vanderbilts, and with such names as Seward Webb and other wealthy Americans as directors, had unlimited control of money.

Mr. Evans, the treasurer, spoke briefly, his footing, he said, was to pay for the work as it went along, and this he would be able to do.

Mr. Waite, the engineer, who is in charge of construction, admitted that as a talker he had never been a success, but he could assure the meeting that he was well satisfied with the progress they had made and would push it rapidly to completion.

Altogether it has been a splendid day in ever prespect, and certainly a red letter one in the history of Collingwood.

The Tecumsehs have been practising steadily all week, and will have the benefit of the flame to-morrow in Galt. L. Dobbin, a brother of the goalkeeper, will probably catch a place on the home field. SISTER JULIET ALSO RAN.

Every Favorite Was Beaten at Highland Park and the Talent Got a Rap.

New York, June 27.—Gold Heels won the Spendrift Stakes at 1⅛ miles at Sheepshead Bay to-day. He was equal favorite with Smile at even money, while the other three starters were at fancy prices. At the fall of the flag Belvino went out to make the running and set a hot pace around the first turn and up the back stretch, with Gold Heels and Smile alternating in second place. Seagram Buys Two Good Ones.

New York, June 27.—The stable which has been raced under the colors of C. Littlefield, jr., but which, it is understood, was largely owned by J. B. Haggin, was sold yesterday noon at the Sheepshead Bay paddocks by the Fasig-Tipton Company. The star of the sale was the black 3-year-old Watercress colt Watercolor, who won the Tidal Stakes at Sheepshead Bay on Tuesday, covering the mile in 1.48 4-5. This colt was bought by D. G. Johnson, after some spirited bidding, for the top price of the sale, $23,000. Watercure was much desired, too, his price going up to $11,000 before he was knocked down to Green B. Morris. Watercure, who is another Watercress colt, ran second in the Suburban, finishing just behind Alcedo and just before Toddy. The crack Goldfinch 2-year-old Gold Seeker was the second choice in the bidding, and Sidney Paget, who was one of the unsuccessful bidders for Watercolor, got him for $12,500. The prices realized on most of the horses sold were large, and Mr. Haggin has every reason to feel pleased with the sale. Mr. J. E. Seagram of Canada made the following purchases:

Presumption, ch.c., 2 years, by Golden Garter—Probability; $2000.

Gold Cure, ch.c., 2 years, by Goldfinch—Alannah, $1750.

Bel-Air Summer Meeting.

Montreal, June 27.—The Bel-Air Jockey Club members are more than ever confident of the success of the summer meeting which begins on Saturday and will be continued on Dominion Day. The entries closed yesterday. Quebec and Toronto will be well represented, and so far 70 entries have been received. There will be ten races, including the consolation. The King's Plate will attract much attention, and Mr. Dawes will have three candidates to face the starter's flag. The track is in splendid shape now, and is being pretty well utilised by the local starters, while the jumpers are doing a lot of work in the schooling way.

A nice clean bottle of

The King Backed Derby Winner.

New York, June 27.—King Edward will not be seen at any sporting event until the regatta at Cowes, says a despatch from London. The he is restricted by official usage from attendance at the horse racing, he has taken a deep and particular interest in every great meeting. It is rumored that he has already won over £20,000 since the season began. He was a big winner as the result of backing Mr. Whitney's horse Volodyovski for the Derby. He was so interested in the result of that race that he had a private wire run from Epsom Downs to Marlborough House.

Sunday Baseball a Vital Question.

New York, June 27.—In order that the baseball question may be taken to the highest court in the state, if necessary, two young baseball players, who were arrested and convicted last week by City Judge Kellogg in Yonkers, have asked the citizens to assist them in raising funds with which to defray the expenses of the appeal. Thus far the boys have met with encouraging success. Many wealthy people in the city have expressed a desire to contribute so as to have the question of Sunday sports finally settled. Interest centres in the outcome of the appeal to be argued, it is expected, on Saturday. Lawyers contend that it is necessary, under the interpretation of the law by the Court of Appeals, to prove that the peace has been disturbed and that the games as played are a nuisance.

Games to-day: Worcester at Toronto, Providence at Buffalo, Syracuse at Rochester, Hartford at Montreal.

Toronto 8 Worcester 1.

The game at Baseball Park yesterday was remarkable from the fact that not one of the visitors was left on a base. Just 28 Worcesters were at bat and Rickert made the circuit on his safe hit, two clean steals and an error by Bemis, who threw low to catch the runner at third, the ball rolling past Schaub into left field. Smoot made a hit in the first innings and was caught at second. Clements, who singled in the second, tried to stretch it into a two-bagger, and was thrown out by Bannon.

Williams was in great form and just to show his stamina he struck out Doran and Klobedanz in the last innings.

Klobedanz was about up to his usual standard, as displayed here. He was hit regularly for five innings, the Torontos knocking out runs in the first, third and fourth. It was in the sixth that they fell on him for keeps, scoring five runs after two were out. Bruce was safe at first on his hard bang that Shannon fumbled. Hargrove made his third sacrifice of the day, this time after two strikes were on him. Schaub was out, third to first. Bemis walked, and Wrigley fumbled Williams' grounder and the bases were full. Brown singled in two runs and then Bannon lifted the ball just over the fence and three more trotted home. Bannon had hit the over left field in the third and thus had two homers for the day.

Bonner had several difficult grounders to handle between second and first, all of which he negotiated with neatness and despatch. The Toronto's fielding was generally clean and fast, being in sharp contrast to the work of the visitors. Besides their many fumbles, Fielder Rickert was 6ed a high fly from Bannon's bat drop in front of him in the fifth without making an attempt for the catch. Tho the day was uncomfortably warm, this missed hit a clear case of cold feet. The crowd was the smallest of the week, only about 1000 being in attendance. Score:

This is Ladies' Day.

This is Ladies' Day at the ball grounds, and everything is free to the gentle creatures. Worcester will again be Toronto's opponents, and a good game is assured. To-morrow the Saucemakers will conclude their series here, and Hartford will come along for the holiday and the following day. Two games are scheduled for the holiday, the morning contest at 10.30 and the afternoon game at 3.30. Manager Barnie's men have been the Torontos' "Jonah" this season, and the locals are anxious to get even for the recent sad experience at Hartford. To-day's game will be called at 4 o'clock, and to-morrow play will begin half an hour earlier.

Montreal Won a Game.

Montreal, June 27.—Shearon's fourth hit, Delehanty's sacrifice and Odwell's hit scored the winning run. Hartford tied the score in the seventh, after a wild throw by Johnson in completing a double play had spoiled a chance of retiring the side without a run. Three men were on bases and one out at the time. The score:

									R.	H.	E.
Hartford	1	0	0	0	0	1	5	0	0—	7	12
Montreal	5	0	0	0	2	0	0	1	1—	8	15

Batteries—Gardner and Steelman; Souders and Wilson. Umpire—Hunt.

Providence Won and Lost.

Buffalo, June 27.—Providence and Buffalo broke even to-day. Amole was given wretched support in the first contest, and he was touched up quite freely. Buffalo had a hard time to hit Dunkle. Chummy Gray, late of Hartford, pitched the second game for Buffalo. He held the Providence men down to five hits, four of which came in the first two innings. He was a complete puzzle, and in addition to that he made two hits, which counted in the run-getting. Gettman made several star catches, which saved his side from being scored upon. The score:

First game—

										R.	H.	E.
Buffalo	0	0	1	1	0	0	0	0	0—	2	11	7
Providence	2	3	0	0	3	1	0	0	—9	13	3
