Mantell as "Cardinal Richelieu."

Mr. Robert B. Mantell and his company arrived in the city last evening with a special carload of scenery, properties and costumes, and will open his annual spring engagement at the Grand Opera House this evening, with "Cardinal Richelieu," a play in which he has met with great success this season. Mr. M. W. Hanley, under whose direction Mr. Mantell is still touring, will personally look after the engagement in this city. Mr. Hanley had been ill for some time, but has recovered sufficiently to remain with the company until the season closes. The repertoire for the opening week consists of "Richelieu" and "Hamlet." The former will be presented to-night, Tuesday and Wednesday evenings, and Wednesday matinee, and the latter the balance of the week. Patrons are assured of complete productions of the various plays, as the company is an exceptionally able one, and everything is carried for a perfect stage presentation. The usual matinees will be given on Wednesday and Saturday.

"A Ragged Hero."

The constructive skill of the well-known playwright, Maurice J. Fielding, has evidently been taxed to its utmost in evolving his latest product, which he has appropriately christened "A Ragged Hero," and in which he has ably demonstrated the aptness of the saying that "An honest heart often beats beneath a tattered coat." The hero of the play is not the usual type of stage tramp, but on the contrary, tho unshaven and unkempt, a physical and moral wreck, still bears the hall-mark of former gentility, and when the climax comes sheds the chrysalis of trampdom with his tatterdemalion attire and again takes his rightful place in society, a man among men. The story of his regeneration is clearly and tersely told, linked as it proceeds with the varying fortunes of an honest young farmer, persecuted and imprisoned for another's crime. It will be presented at the Toronto all this week.

At Shea's To-Day.

There will be a lot of good rollicking comedy, interesting specialties, novelty acts from foreign lands, and singing, in the bill at Shea's Theatre this week. The show will be a strong one, and one that will interest from start to finish. There will be the Blossoms, three excellent acrobats, who are making their first appearance in this country. There is considerable pantomime in their act, but it is of an amusing kind, and when they get down to their tumbling they seem to be something vastly different from all other acrobatic acts. Every twist and turn they make is original. There will be a dog act, known as Joe Reichen's Dogs, which is said to be superior to any other animal act now on the stage. There are only two tiny dogs in the act, but the wonderful balancing and acrobatic work they perform is considered almost marvelous. Tom Brown and Miss Nevarro, the original Chinese and the Coon, have a novel singing and talking act that is said to be extremely funny. They have only been together a few weeks, but the act has been in great demand, and Mr. Shea is very fortunate in getting it for Toronto. Snyder and Buckley have a comedy musical act, in which the jokes are new and up-to-date, and the music very good. Leah Russell, with some new coon songs; The Gagnoux, presenting artistic feats of double juggling, and the Kinetograph with a lot of new pictures, and one or two other acts will complete the bill.

YORK COUNTY AND SUBURBS

Stock Yards Company Gives $25 to Junction Brigade for Prompt Work Thursday.

FOR THE MONTREAL HORSE FAIR

Mrs. Fraser's Tandem Going—Escaped From Guelph Sanitarium—Going to New Ontario.

Toronto Junction, May 4.—The secretary of the Union Stock Yards Company yesterday forwarded a cheque for $25 to the Mayor, for the firemen who rendered such valuable service at the fire on Thursday.

Mr. Robinson took Mrs. Fraser's tandem and driving team to the Montreal Horse Fair to-night.

Fred Royce of Hillsburg, brother of Chief of Police Royce, passed thru town yesterday on his way to New Ontario, where he is taking a carload of seed, grain and potatoes, for settlers near New Liskeard.

Dr. Moran and Ross Cunningham drove in from Streetsville yesterday in search of Joshua Cunningham, who, whilst suffering from melancholia, escaped from a Guelph sanitarium. Mr. Cunningham is a man 6 feet in height and weighs 200 pounds. He was traced to near Islington.

A recital of special interest to music-lovers will be given by Miss Bertha Brooks, a talented pupil of Miss Macmillan, at the College of Music, on Tuesday evening. She will be assisted by W. J. A. Carnahan, the well-known concert baritone, and the Misses Wynn and Semple, pupils of Miss Lillian Burns.

Mr. Allen last night lectured before the Liberal Club on "The Union Stock Yards" and its possibilities in the way of encouraging kindred industries.

Don.

Harold Gray, son of Mr. Timothy Gray of Gray's Mills, Don, is suffering from severe injuries to his left arm. The lad was taking a shotgun down from the wall on Thursday night, when it went off, the charge perforating his arm. Dr. Bond attended the injuries and is hopeful of a satisfactory termination of the affair, providing blood poisoning does not ensue. The lad is 13 years old, and the eldest son. Fortunately, the main artery of the arm was not shattered by the charge.

An Enterprising Farmer.

Amongst the many enterprising farmers and stock breeders in the Township of Markham there is probably no name better known than that of Boynton. During the past 25 years the prize lists of the many townships and county fairs, as well as the Industrial Exhibition, testify to the prominent position in agricultural pursuits held by the different members of the Boynton family. During the past week a World reporter had the pleasure of visiting the farm and viewing the live stock of P. W. Boynton & Son, lot 10, con. 3, Markham Township. Mr. Boynton is the owner of this farm, which consists of 100 acres of well-tilled land. The reporter was shown a 10-acre field of winter wheat, which is not surpassed by any of the many excellent fields to be seen. The ground upon which this wheat is growing produced over $400 worth of alsike clover last season.

Mr. Boynton believes in mixed farming, nor does he confine himself to one particular class of stock, but raises good horses, cattle, sheep and hogs.

Amongst the horses (which are of the Clydesdale breed) is to be seen a 25-year-old Royal Tom brood mare, which raised a colt by Janitor last year. This mare has produced some of the finest stock seen in the township, and has been a source of revenue during Mr. Boynton's agricultural career. Several of the fifth generation of her breed are to be seen on the farm. Amongst other horses was a Darnley mare with a fine foal (by Royal Huntley) at her side; also a St. Leger mare with foal by her side (also by Royal Huntley), a Wighton mare in foal by Royal Huntley, a two-year-old filly by Honor Bound.

In cattle there are several high-grade cows and heifers, as well as a very fine Durham yearling bull of the Nicholson strain, bred by John Little of Hagerman.

Mr. Boynton has always been a firm believer in Cotswold sheep, of which he has 25 ewes with lambs at their side, as well as several extra choice rams. Amongst the lot are to be seen several imported ewes and bucks, which have been prize winners.

As a breeder of Berkshire hogs Mr. Boynton has been a success, and has few peers in the Province of Ontario. One very fine 10-months' boar, amongst the many fine specimens, would be hard to beat. This boar was by Big Tom. Big Tom was bred by Mr. Boynton, and is the winner of eight first prizes, is two years old, weight 863 lbs., and is at present the property of W. H. Durham, East Toronto.

Mr. Boynton attributes his success as a breeder to the fact that he has always made it a point to select none but healthy animals for breeding purposes.

An Enterprising Horseman.

D. C. Steele of Richmond Hill is one of Markham's enterprising horsemen, but has been very unlucky, having lost several valuable stallions during the past few years. Mr. Steele, however, was not to be daunted by bad luck, and has purchased the very fine 3-year-old imported colt, White Star. White Star was imported from Scotland this season, and is one of the finest specimens of horse-flesh to be seen in the vicinity thru which he passes. Considering Mr. Steele's losses in the past, and his indomitable pluck and energy, he should command a fair share of patronage from the farmers in his vicinity.

HAND-TO-HAND STRUGGLE.

Manila, May 4.—Gen. Davis, the commander of the American forces in the Island of Mindanao, cables that the 84 Moros, who survived the attack and capture of the Moro fort by American soldiers in Mindanao yesterday, have surrendered, and that the Sultan of Bayan, Rajah Muda, Sultan Panda Padto, and a number of leading Dattos were killed in the engagement.

The assault on the principal fort, reports Gen. Davis, was one of the most gallant performances under American arms in the Philippines, and the regiment of Lieut.-Col. Frank D. Baldwin, the 4th Infantry, deserves the greatest credit for its conduct. The men of the 4th Infantry had a handt-o-hand struggle with the Moros in the four lines of ditches under the walls of the forts. When the position was captured those ditches were found to be lined with Moro dead.

GIVEN UP AS LOST.

Digby, N. S., May 4.—The schooner Marguerette arrived here to-day from up-the-bay ports. Captain reports that the schooner Bear River, which sailed from Port George for Port Williams, April 26, and has not since been reported, is given up for lost, with all hands. She was probably dismasted, and then foundered in Cape Dor Rips. She was commanded by Captain Elias Woodworth of Port George, and carried a crew of three.

Death of Patrick Duffey.

Patrick Duffey died yesterday morning, at his late residence, 48 Duchess-street, after an illness of nearly a year's duration. Deceased was 35 years of age, was born in Toronto, and had resided here all his life. He was a cigarmaker by trade, and had worked in Milligan's cigar factory for a number of years. He was a popular member of the Cigarmakers' International Union and a member of St. Michael's Cathedral. In politics he was a Liberal. He leaves a widow and one daughter. He is survived by one sister, Mrs. William Hand of Michigan, and three brothers, Thomas, William and Charles Duffey of this city.

GIFT TO THE POPE.

Rome, May 4. — Fifty American priests of the diocese of Brooklyn, headed by Bishop McDonnell, were received by the Pope this morning in the Sala Del Trono. After a speech of devotion, Bishop McDonnell presented His Holiness with a cheque for $10,000. This the Pope accepted.

Expect a General Strike.

Hazleton, Pa., May 4.—The impression prevails among the miners of the Hazleton district that there will be a general strike, as a result of the failure of the operators and the representatives of the United Mine Workers to come to an agreement. It is conservatively estimated that three-fourths of the employes in and about the mines in this region are organized, and if a strike is declared operations will be brought to a standstill at every colliery.

Baseball Player Killed.

Syracuse, May 4.—George Schultz, manager of the Erminie baseball team in the Syracuse City Baseball League, was instantly killed to-day at Athletic field by taking hold of a grand stand screen which had been charged with electricity by the crossing of some electric wires.

Iron Ore Prospectus.

London, May 3.—The prospectus was issued to-day of the Dunderland Iron Ore Company, with a capital of £2,000,000. The Directorate shows a board of practical men to work by the Edison milling patent the extensive low-grade deposits of iron ore in Norway.

TRUSTS NOT DETRIMENTAL

Laboring Men Can Treat With Them and Thus Secure Better Conditions, Says Mr. Lynch.

TYPOGRAPHICAL PRESIDENT HERE

Few Strikes Now, and Never Before Was Workingman of the Country Better Off.

There is probably no other man in America better able to speak on the present position of labor than James Lynch of Indianapolis, President of the International Typographical Union. Mr. Lynch arrived in the city on Saturday night, and is a guest at the Palmer House. His mission to Toronto is in connection with the demands of the printers for more wages.

Mr. Lynch said that, never before, was the workingman in a better situation than at the present time. He attributed the good times to the fact that laboring men, all over America, were beginning to realize that it is only thru organization that their conditions can be bettered. Union principles were becoming popular, and workingmen were eager to be identified with a trades union.

The big combines and trusts of the present day are not detrimental to the interests of the workingman, said Mr. Lynch. The men at the head of these projects and employers all over the country are now only too eager to meet their workers and arrange wages, a thing that was hardly possible a few years ago. Conciliation and arbitration is now being resorted to, instead of strikes, said Mr. Lynch. He pointed out that labor organizations are flourishing, from the fact that fully 2,000,000 men are affiliated with the American Federation of Labor. The International Typographical Union also boasts of 42,000 members. Since Mr. Lynch took the office, there have been few labor troubles in the trade that he represents. A number of Hebrew printers struck on a paper in New York a few weeks ago, but, since the strike, the paper has gone out of existence. Another strike of 75 printers is in progress at Rouse's Point, N. Y.

Mr. Lynch, comparing the wages of Toronto printers with those of American cities, finds that, in this city, they are not paid in the same way. From Toronto, Mr. Lynch goes to Texas. He expects to have a large attendance from all over America at the 50th anniversary of the union, which will be celebrated in August. His term of office expires Nov. 1.

The man who has the interests of 42,000 printers in his care somewhat resembles President Gompers of the American Federation of Labor. He will act with a committee of the union, which will confer with the newspaper publishers this morning.

Worth from Five to Ten Dollars	Men's Spring Suits	Tuesday 3.90

The manufacturer met his Waterloo on this Suit deal. He assures us he came honestly by the material and paid the tailors full wages, and yet when you analyze the price — coat, vest, pants—why the average is only a little over a dollar and a quarter a garment. Try it this way — seven yards all-wool Canadian tweed at —why, any decent price for the cloth alone would make it come to more than we ask for the Suit. Give up the conundrum of "How do they do it?" but be here at 8 o'clock Tuesday and see how they fit and of what worthy stuff they are made. Bring the boy along. There are a couple of good things for him also.

150 Men's Suits, all-wool Canadian and English materials, in assorted patterns light grey broken plaids, also some brown mixtures and navy blue serges, cut in single-breasted sacque style, with these we include a number of Scotch tweeds, made in Norfolk jacket style, some with yoke, sizes 34 to 44, these suits range in price from $5 up to $10, Tuesday, to clear at **3.90**
