THE PRESIDENCY.—The State elections for Ohio and Pennsylvania are over—the former having gone by 20,000 majority for the Fremont party, the latter it is supposed by a majority of several hundreds for the democrats. Though the returns from Pennsylvania have all been received, it is thought the friends of Buchanan have committed great frauds by sending in forged returns, to keep up the drooping spirits of the democrats—these elections serving somewhat as pilot balloons to indicate the direction of the wind in the Presidential election in November. The Slave States will throw their 114 electoral votes for Buchanan, and should they carry Pennsylvania with them, Fremont cannot be elected unless he carries every other Free State.

If the returns of the bogus democracy are true, Pennsylvania has gone democratic by a majority of but five hundred. There are many causes that will increase Fremont's vote in November. Every exertion was made by the Democracy, and every vote secured that money or any other influence could secure. Many Germans who went against us at the late election will undoubtedly vote with us in November, and there were extensive frauds perpetrated whereby thousands of illegal votes were thrown for the democracy by men imported from neighboring States, who will be needed at home in November.—*American Paper.*

COL. FREMONT A CANADIAN.—On a recent visit to Montreal, I had the pleasure of travelling in company with my friend, the Hon. L. H. Masson, Member of the Provincial Parliament of Canada, who in the course of conversation stated that he was formerly well acquainted with the father of John C. Fremont, the Republican candidate for President; that Mr. Fremont was then living in the district of Montreal, and that John C. Fremont was born there; and the father left the Province when young Fremont was about one year old, and moved into some of the Southern States. He states that the family came from France, and that the name is Fremonte, as pronounced in French.—*Cor. New York Daily News.*
