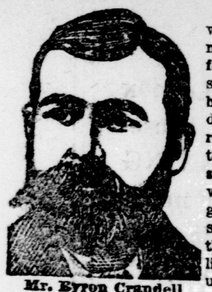
Rheumatism Cured



Mr. Byron Crandell

"In July last I was taken with rheumatism in its worst form. Local physicians treated me, but their remedies did not give me any relief. I was advised to give Hood's Sarsaparilla a trial, which I did. I take great pleasure in stating that two bottles gave marked relief. Continuing regularly with the medicine, I am now cured. While afflicted I was frequently obliged to use crutches. I cannot recommend Hood's Sarsaparilla too highly. BYRON CRANDELL, engineer at Water Works, Toronto Junction, Ont.

CRICKET.

INTERNATIONAL MATCH.

The Cricketers' Association of the United States have agreed to play the international match on Sept. 17, 18 and 19, on the grounds of the Philadelphia club at Wissahicken.

SAWBONES VS. JAWBONES.

A most interesting game of cricket was played yesterday at the asylum, when the return match took place between the above professional teams. For good fun, good-fellowship and good cricket these games have become famous, and a more enjoyable match has not been seen in London this year. As will be noticed by the score, the doctors would have won but for the fact that the lawyers made the most runs. The Sawbones were further handicapped by playing their second inning immediately after luncheon, and asylum luncheons are as famous as their grounds are beautiful. Another reason for the doctors not winning was that it did not rain after the first inning, when they had a lead of 13 runs. However, it did not rain, and the lawyers in the second inning overcame their lead and won by two wickets. Special mention must be made of the excellent bowling of Pope, who took 9 wickets for 28 runs in the first inning, and of the always reliable Dr. Williams, who carried his bat throughout the first inning, making 61 runs without giving a chance. The feature of the second inning was Pope's magnificent hard hitting for 50. One of the gentlemen who took part in the match said that Dr. Sippi's band of musicians added much to the afternoon's enjoyment.

The score:

ATHLETICS.

ELECTRICAL MUSCLE MAKING.

Some recent scientific researches, which the Electrical World says can doubtless be trusted, show that the weight of muscles of animals was increased 40 per cent by a proper periodic application of an electric current, the growth being a true development of the muscle. According to this it will now be possible to increase to order size of any desired muscle without tiresome gymnastic exercises, by simply lying in a soft chair and having the current applied. This, we suggest, might be done at night by an automatic apparatus, thus saving time. Persons who are improperly developed may now be balanced or "trued up"; muscles shrunken by age may now be made plump again. Calves, which nature or exercise has failed to develop sufficiently, will now no longer be a drawback to wearing knee breeches or the short bloomers of the female bicyclist. The question naturally suggests itself, What will happen if this process of developing muscles electrically is continued still longer? If some way is then found to develop the bones, the manufacture of giants by electrical means will be an easy matter.

THE WHEEL.

DANGERS OF LONG DISTANCE CYCLING.

Mr. G. P. Mills, who about a month ago performed the astounding feat of riding on a bicycle from Land's End, in Cornwall, to John O'Groat's House, in Northern Scotland, in less than three days and a half, without having a wink of sleep on the way, has been replying to the strictures of the Lancet on the subject of such feats of endurance. For nearly ten years, on and off, Mr. Mills has been doing surprising things in long distance record breaking, and he declares that he is in better health than when he began, an opinion that is shared by his own medical man. Even our contemporary, Bicycling News, however, is inclined to agree with the medical paper. It thinks that the doctors may have somewhat overdone their warning, but admits that there is a limit to what the human frame can stand, and that some of our racing men have approached perilously near it. For all this, however, there is some talk of a track record of 500 miles during the present season in the great French 24 hours' competition.—[From the London Daily News.

BICYCLING MEET AT BRANTFORD.

BRANTFORD, Ont., Aug. 30.—The second annual meet of the Brantford Bike Club took place this afternoon on the Agricultural Park, weather and attendance both good. Summaries:

The one mile tandem race was called off on account of H. Davidson becoming sick.

SPOKES.

A writer says in London Truth: "All the children of the King or Denmark cycle. I heard that the Czarowitch owes the great improvement which has taken place in his health to cycling. Some years ago he was very delicate and thought to have a weak heart and a nervous system rather out of gear. The symptoms which gave uneasiness have disappeared."

"Everybody is discussing the power of Zimmerman, this 'Flying Yankee,' whom the goddess of fortune has endowed with wings from the cradle," says Velocipede Illustree. "Some speak of special training, others of a skillful massage and secret tricks. A pointer comes to us from Puy de Dome. The invincible Zim simply has invisible propellers in the place of ball bearings which enable him to play with his competitors. If you do not believe it go and see."

Charlie White, of the London Bicycle Club, won a valuable silver tea service by securing first prize in the one mile 2:40 class at the Brantford meet yesterday. He rode the final heat in 2:31.

FOOTBALL.

LONDON CLUB OFFICERS.

The adjourned meeting of the London Rugby football team was held at the Tecumseh House last night, when a most enthusiastic crowd of gentlemanly fellows were in attendance, including: Wolferstan Thomas, Geo. N. Sayer, Dr. Jento, H. Pope, J. E. Jeffery, J. C. Lockhart, Doc Graydon, Geo. Sippi, Bert Harding, F. Reid, F. Beltz, R. Lind, H. R. Lyon, A. Magee, H. L. Milligan, W. H. Minhinnick, R. Perry, T. Gerry (South London), K. Wilder, A. J. Muckleston, L. J. Skee, W. Lind, W. Hobbs.

Officers for the year were chosen as follows:

Honorary President — G. C. Gibbons, Q.C.

President—G. N. Sayers.

First Vice-President—H. R. Lyons.

Second Vice-President—Dr. Jento.

Captain—Harry Pope.

Secretary—Doc Graydon.

Executive Committee—H. L. Milligan, W. Thomas, Geo. Macbeth, F. Beltz, A. Sippi, R. Lind.

The colors of the club will be chosen by the executive.

Several members from Stratford desire to become members of the club, and the secretary was authorized to state that they will be admitted and have the same privileges as members living in the city. Practice will begin at once, and members will be out in full strength to put themselves in trim for the contests which will commence about Oct. 1. London has this year a splendid team, and all are in hopes of winning the trophy for the intermediate championship for 1894.

LAWN TENNIS.

GREAT GAME AT NIAGARA.

NIAGARA, Ont., Aug. 30.—The greatest tennis ever seen in Canada was witnessed here today. Matthews, Canadian champion, put up a very fine game in the first set against Malcolm Chase and beat him—6—4. But Chase won the next two sets—6—2, 6—1.

In the morning Chase beat Avery, of Detroit, 7—5, 6—0; Foote, of Yale, beat Griffin, 6—3, 6—1. Chase and Foote play in the finals tomorrow, and the winner meets F. Ward, of Rochester, in the cup round on Saturday.

In the ladies' singles, Miss Osborne, Canadian lady champion beat Miss Newman, of Detroit, 6—1, 7—5. Mrs. Whitehead defeated Miss Maule, 6—4, 6—2.

In the novice singles C. Whitbeck, of Rochester, beat Chisholm, of Toronto, 6—4, 6—4. McMaster, of Toronto, defeated B. Whitbeck, Rochester, 6—2, 6—2. The two winners play in the finals to-morrow.

The handicap was well advanced.

In the men's doubles Wilson and Meadows, of Buffalo, beat the Pope brothers, of Yale. Chase and Foote, beat Meldrum and Anderson, of Toronto. Matthews and Avery beat Rapelyea and Guller.

THE TURF.

JOE PATCHEN'S FAST MILE.

FORT WAYNE, Ind., Aug. 30.—Six thousand people saw the races today. Taylor's Missouri phenomenon, the great Patchen, did the only sensational performance of the afternoon. In the 2:18 pace he went the third heat in 2:06, equaling his record and lowering the track record of 2:06¾, made last year by Roy Wilkes.

HARLEM RACES.

CHICAGO, Ill., Aug. 30.—The card at Harlem today was the best since the closing of Washington Park. Summaries:

First race, 6 furlongs—Leadaway 1, Warren Leland 2, Golds 3. Time, 1:15¼.

Second race, 6 furlongs—Capt. Brown 1, Amelia May 2, Alary 3. Time, 1:15½.

Third race; 2⅛ miles—Joe Murphy 1, Bisland 2, King Mac 3. Time, 3:42.

Fifth race, 1 mile—Debracy 1, Libertine 2, Rudolph 3. Time, 1:40.

Sixth race, 6 furlongs—Belle Foster 1, Eagle Bird 2, Fakir 3. Time, 1:14½.

Ed Corrigan bought Senator Irby from Charles McCafferty for $8,000.

PORT HURON RACES.

PORT HURON, Mich., Aug. 30.—A great crowd of people attended the second day of the Turf Club's races. The weather was fine, and though the track was heavy the races were hotly contested. The 2:23 trot was a battle royal between Dana McGregor (Alpena, Mich.) Reno McGregor (Bowling Green, Ohio) and Major Liddie (Brantford, Ont.) Each took two heats, the seventh was declared a dead heat and the race was postponed on account of darkness. The 2:24 pace was won by Dolce (California), the favorite. The 2:35 pace had to be postponed after Billy C had taken two heats.

AT AMHERSTBURG.

AMHERSTBURG, Ont., Aug. 30.—The third day's meeting of the Amherstburg Driving Park Association was one of the largest meetings ever held here. Gold King, the celebrated trotting stallion, owned and driven by Mr. Randal Learn, of Aylmer, trotted in 2:17½, lowering the track record from 2:20¼. Summaries:

United States Landowners.

WASHINGTON, Aug. 30.—The census office today made public the principal results of the investigation of farm and home proprietorship which was made in all of the states and territories. This is the first investigation of the kind ever conducted for this or any other country. Of the 12,690,152 families in the whole country, 47.80 per cent own their own farms and homes, and 52.20 per cent hire, and of the families owning their farms and homes 27.97 per cent have incumbrances thereon, and 72.03 no incumbrances. Among 100 families on the average 52 hire their farms and homes, 35 own free of incumbrance and 13 own subject to incumbrances.

Regarding the onion yield the report says it will be the smallest in many years and the quality inferior; average yield only 172 bushels per acre against 243 last last year. Total crop under 1,775,000 bushels, or about 32 per cent less than the past two years.

The redeeming features of the hop situation, says the report, is the fact that the supply of old hops, Sept. 1, is much less than for several reasons. The average yield per acre is less than last year, but this is offset by the excellent condition of the crop.

High Steppers.

BUFFALO, N. Y., Aug. 30.—D. H. Grand & Co.'s exhibition at East Buffalo was well attended today. Many leading horsemen of the United States and Canada were present. As the four-in-hands, tandems, high steppers and hunters were exhibited, the crowd went wild in their enthusiasm, and the scene reminded one of the famous Madison Square Garden show. Following is a list of the prize winners:

Single horses in harness—Pandora 1, Alma 2, Laurel 3.

Hunters (over four successive jumps)—Hurrah 1, Transport 2, First Flight 3.

Matched pairs in harness—Pandora and Hope 1, Active and Prima Donna 2, Morgan and France 3, Blonde and Alma 4.

Tandems—Pandora and Actress 1, Blonde and Alma 2, Grandes and Quickstep 3.

Park hacks—Artist 1, Sunlight 2, Pauline 3.

Four-in-hand—Pandora, Hope, Actress and Prima Donna 1; Blonde, Canadian Boy, Alma and Colmar 2.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 75c. bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
