BLAMES ELECTION TACTICS AS CAUSE OF WIDER BREACH

Govt. Supporters' Campaign Fanned Racial Feelings.

QUEBEC HAS DONE WELL

Patriotic Worker From Lower Province Declares Trouble-Makers Hindered War Work.

"There have been many mistakes made by the Government which have had a tendency to dampen the spirit of the French-Canadian," said Madame la Violette of Montreal, who was decorated at the Kinsman Hall on Sunday evening, speaking of conditions in Quebec. One of the greatest, she thinks, was the spreading broadcast of pamphlets stirring up racial prejudices during the late election campaign." There was not a word of truth in the stories that were promulgated, and they only opened the breach between the two races, said Madame la Violette, who declares that the statement that recruiting has been slow in Quebec is not true. All the best of the families, she says, are represented at the front by volunteers who enlisted at the outbreak of the war. When it was announced that there would be a brigade enlisted and sent from Quebec, the volunteers poured in and many of them were refused at the time.

The farmers of that province have not been told the need of men, and this is the reason they have not sent their sons to the colors. They do not know conditions as the farmers of the other provinces know them, because they are not in a position to get the facts so easily. The French-Canadian has always been patriotic, and he will ever be so, in the opinion of this mother.

Madame la Violette deplores the feeling of racial bitterness between the two races, which, she thinks, has been a result of the election tactics of the Government supporters. The whole campaign was "queer," in her opinion. Sir Wilfrid Laurier would have secured the men from the Dominion, and there would have been no racial strife between the provinces if he had been given the chance.

Madame la Violette is an enthusiastic worker in patriotic work, and has organized a branch of the Daughters of the Empire, with a membership of over sixty. As a result of this, other patriotic French-Canadian women are taking hold of this work, and another branch of the order has recently been opened in Quebec. The Daughters of the Empire will soon be represented in all the larger towns and cities of Quebec. This province has done nobly, and it would have done much better if the people had not been excited to antipathy by the methods of the Government, she thinks. She is at present busy assisting in the organization for the registration of the man and woman power in that province on June 22. She returned to her home today, after spending a few days at the home of Mr. and Mrs. Gordon Wright, Elmwood avenue.

GOMPERS CONFERS WITH TELEGRAPHERS' HEAD

Washington, June 3.—S. J. Konenkamp, president of the Commercial Telegraphers' Union, conferred here today with Samuel Gompers, president of the American Federation of Labor, on calling a telegraphers' strike as a protest against the refusal of the Western Union Telegraph Company to leave a settlement of differences with its employees to the National War Labor Board.

Gompers asked Konenkamp to see him before calling a strike.

The Present Policy of Food Conservation

is strongly supported by the skilful method used in the processing of the well-known food

Grape-Nuts

This blend of wheat, barley and other grains, with their rich, nutritive elements, make a food unparalleled as a builder of health and vigorous physique.

It is economical, no sugar being required. Its self-developed grain sugar gives it sufficient sweetness.

Grape-Nuts is a delicious food and invaluable as part of the daily dietary.

DOES NOT BELIEVE WORLD IS YET READY FOR RECONSTRUCTION

Rev. H. H. Bingham Says It Is Not Prepared.

COUNTRY NEEDS FAITH

Pastor Deplores Selection of Sunday as Special Prayer-Day.

"It may be a surprise to you to know that submarine warfare goes back to the sixteenth century, but the submarine warfare of which I speak goes back to the beginning of human history," said Rev. H. H. Bingham in the Talbot Street Baptist Church on Sunday night, speaking on the topic "Social Submarines."

"It is not the efficiency of German submarine warfare that we condemn, but the immorality of it," said the preacher. "Any victory that they achieve in it is the victory of villainy. In submarine warfare there has been revealed subtlety, deceit, the love of darkness, evil deeds and the breaking of all laws of humanity.

"If we would investigate our moral and social surroundings, we would find that we live in the midst of hostile forces, subtle antagonisms awaiting our ruin. Sin threads its way into our common life under the guise of social customs and social traditions. We fight not against flesh and blood, but against spiritual wickedness and diabolical cleverness. Treat social sins like barbaric submarines, which shatter and destroy the nobiest in our national life.

"We find ourselves in a strange position. Four years ago our armies were fighting on the Marne. We had then what was called 'a contemptible little army.' After these years we have poured our munitions, guns and millions of men. The very best of the allied nations have been given, and yet today we find ourselves still fighting on the Marne. It is a serious fact, and worthy of deep thought. Why have we not reached a decision and victory? We must remember that a decided victory peace is a tremendous and sacred trust to give to any nation. This is a world war, and a victory peace will mean a world reconstruction. Are we ready for such a sacred trust? I do not believe that we are.

"National sins and great social evils must be dealt with first. There are many things still secretly working at the very vitals of our moral life to destroy us. Immorality is taking away the sanctity of the home, and the holy reverence for motherhood has been weakened, the noble social ideals are being undermined, and social forces are at work breaking down the bulwarks of our national life.

"I venture to assert that not one home in every ten in our fair city recognizes God by the family altar established therein," said Mr. Bingham. "It is a strong statement, but it will stand inspection. The Bible is not read and prayer is not offered by the head of the house in nine-tenths of the homes. If each professing Christian home established the daily family altar we would soon see victory.

"It is surprising to me that our Government is so slow to recognize the value of humiliation and prayer in this war," asserted Mr. Bingham. "In declaring a day for national prayer they have chosen a Sunday—and every Sunday now is recognized as a day of prayer and communion—and they have chosen a Sunday next to a holiday, when people will be thinking of the holiday, many away from home.

"What this country needs is faith and courage enough to declare a week-day for national prayer. A day when the wheels of commerce will stop for a few hours, a day when places of amusement will be ordered closed, and the nation made to feel that it is worth while to seek God in humiliation and prayer. God is our first need. Let us give him his rightful place, and we will conquer.

"Victory shall be ours," concluded Mr. Bingham, "but we need not feel surprised if amid all our gigantic preparations it is withheld until we can be trusted with all its sacred fruits and gigantic responsibilities. Let us prepare ourselves for that trust."

During the service the Ladies' Chorus Choir of the church had charge of the music.

WANTS RUMANIA PACT MODEL FOR PEACE TERMS

London, June 3.—"The peace concluded with Rumania should serve as a model for the general peace terms to be concluded by the central powers," says the Nachrichten of Munich. "Germany has found a method of making conquered countries share her enormous war burdens without actually inflicting a crushing war indemnity. This method consists in enforcing on them a stipulation for preferential treatment to be accorded to Germany over a long period, so that Germany may be fully supplied with goods she needs.

"In this way Rumania will furnish the central powers with wheat and petroleum on advantageous terms for ninety years. A similar happy solution must also be adopted in all peace treaties to be concluded in the future."

STRIKE CLOSES MILLS ON GOVERNMENT WORK

New Bedford, Mass., June 3.—The textile mills of this city, employing 35,000 operatives, were shut down today in consequence of a general strike called by the Textile Council last night.

One-third of the operatives have been engaged on Government contracts.

QUERIES REGARDING MILITARY SERVICE

Send In Your Problems and They Will Be Answered From Official Information by The Advertiser.

A. B. C.: Q.—I have three brothers fighting in France. I have asked my commanding officer for exemption as I am the only son, and he will not allow it. Who can I take the matter up with?

A.—It seems improbable that your O. C. would refuse to consider your case if you placed the facts clearly before him. There must be some misunderstanding. Ask your company commander to parade you before the commanding officer of your battalion, and if you are not satisfied then, ask the commanding officer of your battalion to parade you before the A. A. G. of Military District No. 1.

R. P., Ont.: Q.—1. Are aliens subject to draft for military service?

2. What ages are in Class 1, and what papers do they need to carry after June 1?

3. Can aliens be compelled to leave country and return to their own?

4. What is the address of the nearest Belgian consul?

A.—1. No, the military service act applies only to British subjects. Under a treaty or agreement with any foreign country, however, its subjects may be called out for military service here.

3. Class 1 includes all unmarried men or widowers without children, born not earlier than the year 1883, who have attained the age of 19. They automatically become members of Class 1 on their 19th birthday.

3. Yes.

4. Write to W. D. Scott, superintendent of immigration, Ottawa, Ont., for the address of the Belgian consul.

BELTON: Q.—Would a certificate of baptism, signed by a minister and duly witnessed, be enough for a boy of 17 to carry, or would it be necessary for him to have his birth certificate?

A.—It would be safer for him to have his birth certificate.

H. B.: Q.—1. Is there any need of girls as ambulance drivers in France?

2. Is it difficult to get into that branch of the service?

3. How long does the training last?

4. To whom would one apply if it were possible to get in?

5. Would a person have to pay her own expenses during the training course?

A.—1. Yes; their services are being utilized in that capacity to some extent.

2. It is difficult for a Canadian girl, as there are no girls utilized in the Canadian corps for that work.

3, 4 and 5.—You would have to go overseas in some other way, and then apply to the imperial army. No information regarding any courses of training. You had better qualify thoroughly in Canada. If you also qualify as a V. A. D. nurse here, and secure an appointment and a trip overseas in that capacity, you might then secure a transfer to the work of ambulance driving.

J. R.: Q.—My son will reach his 18th birthday June 1. I have another son 14. Will we have to register before June 1? We have received a slip from the military service branch, Ottawa, and don't understand it.

A.—The circular is misleading. What is meant is that all young men must register within ten days after their 19th birthday.

Like to Know: Q.—The military service branch are sending what they claim to be an important notice which calls on every made British subject resident in Canada, born on or since October 13, 1897, unmarried, on April 20, 1918, to report to registrar. Does this mean every male child, including babies, or is it misworded?

A.—The circular is not clear. It refers only to those who have attained or shall attain the age of 19. Every man has ten days' grace after reaching his 19th birthday to register.

E. M. K.: Q.—1. If a married man (Class 2), joined the Canadian Naval Patrol or Imperial Navy, could he be drafted into the army when Class 2 was called? If not, why does the naval application form ask for your position under the M. S. A.?

2. Are they still taking recruits for the navy? How long are they likely to continue?

3. If a man, after being in the navy for some time was found not to come up to expectations, would he be drafted into the army?

4. Can a boy of 19 join the navy if he does so within ten days of his 19th birthday?

5. If a man is drafted here and wife goes home to her parents in England, would she still receive separation allowance?

A.—1. It is possible, though most improbable.

2. Yes. As long as there is need for men.

3. Quite improbable.

4. Write to the Naval Recruiting Officer, 103 Bay street, Toronto, Ont.

5. Yes.

Sanatorium: A.—If your ear deaf and suffering from pulmonary trouble, you would be unfit for military service, even if men of your age were called, which seems unlikely at present.

MERLIN: Q.—1. What are the duties of the Royal Canadian Dragoons?

2. Could I between now and June 20, enlist in that unit, or the Inland Water Transport? I am nearly 20 years of age?

A.—1. They are cavalrymen, and are used largely in shock tactics and patrol duties.

2. It is presumed that you can, though nothing definite has been issued by the authorities regarding men having a choice of units after they have registered.

LISTOWEL: Q.—1. Can the Government draw more than 100,000 men, according to the M. S. A.?

2. Would the ones that were over and above that number be returned to their homes?

3. Will they have to call a session and pass an amendment to draw more than 100,000?

A.—1. No.

2. No information.

3. Either an act of parliament or an order-in-council would be necessary.

WYOMING: 1. I am in B and have to go before a tribunal. Will I get exemption, having a brother at the front?

2. Will I be medically examined again?

3. Are they calling up the men of 30 years in A, or will the rest of Class A be called first?

A.—1. You may; it depends on the tribunal.

2. You may, though it is unlikely.

3. All A men in Class 1 were called last fall, unless exempted. Exempted men in A under 23 are now being called in, and their exemptions have been cancelled.

DUBLIN: Q.—Does a young man, born February, 1900, have to register now? Some claim that his 19th birthday was last February, when he was 18 years old.

A.—As he will not be 19 till February, 1919, he will not have to register until then. He is in his 19th year now, but his 19th birthday will occur next February.

S. A.: Q.—Could a man 24 years of age, who spent five years in the penitentiary be drafted upon his release from prison? He is in A-2.

A.—Yes; unless he has some ground upon which to claim exemption.

SUFFERED WITH NERVES COULD NOT KEEP QUIET

Diseases of the nervous system are very common.

All the organs of the body may be sound while the nerve centres may be affected.

Many women become run down and worn out by household duties never ending, and sooner or later find themselves with their nerves shattered, and the heart action weakened.

On the first sign of any weakness of either the heart or nerves, flagging energy or physical breakdown, do not wait until your case becomes hopeless.

Milburn's Heart and Nerve Pills will at once quieten the shaking nerves, strengthen the weak heart and build up the entire system.

Mrs. F. Bailey, 221 Earl street, Kingston, Ont., writes: "I was suffering very much with my nerves, so much so that I could not keep myself quiet at all. I was recommended to try Milburn's Heart and Nerve Pills, so I bought three boxes, and I must say I have derived much benefit from them, so much so that my friends have all noticed the change in me."

Milburn's Heart and Nerve Pills are 50c per box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

The flavor of Salada is unique, and so is its remarkable quality, for it yields many more cups to the pound than does ordinary tea.

MOTHERS WHO LOST SONS FOR EMPIRE GIVEN DECORATION

Interesting Ceremony at Kinsman Hall Sunday.

Madame Dumont la Violette of Montreal, Mrs. Eva Temple and Mrs. Bessie O'Connor of London, Mrs. A. E. Powell of London Township, Mrs. Jeanette Morrison of Scotland, and Mrs. Hinnells of England were decorated into the International Order of Allied Mothers in Sacrifice by President G. Wright at a special service of the Associated Kin in the new rooms on Talbot street on Sunday evening. Mrs. Wiliam Morrison received the decoration for Mrs. Jeanette Morrison, and Mrs. Vinen received the medal for her mother, Mrs. Hinnells. Madame la Violette lost two sons and has another one fighting for democracy, and her daughter was a V. A. D. in England until invalided home. Major Lambert la Violette, known of the Daredevil of the 22nd, received the M. C., and Gen. Joffre decorated him with the Legion of Honor on the occasion of the general's visit to Montreal last year. Major la Violette was invalided home and died in the hospital at Montreal. Lieut. la Violette was killed at Vimy Ridge.

Lieut.-Col. Nelson, a member of the 18th Battalion, returned, gave an interesting account of life in the trenches. That the mothers need have no fear for the moral and spiritual life of their sons in France, was one of the statements the speaker made.

"So many stories have been going around of the terrible temptations over there, but these are untrue. The men who have looked death in the face for 24 hours in the day have been wonderfully changed by their experiences, and they are ready to meet anything. They will come back with a different view of life than they had when they left for the front."

The speaker took occasion to thank the citizens who meet the returning heroes and gave a hearty invitation for any who could to go to Princess avenue barracks on the return of any soldiers to assist in the welcome. Sometimes there were men who arrived at the barracks and there were no relatives there to meet them.

The speaker thought these men should be made to feel that they were not left out in the cold.

President Gordon Wright intimated that the Associated Kin would gladly send a deputation if he were notified of the time of arrival.

Rev. E. H. Robinson addressed a few words of comfort to the mothers assembled. "I represent unofficially the church, and we, as an institution, owe much to the mothers as well as the sons. Our churches and schools are able to carry on as usual here because of the wall of Christian manhood in Flanders. I say Christian advisedly, because the men who have gone over to France have linked themselves very closely to Christ by their sacrifice. They are fighting for the things that the church stands for.

"Many a brave fellow has forgotten himself into immortality, and many who thought little of their God and their souls here have found themselves and their Christ in the trenches."

Rev. Mr. Robinson thinks there will be a new world after the war, not that it will be perfect, but conditions will be greatly improved.

Miss Standfield sang "Crossing the Bar" after the decorations had been presented.

Secretary Spence announced a meeting of the association members for Tuesday evening. He intimated that some interesting reports would be presented of "raw treatment to kin of soldiers and how the association dealt with these."

GAS, HEARTBURN, INDIGESTION OR A SICK STOMACH

"Pape's Diapepsin" Relieves Stomach Distress in Five Minutes.

Time it! Pape's Diapepsin will sweeten a sour, gassy or out-of-order stomach within five minutes.

If your meals don't sit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is usually a sign of acidity of the stomach.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches or dizziness. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin helps to neutralize the excessive acid in the stomach which is causing the food fermentation and preventing proper digestion.

Relief in five minutes is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to usually keep the entire family free from stomach acidity and its symptoms of indigestion, dyspepsia, sourness, gases, heartburn, and headache, for many months. It belongs in your home.

BILIOUS SPELLS BECOME A HABIT

And It Requires Active Treatment to Break Up the Sluggish, Torpid Condition of the Liver.

Drumbo, June 1.—So often you meet people who are feeling miserable and out of sorts, unable to relish their food and suffering from headaches and indigestion. "It is only one of my bilious spells," they will tell you. "I have had them for years."

In other words, they have allowed this condition to become so established that it is like a habit to them to have periodical spells of biliousness.

It is easy to break up such an unfortunate habit by using Dr. Chase's Kidney-Liver Pills. By acting directly on the liver they insure the activity of this organ in removing bile from the blood, the action of the bowels is corrected, and the digestive organs resume their natural functions.

Mr. D. C. Maynard, retired farmer, Drumbo, Ont., writes: "I was subject to sick headache and poor appetite. These bilious spells would come on me about every two weeks, and often I would have to go to bed and could not eat. This trouble was overcome by using Dr. Chase's Kidney-Liver Pills, which aroused the action of the liver, kidneys and bowels and made me feel like a new man.

"As I had also suffered from catarrh for years and was quite deaf, I began using Dr. Chase's Catarrh Powder. This treatment has done wonders for me, clearing the stuffed-up air passages, restoring hearing and overcoming foul breath. It is a pleasure to recommend medicines which have done so much for me."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, at all dealers, or Edmanson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

CHILD GETS SICK, CROSS, FEVERISH IF CONSTIPATED

Look at tongue! Then give fruit laxative for stomach, liver, bowels.

"California Syrup of Figs" can't harm children and they love it.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."
