On the Woodbine Track.

At the Woodbine track on Wednesday morning only light work was indulged in by the Platers. The track was in excellent condition and very fast, but the weather was raw and cold. The steeplechase course is nearly dry, but not in such a condition as to allow any schooling as yet, the jumpers being schooled over the hurdles east of the Hunt Club.

The Platers at the track had a useful gallop, but no fast going was the order.

Profligality, owned by Adam Beck, breezed a good three furlongs, going the last quarter in :27, while Beck's Dead Bird and Hawkins, Platers, liked the going, working out six furlongs at a two-minute clip.

G. McSweeney put Silk and Satin thru useful work.

Secretary Fraser left yesterday for New York. He will attend the Aqueduct meeting, having appointments with several of the horsemen, who intend coming to the Woodbine.

Crow & Murray are meeting with great success at the Boston Horse Show this week, having won first prizes with the following jumpers: Sporting Lady, Royal Commissioner, Foxy Quiller and Timber Topper.

Tragedian and Oneiros, formerly of the Seagram stable, are being schooled by Crow & Murray and both are taking kindly to the jumps. They are entered at the Horse Show and will hardly start at the Woodbine.

Buffalo's Racing Feature.

Albany, N.Y., April 22.—The annual report of the State Racing Commission, which consists of August Belmont, Col. D. Morgan and John Sanford, shows receipts from taxes upon gross receipts of the seven racing associations licensed by the commission during the past year, to have been $170,036. Last year, according to the report, $1,770,669 was won by horses racing in New York State, an increase over 1901 of $335,058. This money was competed for by 1557 horses, of which 898 participated in the prizes, and of the 898, 374 brought to their owners more than $1000. The total number of stallions presented was 297, and the total number of owners who raced horses were 602.

The commission reports that its work has led to the re-stocking of old breeding farms, and has in general raised the standard of the breeding of horses and the tone of horse racing generally.

Of the financial failure of the Buffalo Racing Association, the commission says that its management was inexperienced, and in many respects inefficient. Obligations that seemed needless were incurred and there was generally a lack of appreciation of business methods. The consequence was that the association did not meet the demands upon it and now is in the hands of a receiver.

The report concludes with a summary of the legal proceedings, which have been instituted to invalidate the law.

Cross Country Running.

Matters are progressing favorably for the series of cross-countrys runs as proposed by the Montreal Harriers, including Montreal, Toronto, Hamilton and Ottawa. The proposition is that Toronto and the west possible hold club races on May 9 to choose representatives for a race to be held in Toronto on May 16 for western championship, the same date the eastern clubs could decide the honors, and then on the 25 the races would be held in either Montreal, Toronto or Ottawa, for the Canadian championship.

The Orton Club of Toronto has accepted the conditions.

Capt. Bell, on behalf of Ottawa, however, before entering into any arrangements wishes to know under what conditions they propose to run these competitions. If it is along a roadway, then he thinks Ottawa may decline. If, however, arrangements are made to run across the roughest kind of country, taking everything that comes, then he is dead willing to be up and at them. Since Capt. Bell organized the Ottawa Harriers there has come to the front a large number of good runners, men who can breast a swamp or any other old thing they come across, and he does not see that it would be at all interesting to run along a roadway. This is what has generally constituted a cross-country run with the tender feet of western Ontario, but if they decide to rough it, then they may come on.

Shamrock Bulletin.
