IN THE REALM OF LACROSSE.

British Columbia Championship of Last Season Still Unsettled.

Vancouver, B.C., April 18.—The annual meeting of the B.C.A.L.A. was held here Saturday, with Westminster, Victoria and Vancouver represented. There was considerable trouble over last year's championship question, and President Ryall's report not being accepted, he immediately resigned and left the room. Finally, by a vote of five to three, the association declared that the disputed game of Aug. 29 was a drawn game and shall be played off on May 14, on grounds to be decided on. President Ryall's ruling in awarding the chatopionship to Westminster was not accepted. If Westminster wins the match on May 14, the deciding game for the championship will be played off in Victoria before June 7.

Regarding the playing exhibition matches with Washington teams, it was decided that if there were any professionals in those teams, a protest should be lodged with the referee against the said players and the match proceeded with. A committee was appointed to go over and report on rules and regulations.

Officers were elected as follows: Hon. president, A. Morrison, M.P., New Westminster; president, A. E. Suckling, Vancouver; first vice-president, J. Mellis, Victoria; second vice-president, R. Jardine, Westminster; secretary-treasurer, W. Gray, New Westminster; official referees, Burns and Quigley, Vancouver; Cheyne and Lynch, New Westminster; Tite and Snider, Victoria.

The schedule is as follows:

May 14—Drawn game, Vancouver v. Westminster.
May 24—Vancouver at Victoria.
June 4—Deciding championship, 1904 game.
June 11—Vancouver at Westminster.
June 18—Victoria at Westminster.
June 25—Westminster at Vancouver.
July 1—Victoria at Vancouver.
July 9—Westminster at Victoria.
July 16—Vancouver at Victoria.
July 30—Victoria at Vancouver.
Aug. 6—Vancouver at Westminster.
Aug. 20—Westminster at Vancouver.
Sept. 3—Victoria at Westminster.
Sept. 10—Vancouver at Victoria.

Cornwall is Satisfied.

Cornwall, April 18.—The arrangement of the N.A.L.U. schedule is very satisfactory to Cornwall, giving the local team a short season. It is very difficult to get Cornwall players out to practise after the middle of August, unless the local club looks like a winner at that time. Therefore a short season is something much to be desired in Cornwall. The Capitals and Shamrocks are always the strongest drawing cards in Cornwall, and both come here in July, when the interest in the game should be at fever heat, and big gates a sure thing. The Cornwalls have decided to hold a celebration at the St. Lawrence Park on May 24.

Toronto Directors Meet.

A meeting of the directors of the Toronto Lacrosse Club was held last night. The board upheld the action of Mr. Curry at the N.A.L.U. meeting on Saturday. No definite arrangements towards securing a team have as yet been made.

"If there are any of last year's team that are not professionalized we would be glad to have them join us," said Mr. Curry in speaking on the situation last night.

The Ha Ha From Brantford.

The decision of the Torontos to enter a team in the N.A.L.U. changes the lacrosse situation in Toronto. The Chippewa, Queen City and Tecumseh teams want to play in the C.L.A., and with another team in the N.A.L.U. it looks as if the Torontos have a good chance to get together even a fair junior team without paying the price. The agreement of the Montreal teams to play strictly amateur players is the richest thing that has happened in years.—Brantford Expositor.

Money Makes the Game Go.

St. Catharines, April 18.—The local committee appointed at the lacrosse meeting held last week, met in the law office of Ingersoll & Kingstone and after talking over the situation it was decided that nothing could be done until more funds were subscribed. If the people wish the game they will have to provide the funds with which to produce it. This was the expression at the meeting, and looks like a very important one.

Crosschecks.

Bones Allen, Eastwood and Pringle are now full-fledged members of the Caps.

Cornwall and Montreal have arranged an exhibition game, to be played in Montreal on May 24th.

The Shamrock club, as usual, had a big delegation of officers and ex-officers present at the gathering.

The Montreal representative scored a hit when he proposed the National representative for the presidency.

The Toronto players will receive their sentence of professionalism next week, but the C. L. A., according to Mr. Curry, will play them all the same.

Mr. Harry Trihey, who was an attentive listener when Mr. Curry was addressing the league on the subject of professionalism, remarked: "Just think! I am one of the board of governors of the C. A. A. U."

"Our club will have the office of president next year because right is might, and that is the reason National got it this year," said Guy Pettigrew, the genial president of the Montrealers.

The abolition of the office of field captain seemed to be taken very much to heart by the Shamrock delegates. Mr. H. McLaughlin intimated that he would like to have the matter reconsidered, but finding no one ready to support him allowed the matter to drop.

Herby O'Flynn is spoken of in the Brooklyn press as the star of the Crescent Lacrosse Club of that city.

It looks as tho the Brantford team will have to make two trips to Montreal to play the Minto Cup games or else have a two weeks' sojourn in the east.

Lacrosse teams are reminded that Tuesday, April 19, is the last day for applications for entry to be sent into the Inter-Association Lacrosse League.

All Saints' Lacrosse Club will hold a meeting in the Arthur Baldwin Hall on Tuesday evening, April 19, at 8 o'clock.

Sunlight Soap will not injure your blankets or harden them. It will make them soft, white and fleecy 7B

FOOTBALL LEAGUE MEETING.

A meeting of the different Association football leagues was held in the Central Y.M.C.A. last night, the following leagues being represented: Senior, Messrs. Fife and Faisville; intermediate, Hart and Hitchman; junior, Brigden and Moore; juvenile, Atkinson and Lea. The association will be called the Toronto Football Association. A special committee will be appointed to draw up a constitution. A rough outline was drawn, but not accepted. The laws of the game will be the same as the Ontario association. A general meeting will be held of all the teams interested on Friday evening, at the Central Y.M.C.A., for the election of officers and drawing up schedule, etc.

Applications for membership and season fee of $1 should be brought in. Mr. Hart, Mr. Fife and Mr. Atcheson will draw up a resolution to be submitted at the general meeting on Wednesday evening at the Broadview club.

Toronto Rod and Gun Club.

The members of the Toronto Rod and Gun Club to the number of a score assembled at the Woodbine on Saturday. The occasion was one of interest inasmuch as the presentation of prizes was to be made to the successful contestants of the live bird events for the past season. The first prize was carried off by the president, who also captured the first prize for aggregate. The afternoon was signalized by a match at twenty-five blue rocks between sides chosen by the president and vice-president, resulting in a victory for the vice-president by eight birds.

After a supper at the Woodbine Park Hotel and the due honor of conventional toasts, short and interesting speeches were made by various members, and a number of capital songs were contributed.

The prime motive of this club is to inculcate proper and sportsmanlike methods in trap shooting. They believe that a man's position at the trap should be that of a sportsman in the field under normal conditions, that is, the gun stock of a contestant at the traps must be held below the elbow. The genial referee, Mr. George Briggs, takes particular interest in the enforcement of the very letter and spirit of this regulation. The doctrine is sound, and the example of the Rosedale Gun Club, and of The Toronto Rod and Gun Club it is hoped will be followed by all the leading gun clubs of the province.

It was unanimously decided to continue the bi-weekly meetings during the summer, notification of details of which will be mailed by the secretary in due course.

At the Traps.

McDowall & Co. will hold their annual spring bluerock shoot on Friday and Saturday next at the grounds adjoining the Woodbine Race Course. The program consists of fourteen events for cash prizes of $200, with a continuous merchandise match each day. Shooting will commence at 10 a.m. on Friday and 1 p.m. on Saturday. The grounds are being specially prepared for this tournament with a new set of traps, so that all events will be shot off promptly.

Lou Scholes' Engagements.

Lou Scholes, who is training hard for the Diamond Sculls race at Henley in July, is looking hale and hearty, but he has been obliged to confine himself to indoor work up to date, and is chafing under the restraint. He is anxious to get out on the water, but will have to plod along inside for some time yet.

Lou is at 178 pounds now, and expects to enter his boat at Henley at 170. He rowed last year at 158, but was drawn a bit too fine, which was apparent in his work, particularly at St. Catharines, where he was on the ragged edge.

He announced yesterday that he would leave England on July 10, reaching St. Louis on July 20 about, giving himself seven days before the National to get into shape after his ocean voyage. From St. Louis he will go to St. Catharines.

R.C.Y.C. Annual.

The annual meeting of the Royal Canadian Yacht Club will be held at the club house on Saturday evening. The following is the correct list of nominations for the executive committee, which is composed of 10 members:

J. T. Johnston, F. G. Cox, Fulford Arnoldi, F. O. Cayley, L. S. McMurray, Richard A. Donald, D. M. Harman, J. D. McMurrich, Arthur L. Massey, C. A. B. Brown, J. A. Macfadden, L. A. Stewart, W. H. Pearson, jr., Morgan Jellett, Dr. B. L. Riordan.

ALONG THE WATERFRONT.

There is still considerable quantity of floating ice in the bay and unless we have some warmer weather and fresher breezes it will be some days before the harbor is open for navigation.

There is, however, considerable activity in marine circles, and no busier place is to be found than at the launch works of the Gasoline Engine Co. of Toronto Junction, Limited, at the corner of Lake and York-streets.

They are actively engaged installing and equipping launches for the season's trade. They have already had placed a large number of orders, among them being one from the Royal Canadian Yacht Club for a 25-foot boat, and 6 H.P. engine. They have several fine models in stock and are giving special attention this season to the automobile boat.

To Protect Fishermen.

Sydney, N. S., April 18.—French Consul Mosely received word today that the squadron of French warships will be sent out, this season as usual to protect the interests of the French fishermen on the west coast of Newfoundland. The ships will be the Duplexis, Juriendela Graviere, Lousiere and Troude.

Earning Honest Living.

London, April 18.—In defence of having "raised the unlawful cry of watercress upon the Sabbath day," an elderly man at Colchester yesterday successfully pleaded that in spite of age and rheumatism he was earning an honest living.

Canadian Horse Show.

The directors have decided to extend the date of entries to 6 o'clock Tuesday, April 19. All entries addressed to Mr. Henry Wade, secretary, parliament buildings, Toronto, will be accepted up to that hour.

Beck's Horses Backward.

London, April 18.—Trainers of local running horses are looking to the gods for better weather. Unless the sun begins to shine in earnest very soon the animals that are entered for the King's Plate will be far from being in racing shape by May 24.

Last year the season for working out was a month earlier than it is this year. It is simply impossible to get the horses in shape for fast work until the frost is out of the ground and the weather mild. When it is cold there is a danger of an animal being disabled for a race, and rather than take any chance most trainers would rather lose all chances of being able to start in a race.

Who is to ride Mayor Beck's horses in the Plate event is not yet known. Billy Price, who worked with the stable for several years, has given up his job, and is at present in the employ of Wellington Barnes of Pottersburg, who has also two candidates for Plate honors. It is likely that Price will have a mount on one of these and that jockeys to ride the mayor's horses will be secured at Toronto. At race time there are always any number of good boys anx ous to secure mounts at the Woodbine. It is considered an honor of more than usual importance among jockeys to win the King's Plate, and they are always eager to ride.

WHAT TEA DOES TO RHEUMATICS.

When you next take tea, think of this:

Tea contains 175 grains of Uric Acid in every pound.

Meat contains only five to seven grains.

Rheumatism is Uric Acid in the blood.

Uric Acid accumulates from food when the digestive apparatus cannot create enough Alkaline elements (like saliva) to neutralize it.

This acid collects urea, or worn out waste matter, from the system.

That Urea enters the blood, when alkaline action has not previously dissolved it.

By and by the waste matter reaches the joints and muscles through circulation of the blood.

There it gradually deposits in solid particles, like granulated sugar.

These solid particles grind between the joints and muscles at every movement.

This grinding causes irritation and pain.

These in turn may develop inflammation and swelling. That inflammation bestirs Nature to help herself.

She proceeds to coat the hard Uric particles over with cushions of pulpy mucus like the first healing strata of an outer sore.

This pulpy covering grows to the bones as well as to the particles deposited. There it hardens like plaster or sealing wax. Then we have "bony joints," almost inflexible, and usually fixed in a bended position, from the pain and inflammation.

That is rheumatism at its worst.

It is bad enough before it gets that far.

There is but one sure way of curing Rheumatism. The first step is to neutralize the Uric Acid already in the system. Next, to dissolve, and carry away, the hard deposits that grind between the joints. Then get the digestive apparatus into such healthy condition that it will, unaided, produce less Uric Acid and more Alkalines.

This is what doctors generally have failed to do.

It is what I studied a lifetime to accomplish, and achieved only after many failures and thousands of experiments.

At last I found, in Germany, a solvent which was not only effective, but absolutely safe to use.

Few agents powerful enough to be effective in rheumatism are safe.

My discovery, now called "Dr. Shoop's Rheumatic Cure," acts directly, but internally, upon Uric Acid in the joints and muscles.

It dissolves, and carries off the painful deposits, producing an immediate Alkaline condition of the blood, and neutralizing the Acid in it which would have fed the rheumatism and extended the disease.

It won't restore bony joints to flexibility, and it can't undo in a week the damage caused by years of rheumatic condition.

But it will benefit every case, and it will entirely cure most cases of rheumatism.

So sure am I of this that I will supply Dr. Shoop's Rheumatic Cure to any sick one who writes me for it, on a month's trial, at my risk.

If it succeeds, the cost to him is only $5.50 for the six bottle treatment.

If it fails, I bear the whole cost myself.

And—he alone shall be the judge—shall decide who shall pay.

Surely you will not continue to suffer when you can thus get well at my risk.

I have written an important treatise on rheumatism, telling of its relief and cure.

It is free to rheumatic people.

Write me a post card for it to-day.

Address—Dr. Shoop, Box 21, Racine, Wis.

P.S.—Simple cases often yield to one bottle of Dr. Shoop's Rheumatic Cure. (Druggists $1). But all druggists do not supply it on a month's trial. You must write to me for that.—C.I.S.

Crescent A.C. Baseball Club.

It seems to hurt in some quarters because Doc Sheppard's Crescents have not applied for admission to the City Amateur Baseball League. Tho invited to send in an application for admission, Mr. Sheppard announced last night that he had not done so, a statement that is verified by Mr. Clarke, St. Marys manager.

Baseball Brevities.

The Dufferin Baseball Club will hold a special meeting at the Minto House on Wednesday at 8 p.m. The Dufferins will enter a team in the Juvenile League, and members and others desirous of joining are requested to be present. The election of officers will also take place. All supporters are expected to attend.

The Brockton Capitals Baseball Club are organizing a juvenile league, four teams and two Junction teams preferred. Address W. Keating, 237 Lansdowne-ave.

A meeting of the Progressive baseball team is called for Wednesday evening at James Kidd's, 603 West King-street. All players are asked to attend, especially the following: Valliear, Downing, Ward, Ney, Nicholson, Marks, Simser, Robb, O'Hearn, Adams, Ruthledge, Charleton, Playter, Spencer.

The opening game of the baseball season between the Washingtons of the American League and the Patersons of the Hudson River League, at Paterson, N. J., on Saturday, was marred by the fall of the grand stand, five hundred men were thrown to the ground and more than 60 were hurt. Richard Thomas had his leg broken. Mrs. James Booker, a colored woman, was cut about the head and had her right arm broken. They were taken to the hospital. The Washingtons won by a score of 9 to 5.

The Boston American League Baseball Club was sold yesterday to John I. Taylor of Boston. President Johnston of the league and Henry J. Killilea of Milwaukee representing the former owners, arranged the sale. The purchase price was not announced.

BERLIN'S MAIL DELIVERY.

The Town of Berlin, up-to-date in other respects, is not to be behind in the matter of mail delivery. James T. Uttley, who has conducted an advertisers' distributing agency very successfully for some time past, a short time ago conceived the idea of a private mail delivery system for the business men and manufacturers, and immediately set to work to carry the idea into effect. For a reasonable sum he offered manufacturers to cut out the postoffice and deliver to them all incoming mail, and at the same time take back out-going mail, making four deliveries a day. A number were immediately interested and the system is now in satisfactory operation, and promises to grow to good sized dimensions. This is the first step in the way of a free mail delivery system in Berlin, and Mr. Uttley should receive every encouragement. The idea was heartily endorsed by the Berlin Board of Trade council Thursday night, and the opinion expressed that manufacturers and others should co-operate with Mr. Uttley to make it a success. The larger the number of subscribers secured the lower will be the cost to each one using the system.—Berlin Daily Telegraph.

Earl of Harcourt.

London, April 18.—It is fully expected, says Truth, that when parliament is dissolved Sir William Harcourt will be offered a new creation of the Earldom of Harcourt and the Viscounty of Nuneham, titles which were originally created by George II in 1749 (the barony of Harcourt dating from the reign of Queen Anne), and all became extinct in 1830.

Sir William Harcourt, who has just come into a large property by the death of his kinsman, Aubrey Harcourt of Nuneham, has been hoisted by his own petard in the matter of the payment of heavy succession duty, which he himself inaugurated as chancellor of the Exchequer.

The King's Cherrystones.

London, April 18.—King Edward recently left some cherry stones on his plate at a public function. The moplate at a public function. The mo-plate left the table a crowd of American ladies scrambled for them, with the object, it is said, of handing them down to their descendants as family heirlooms.

TELEPHONE INSULTS.

Paris, April 18.—A well-known dramatic artist recently rang her telephone for nearly three-quarters of an hour without getting any answer and used such impolite language to the lady clerk over the instrument that she was reported to the management. They thereupon suspended the lady from the service for ten days as punishment. The actress now demands from the postoffice the repayment of her subscription, and is suing them for damages for the interruption of the service.
