THE ST. JOHN VALLEY RAILWAY.—A meeting of the electors of Greenwich and Westfield favoring the construction of the St. John Valley Railway was held at Belyea's hall in the former place last Wednesday. The attendance was large and enthusiastic. After discusing the advantages which such a road would bring to the river counties, a resolution was adopted to the effect that in the opinion of this meeting such railway ought to be built, and that this meeting will support ocr representatives in the local and Dominion parliaments in asking that subsidies be granted in aid of said road.

REEKING WITH ROTTENNESS.—"If one quarter the current reports are true, a section of Halifax "society" especially in that known as "military circles" is reeking with rottenness. The names of women, young and middle aged, who belong to highly respectable families, some of them Christian families, are daily dragged through the sewers of scandal, and a chief theme of gossip in every circle of life—in families, in clubs, in bar rooms, and in worse places. If some of the men of Halifax whose wives and daughters are the subject of so much scandalous talk—which is apparently justified by their scandalous conduct—lived in any other part of the world, there would have been a dozen assassinations or suicides long ago."—Exchange.

### Athletic.

ANNUAL MEETING OF THE ST. J. A. A. C.

The annual meeting of the St. John Amateur Athletic club was held last evening in Gordon Division hall. The report of the treasurer, the substance of which has already appeared in THE GAZETTE, was received and adopted, Wm. Stewart and W. C. Whittaker being reappointed auditors.

The secretary's report referred to the successful season of baseball the club had had. Out of a total number of 46 games played, 33 were won and 12 lost. The club had won the Spalding championship pennant and had defeated the Shamrocks of this city in a series of games.

The cricket season had not been a successful one. The total number of foreign matches played was two, of which one was lost and the other won. The professional, John Carmichael, had worked hard to improve the form of the players.

Lawn tennis, as a game is rapidly coming to the front, and is one of the most popular sports of the club. The annual tournament in September was a great success.

Lacrosse is likely to grow in popularity. Football is receiving the attention it merits and the team is now playing in excellent form. Out of the four matches played, one was won and three were drawn.

In reference to the sports, annual and championship, the report spoke of those who had maintained the honor of the club.

In conclusion the following recommendations were made:

1. That the annual subscription should be raised to $6 per year, as the ordinary revenue is not at present large enough to cover the ordinary running expenses of the club.
2. That section five should be added to article five of the constitution to read as follows: Any lady over fifteen years of age shall be eligible for membership and by paying the sum of $2.50 per year said lady shall be allowed to vote at all meetings of the club and have such other privileges as the managing committee may deem proper.
3. Your committee would recommend that if the funds of the club will permit a professional trainer be engaged next season to coach the athletes of the club.
4. Your committee would recommend that in case an amateur base ball league is formed in the city next season that the St. John A. A. club should be represented in the said league and the team to represent us chosen strictly from members of our club.
5. Your committee would recommend that if ladies are admitted to membership next season that when forty or more have been elected a pavilion should be erected on the grounds especially for their use. Also that one afternoon in each week shall be set aside for their especial benefit, said day to be known as "ladies day."
6. Your committee would recommend that our club should make application for membership to the Maritime Lawn Tennis Association.
7. Your committee would recommend that the total amount of salaries paid professional base ball players next season shall not exceed the sum of $90 per week, the said season to date from May 20th to 20th September.

The report was received and laid on the table for consideration with new business.

It was decided to amalgamate the offices of secretary and treasurer.

The election of officers resulted as follows:

A. O. Skinner, president; C. E. MacMichael, 1st vice-president; W. B. Carvill, 2nd vice-president; W. S. Barker; secretary treasurer. Managing committee—Thomas Bell, H. A. McKeown, Frank White, W. G. Knowlton and C. H. Ferguson.

After the election of officers the suggestions in the secretary's report were taken up by sections. The first and fifth sections were defeated; the second, third fourth and sixth sections were adopted. Afterwards it was decided to erect a pavilion for the ladies if in the opinion of the managing committee the funds would permit. A day was also voted to be set aside for the use of ladies alone, the same to be called "Ladies' Day."

C. E. MacMichael stated that at the last annual meeting it had been decided to vote $100 to the secretary for his services for the year just closed, and he desired to state that officer had presented the money to the club. (Applause.) A vote of thanks was passed to the secretary.

W. S. Barker announced that in order to encourage lawn tennis, he would donate a silver cup to be contested for at the annual tournament of the club in gentlemen's singles, the person winning it two years in succession to become the owner, and the competition to be open to the province.

The meeting adjourned.

SUBSCRIBERS TO THE CLUB.

Those who contributed to the cricket fund of the St. John A. A. club were: A. O. Skinner, W. B. Carvill, W. S. Barker, C. E. Macmichael, J. P. Macintyre, H. H. Harvey, E. McLeod, J. U. Thomas, H. H. Fairweather, A. Everitt, W. F. May, Dr. F. E. Barker, and D. D. Robertson.

Those who subscribed to the base ball fund of the club were: A. O. Skinner, T. G. Ralston, McCormack Bros. Jas. T. Logan, Ald. T. W. Peters, W. S. Barker, George Ketchum, M. L. Harrison, S. S. deForest, F. Munro, Thomas Bell and James Russell.

### The Ring.

BETWEEN LIGHT WEIGHTS.

Austin Gibbons, the clever Paterson light-weight, and Mike Cushing, the champion 126 pound fighter, who are to battle for the 126 pound championship of America within six weeks, are training for the event, as neither has ever trained before. This will be the greatest contest that has taken place in the Eastern part of the country for years. Both men are clever to a degree and game to the core. The purse—$2,000—is generous. The winner gets $1,800 of it, the loser $200. The remarkable feature of the match is that, although it is a purse fight, each party has put up a $200 forfeit to guarantee good faith.

KILRAIN STILL TALKING FIGHT.

BALTIMORE, Md., Nov. 28.—Jake Kilrain has returned from his Canadian sparring exhibition. He says he will fight Sullivan, Jackson or any other man for money enough to justify it. In regard to the proposition for a meeting between himself and McAuliffe for $2,500 he said he would not think of meeting McAuliffe for any amount. He will leave the last of this week for Purvis, Miss., where his trial for the fight with Sullivan will begin Dec. 10. He will be accompanied by William Beach and several other friends, and should his trial result favorably to himself will return at once to Baltimore.

### Coming Events.

Young men's meeting at the Y. M. C. A. to-morrow night at 8.45 o'clock. Young men's gospel and song service to-morrow at 4.15 o'clock All young men invited.

As Saturday (to-day) is St. Andrew's day the annual celebration of the society will not be held till Monday evening, 2nd December. The programme is thoroughly Caledonian. The mull will be ushered in with the bagpipes, then follows an excellent selection of songs, trios and quartettes recalling Auld Scotland. Many will look forward to the Scotch reel and other dances which will enliven the latter part of the evening, while refreshments also suggestive of the land o' cakes will be an agreeable accompaniment. The City Cornet band will be in attendance.

THE cause of sour bread is poor yeast. If your yeast is good you will have no such annoyance, and Breadmakers Yeast is just what you want. Wholesale agent, H. W. Northrup, South wharf.

### Alden's Manifold Cyclopedia.

We are pleased to note the appearance of the nineteenth volume of the admirable Alden's Manifold Cyclopedia. It was apparent from the first that this was to be the 'Cyclopedia for "the people,' and each succeeding volume emphasizes' the great superiority of the work for popular use over its far more costly competitors. It is remarkably comprehensive. The fields of literature, science, art, and of all knowledge are thoroughly gleaned. The topics are ably treated many illustrations are given, and a vast amount of information is condensed into small space. The articles are written by experts in their various lines and are carefully and skilfully edited. The results of the latest discoveries and inventions appear, many of the subjects being brought down to June, 1889, and some even later. Among the important topics treated in this volume we notice Home Rule in Ireland; Homestead Entry, and the Homestead Laws for all the States; Homoepathy, nearly 7 pages; Hop; Horology; Horse, Horse Racing, Horse Shoeing, and Horse Taming; Hospitals, 8 pages; Howard University; Hydropathy, over 6 pages; Hypnotism, 4 pages: Hysteria; Ice; Immigration, with valuable statistics; Imports and Exports, with figures for the United States covering 100 years and brought down to June, 1889; Indians, 7 pages; Induction of Electric Currents 8 pages. In the line of biography we find articles on Homer; Hood; Hopkins; Horace Howard, Howels; Hugo Humboldt; Hume, and Hunt; while among the Countries and States noted are Honduras; Hungary; Iceland; Idaho; Illinois; India, 35 pages; Indiana, 8 pages; and Indian Territory, including the opening of Oklahoma. The price of this great work is almost incredibly low. The first nineteen volumes in cloth binding will be sent upon receipt $9,00 or in half Morocco style for $12,80, if ordered at once. John B. Alden, Publisher, New York.

Wishing to accommodate many subscribers who have shown an interest in this work, we volunteer to show it to any one who will call at the GAZETTE office.

### Death of a Former St. John Man.

At St. Andrews, Charlotte County, yesterday afternoon, died, Mr. Wm. Morrison after an illness extending over a period of more than ten years. For the past eight years he has suffered unremittingly. Mr. Morrison engaged in the hotel business in St. Andrews some twenty six years ago and his house was well and favorably known. He was a very genial man, and of a happy disposition, full of fun, and one who thoroughly enjoyed a joke.

In early life Mr. Morrison was well known in this city and particularly among the older ship-masters of this port. He was in the tug boat service for some time and was employed on the tug 'Sultan' when the late Capt. Comalley was in command and on "the Conqueror" and few things gave Mr. Morrison more pleasure then to converse with a St. John man about the times and people he knew there long ago. Every one that knew him liked him well and the news of his death will be heard with regret by all in the extensive circle of his acquaintance. He was true staunch friend to many persons, but his kindness was never paraded.

At the time of his death Mr. Morrison was one of the oldest masons in St. Andrews.

Mr. Morrison's remains will be interred to-morrow (Sunday) afternoon at two o'clock.

### "Called Back."

The Toronto "Globe" in a review of this intensely interesting play speaks of its rendition at the New Academy of Music as follows:

"Miss St. John positively held her audience spellbound in the scene where she describes in action the murder of her brother, and no finer piece of powerful acting has been witnessed here. It was a play of Bernhardt. A pin might have been heard to fall, so great was the nervous tension on the feelings of the audience, and as the curtain fell, this tension came with enthusiastic plaudits, which re-called the artist before the curtain, evidently exhausted with the mental strain which had produced so thrilling an effect on the spectators."

This is the comment of a prominent journal upon the play which has been selected for the opening performance of the Wood-St. John Company, on Monday night next (Dec. 2nd) at the Mechanics' Institute.

ST. JUDE'S CHURCH.—This church will be opened for divine service to-morrow (Sunday). Services will be held at 11 o'clock a. m. and 7 o'clock p. m. In the forenoon services will be conducted by the rector, Rev J. O. Crisp, and in the evening by the Rev. L. G. Stevens, rector of St. Luke's. During the past three months this church has undergone extensive repairs. There is a new roof and new ceiling, the form of which has been changed. The church has been sheathed all the way down, and its warmth is thereby materially increased. The aisles have been changed by the making of a centre aisle, thus providing three aisles in all, and the interior decorations are all changed and much improved. Altogether a great deal of work has been done upon this neat church, and it may now be considered one of the most beautiful and comfortable churches in the city.

FOR THE MARINE RAILWAY.—Mr. G. S. Mayes shipped two huge blocks of granite per the I. C. R. to-day for use in the construction of the Chignecto Marine railway. The blocks now weigh about 10 or 11 tons each. They were obtained at Spoon Island, and it took about eighteen yoke of oxen to haul each block from the quarry to the shore, as in the rough state the blocks must have weighed 13 or 14 tons each. A large quantity of granite is to be sent through, and very few of the blocks will weigh less than seven tons.

SCHR. S. K. F. JAMES, hence, for Boston is reported ashore at Fox Island, Maine, with loss of both anchors, and full of water. The 'James' sailed hence for Boston 25th inst, with a cargo of boards, shipped by E. D. Jewett & Co, was built in 1872 and is owned by Capt. Amos Tower. There is probably no insurance on vessel or cargo.
