embers to Upper Cham- l Election — Members nes Convinced That An is Probable This Fall— e Administration For e to People's Interests r The Big Fellows.

f execution upon government measures aking, with the Farmers' Bank bill, in hich the Conservative senators par- cipated, a total of three for the session. n addition to preventing the passage of e senatorial representation bill, as de- igned by the government, the Liberals the senate blocked Hon. L. P. Pel- tier's bill providing arbitrary powers r the postmaster-general to fix postal ates at will on all newspapers and other econd class mail matter. The senate sisted that the powers of the post- aster-general in regard to rates should nly be exercised under the safeguard- g restriction of consent of the treasury oard and of revision and ratification by arliament. It was further provided that ntil such ratification had been given e existing rates should remain in force. Mr. Pelletier absolutely declined to onsider the amendment.

"They would make a horse laugh," he ld parliament when the senate's mes- ge came over this afternoon. As a re- lt of his insistence the bill stands over ll next session and meanwhile the 1,400 ostal employes who might have obtain- salary increases had the bill gone rough, as amended, will get nothing.

ot Shot from Dr. Pugsley.

"This session has been a conspicuously arren one," declared Dr. Pugsley in the use before prorogation. "Practically measure of outstanding value to the eople at large has been introduced by e government. The outstanding legis- tion has been the raid upon the treas- y to the extent of $45,000,000 on be- lf of two men; the abortive proposals the minister to reimburse the deposit- s of the Farmers' Bank and the in- ease of taxation by tariff. Can the inister of finance instance one piece of gislation which he has introduced this ssion which has had as its purpose the creased welfare and prosperity of the eople?"

"The member for St. John has not en here for a good part of the session," orted Hon. Mr. White.

"But I have good eyes. I have read e proceedings regularly," replied Dr. gsley.

"You don't read the right papers," rtly responded the finance minister, nid laughter.

"I read Hansard, but perhaps that is accurate a record to please the min- er," was Dr. Pugsley's rejoiner.

distribution Bill.

Ottawa, June 12—At the opening of e final day's work of the session the istribution bill came up for conclud- consideration which the house had cussed until 3 o'clock this morning. M. MacDonald, of Pictou, moved an endment providing four seats for P. Island instead of the three to which is entitled according to population. e amendment provided for the larger presentation by inserting a clause in address to the imperial house peti- ning for the enabling legislation for argement of the senate. That clause tes that P. E. Island shall never be presented in the commons by fewer mbers than it has in the senate, name- four.

Premier Borden accepted the amend- nt and the amended bill was given its rd reading.

brief discussion then took place on introduction by Hon. W. T. White a measure for civil service superan- tion. The bill was read a first time stands over until next session.

peaker Sproule acquainted the house h the senate's refusal to drop its endment limiting the powers sought the postmaster-general in the postal in regard to the fixing of postal es on newspapers.

etter Scoffs at Senate.

Hon. L. P. Pelletier laughed derisive- "The senate is telling us what rev- e we shall take now," he said.

Hon. Dr. Pugsley asked whether the inister had no statement in regard to amendment.

It is enough to make a horse laugh," Mr. Pelletier's reply.

Mr. Pugsley—"Is that why the hon. tleman laughs?"

The senate amendment was not con- red in, and the bill therefore stands r until next session.

The prime minister then moved that senate's amendment to the address the imperial parliament for increased tern senatorial representation be re- ed because:

ppointments to the senate had no tion to the date of election to the se of commons.

ecause in respect to certain western vinces increased representation had tion solely to the result of the last ennial census, which had been ob- ed.

ecause the amendment was inappro- te and incongruous, there being no sion for it.

ecause no sufficient reason could be uced for the change made, or the y which the said amendment would se.

ext came a message from the senate the redistribution bill had been ed to, and after this, the business the session having been disposed of, motion of Hon. Geo. E. Foster it agreed that the speaker should va- the chair for half an hour.

sley Jollies Foster.

he re-assembly at 4 o'clock was e the occasion for some "jollying" of Geo. E. Foster by Hon. Dr. Pugs- in regard to the report of the high of living commission. Mr. Foster in reply, that the commission would rt when it had finished its report, was good and ready.

ack Rod arrived at 4.30 to summon members of the commons to the sen- chamber, just after Hon. Geo. E. er had assured Sir Wilfrid Laurier the rumor that Hon. Adam Beck d accept the high commissionership "only a rumor."

RELIABLE representative wanted, to meet the tremendous demand for fruit trees throughout New Brunswick at present. We wish to secure three or four good men to represent us as local and general agents. The special interest taken in the fruit-growing business in New Brunswick offers exceptional opportunities for men of enterprise. We offer a permanent position and liberal pay to the right men. Stone & Wellington, Toronto, Ont. sw-tf

THERE is a boom in the sale of trees in New Brunswick. We want reliable Agents now in every unrepresented district. Pay weekly; liberal terms. Pelham Nursery Co., Toronto, Ont. tf

WANTED—FEMALE HELP

WANTED—By May 1, a girl for general housework in a family of two. References required. Apply to Mrs. W. J. Davidson, Rothesay. 10047-5-2-sw.

WANTED—Good general girl with references. No house cleaning. 155 Wright street. 5-tf

Now is the Time to Plan for the Summer

We will not give a summer vacation this year as a number of students from long distances would be inconvenienced thereby.

Then, our summers are so deliciously cool that St. John is a harbor of refuge during the hot season, and study just as pleasant as at any other time. Students can therefore enter at any time.

SMITH—At the residence of W. C. Milner, Halifax (N. S.), on the 13th inst., Sarah, wife of the late Horatio B. Smith, of Buctouche, and duaghter of the late W. Henry Scovil, of Springfield and Shediac (N. B.), aged 90 years.

IN MEMORIAM.

MITCHELL—In loving memory of Warren Mitchell, died June 14, 1913, at his home, Armstrongs Corner, Queens county.

Gone but not forgotten—Lettie.

BELYEA—In loving memory of Mrs. F. Lansdowne Belyea, who died June 15, 1913.

MAJOR FROST ILL.

The New Brunswick riflemen returned from Prince Edward Island yesterday after winning second place in the provincial shoot for the cup, and the members of the team spoke in the highest terms of praise of the courtesy and good-fellowship of the Island riflemen.

The New Brunswick team was handicapped by the loss of the services, before the finish of the match, of Major J. S. Frost, who was taken ill on the range and required medical attendance. Major Frost is still under the care of a physician at Charlottetown.

Weather conditions were not satisfactory during the meet as a tricky wind prevailed and a mirage bothered the shooters. The local shooters said the Island riflemen have splendid quarters and that the officers take a keen interest in range work.

PORT ELGIN GIRL KILLS HERSELF

Sackville, N. B., June 12—A telephone message received here today from Port Elgin conveyed the sad news that Miss Pearl Johnson, a native of Port Elgin, committed suicide last night by drinking a quantity of carbolic acid.

Miss Johnson was a daughter of James Johnson, harness maker of that town. Relatives and friends of the deceased girl cannot imagine a reason for her rash deed, other than that she had been in poor health for a few weeks past and probably became discouraged. She was very popular among the younger people of the town and much sympathy is expressed on all sides for her sorrowing parents. She was twenty years of age.

Miss Johnson has been working for some time past as a clerk in the boot and shoe factory owned by E. W. Read. She went home from work last evening apparently in her usual spirits and was down town later in the evening. About 10.30 o'clock she went to her room and shortly afterwards Mr. Read, at whose home she was boarding, was startled to hear a scream. He went into her room and discovered the young woman in a semi-conscious state with a bottle of carbolic acid lying on the floor beside her. He immediately telephoned for her father and Dr. H. R. Carter, who lives near by, and although everything possible was done it was unavailing and she died half an hour after midnight.

She leaves to mourn her death, besides her father and mother, two sisters, Miss Blanche and Miss Jennie, both at home. A letter addressed to her father was found beneath her pillow, the contents of which have not been made public.

TO CONFER ABOUT EMPRESS INQUIRY

Ottawa, Juue 12—Lord Mersey is expected in Ottawa tomorrow and will confer with Sir Adolphe Routhier and Chief Justice McLeod, the other members of the royal commission appointed to inquire into the Empress of Ireland disaster, relative to beginning the investigation at Quebec next week. Sir Adolphe Routhier and Chief Justice McLeod arrived this afternoon and a conference will be held tomorrow with the minister of marine.

19 KING STREET

100 CLERICS AT CONSECRATION OF BISHOP O'LEARY

HIS LORDSHIP BISHOP BARRY OF CHATHAM.

Chatham, N. B., June 11—At the consecration of Rt. Rev. Louis J. O'Leary as Bishop of Hierapolis, Auxiliary of Chatham this morning, the Cathedral was filled to its capacity, both the gallery and the main body of the church were crowded, probably seating more than 2,500 people. The ceremony was one of the most impressive ever witnessed here.

At 9 a.m. the procession left the Bishop's Palace. Mgr. Stagni was preceded by many of the visiting clergy.

Immediately on their arrival in the Cathedral, the consecration mass commenced with Mgr. Varrily of Bathurst as master of ceremonies; Monsignor Stagni, the Papal Delegate, as consecrator, was assisted by Fathers Wheten and Sormany, with Fathers Carter and Babineau as deacons of honor.

Rt. Rev. Louis O'Leary was assisted by his brother, the Rt. Rev. Henry O'Leary, Bishop of Charlottetown, and Rev. Dr. A. W. Meahan, parish priest of St. Andrews.

After the singing of the gospel, Father Cavalier, president of St. Joseph's College, Memramcook, preached in French on the episcopate, followed in English by Rev. Father Ethelbert, of the Order of Franciscan Monks, Three Rivers, Que. Father Ethelbert is a most forceful speaker, and his eloquent discourse impressed his hearers deeply.

Before continuing the mass Mgr. Stagni imparted to the congregation the papal benediction. Many of the visiting clergy took part in the minor ceremonies such as the carrying of the cross, book, candle, vestments, etc. The choir of Inkerman which was brought here especially for this service rendered the Gregorian Chant with excellent effect. There were about 100 visiting clergy present, including, besides those taking part in the ceremony, Bishop McNalty of Calgary, Rev. Dr. Burke, editor of the Catholic Register and Bishop Scholard. Great credit is due to Rev. M. A. O'Keefe and his assistants for the manner in which they conducted and carried out the arrangements for the week's celebrations.

At one o'clock today there was a banquet in St. Thomas' College in honor of the visiting delegates and at which will be present only the visiting clergy and those of the diocese.

The Decorations

The draping and decorating of the new cathedral in preparation for the consecration ceremony resulted in a beautiful effect. Upon entering the building one is first of all struck by the immense scale of the decorations. Large draperies in papal colors, yellow and white, are hung from end to end of the building and caught up to the roof supports, seventy-five feet above the floor, in two or three places. The ends of the draperies are caught up to the dome in the centre of the building in the form of a bishop's mitre, with very artistic effect.

Between the windows yellow draperies scalloped at the top, hang down and are caught up in a scallop about four feet from the floor. Around the shields covered in yellow with a white cross in the centre and decorated with three flags, two white and yellow papals and a Union Jack at the upper corners and middle of shield, are hung between the windows and draperies.

The large gallery is also decorated in white and yellow bunting; and a large ostensorium hangs over the sanctuary, at the opposite end of the edifice, supporting a large receptacle. The floor is carpeted with a green carpet 200 feet long by twelve wide stretching from the front doors to within a few feet of the altar.

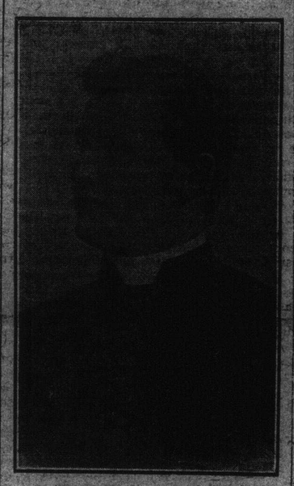
The Thrones

The bishop's throne on the left side of the sanctuary faces the papal delegate's on the right side and is upholstered in a rich cardinal plush, faced with buttons of the same material and corded around the edges with a heavy silk cord. The deacon's and sub-deacon's stools to the right and left of the bishop's seat are also upholstered in cardinal plush with heavy silk cord and fringed with six inches in depth, making a very fine appearance, while the foot of the throne is carpeted in green. The canopy is finished in white and yellow and the supports and fringes along the upper edge in white. The delegate's throne is trimmed in the yellow and white papal colors. The main altar and the sanctuary are finished in flat white, and the pulpit is decorated in yellow and white bunting.

A cross in white is placed at the head of the bishop's seat on the throne and two large white pinnacles are placed between the bishop's, the deacon's and sub-deacon's seats, while smaller pinnacles are placed at the heads of the deacons seats.

Three large arches were built, one at the foot of the drive leading up to the bishop's palace, and one in front of the main entrance of St. Thomas' College, and one in front of St. Michael's Academy, the first having three gateways and the others one. These arches have been trimmed with boughs and decorated with the papal colors in harmony with the other decorations in honor of the event.

This evening the front of the cathedral will be lighted by more than one



HIS LORDSHIP BISHOP O'LEARY.

hundred electric lamps placed in advantageous positions, and the arch in front of the bishop's palace also will be brightly illuminated.

Presentation

In the Opera House on Tuesday evening an address and a handsome gold pectoral cross and chain were presented to Bishop O'Leary, by James F. Connors, on behalf of the local Knights of Columbus, C. M. B. A., and A. O. H.. Bishop O'Leary replied, speaking in very feeling terms of the presentation and gift. After he had concluded his remarks. Rev. A. W. Meahan, D. D., of St. Andrew's, and Rev. William Roach addressed those present.

Several St. John people are in Chatham for the consecration, amongst them, Mr. and Mrs. John McDonald, jr., Mrs. George V. McInerney, E. Blake McInerney, Miss Nellie and Mr. and Mrs. H. O. McInerney, all relatives. Rev. Wm. Duke, Rev. M. O'Brien, and Rev. Charles McCormick, C.SS.R., were also present.

The newly consecrated bishop is but thirty-six years of age, being only two years older than his brother, the Right Rev. Henry O'Leary, D.D., Bishop of Charlottetown. He has had a brilliant career in the priesthood, and his appointment as bishop has been a source of keen gratification and pleasure to those who know him. He is a graduate of St. Joseph's University, Memramcook. While there he was a classmate of Rev. Dr. A. W. Meahan. Later he studied at the Sulpician College, Montreal, where he was ordained priest. A course of two years in the College of the Propaganda, Rome, followed, and on his return he was appointed secretary to Bishop Barry of Chatham, which position he held until today when he was elevated to the office of auxiliary bishop.

His father was the late Henry O'Leary, merchant of Richibucto, and his mother, Miss O'Leary, of the same place. The late Rev. Wm. O'Leary, parish priest at Kingsclear, was a brother of his mother's, and the late Mrs. John McDonald, of this city, a sister. His father was married twice. The new bishop has three full brothers, William J. O'Leary, electrical contractor, of Montreal; Rt. Rev. Henry O'Leary, D.D., Bishop of Charlottetown, P.E.I., and Frederick, real estate broker, Montreal. Mrs. George V. McInerney, of this city, is a half-sister, and Arthur O'Leary, chief game warden for the province, and Richard O'Leary, merchant of Richibucto, half-brothers.

It Didn't Matter.

Mrs. Hubbs—Oh, Robert, I'm afraid our little Willie is going to be left-handed.

Hubby (a baseball fan)—Well, don't worry. Some of the best pitchers in our big leagues are southpaws.—Boston Transcript.

Sponge black silk with clear coffee to freshen it, and iron on the wrong side when partly dry.

McCormick—The Binder of Satisfactory Service

HERE are some of the things that stand back of McCormick binder service. On a McCormick binder the reel has a wide range of adjustment and handles successfully, tall, short, down or tangled grain. A third packer assists in handling grain that is full of undergrowth or that is very short. The bottoms of the guards are nearly level with bottom of the platform, allowing the platform to be tilted to cut close to the ground without pushing trash ahead of the knives.

The floating elevator on a McCormick binder handles grain in any quantity and does not clog. The cutter bar is built to use either smooth section or serrated knives. The improved McCormick knotter does good work without the usual close adjustments.

The McCormick local agent will explain these and other important features on the McCormick binders which are built especially to meet Eastern Canadian conditions. You can get catalogues from him, or, by writing the nearest branch house.

NEW BAPTIST PASTOR.

Rev. B. J. McPherson, of Springhill (N. S.), who has accepted the pastorate of Brussels street Baptist church, will, it is expected, begin his duties on July 5. He is at present spending a three weeks' vacation with his parents in Prince Edward Island. Mr. McPherson is a comparatively young man, much liked in Springhill, and is said to be an earnest and capable speaker.

To take fruit stains out of linen, stretch the stained spot over a bowl and pour boiling water through it. Peach stains are an exception to this rule. clouded and you wish to save time, simply steam them inside over the tea kettle and wipe with a clean cheesecloth.

ALBERT COUNTY MAN BADLY INJURED.

Hopewell Hill, June 11—While cleaning the exhaust pipe at Barrett's steam mill at Memel today Zacheus Garland, the fireman, was quite badly hurt. Garland had his head in the end of the boiler when the heavy iron door fell, cutting the back of his head badly. The blow also knocked his head down so that his forehead struck on the underneath iron, making another bad wound. Dr. Carnwath went in and sewed up the wounds and brought the injured man out in his car.

To keep clothespins from freezing to the clothes, put two handfuls of salt in your blueing water.

Book For Men, Free

TO MY READERS:

Of the little illustrated advice book described below, which I gladly send free to all men who fill in the coupon. I beg to say that it represents the very BEST information of a private nature which I am able to offer you as a result of over 50 years' observation and study of my subject, during which time I have personally interviewed many thousands of men, young and elderly, single and married, rich and poor alike, who came to me in confidence with their confessions of debility, lost nerve force and failing strength.

It is, reader, this vast and unusual opportunity which has enabled me to compile this very popular and valuable little free book (over a million of which have been sent everywhere to men who wrote me for them), and in a manner to reflect the exact living, breathing experiences and needs of real men who sought information as to the newer ways of self treatment without the use of drugs.

Manly Men Move the Whole World.

Remember, this book of over 8,000 words and 80 illustrations will come to you by return mail in reply to your request, and in a perfectly plain, sealed envelope, for it is no one's business but your own what the envelope contains. There is absolutely no obligation on your part to buy anything or pay anything, and merely the receipt of this book does not mean in any way that you are to use one of my VITALIZERS (see description below) and, in fact, only a portion of the book has any reference to the VITALIZER at all. Primarily it is a compendium of useful information for private reference, which you and all other men may easily profit by through life.

Therefore, please use the coupon, or, if nearby, I should be very glad to have you call.

SANDEN, AUTHOR.

It is a fact, reader, which you and I must recognize and admit, that the whole world admires and is fascinated by strong, vigorous, husky, manly, manhood, and we must also admit that it is this same manhood and this alone which is back of the real leaders and producers in every walk of life. No matter where we go, we find it to be the manly, vigorous, vital fellow who forges to the front, who fascinates men and women of this community, who does the really great things. An unmanly man merely means nature's laws gone wrong, for it is he who halts and hesitates, who takes the back seat, who does not fit into the picture in a way that a manly, vital nature should. And yet, reader, it is my firm belief that any man, no matter what his past, no matter what dissipations or follies may have left their mark upon his physical and mental being, I say to you that such a man, unless there be some unusual reason, may hope for a complete return of his strength, vigor and self-confidence, if he but go about his self-restoration in a natural, commonsense way.

I make a little appliance which we will call a VITALIZER, because I think that is the best word to describe its strange power. I don't want you to think of getting one of these VITALIZERS just now, but I would like you to investigate my claims as to what I believe can be accomplished by almost any weakened man who uses this VITALIZER faithfully for a few weeks. I speak, of course, of him who is willing to give up dissipation and lead a decent, conservative life, not only while using the VITALIZER, but for the future. The other kind of man, the dissipated, can hope for nothing from any treatment, no matter what it may be, hence such a man is eliminated from my consideration.

This little VITALIZER is made to wear upon the body all night. It weighs only several ounces and is no more unhandy than an ordinary belt, yet it generates a great FORCE that I call VIGOR, which flows into your blood organs and nerves while you sleep. Men say it often takes any pain or weakness out of the back in one application, and that 60 to 90 days' use has been sufficient to restore manly strength and to put men in the "never felt better in my life" class. Special attachments carry the FORCE of the VITALIZER to any part of the body, for the use of women as well as men in cases of rheumatism, kidney, liver, stomach, bladder disorders, etc.

Over two hundred thousand of these VITALIZERS have been used or are now being used by men all over the world.

You had better learn more of the VITIALIZER. It is fully described in my free book. If you live near me, why not call and test the VITALIZER yourself.

WHAT THE FREE BOOK TELLS

The free illustrated advice booklet mentioned above is meant to be a simple declaration of certain important truths that every man in the world should know. The day has gone by when men are kept in ignorance of the real problems pertaining to these private subjects, and this illustrated advice booklet, which I send to men sealed, by mail, gives certain important facts relating to sex, just as these facts are. The booklet also fully describes my VITALIZER and you are told how you may get one for your own use if you decide that you want one. Please use coupon below, or call. Hours 9 to 6.
