THORNTON WOULD READJUST RATES

Advocates Re-examination of Entire System of Freight Charges.

Special to The Advertiser.

Brantford, Oct. 29.—That the entire structure of freight rates should be re-examined by the railway commission with a view to readjusting them so that satisfactory arrangement could be made to the country at large, was advocated by Sir Henry Thornton, chairman and president of the Canadian National Railways, in an address delivered before the Brantford city council, citizens and representatives of adjoining municipalities at a luncheon held in the Brantford golf and country club today.

Sir Henry made the foregoing recommendation following the introduction in his address of the discussion over the Crow's Nest agreement.

"The Crow's Nest agreement," said Sir Henry, "has become a distinct issue. The railway companies availed themselves of the judicial procedure for the determination of this controversy, and they applied to the railway commission for settlement, as this was a function of that body. It was right and proper that the matter should be referred to them; any other procedure would have been a violation of business judgment, common sense, and a protection of your interests." The case was fully argued by both sides, and the commission rendered its decision.

FRENCH INTERNAL LOAN NOW NEARS LAUNCHING

Ten-Year Bonds Totalling 500,000,000 Francs to Bear 5 Per Cent Interest.

Associated Press Despatch.

Paris, Oct. 30.—All arrangements for the new internal French loan have been completed, and the cabinet will give its final approval at today's meeting, says Le Journal. The loan will be issued Nov. 12 to Dec. 19, in slices of 500,000,000 francs. The amount of the issue is unfixed, the government reserving the right to stop the sale of it if it considers enough has been subscribed.

The bonds, maturing in ten years, will bear 5 per cent interest.

The government will begin redeeming the loan progressively after the sixth year, the slices to be paid off being decided by lot. In addition to other attractions, the government guarantees that the bonds will not be abandoned to their fate on the market.

WHY LADY ASTOR WON.

Associated Press Despatch.

Plymouth, Eng., Oct. 30.—Lady Astor, Conservative, who retained her seat in the House of Commons in yesterday's election by a majority of 5,079 over the Labor candidate, Capt. G. W. Brenan, today attributed her success at the polls "to the fact that Great Britain prefers the Union Jack and steady progress rather than revolution and socialism."

The weather yesterday was extremely bad, and the partizans of Lady Astor assert that if fair skies had beamed upon the voters her majority would have been still greater.

Fletcher, Liberal, by a narrow margin last year.

KIWANIS CLUB APPEALS TO ALL CITIZENS TO VOTE

Last year 16,121 voters stayed away from the polls. So far as election returns show, government has always been run by a minority. There will be a stockholders meeting of the city of London on Dec. 1. Vote as you please—but please vote. Be a citizen for one day at least.

That is the spirit of a yellow circular which has been sent to every voter in London, an exhortation from the London Kiwanis club to come out and vote on election day. Copies of the pamphlet have been inclosed in envelopes containing notices to voters and 'city activities,' which have been sent out by the city clerk's department.

NEW BASEBALL DIAMOND IS PROGRESSING WELL

The autumn program of work at the new Queen's park baseball diamond and athletic field is nearly completed, and many favorable comments are heard regarding the appearance of the field.

"I should think the appearance alone, from a spectator's viewpoint, is worth the work done on the field," W. P. Near, city engineer, stated this morning. No seeding has been done this year, but the field will be sown early in the spring and the park put in use as soon as weather permits.

J. H. Saunders, superintendent of the Guelph winter fair, left this morning for the Royal City to start organization work for this winter's fair. He will be back in London for the week-end and will then return to Guelph for another two weeks.

NEW CITY POSTOFFICE IS AGAIN AGITATED

City Clerk Urges Ottawa To Take Action and Aid Unemployed.

Agitation for a new postoffice for London has been renewed and today City Clerk Sam Baker sent a letter to Ottawa, urging that the federal government take early action so as to provide work for the unemployed.

Ald. L. H. Douglass, in speaking of the movement, points out that a few years ago the government was requested to construct a new postoffice for London, but no action was taken. If the building could be started now it would not only add to the prestige of the department and the appearance of the government buildings, but would provide a much needed source of work for London's unemployed.

Mayor Wenige and other members of the council, faced with the task of providing work for the unemployed, are heartily in favor of the scheme.

EVERETT REMAINS AS ADMINISTRATOR

Court, However, Rules Against Him As Heir of Levi Everett.

Special to The Advertiser.

Woodstock, Oct. 29.—Judgment was given by Judge Wallace today in surrogate court in the action over the estate of the late Levi Everett of East Zorra. The plaintiffs, a nephew and three nieces, John L. Gould, Barabara Maxwell, Barbara Ann Woodger and Mary Elizabeth Ruston, all of Michigan, were found to be heirs, but the court refused to revoke letters of administration issued to Thomas Everett, the defendant.

HIGH COST OF SHAVING HITS COUNTY BASTILLE

Stubble Grown in Jail Atmosphere Plays Havoc With Razor Blades.

The stubble manufactured on the chins of prisoners at the county jail is apparently just as tough as some of the prisoners themselves, only more so. Just one short week ago there was a requisition for another package of razor blades for the jail safety razor, and County Clerk John Stuart, who hands out the requisitions thought that jail beards would be well looked after for some time to come.

Whiskers, however, flourish at great length in the county pen. There is something in the jail atmosphere that makes hair stand up and whiskers stand out. Some of the vagrants which finally land in the bosom of the jail have not manipulated a razor for weeks, and it would be easier to saw a jail bar with a bread knife than razz the stubble from a hobo's cheek with a razor.

In fact, one turnkey, with an inventive turn of mind, has been working for some time on a combination razor-scythe which, he states, will shave the prisoners in the morning, and mow the lawn in the afternoon.

The box of blades purchased a week ago have already been sharpened twice, and a requisition was made this morning for two more boxes. The high cost of shaving at the jail bids fair to be quite an item in the jail budget from now on.

Conspirators Shipped Away

Brazilian Government Breaks Plot to Take President.

Associated Press Despatch.

Buenos Aires, Oct. 30.—The conspirators whose revolutionary plot against the Brazilian government was frustrated last week have been shipped to an island off the coast of Rio Janeiro to join a number of other political enemies of the government confined there, according to uncensored news advices received by steamer.

The conspirators were composed mostly of dissatisfied naval elements. They are alleged to have planned seizing the battleship Minas Geraes, firing a shell against the presidential palace, and then capturing President Bernadenes in the confusion.

BOARD IS DENOUNCED IN PASS RATES ROW

Winnipeg Businessmen Call Upon Government to Reverse Crow's Nest Order.

Canadian Press Despatch.

Winnipeg, Oct. 30.—Charges that the board of railway commissioners had flagrantly disregarded statutory and constitutional law in its recent decision regarding the Crow's Nest Pass rates, were made in a resolution unanimously adopted at a meeting attended by 300 prominent business men here last night.

It was claimed that by its action the board had changed a mere question of railway rates into one of prime and gravest constitutional importance, and the meeting demanded the restoration and perpetuation of government by law and the supremacy of parliament in all matters of law and public policy.

The government was also called upon to reverse the board's order, and to direct the railways to wipe out the discrimination existing prior to the order going into effect this week.

PROVINCIAL POLICE AWAIT NORTON NEWS

Phantom Fourth Member of Melbourne Robber Gang Rumored in Toledo.

Provincial police, who have been investigating a rumor from Ohio detectives that George Ernest "Pat" Norton, wanted in this city on a charge of bank hold-up and murder, has been found in Toledo, have received no further word regarding the bandit from Ohio officers.

Major-Gen. Victor Williams, commissioner of Ontario police, received a letter several days ago from a member of the Ohio detective bureau, stating that he was quite positive Norton was residing in Toledo. He asked General Williams for full particulars and identification of Norton. These, according to a statement made to The Advertiser by General Williams, were forwarded immediately.

Members of the provincial police department told The Advertiser today that the case was being thoroughly investigated.

RECEIPT WITHOUT STAMP BRINGS FINE OF $25

Failure to place an excise stamp on a receipt for more than $10 cost Ezra Merkley $25 and court costs when he appeared before Magistrate Graydon today.

Merkley was charged under the inland revenue act by Inspector Cecil Webbe. A receipt for payment on a motor car issued by Merkley was displayed in court.

Although Merkley claimed he had attached a stamp to the receipt at the time of issuance, the receipt bore no stamp nor trace of where a stamp had been affixed when it was inspected by Magistrate Graydon.

"The act is widely violated," Magistrate Graydon said. "The only way to stop it is by imposing a substantial fine. It will be $25 dollars and costs or one month in jail."

CASE OVER WILL STARTS IN COURT HOUSE TODAY

The county court action of Mrs. Ida Hunter, executrix of the will of the late C. Edgar Hunter, against her brother-in-law, William Hunter, for $1,809.71, which the plaintiff alleges is due the estate, is in progress at the court house today before County Judge J. C. Judd.

Mrs. Hunter, questioned by her counsel, J. M. McEvoy, K.C., went over the various amounts said to be due the estate, and stated she and her husband had expended $1,030.79 on a mortgage which should have been paid by the defendant.

The latter claims that the estate has received all the money due, and asks that the action be dismissed with costs. J. W. G. Winnett is acting for Mr. Hunter.

Canadian Press Despatch.

Hull, Que., Oct. 30.—Two children were suffocated by smoke in a fire of unknown origin which broke out in an upstairs back room of their home last night. Uguette, aged six, and Renalde, aged four, daughter and son, respectively, of Leon St. Laurent, were the victims, the only child saved being a boy, Mario, aged 18 months. Their parents were away for the evening, a nurse being left in charge.

FEWER PERMITS.

The school attendance department has thus far, since Sept. 1, issued 40 home permits and 112 employment certificates to pupils of school age.

These figures are somewhat lower than the corresponding figures for last year.

REAL ISSUE LACKING AS U. S. ELECTIONS NEAR

Three Big Political Parties Now on Home Stretch of Presidential Race.

Associated Press Despatch.

New York, Oct. 30.—The standard-bearers of the three major political parties, who will seek the indorsation of the people of the United States on Nov. 4, continued their last-minute efforts today to garner votes.

Despite charges and counter-charges of slush funds and the like, raised before the senate campaign committee investigating campaign expenditures, and despite the vast amount of speech-making which has taken the leading candidates across the continent and back again, the electors were still without any real issue on which to base election day enthusiasm.

NEW FLAG POLE.

The old flag pole surmounting the court house will soon be used as fodder for the jail kitchen stove. Plans for a steel flag pole to stretch 75 feet from the ground have been received at the county clerk's office and will be looked over by Warden C. C. Henry when he visits the city tomorrow.

SOUTHERN ROUTE PUBLICITY PLANS

Municipalities Organize To Secure Traffic of Tourists.

Special to The Advertiser.

St. Thomas, Oct. 29.—Final steps were taken this afternoon at a meeting of the representatives of the municipalities on the southern route of the provincial highway system to make the new federation of communities a working organization to secure greater popularity for the route. In order to finance the new association it is proposed to sell memberships at a nominal fee.

Mr. McPherson, vice-president of the association, addressed the meeting and D. H. McIntyre had a number of communications from other centers indorsing the plan.

The newly paved highway between Aylmer and St. Thomas will be opened in two weeks. The road on the New Sarum hills has been improved, the new bridge erected, the valley road straightened, the west hill straightened and the grade reduced six per cent.

Two little boys giving the names of Reuben and Fred Fox were found wandering around in Mount Pleasant by Inspector Eacrett and J. L. Axford. They said their home was in Middlemiss. They were taken to the children's shelter, while inquiry is made.
