CANADA'S HORSE SHOW.

LIST OF THE ENTRIES IN IMPORTANT CLASSES.

The Great Exhibition Opens Next Wednesday—It Will be the Most Successful of Its Kind Ever Held in Canada—Full Program of Each Day's Proceedings.

The success of the Canadian Horse Show, to be held at the Armouries next Wednesday, Thursday, Friday and Saturday, is now fully assured. Large were the prices paid for boxes, great has been the purchase of tickets for seats, most satisfactory are the entries in the various classes, and all the arrangements are of the most satisfactory nature.

9.15—Best and best appointed pair of cab horses	62
9.45—Best riding by gentleman	68
10.00—Ladies' jumping class	

HE HAS SWORN TO IT.

AN EX-DOM. POLICE OFFICER OF CARLETON CO. ON THE SITUATION.

The Strongest Affidavit He Has Made in His Wide Experience of Twenty Years—He Says He Never Expected to Do So and Is Glad the Hour Has Struck.

County of Carleton, to-wit:

I, Thomas Moffatt of the City of Ottawa, in the County of Carleton, do solemnly declare that I live at 176 Murray-street, in the City of Ottawa, that I am forty-six years of age, and a baker by trade and was formerly of the Dominion police. For over twenty years I have been badly afflicted with Rheumatism. So severe was my case that I thought that I would never get better. On the first day of May, 1895, I began taking "Ryckman's Kootenay Cure." I used three bottles and it cured me completely. I have not felt the first sign of rheumatism since. It is a great tonic and a grand Blood Purifier. I gained twelve pounds in weight while using the remedy. I recommend it most highly.

And I make this solemn declaration conscientiously believing it to be true, and knowing it is of the same force and effect as if made under oath, and by virtue of the Canada Evidence Act.

(Signed.) THOMAS MOFFATT.

Taken and acknowledged before me at the City of Ottawa, in the County of Carleton, this 19th day of February, 1896.

(Signed.) JOSEPH R. ESMONDE, Justice of the Peace for the County of Carleton.

With Treble There's No Trouble.

Mr. J. M. Treble, the well-known gents' furnisher, has had his spring opening and gentlemen will have no trouble in rigging themselves out in the latest and nobblest style by calling at 53 King-street west. London novelties are just in, with fresh goods still to arrive. Bicyclists will find suitable hose at any desired price; Dent's dogskin gloves are in full supply, while in ties, collars, cuffs and other toilet necessaries the old reliable Treble's will be found up to date, quality guaranteed, and prices to suit the times. The $1 white shirts ready to put on will be found excellent value; and those desiring shirts to order only have to get one of Treble's self-measurement cards, mark the correct measure, and the goods will be supplied at the shortest notice.

A MARTYR TO CATARRH.

After Twenty Years' Battling With Disease a Remedy Is Finally Found.

Catarrh is a disease that when once thoroughly fixed on the system is considered almost impossible of eradication, and yet here is the Hon. George Taylor of Scranton, Pa., who writes the manufacturers of Dr. Agnew's Catarrhal Powder that he had been a martyr to catarrh for twenty years and tried every known remedy, securing little or no relief from any, until he used Dr. Agnew's Catarrhal Powder, which resulted in clearing his head like magic, and by continuing its use, ridding the system altogether of the disease. But it has not been alone prominent public men of the United States, but James Rowand, M.P. for Bruce; Isidore Proulx, M.P. of Prescott and scores of other members of the House of Commons and local legislatures have borne testimony, over their own signatures, to the efficacy of this great remedy. If you want a cure avoid cheap imitations.

QUICK EXTINCTION OF THE RACE.

Is It Possible to Stay the Present Epidemic of Heart Disease Among Canadians?

It is simply terrible to recount the mortality among Canadians from heart disease. The newspapers record daily the sudden death of this and that citizen, whilst those whose prominence in life does not call for newspaper mention, but who have fallen victims to this disease, are to be counted by the thousands. The situation is one that calls for serious consideration from every man and woman, and it is almost suicidal that anyone with the slightest symptoms or tendency to heart disease or apoplexy should treat the matter lightly. There is a certain cure for heart disease in Dr. Agnew's Cure for the Heart, as thousands of Canadians can testify. Mrs. Roadhouse of Willscroft, Ont., suffered from heart trouble to the extent that "cold sweat would stand out in great beads upon her face," and yet, by the use of this medicine she was permanently cured. One of the encouraging features of it is that it gives relief in thirty minutes, and thus saves thousands of lives.

RHEUMATISM CURED IN 1 TO 3 DAYS FOR 75 CENTS.

Perfect Freedom From Pain Is Guaranteed in From 4 to 6 Hours.

South American Rheumatic Cure, for Rheumatism and Neuralgia, radically cures in one to three days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents.

MEDICINE ONLY AN AGGRAVATION.

Talk With a Delhi Lady Who Found Pills and Plasters of No Avail for Kidney Trouble—How She Was Cured.

The case of Mrs. Norman E. Cooke of Delhi, Ont., who suffered intensely from kidney trouble and is now cured, has excited more than ordinary attention. Spoken to about the matter, she said: "At times the pain was so severe I could not rest or even attend to my domestic duties."

"Did you not treat for the disease with your physician?" was asked.

"Yes, I did everything that could be suggested in this direction," replied Mrs. Cooke. "I tried no end of remedies, pills and powders, and got no relief. Porous plasters were used in the hope of relieving the pain, but of no avail."

"You are a well woman to-day," it was said, "and how do you account for the change in your condition?"

"I owe it all," said Mrs. Cooke, "to the use of South American Kidney Cure. Discouraged with trying so many remedies, I took hold of this with hope, but I had not taken many doses before relief came to me. As advertised, it relieved me in six hours. I continued its use up to five bottles, with the result that you see me to-day enjoying complete health."

The secret of this remedy is found in the fact that it dissolves the uric acid that is really the constituent element of kidney disease, and only when this change in the system takes place is a cure effected.

U.S. Patents Issued.

The following is a list of United States patents issued this week to Canadian inventors, as reported by Chas. H. Riches, solicitor of patents, Canada Life Building, Toronto:

W. & E. C. Daniels, hay and stock rack; P. E. Marchand, electric switch; A. H. Brintnell, electric propulsion of cars.

One of the greatest blessings to parents is Mother Graves' Worm Exterminator. It effectually expels worms and gives health in a marvellous manner to the little one.

HOMESPUNS

promise to be in high favor this season for business suits. They are cloths deservedly popular on account of their wearing qualities and their being extremely becoming to most men. Greys and fawns will be the shades most sought after.

Anticipating a great demand for them we have bought the greater part of one mill's output in these two shades and are enabled to quote you suits to order at nine dollars and ninety cents. Tailors carrying a few suit lengths will ask you fifteen dollars.

The Toronto Sunday World.

Following up its policy of producing a new and original feature each week, The Toronto Sunday World will present in the paper to be published at 9 o'clock to-night the first of a series of remarkably interesting articles describing the wonders of the heavens, by Sir Robert Ball, the greatest of living English astronomers. Sir Robert takes for his opening article the scenery of the moon, and a truly entertaining paper it is, written with a singular power of fascinating interest. Students will seize upon the article with delightful anticipations, that will be fully realized, while the general reader will at once be entertained and surprised at its force of description. A charming story entitled The Retiring of Domsie, by that resourceful and fascinating author, Ian Maclaren, will assuredly attract attention. Rodney Stone, A. Conan Doyle's great story, grows in absorbing interest as it develops, the second instalment to be given in the issue of The Sunday World under notice tending to prove that it will be the most popular of all the novels written by the most popular novelist of the day. It combines the strength of interest of Blackmore's Lorna Doone with the marvelous talent for depiction possessed by the late Robert L. Stevenson. Other articles and features, besides the regular departments, will be: The Ways of Many Men, a series of short stories about people of to-day; The Making of Doctors, by Ebor; Acting in Japan, by Lewis G. Stevenson; Fashions in London; Murder by Will Power; The Hero of England—Right Hon. Joseph Chamberlain; A Machine That Will Register Thought; Grievances of the Uitlanders; Dr. Nansen's Expedition; Letters of Matthew Arnold, by Ion; Golfers and Walkers; The Decay of Prescribing, etc. Readers are warned that owing to the brightness of the features recently introduced The Toronto Sunday World is in such demand that copies after publication day are hard to procure. To avoid disappointment, they should therefore become subscribers at 20 cents a month, $1 for six months, or $2 for a year.

Mrs. D. Says: "For years I have been nervous and weakly. I took one dollar's worth of Miller's Compound Iron Pills, and am now quite well and strong."

36 R. D. GAMBLE, General Manager.

Toronto, 24th March, 1896.

TENDERS.

GRENVILLE CANAL ENLARGEMENT.

SECTIONS A AND B.

NOTICE TO CONTRACTORS.

Sealed tenders, addressed to the undersigned, and endorsed, "Tenders for Grenville Canal Enlargement," will be received at this office until noon on Saturday, 9th May, 1896, for the enlarging of about 1¾ miles of the Grenville Canal.

Plans and specifications of the work can be seen at the office of the Chief Engineer of the Department of Railways and Canals at Ottawa, or at the Superintending Engineer's office, Montreal, where forms of tenders can be obtained on and after Thursday, 9th April, 1896.

In cases of firms, there must be attached the actual signatures of the full name and the nature of the occupation and place of residence of each member of the same; and, further, an accepted bank cheque for the sum of $5000 must accompany the tender. This accepted cheque must be endorsed over to the Minister of Railways and Canals, and will be forfeited if the party tendering declines entering into contract for work at the rates and on the terms stated in the offer submitted. The accepted cheque thus sent in will be returned to the respective parties whose tenders are not accepted.

The lowest or any tender not necessarily accepted.

By order. J. H. BALDERSON, Secretary.

Department of Railways and Canals, Ottawa, 4th April, 1896.

Tenders for Coal

The Consumers' Gas Company of Toronto, Ont., will receive tenders until noon on Friday, 24th of April next, for the supply of thirty
