NATIONAL SANITARIUM.

Annual Meeting Was Held on Saturday When Gratifying Reports Were Read.

The annual meeting of the National Sanitarium Association was held at the National Club on Saturday, Dec. 9. Among those present were: Sir William Meredith, vice-president of the association; Hugh Blain, Edward Gurney, W. J. Gage, Dr. Powell and D. E. Thomson, Q.C.

Mr. Gage presented the treasurer's report, showing that nearly $80,000 has been spent in the purchase of land and in the erection and equipment of buildings in Muskoka. The maintenance account of the Muskoka Cottage Sanitarium was also read, showing receipts from all sources of some $15,400, and disbursements $16,490.

A very gratifying report from the medical superintendent was submitted. The following extract from this report will be of interest to the medical profession. "In comparing the results of our second year with those of first, it will be seen that with the average length of treatment increased from 98 days to 128 days there has been a corresponding increase in the percentage of apparent cures, from 15 per cent. to 21 per cent., and the percentage of cases in which the disease has been arrested, that is relative cures, from 27 per cent. to 32 per cent. That a longer stay than three months is necessary, even in the earlier cases, is seen in that, of 11 incipient cases remaining under three months, only two were apparently cured; while of 14 cases remaining over three months, 12, or 85 per cent., were apparently cured. Of the 13 advanced cases remaining under three months, 5, or 39 per cent., had their disease arrested, while of 26 cases remaining over three months, 20, or 79 per cent., were either cured or had their disease arrested. Most of those discharged with disease arrested have returned to their work, others have taken up life out of doors at farming or some similar occupation, and most of them will be eventually cured if they continue to exercise the same care as during their stay at the sanitarium. It is encouraging to know that all of those reported as apparently cured during our first year's work remain as well as on discharge. Of the 23 cases in whom the disease was arrested, 20 are still as well as on discharge, nearly all have been at work since their return home, and six are now apparent cures through proper care and attention to the rules of hygiene and health learned at the sanitarium.

From the foregoing it will be apparent that in order to successfully combat this dread disease a lengthened treatment is necessary. Of 147 patients treated during the year in the sanitarium, 48 are still under treatment, leaving 99 to be reported on. Of these 21 were discharged apparently cured, 32 with disease arrested, 17 were discharged with marked improvement, 19 unimproved, 6 discharged failed, 4 died.

During the year the nursing department has been placed under the able management of Miss Breckon, late superintendent of the Emergency Hospital, Toronto. Dr. Elliott, medical superintendent, was granted leave of absence for a year, with a view of spending the time in the consumptive hospitals of Europe, Dr. Ashton, late of the Children's Hospital, Toronto, being placed in charge during Dr. Elliott's absence. A report from the Executive Committee recommending the purchase of some 12 acres of land from the Toronto University for the Toronto Home, was received and adopted.

NOT A NEW STORE,

But So Attractively Refitted That It Looks Like a New One.

Some little time ago Mr. W. C. Ross, the large cigar manufacturer of London, purchased the Rossin House cigar store, 127 West King-street, from Mr. A. C. Smith of the same city. Already extensive alterations have been made, the entire premises having been thoroughly overhauled and refitted. A very handsome metallic ceiling has been put in, the walls are decorated with fine large mirrors, new fittings of cherry have been supplied and other modern improvements made. Altogether this popular smokers' resort is now one of the best equipped and most attractive in the city.

Besides overhauling the store, special arrangements have been made for keeping the stock in perfect condition. Zinc-lined cases have been provided for the imported cigars, while the new show cases are made dust-proof.

Ex-Alderman J. T. Wear of Windsor has been appointed manager. This in itself is a sufficient guarantee that customers of the store will receive the very best service, Mr. Wear being thoroughly conversant with every department of the tobacconist business, having had an experience of over twenty years.

On the third page of this issue of The World the introductory announcement of this store is made. It is one that should interest holiday buyers, and is worthy of your careful perusal.

Detectives Return.

Inspectors Murray and Greer of the Attorney-General's Department returned home yesterday. The former was attending the trial of Charles Humphrey at Whitby, who was convicted of horse stealing, and Detective Greer has been at Bridgewater, investigating the recent attempt to blow up the house of a Mr. Keller. So far he has failed to solve the mystery.

Choice Neckwear.

We have a special line of the latest creations in English Neckwear, decidedly rich in appearance. They would make a very useful and attractive Christmas gift.

SCORE'S HIGH-CLASS CASH TAILORS
77 King Street West.

BOARD WILL WIND UP TO-DAY

Last Meeting of the Committee on Works for 1899 Will Be Held This Afternoon.

CIVIC WORK DURING THE YEAR

As Shown by the Engineer's Report—Some Signs of Improved Business in Toronto.

The Committee of Works will hold its final meeting of 1899 to-day at 3 p.m. Engineer Rust's report will be considered.

Engineer's Report.

In his report the City Engineer recommends that the T. Eaton Company be allowed to make a new tunnel about thirty feet west of their present one on Albert-street, provided they indemnify the city against claims for damages. The jogs in the wood sidewalk on Crawford-street, fronting on Trinity College grounds will be removed in the new pavement about to be laid down.

The Detective Department has failed to get any clue to the theft of brass work from the pumping station and press house early in the summer. None of the city employes are suspected.

Permission will be granted for the construction of a siding across Greenwood-avenue. The applicants bear all cost and accept every responsibility subject to safeguards considered necessary in the interests of the city.

Local Improvements.

The following local improvements on the initiative principle have been reported:

Grange-road, macadam roadway from Beverley-street to McCaul; the approximate cost per foot frontage is 80c, and the annual cost for three years 32c. Twelve-foot cement slidewalk on Bay-street, east, from Temperance to Queen; the cost per foot frontage is $2.12, and the annual cost for ten years 26 1-10c. Twelve-foot cement sidewalk on Yonge-street, east, from Alexander to Maitland-street; approximate cost per foot $2.06, annual cost for ten years 25 3-10c. Six-foot cement walk on Beverley-street, east, from Queen to College; approximate cost 90c, annual cost for ten years 11c. Huron-street, 54-foot cement walk, on Huron-street, east, from College to Russell-approximate cost 75c, annual cost for ten years 9 1-5c. Front-street, brick pavement 21-feet wide, on 6-inch concrete, on each side of the track allowance on Front-street from York to Simcoe; approximate cost $6.20, annual cost for ten years 76 2-5c. The former recommendation for asphalt pavement is withdrawn. A 24-foot asphalt pavement on Brunswick-avenue, from Bloor-street to Wells; approximate cost $3.98, annual cost for ten years 49c. Thirty-three-foot macadam roadway on John-street, from Queen to Grange-road; approximate cost $1.16, annual cost for ten years 41 7-10c.

Big Expenditure.

The City Engineer has his annual report nearly if not quite ready.

The approximate total expenditure in the Works Department was $896,147.

Expenditure in the waterworks branch for 1899: Maintenace $143,585, construction $11,838, renewals $6137, revenue mains $3486, and special services $10,277. A total of $175,324.

During 1899, 16,880 feet of 6-inch and 1306 feet of 7-inch private drains were constructed and repaired. In addition to the above, 60 private drains were repaired.

A Swimming Bill.

The city's free bathing bill was $1359.

Although the information which the city procured on the subject of overcrowding street cars cost $450, the overcrowding has not been mitigated one cent's worth.

During the year 1899, 153 separate works were undertaken by the Road Department, and the construction of 27 private permanent sidewalks superintended. Out of the 153 contracts 118 were let in 1899; twelve were carried over from 1898. The boulevards on several streets were graded and sodded.

F. Keller, a Montreal dyer and silk goods cleaner, is coming to Toronto with his industry, but asks no favors. His business will be situate at the old organ manufactory on McMurrich-street, where he will employ 50 hands.

The Hall is Safe.

Sheridan Hall, Brockton, is as safe as a church. Ald. J. J. Graham, being aware of an uneasy feeling in the west end as to the floor sustaining the number that sometimes gets in, had City Commissioner Coatsworth make an examination yesterday. The commissioner says one could take a horse and two-ton load in upon the floor with the hall filled to its capacity.

Get Their Pay To-Day.

The staff of officials will be paid the month's salary to-day, instead of on the 20th, in view of the nearness of the Christmas holidays.

The president of the York County Loan & Savings Company asks for permission to straighten and widen Fermanagh-avenue, from High Park to Sunnyside-avenue, and extend it to Roncesvalles-avenue. The City Engineer approves.

Abused Dr. Sheard.

It was to be expected that the men who are dropped in the report of the fire chief would not take kindly to the idea. But one of them who met Dr. Sheard yesterday was really angry, and gave the Medical Health Officer his opinion in unrestrained style. The incident was talked about a good deal around the Hall.

Signs of Improvement.

There are only 1500 vacant houses in Toronto, or half the number reported three years ago. There are less than 250 vacant stores, where there then were about 650. The improvement in house property is general all over the city. Ward 4 has only 268 vacant houses and stores, as against 712 three years ago. Factory buildings have added to the city values by $1,000,000, dwellings $800,000, and other improvements $300,000, within the year.

List of New Reading.

These new books are at the Public Library: Natural History, edited by Alfred H. Miles; Lilly, First Principles in Politics; Flint, Sermons and Addresses; James Evans, The Apostle of the North, by Egerton R. Young; Church and Faith: Essays on the Teaching of the Church of England, by various writers; Mr. Blackburne's Games at Chess, edited by P. Anderson Graham; Haggard, A Farmer's Year; Eiton, The Augustan Ages; Morrow V. Cucuel, Bohemian Paris of To-Day; Krout, A Hooker-on in London; Steevens, In India; British Africa (British Empire Series, Vol. II); Hardy, Jesus College (College Histories); Old Convict Days, edited by Louis Becke; Pickett and His Men, by La Salle Corbell Pickett; William Makepeace Thackeray: Life, by Lewis Melville, 2 vols.; Machar, Lays of the True North; Catherwood, Mackinac and Lake Stories; Hatton, When Rogues Fall Out; Becke, Ridau, the Devil; Blounde-lle-Burton, Fortune's My Foe; Fato Profugus, The White Olive; Brereton, With Shield and Assegai; Douglas, In Lionland; Adam, La Force.

Oxford Old Boys.

J. B. Coldrige, Trinity Medical College; G. Campbell, Varsity; J. Hobson, McMaster; J. McPherson, Dental College; W. M. McKay, Knox; J. E. Empey, S. P. S.; D. Smith, Toronto Medical College; T. Gibson, Osgoode; E. Mahon, Pharmacy; J. Cropp, Victoria, and W. Woodroofe, Wycliffe, were on Tuesday evening appointed a committee to draft a constitution for the Oxford Old Boys' Association.

A Case From London.

W. H. Bartram of London was granted an order yesterday at Osgoode Hall to compel Mayor Wilson of the same city to show cause why he allowed ex-Ald. William Scarrow to go on suspended sentence for sustaining a nuisance.

St. Peter's Christmas Sale.

The Christmas sale of fancy work in St. Peter's School House, in the interest of the church's mission, will be continued this (Friday) afternoon and evening.

NEW IDEA FOR PHILIPPINES.

Democrats Propose to Give Them Self-Government If They Will Pay Back That $20,000,000.

MILITARY TO BE WITHDRAWN.

United States to Have a Coaling Station and to Guarantee Against Foreign Interference.

Washington, Dec. 14.—A joint resolution was introduced in the House of Representatives to-day by Representative Williams of Mississippi, the result of consultation among a number of Democratic leaders in the House, and understood to be expressive of their general position on the Philippines. It declares the intention and purpose to recognize the independence of the Filipinos, and withdraw our land and sea forces, provided the independent Government agrees to refund the $20,000,000 paid by the United States to Spain, to give us a suitable naval and coaling station, and grant in perpetuity free access to their ports. It pledges our friendly assistance and also pledges against foreign interference or aggression for ten years, during which time the foreign affairs of the island are to be under American control.

ANOTHER PLACE CAPTURED.

The Mountain Stronghold of Biacnabato Taken by Col. Hay.

Manila, Dec. 14.—A detachment of Col. Hay's cavalry, under Lieut. Arnold, has captured Biacnabato, the mountain stronghold, where the last insurrection was ended with a peace treaty. A large quantity of munitions of war was secured.

Major Batchelor's battalion of the 24th Infantry is making slow progress in the Aparri Valley. The villagers are giving the colored troops banquets and balls everywhere.

Xmas Shop Windows.

Probably one of the most artistic shop windows to be seen in the city is at 89 Yonge-street, where the Canadian Military Christmas Cards are being sold. The scene is purely military, and is worth seeing.

Christmas Cakes

from WEBB'S are shipped by express to all parts of the Dominion. They are of the finest quality, covered with our celebrated almond icing and artistically decorated.

Judgment on a Note.

The German Bank of Buffalo sued George Palmer of this city yesterday before Judge Morgan to recover $500 on a note. The note was made on Jan. 31 last by Palmer, in favor of John D. Moissinae, and the latter discounted it at the bank. The court awarded the plaintiffs a verdict for $522.92, being principal and interest.

The suit of Alfred Inch against the Canada Permanent Loan and Savings Company for alleged illegal distress was settled out of court by the plaintiff accepting $100.

The cases set down for trial to-day are: Armstrong v. Unionville Butter and Cheese Company, Ahn v. Boon, McKindsey v. Dancy, and Phillips v. Wilson.

Church of England W. A.

The monthly board meeting of the Church of England W. A. was held yesterday afternoon in All Saints' school house. Mrs. Williamson presided. The secretary reported one new life member, making a total of 128. Rev. Street Macklem gave the devotional reading, taking for his subject "Peace." The extra-cent-a-day money, amounting to $61, was voted to Rev. Mr. Holmes of Lesser Slave Lake. A resolution was passed voting $5 monthly to the Italian Mission in Toronto.
