MINESWEEPER WRECK; CREW IS SAFE ASHORE

DUXBURY, Mass., Nov. 29.—The minesweeper Swan, which assisted in laying the North Sea mine barrage, was a wreck on the Gurnet Sandspit today with her crew safe ashore, as a result of life-saving exploits of Captain Jacklin and his coastguard crew. After the Swan was driven onto the shoals off the Gurnet in a northeast gale late yesterday the guards of the Gurnet station brought the 56 men aboard to safety through mountainous seas, some of the them almost drowned by the storm-driven waters.

Cheap Bargain-Counter Shoes Will Surely Reap Foot Troubles On Your Little Ones in After Years.

Well-known foot specialists have agreed that if parents would pay more attention in the purchasing of shoes for their little ones that there would be fewer foot troubles today. You may buy cheap shoes and suffer yourself, but when it comes to little "Bobby's" or "Jenny's" remember that the bones in their little feet are growing and will go the way they are trained. We specialize in children's footwear and carry only shoes that are built on nature's lasts, that correctly shape the growing feet. Mothers, for the little ones' sake, buy them good shoes. Bring them in; we like to fit them personally.

CLAIM LONDON IS GETTING TOO MANY PLUMS

St. Thomas Will Make An Appeal To the Allowance Board.

ST. THOMAS, Nov. 29.—The mothers' allowance commission, Toronto, will be appealed to by the city council to revoke some of the appointments made in London under the mothers' allowance act and consideration be given to applicants for a place recommended from St. Thomas. The nomination of four women investigators from London, including one for St. Thomas district, was protested and severely criticized by several aldermen at a special meeting of the city council today. A committee consisting of Mayor Brinkman and Ald. Meehan was named and directed to co-operate with the local great war veterans. St. Thomas Trades and Labor Council and other organization, in moving to have the commission at Toronto reconsider the surplus favors shown London, and that St. Thomas be given more than a "look in" at a couple of the appointments.

Substantial Balance.

Chairman Hill of No. 3 committee will have $505 to the good at the end of the year.

His estimate at the beginning of the year was $22,549. He has expended up to October 30 $19,980, leaving a balance of $2,568. Of this $2,062 will be paid out for salaries at the end of the fiscal year.

To Purchase New Truck.

The special committee appointed to consider the purchase of fire-fighting equipment recommended that the council submit the question of the purchase of fire equipment to the ratepayers at the next municipal elections.

The amount involves $13,000, and represents the purchase of a new truck, representing an annual amount of $1,764 to be raised annually for ten years. The apparatus will dispense with a team, reducing the feed bill at the fire hall by from $600 to $800 yearly. It is also stated that the old horse truck, etc., can be profitably disposed of.

Ordered Complete Contract.

The engineer was directed to notify Contractor O. Beal to complete his agreement with the city in regard to the cleaning-up the rubbish on the old city hall site. The committee ordered the prosecution of Mr. Beal in case he neglects to complete the terms of his contract.

Damage by Fire $100.

Chief Henderson reported three fires during the month, the damage being $100 and insured.

A light was ordered to be placed on New street, the location to be left to the residents.

Gas Masks For Firemen.

The committee will purchase half a dozen smoke masks for the firemen at $25 each.

Fire at Western Hotel.

The department was called to the Western Hotel tonight to put out a small blaze in the roof of the building. The firemen got there before any serious damage was done. A spark from a passing locomotive started the fire.

TARIFF BOARD GOES TO BORDER

Session At Windsor Is Expected To Be Most Important.

WINDSOR, Nov. 29.—Directors of the border chamber of commerce tonight completed preparation of their brief on the tariff situation, which is to be presented Tuesday morning to the members of the Dominion tariff commission. The session is considered highly important because of the immediate proximity of Windsor to the United States, and because of the large number of Canadian subsidiary plants of American industries located here. The commission, consisting of Sir Henry Drayton, minister of finance; Hon. G. D. Robinson, minister of labor, and Hon. Dr. S. F. Tolmie, minister of education, will also hear opinions and suggestions on the tariff question from independent borderites, and an exceptionally large attendance is anticipated as a result.

ST. THOMAS PUPILS WIN SCHOLARSHIPS

Fine Showing Was Made by Students At Recent Examinations.

ST. THOMAS, Nov. 29.—The three Carter scholarships given to Elgin have been won by students of the local collegiate: Miss Mary Bell Edmunds, daughter of Dr. C. E. Edmunds, $100; Herman A. Voaden, son of Dr. A. Voaden, $60; Miss Helen Smith, daughter of Dr. F. W. Smith, $40. The scholarships, among other, were provided for under the will of J. I. Carter, Sarnia.

Homestead Sold.

The Macpherson homestead, corner of Hanley street and St. Anne's Place, has been purchased by F. M. Griffith. The dwelling will be remodelled and renovated and will be occupied by W. F. L. Edwards and family, who are returning from Regina. Mr. Macpherson is leaving the city and will reside in Toronto.

Death of John Lee.

John Lee, for some years in the employ of J. H. Still & Co., passed away yesterday at his home, 172 L. & P. S. gravel road, in his 59th year. He was born in Toronto, and had been ill for some time. His wife and two sons survive, Lawrence, Pere Marquette fireman, and Angus H., St. Thomas, optician. The interment will be in Union Cemetery on Tuesday afternoon.

Find Note Left By Man Missing Since Year 1903

Disappearance of Michigan Man Cleared Up—Was Lost in Woods.

SAULT STE. MARIE, Mich., Nov. 29.—Discovery of a note and watch in a tree today by Archie Barle of Flint, Mich., while he was hunting in the woods near Hulbert, practically cleared up the mysterious disappearance of Arthur Kahler of Marquette, Mich., in 1903.

The attention of Barle was arrested by flashes of light from a metal object. Investigation proved this to be a metal watch hanging from a tree with the note inside, which read as follows:

"I have been lost three days. I have shot three deer and placed the same note in every deer.

(Signed) "ART KAHLER."

Kahler had long since been given up for dead.

ADMITS HE TOOK JEWELS FROM BODY SENT TO MORGUE

Life Sentence May Be Meted Out To Mean Detroit Thief.

DETROIT, Mich., Nov. 29. — Three diamond rings, valued at $4,000, in possession of Miss Agnes Waterman of Chicago when she was killed in an auto accident the night of October 20 at Mack avenue and Cadieux road, but which disappeared, were recovered by detectives when they arrested Frank Logan, 18 years old, 30 Seneca avenue.

Logan has admitted, according to Detective Sergts, McPherson and Marlett, that he took the rings when he undressed the body at the morgue following the accident. He was employed by H. Van Lerberghe, 548 Mt. Eliott avenue, an undertaker, who had a contract with the county at the time to remove bodies to the morgue.

Put Them in Bosom.

He got Miss Waterman's body at Receiving Hospital, he said, and found the rings, a bracelet, her pin and a pearl necklace in her bosom, where she had placed them in the sight of friends while dining at Blossom Heath Inn, when the conversation had turned to bandits.

When police were notified the rings were missing they began an exhaustive search. Logan had turned in the blue handkerchief in which she had wrapped the rings and had placed the necklace in it instead. He turned over other jewelry to the coroner's office, but took the three rings home, the police say.

Says He Hid Them.

At first Logan told the detectives he had hid the rings in the attic of his home, but when Detective Sergts. McPherson and Marlett and Detectives Schroff and Ruth came to his home two weeks ago with a search warrant and went through the house, he took the rings to a clargyman, he said, instructing him to forward them to Miss Waterman's mother, Mrs. Charles W. Miller, 6027 Prairie avenue, Chicago.

His Brother Talks.

Saturday night detectives arrested a brother of Logan's on suspicion. The brother declared he was innocent, but implicated the youth, who the detectives say, has confessed. Sunday morning they arrested him and released the brother. The clergyman proved to the detectives he had been trying to reach Mrs, Miller through an attorney, and turned over the rings to the detectives in the case.

At present Logan faces a grand larceny charge, but Detective-Sergeant Bert McPherson said Monday, if it is possible, he will get a warrant for Logan charging him with robbing the dead. The extreme penalty on this charge, he said, might be life imprisonment.

Miss Waterman was the daughter of the wife of a wealthy South Side decorator in Chicago, and came to Detroit a year previous to the fatal accident, to take a position as cashier and bookkeeper of the P. G. Craven & Co., brokers, 710 Farwell Building, and made her home with a friend, Mrs. E. A. Wilsher, 94 Palmer avenue east.

Fast Driving Fatal.

With her escort, Edward Gorman, 67 Horton avenue, and Miss Margaret Lassaline, 81 Greenfield avenue, and John D. Sweeney, 46 Park avenue, Miss Waterman had gone first to a theatre party, and then to the Inn for a chicken dinner. The party was returning to Detroit when Miss Lassaline, who was said to be driving the car at the rate of 35 miles an hour, lost control. The car plunged into the ditch. Miss Waterman died on the way to Receiving Hospital in a private car, and Miss Lassaline was seriously injured.

Detectives from the sheriff's office and from headquarters searched the ground in the neighborhood of the accident for days, hoping to find the rings hidden in the grass. The county detectives had questioned Logan shortly after the rings disappeared, but discarded the theory he had them. It was his own boasting that led to his arrest, detectives say.

GRAND TRUNK LINE SEEKS PAYMENT IN U. S. SUPREME COURT

Takes Action Against Secretary of Treasury For Half Million.

WASHINGTON, Nov. 29.—Mandamus proceedings against the secretary of the treasury were instituted today in the District of Columbia supreme court by the Grand Trunk Western Railway Company to require payment of an inter-state commerce commission certificate calling for $500,000 as due the road under the guaranty provisions of the transportation act. The court issued an order returnable December 7, requiring Secretary Houston to show cause why the writ should not be granted.

While the Grand Trunk Company is the only petitioner in the case, approximately $400,000,000 claimed by the railroads is involved in the litigation, according to a statement issued tonight by the Association of Railway Executives.

The proceedings grew out of an opinion rendered October 7 by the comptroller of the treasury, based upon certain certificates presented by the inter-state commerce commission, to the treasury department in favor of the Grand Trunk Western Railway Company and the Detroit, Grand Haven and Milwaukee Railroad, in which opinion the comptroller of the treasury held that partial payments could not be made by the secretary of the treasury to a carrier in advance of final settlement with the roads in winding up the government guarantees in connection with public administration of the systems.

The comptroller took the position that the inter-state commerce commission was empowered to issue only one certificate to each carrier, this being for the full amount of final settlement.

PLANNED TO ESCAPE FROM OTTAWA JAIL

OTTAWA, Nov. 29.—Cleverly-laid plans aiming at jail delivery were discovered in the Nicholas street jail this morning, when police officials discovered severed bars in the cell housing Joseph St. Louis, who is awaiting trial on a charge of being concerned in the robbery of Chapel street branch of the Bank of Nova Scotia in April last. The bars in a lavatory window overlooking the jail yard, via which St. Louis today confessed he intended making his getaway were also cut through. In each case the bars had been drawn together and a slight aperture cemented with soap. St. Louis admitted, according to jail officials, that he had intended making his dash for freedom tonight.

CONGRATULATED ON RESERVOIR SUCCESS

Experts Surprised At Low Cost of Construction—Want Mr. Buchanan's Details.

Congratulations on the successful carrying out of the construction of the new 10,000,000-gallon reservoir at Springbank at a cost of approximately $100,000 continue to pour in upon E. V. Buchanan, general manager of the public utilities commission. Amongst them is a letter from Morris Knowles, Incorporated, the hydraulic engineering experts of Chicago, who estimated the cost of the work at $150,000.

The letter is as follows:

"We have received a copy of your estimated cost of the work and believe that you are to be congratulated on your great success in keeping the cost at such a figure. It amply justifies our confidence in your ability to keep the work well below what any contractor would have charged the city, and I sincerely hope that the reservoir will be entirely satisfactory from all points of view. We would be glad to have a copy of the estimated quantities which went into your reservoir, so that our comparison of costs may be complete.

"Felicitating yourself and your construction engineers on the remarkable showing which they have made in this work, we are, with kindest regards.

"MORRIS KNOWLES, INC."

SAYS PRESENT SLUMP WILL NOT BE LONG

LONDON, Nov. 29. — Sir Robert Horne, president of the British Board of Trade, speaking at Manchester, said that he did not believe that the present slump in trade would be of long duration, but prices must come down. The proportion of goods which the dominions received from Great Britain, said Sir Robert, was less now than before the war. The United States had got into colonial markets. Great Britain, the minister maintained, should do everything to recover the fullest measure of its trade with the great dominions. It was also no longer any good to say "We won't trade with Russia because of the character of her government."

Great Britain must trade there sooner or later, and it was no good waiting, claimed Sir Robert.

CASHIER CONFESSES.

GRAND RAPIDS, Mich., Nov. 29.—Fred W. French, assistant cashier of the City Trust and Savings Bank of this city, arrested yesterday on a charge of embezzlement, confessed, according to the police today, that he had used for his own purposes at least $300,000 of the bank's funds.

A Grand Piano in the Space of an Upright

There is no doubting the popularity of the Upright piano—and certainly not a Heintzman & Co. Upright—and yet the Grand piano is, to many, the only piano. The

Heintzman & Co. SMALL GRAND

triumphantly solves the problem of space economy. It occupies the smallest space compatible with the production of Grand piano tonal effects,

and is thus as suitable as the ordinary Upright for rooms of moderate size.

Possesses all the recognized Heintzman & Co. attributes of luscious tone, sympathetic touch and permanent stability.

Canada's much-loved piano. Most beautiful of all Christmas Gifts.

ONLY ONE ONTARIO UNIVERSITY COULD RECEIVE GRANT FROM ROCKEFELLER FUND

No Surprise to Western Governors That Toronto Should Receive Donation.

The fact that Western University was not included with those receiving grants from the Rockefeller foundation was not a surprise to those in charge of affairs here, Lieut.-Col. W. J. Brown executive secretary of the university said this afternoon:

"It was generally understood that a grant would be made to one university in each province and Toronto was given first consideration because of its size. Whether there is any hope of Western being considered at a later date I cannot say. That is a matter for the future," he said.

SAXONIA ARRIVES.

HALIFAX, N. S., Nov. 29.—The Cunard Liner Saxonia from London via Cherbourg to New York, arrived in harbor this morning and docked at 1 o'clock. She carried 486 cabin passengers and 1,310 third-class. Of these 44 cabin and 215 third cabin are disembarking here.

BUSY TIME AHEAD FOR COURT OF REVISION

The final sitting of the court of revision for 1920 will be held at the city hall Thursday night. A number of minor appeals of all classes will be considered. Changes in the ownership of business will supply a large share of the work for the members of the court. Citizens assessed as owners at the beginning of the year have since sold their property, and in order to have their assessment adjusted accordingly must appear Thursday night. Other cases left over from previous sittings will keep the court busy the remainder of the evening.
