MENDELSSOHN CHOIR.

Subscription lists for the Mendelssohn Choir festival to be held in Massey Hall February 23, 24 and 25 will be opened this morning at Massey Hall and the music stores. The members of the chorus will also be provided with subscription forms, and out of town patrons will have their requirements looked after by writing to the secretary, W. A. Peace, 20 East King street. This year the performances promise to be equal to any ever given by this famous body of singers, and the programs chosen by the conductor, Mr. H. A. Fricker, are both attractive and varied. The chorus is greatly strengthened, especially in the male sections by former members who have returned to Canada after war service overseas. The Philadelphia Orchestra in its full strength has again been engaged, and at the orchestral matinee Mme. Olga Samaroff, the celebrated Russian pianist, will play the Liszt "A" Concerto with full orchestral accompaniment.

According to the usual custom, the subscribers will have the privilege of selecting their seats before the plans are opened to the general public.

NEVER BROKE A CONTRACT.

Members of the Boot and Shoe Workers' Union are holding a special meeting on Wednesday, January 14, to consider wages and hours for the ensuing twelve months. This union is one of the most progressive in the city, and its motto always has been "Never Break a Contract." Never so far as is known has the union broken an agreement with employers.

TO INITIATE PLAN OF REFORESTATION

Durham and Northumberland Counties Make Request for Private Bill.

Three petitions for private bills to be presented at the forthcoming session of the Ontario legislature have been received. The most important is from the council of the united counties of Durham and Northumberland, asking for a bill to initiate a system of reforestation. A representative deputation from these counties recently waited upon Premier Drury and Hon. Beniah Bowman, minister of lands and forests, urging that steps toward reforestation be taken, not only in their own districts, but thruout the province. Their views were sympathetically received, and they were informed that if the localities would secure the land the government would be inclined to aid in the practical work of reforestation. The bill now asked for will give Durham and Northumberland counties power to obtain land as the first important step towards the larger scheme.

John T. O'Flynn of Belleville asks for a bill to authorize the Law Society of Upper Canada to admit him as a solicitor and barrister, he being a returned soldier, and having lost some of his studying period in the service of the country. Alfred Hall of Stobo also desires a bill declaring him a barrister and solicitor in good standing. These three bills should provide the premier and his colleagues with a nucleus for their legislative program.

PAINTERS TO MEET.

Local 151 of the International Union of Painters and Decorators will hold an important meeting at Musicians' Hall on January 13, when conditions and wages for the ensuing season will be discussed. This is another of the bodies comprising the building trades league, which, by virtue of the action of the joint industrial council relative to agreements looks forward to perhaps the most promising year in the trade.

WINTER ASSIZES

Press of Business and Left Over Cases Necessitate Use of Two Courts.

The winter assizes will open on Monday next and as a result of the number of cases left over from the fall assizes it will be necessary for the court to use court rooms three and four. Justice Middleton will preside in court room No. 3, where Gordon Waldron will act for the crown.

Tho the fall assizes occupied seven weeks, there are still 21 cases untried owing to pressure of the number of cases on the docket and since then ten cases have been added for hearing by Justice Rose in court room No. 4. The non-jury assizes, which hitherto sat in No. 4 court room at the city hall, will sit at Osgoode Hall.

The criminal cases include George Coppen, charged with murder; Nathan Coates, jr., Edgar Ree, manslaughter charges; a retrial of Percy Tilston, charged with theft from the United Cigar Stores.

WATERWORKS MEN GIVEN PROVOCATION

W. J. Healey, Dominion organizer for the International Association of Hoisting and Portable Engineers, stated yesterday to The World that he agreed with Mederic Martin, mayor of Montreal, when he said that the Quebec government should abolish the administrative commission of Montreal. "Apparently their aim is to keep down wages and to lower the union standard," said Mr. Healey, discussing the recent strike of waterworks engineers in that city. "The facts are these: On December 1 I conferred with the commission upon the matter of increases in the wages of the waterworks engineers. They told me that if I could prove that Boston, Buffalo, Cleveland and Toronto paid their engineers thirty-six dollars a week or more they would recognize the wages requested by the union in Montreal. I showed conclusively that these cities paid from forty-two to forty-eight dollars a week to their waterworks engineers. The commission then promised to adjust the matter. They were aware of the intention of the union in Montreal to go out on strike if the desired increase was not awarded by Dec. 31. On Dec. 29 I wrote to the commission reminding the gentlemen of their promise of Dec. 1. Two or three days later I learnt that the men had gone out on strike as per intention.

"The situation is clear. The men did not receive the increase promised and took the steps indicated in their request of Dec. 1. I understand the members of the commission are receiving a salary each of $10,000 a year."

DALE CHURCH WILL SEEK ASSISTANCE

Presbytery Decide Not to Sell if Sufficient Funds Raised.

At the presbytery meeting today it was decided that Dale Church, which is in financial difficulties, should not be sold, but that assistance should be sought from other church organizations. A grant of $1000 a year for two years is expected from the home missions committee, on condition that the presbytery raises an equal amount, and Knox Church will be asked to continue its contribution of $1500 a year toward maintenance. The church and manse board will be asked to make a loan for immediate needs of $5000, and the Women's Missionary Society will be asked to pay the salary of a deaconess.

The presbytery also discussed the allocation to the various congregations, according to ability to pay off the sum wanted for the forward movement.

Rev. Wm. Muir Auld will be inducted at Old St. Andrew's on Thursday evening, and will commence his duties next Sunday.

A number of congregations paying less than the fixed stipend of $1500 a year have agreed to make the necessary increase, it was reported. It is predicted that the remaining seven congregations will shortly make the increase.

STANDARD PROBE ADJOURNED.

When the Standard Reliance enquiry was called in Osgoode Hall yesterday another adjournment was asked for because of the absence of George H. Kilmer, K.C., counsel for the liquidator, from the city. The hearing will be resumed on the 20th.

A deputation will wait upon Premier Drury at the parliament buildings today at noon on behalf of mothers' allowances. All interested in social work are invited to attend. Rev. Peter Bryce will introduce the delegation.
