...ment as an impossibility, whether Congress passes a law against it or not.

His account is certainly the most definite, and the most satisfactory of any that we have met with, and we presume that in consequence of it, we shall have a return of the California fever, nearly if not quite equal to that which is not just subsiding. The wonderful future that opens before us in California, the foundation of a new State upon the borders of the Pacific,—rich in gold and other minerals,—fortunate in climate and productions; puts speculation at defiance, and we can only wait and "see what we shall see."—*Boston Paper.*

IMPORTANT TO LANDLORDS AND HOUSE-AGENTS.—At Nisi Prius, before the Chief Baron, a case was recently tried which mainly turned on the fact that the plaintiff, proprietor of a furnished house to let, while employing a house-agent, also made personal inquiries as to the sufficiency of the means of a tenant, and expressed herself satisfied; on which the agent, after also making inquiries, let the house. It shortly afterwards appeared that the tenant was insolvent, and had even been in confinement immediately previous to the letting. Plaintiff, therefore, claimed compensation for neglect on the part of defendant; but the judge appeared to be of opinion that the plaintiff was quite out of court, having inquired herself and the jury returned a verdict for the defendant.—*The Builder.*

GOVERNMENT NOTICE.—The Grants for the Bye Road Service the present year will, on Certificates of work having been performed, be paid to the several Commissioners at the undermentioned places:—

By the Treasurer, at St. John.

To the Commissioners for St. John, Charlotte, King's, Queen's, Westmorland, and Albert Counties.

By the Central Bank.

At Northumberland—Through George Kerr, Esq., their Agent for this purpose in that County and the County of Gloucester.

At Restigouche—Through Andrew Barbarie, Esq., their Agent for this purpose in that County.

At Richibucto—Through the Hon. John W. Weldon, their Agent for this purpose in the County of Kent.

At the Bank in Fredericton—For the Counties York, Carleton, and Sunbury.

Warrants to all the Supervisors of Great Roads for 1849, who have filed satisfactory Bonds, have been issued, and are payable at the Treasury in the usual manner. J. R. PARTELOW.

Lewis Peter Fisher, Esquire, to be Surrogate and Judge of Probates for the County of Carleton, in the room of B. C. Beardsley, Esquire, who has left the Province.

Robert Golding, Esquire, J. P., to be Commissioner for solemnizing Marriage in the County of Queen's County.

Warrants for all Adjutants and Sergeant Majors of Militia who have filed satisfactory Certificates for their services in the year 1848, have been issued for full amount, viz: Adjutants £15, Sergeant Majors £7 10s. each, and are now payable at the Treasury. And notice is hereby given to all whom it may concern, that Adjutants will receive only £7 10s., and Sergeant Majors, £3 15s; for their services as such for the current year.

By His Excellency's Command,
J. R. PARTELOW.

Secretary's Office, 16th June, 1849.

MILITIA GENERAL ORDER

FREDERICTON, 18th June, 1849.

His Excellency the Lieutenant Governor has been pleased to order that the General Inspection of the Militia of the Province shall be conducted by the respective Commanding Officers of Battalions, at such times and places as they may direct.

All persons liable by Law to serve in the Militia are hereby required to attend.

The Company Drills for the present year are dispensed with.

SUPREME COURT.—Frederick Coster, Junior, Esquire, one of the Attornies of this Court, is called to the Bar, and admitted, sworn and enrolled Barrister.

FREDERICTON CATHEDRAL.—The erection of this beautiful edifice has been resumed, and is now rapidly progressing. The porch at the west entrance is already completed, with the exception of the roof, and has a fine effect. The cornice over the arched opening bears the inscription "Domus Ecclesiæ, A. D. 1849," beautifully cut in what we believe is called "Church Text," with the cipher of His Lordship the Bishop at either end. The foundations of the Tower and Chancel are also laid, and we believe it is expected that the entire edifice will be roofed in during the present season.—*Head Quarters.*

ORDINATION.—On Sunday last, (Trinity Sunday,) the Right Reverend the Lord Bishop of Fredericton held an Ordination in Christ Church, when Joseph Cockerham, a literate person, was ordained Deacon.—*Ibid.*

JONES, at Granite Hall, No. 1, Dock street, is doing an extensive trade in the way of selling BOYS' CLOTHING. The cut and make are superior,—the material good, and the prices so low that on inspection they invariably produce a sale.

Brown's Shakers

PURE FLUID EXTRACT OF ENGLISH VALERIAN, (Valerians Officinalis.)

Manufactured by the United Society of Shakers by a process peculiarly their own, from the pure green root, imported from England and raised by themselves, and from which only, and active property of the Veteran can be obtained. It is highly approved of by the Faculty. Physicians and others are respectfully invited to give it a fair trial.

Price, twenty five cents a bottle, or two dollars and fifty cents a dozen, with liberal discount to wholesale dealers. Directions accompany each bottle.

FRIEND SAMUEL BROWN, ESTHER, N. H.

You ask me to give my opinion of the Fluid Extract of Valerian, which you prepare. When it is a secret remedy or a patent medicine, I certainly would not reply. But from the honourable ground which you have taken in this matter, and knowing also the labor you have bestowed upon this preparation, I am willing to give publicity to my opinion of this preparation referred to. Ever since our knowledge of organic chemistry has been so much increased, we have found out that many very excellent remedies are in the natural state so combined and associated with other principles as to render them in a great degree useless to us. This was remarkably the case with the Valerian. We could not use it as often as we wished, because of the great bulk both of powder and infusion which it was necessary to throw into the stomach in order to get a full effect. Nausea and even vomiting resulted from the large doses. This compelled us to abandon its use. Chemistry showed us that the active principle is a peculiar acid (the Valerianic acid) which exists only in small quantity in the root. In your method of preparation the active principle is detached from the nauseating constituents of the root, and obtained in solution. We may then look upon your Fluid Extract of Valerian as a solution of Valerianic Acid. The action of this article upon the nervous system is most happy in all cases where the sum total of nervous energy is below the healthy standard, and it hence becomes a most important remedy. We owe you and others many thanks for putting so valuable a remedy as the Valerian into a convenient shape for use.

Yours respectfully,
EDWARD E. PHELPS M. D.

Prof. Therapeutics and Mat. Med. in Dartmouth

The above invaluable Preparation is signally efficacious in all Nervous and Hysteric Affections, Sleeplessness, and Sick Headache, producing quiet and tranquil sleep, and leaving no unpleasant sensations after its use,—the inevitable result of Opiates, Camphor, and the many articles usually administered.

Having had an opportunity of giving a thorough trial to Brown's Shakers' Fluid Extract of Valerian, and having seen its good effects especially manifested in a severe case of Tic Douloureux, I have no hesitation in saying that I consider it superior to any other form in which the Valerian is ever used, and as eminently deserving the attention of the medical profession.

HALSEY'S PATENT GOLD AND SILVER MAGNETIC PILLS.

This valuable discovery consists of two distinct medicinal preparations, viz: the Gold or Positive, and the Silver or Negative Pills. One or more of each class being taken together, dissolve in the stomach; their properties becoming thus infused together generate a Magnetic action, whose influence passes to every part of the system, purifies the blood and arrests the course of disease.

To many the singular effect would appear almost incredible, were it not well establishment, from the fact, that the Gold and Silver Pills taken together, are nearly five times more beneficial than the same number of either class were they to be taken separately.

In some instances sensations of a singular nature passing to every extremity of the system, are experienced by the patient, after having taken the Pills. This, however, is never injurious in the slightest degree, or disagreeable to the patient, it being nothing more than the slight electrical influence in the nervous system and blood. Notwithstanding, it is without doubt, this influence, (however small it may appear,) which gives the Gold and Silver Pills power of curing diseases never before possessed by any other medicine.

Their virtues will be found unparalleled in the cure of all Bilious Disorders, Dyspepsia, Indigestion, Headache, Giddiness, Foul Complexion, Jaundice, Fevers, Colds, Influenza, Affections of the Liver, Eruptions of the Skin, Fever and Ague, Dropsy, Worms, and all diseases originating from a foul state of the Stomach and superabundance of Bile.

This remarkable medicine is put up in boxes containing 24 pills each, or eight of the Gold, and sixteen of the Silver, in every box.

The Gold and Silver Pills neither cause griping or inconvenience, nor have they any taste of medicine whatever, but are easier and more pleasant to take than Sugar-coated Pills, while in point of medicinal virtue, they admit of no comparison with that article or any other medicine.

A circular giving a full explanation of the twofold action of the Gold and Silver Pills can be had of the agent gratis. Price only 25 cents per box, containing both kinds, and for sale at the general depot No. 2, Courtland street, New York, and by the appointed agents in New Brunswick.
