RUMOR IS DENIED

By Lt.-Col. Cutcliffe—Two Brantford Boys on Hughes Staff

Lt.-Col. Cutcliffe, writing to a Brantford friend, says "I saw a clipping that the 125th, 120th and 173rd have been absorbed into one Battalion and commanded by the officer commanding the 173rd, which is all bosh and there is nothing in it. We have in our division here, General Hughes, the son of Sir Sam, as divisional commander, and everyone seems to like him splendidly. We also have Fred Miller on his staff and I understand Major Percy Jones will also be on his staff.

There has been great talk about the shortage of food in England, but so far we have not had to suffer very much. There seems to be in some parts a shortage of potatoes and everything is very high in price although no higher than in Canada. We had some trouble to get coal for about three weeks on account of shortage of men to haul same. We are about six miles away from the coal yard and often had to get a few hundred-weight brought up in a car. We then ran short of petrol, or gas, as we call it here, and had to carry it in tubs from the neighbors for a few days.

Tilbury gave a great send-off to the Tilbury contingent of the 186th Battalion on Thursday. Mayor Richardson and others tendered the boys a complimentary banquet at the Hotel Balmoral.

Although at first it was considered to be too plainly a case of suicide to warrant the holding of an inquest, one will be held on the death of Yee Chong, the Chinaman who was found dead in his room in Vancouver.

TEUTON AGENT.

By Courier Leased Wire.

Seattle, April 2.—Count von Alvensben, who was reported to have left Chicago suddenly and who denied two years ago when refused entrance into Canada, that he was connected with the German spy system, has been in Seattle for several weeks. He is reported to-day to be dismantling the house at Laurelhurst, a suburb, which he has occupied during his stay here, and where he lived before going to Chicago more than a year ago. The Count claims to be representing German commercial interests.

Trenton has been granted power to exempt from taxation the British Chemical Company, to pay $10,000 towards the purchase of a site for the plant, and to close certain streets on the proposed site.

All the present Kingston hotelkeepers, with the exceptions of the Whitney and Royal Hotels, have made application for a renewal of their "standard" hotel licenses. These two hotels will probably close.

For use of two hospital cots founded and maintained by the Brighton branch of the Canadian Red Cross two autograph quilts will be sent from Brighton to the Duchess of Connaught and Princess Patricia Red Cross Hospitals in England.

Humors come to the surface in the spring as in no other season. They don't run themselves all off that way, however, but mostly remain in the system. Hood's Sarsaparilla removes them, wards off danger, makes good health sure.

Advertisers Are Not Pirates!

Here is a nut for every householder to crack: The price of commodities which are advertised for sale has risen much less than the price of things never advertised. If you haven't a hammer handy, we shall crack that nut for you. When any concern has spent thousands for advertising it cannot afford to throw away business in a species of piratical charges. Not so with the vendor of a head of cabbage or a bag of potatoes. He is restrained by nothing except the contents of your pocket.

It pays, therefore, to read advertisements in The Courier.
"Brantford's Better Paper"

Of course, you can buy cheaper teas, but
"SALADA"
is undoubtedly the most economical and what appears to be 'cheap' in price will prove to be extravagant in use. The fresh young leaves of "Salada" will yield you generous value for your money. B115
