"It is easy enough to be pleasant
When life flows by like a song,
But the man worth while
Is the man with a smile
When everything goes dead wrong."

That little ditty is a good thing to remember. It will help you. The particular man with the perpetual smile, however, is the well dressed man—the man who makes a wise selection in clothes—the man whose head is graced by a Dineen hat. And the Dineen hat doesn't cost much. Now see what you can get for

$2.50

A superb black or brown Christy stiff felt Derby.

A celebrated Borsalino, in black or brown.

An American hat from either the Knox, Dunlap or Miller designs.

And last of all, but not least, there is the Dineen special at $2.50.

No better value on the continent.

Export sheep sold at $5 to $5.50 per cwt.; yearling lambs sold at $7.35 to $7.50 per cwt.

Hogs.

Prices easy at $6.50 per cwt., off cars, and $6.25 per cwt., fed and watered.

Mr. Kennedy stated that a further decline of 10c per cwt. would take place at an early date.

Representative Sales.

William Levack bought the bulk of the fat cattle, having bought 19 loads, the larger number being exporters, at prices given above, which are Mr. Levack's quotations.

Maybee Wilson & Hall sold: 18 exporters, 1310 lbs. each, at $5.25 per cwt., less $10; 18 exporters, 1340 lbs. each, at $5.25; 20 exporters, 1270 lbs. each, at $5.10; 14 exporters, 1450 lbs. each, at $5; 2 exporters, 1360 lbs. each, at $5; 3 export cows, 1470 lbs. each, at $4; 11 light exporters, 1180 lbs. each, at $4.65; 3 butchers', 1130 lbs. each, at $4.60; 25 butchers', 1000 lbs. each, at $4.35; 11 butchers', 1030 lbs. each, at $3.90; 1 bull, 2075 lbs., at $4; 13 grain-fed yearling lambs, 140 lbs. each, at $7.40 per cwt.; 2 bucks, 300 lbs. each, at $4.25 cwt.

Corbett & Henderson sold: 1 load exporters, 1260 lbs. each, at $5.10; 6 butchers', 1065 lbs. each at $4.55; 6 butchers', 1100 lbs. each, at $4.25; 1 cow, 1200 lbs., at $3.50.

T. Halligan bought 2 loads exporters, 1300 lbs each, at $5.05; 8 exporters, 1160 lbs. each, at $4.85 per cwt.

John Borthwick of Bellwood, Ont., was on the market with a load of butcher cattle.

Dunn Bros. bought four loads of export cattle, 1300 lbs. each, at $5 to $5.25 per cwt.

Crawford & Hunnisett sold one load of exporters, 1230 lbs. each, at $5 per cwt.; one load of butchers', mixed, 950 lbs. each, at $3.90 per cwt.

R. Hunter bought one load of butchers', 1000 lbs. each, at $4.35 per cwt.

Gordon & Colwill of Brooklin, Ont., were on the market with two loads of exporters. Mr. Gordon had 20 exporters of his own feeding, of choice quality, 1230 lbs. each, at $5.25 per cwt., less $10 on the lot. Mr. Colwill had 18 cattle, 1500 lbs. each, fed by the ex-minister of agriculture for Ontario, the price of which was not made public.

Market Notes.

Messrs. D. & B. Coughlin, export cattle dealers, of London, Ont., were on the market.

SHARE SELLS FOR $200,000.

Montreal, April 3.—(Special.)—C. P. Hill received a wire to-day, saying that Samuel Sebo had sold one-sixteenth of the old Franks mine at Franks, B. C., to H. L. Franks for $200,000.

Finest West of Toronto.

Winnipeg, April 3.—The contract for the new Methodist Broadway Tabernacle to cost hundred thousand dollars has been let to Grace & Co. It will be the finest church edifice west of Toronto.

YORK COUNTY AND SUBURBS

Toronto Junction, April 3.—The regular monthly meeting of the town council was held to-night, Mayor Smith presiding, and Councillors Armstrong, Whetter, Tovell, Bull, Hain, Chapman, Ford, Ryding and Ellis being present.

An article from The Canadian Sportsman relative to the recently incorporated "Canadian Fishing and Sporting Association, Limited," was read by the town clerk, and elicited from Councilor Whetter the remark that he had learned in the city that this concern had opened the old pool room, was "paying cash and running in full blast."

Street Foreman Moon's report re sidewalks and streets was referred to the works committee. Just after the council went into committee of the whole, with Councilor Bull in the chair, a motion was made by Councilor Armstrong to insert an account from the Palmer Shoe Company for supplying four pairs of boots to the police for $16, which created a lengthy discussion. It appeared that the Palmer Company put in a tender to supply stock boots at $13.45, and added a second clause to the tender to supply "made-to-order" boots at $16. The police selected their boots, but a bill came in for $16, instead of $13.45, which was objected to. The latter tender was the one accepted, but thru some misunderstanding things got mixed, and the council decided to pay the bill for $16 as the easiest solution of the difficulty.

The clause in the board of health's report recommending the extension of the permit to the slaughter house, was referred back, as citizens residing in the neighborhood object to it on account of "intolerable odors" arising therefrom.

E. R. Rogers and 20 others petitioned the council to grant the Toronto Junction Athletic Association the sum of $200. Councilor Armstrong said the same request had been made last year, and turned down, and he supposed the same reason existed to-day why it should be again refused. Legislation had come into force last year which drove away people who patronized sports, and this explained the deficit. Councilor Hain said the council gave $175 to the association two years ago to assist them in building a fence, the condition being that they would not come back to the council for more. Councilor Wright pointed to the necessity for a public park, where the children and youth of the town could play their games, and resented the implication that "booze" was essential to the success of the concern. Councilor Armstrong said he did not insinuate anything of the kind. Ex-Councilor Baird took issue with Councilor Hain, claiming that the latter's refusal to give another grant applied to last year, but not to this, but Councilor Hain stuck to his guns. Finally the matter was referred back to the executive committee, which will endeavor to solve the difficulty—probably by the town taking over the grounds. It was ascertained that the construction of a brick driveway in front of Fire Hall No. 1 would cost $225, and the matter was referred back to the board of works.

Robert Stretton applied for position of assessor, which was referred to the executive committee.

Councilor Hain gave notice of introduction of a bylaw regulating street signs. A bylaw to extend the fire limits was introduced and read a first and second time. The third reading will be given at a special meeting of council.

At a meeting of the West York License Commissioners to-day, the transfer of the license of the Dominion House, Woodbridge, from Mr. Stewart to Mr. Tucker, was granted.

George Bean of Van Horne-street has purchased S. Sawden's grocery business on East Dundas-street, and will take possession to-morrow. Mr. Sawden is removing with his family to-day to London, where they will reside in future.

Mrs. Mitchell of Weston, purchased John Drone's grocery business on East Dundas-street to-day and has taken possession.

At a well-attended and enthusiastic meeting of the Intermediate Shamrock Lacrosse Club to-night, the following officers were elected: W. A. Baird, hon. president; J. G. Wright, hon. first vice-president; Dr. Mavety, hon. second vice-president; Dr. Tremayne, hon. third vice-president; H. Campbell, president and manager; B. Hounsell, first vice-president; E. Curtis, second vice-president; George Moore, secretary-treasurer; Reg. Fawcett, captain; Mayor Smith, Hon. and Mrs. J. W. St. John, Mr. and Mrs. A. J. Anderson, Mr. and Mrs. John McEachern, Mr. and Mrs. W. Smythe, Councillor, S. Ryding.

Islington.

Islington, April 3.—The regular monthly meeting of Etobicoke Township Council was held here to-day, all members being present, with Reeve Bryans in the chair. On motion, the reeve and councillors Elford and Stubbs were instructed to inspect Coburn-avenue and College-street and have them repaired, cost not to exceed $20. It was decided to have the guard rail on the Ackrow bridge repaired. Permission was given to the Southern Light and Power Company to carry their trunk line from Queen-street along Islington-avenue, north to Bloor-street and along Bloor-street easterly to the eastern boundary of the Township of Etobicoke. This permission was given under the terms of the agreement executed March 16, 1904, and the right of way over Queen-street, east of Islington-avenue, Church-street, from Queen to College-street, and from College-street to the eastern limits of the township, as granted under the said agreement, was rescinded. Councillor Young was appointed a commission to have a culvert on the second concession, north of Smithfield, repaired. The clerk was instructed to ask for tenders for broken stone to be delivered at Mimico, Swansea, Weston and Islington. Robert Atkinson was authorized to purchase two front arms and boxes and blade for grader. It was moved by Councillors Stubbs and Elford and carried, that the clerk be instructed to prepare a bylaw to "prevent children riding on vehicles or jumping on sleighs, and prohibiting and regulating the practice of coasting or tobogganing on public streets."

County Constable George Simpson addressed the council respecting the accident on the Lake Shore-road, by which his little 5-year-old son, Freddie, sustained such serious injuries that one of his legs had to be amputated at the knee. The boy was rolling on the side of a vehicle when the latter suddenly plunged into a deep rut and the boy was thrown off with the result given. A writ was issued last week against the Township of Etobicoke, claiming unstated damages. The council, whilst fully sympathizing with Mr. Simpson, could not see its way to do anything in the matter without leaving itself open to endless litigation.

Mimico.

The demise of the octogenarian, William Matheson, at his home on Stafford-street, removes a remarkable old gentleman who was hale and hearty until an hour or so before his death. He was born in Stirlingshire, Scotland, in 1820, and from boyhood was engaged in the culture of plants. After half a century of faithful service as gardener and forester at Lennox Castle, the estate of Lord Lennox in Scotland, he came to Canada and located in Toronto about 25 years ago. His death was entirely unexpected, notwithstanding his great age, and is widely regretted. His father lived to the age of 103 years. Mr. Matheson leaves a widow, who is a year his senior. They were married 63 years ago. Their son, S. H. Matheson, is gardener at Mimico Asylum. Mrs. W. Hayes, Stafford-street, and Mrs. David Bowman of Hereward, Ont., are daughters. The interment took place at Mount Pleasant.

East Toronto.

East Toronto, April 3.—The East York Baseball Club met and defeated the West Yorks on Saturday by 27—6. A return match will be played Saturday, April 8.

The Willing Workers of St. Saviour's Church will meet at the home of Mrs. Hutt on Thursday afternoon.

To-morrow afternoon (Tuesday), at 3 o'clock, the ladies having in charge the Y. M. C. A. hospital matter will meet in that building. The members are actively preparing for the bazaar in the latter part of April. A farewell tea to-morrow will be tendered Mrs. George Prescott.

Frank Abbott, chairman roads and bridges, states that the watering of Main-street would have been proceeded with before this but for the scarcity of water. The two new boilers supplied by the John Inglis Company were to-day installed in position at the power house.

York Township Council.

The regular meeting of the township council was held yesterday afternoon, Reeve Syme presiding, and all members present. It was a field day for deputations, the council chamber being thronged thruout the session. Andrew Grant headed a deputation, and presented a petition representing some 215 ratepayers, that Edward Osbourne be not removed from the position of road commissioner. A petition from Joseph Turner was presented some two weeks ago, signed by 125 residents, praying that the position be given to the latter. At the wish of the reeve the matter was laid over until next meeting. W. F. Beake asked a fixed assessment for a number of years to the Beake Manufacturing Company, at the head of Howland-avenue. The building of the Niagara Power Company line renders the removal of the factory necessary. Mr. Beake was granted an assessment of $10,000 for a term of years. A. P. Allan applied on behalf of a number of Lee-avenue ratepayers, for the construction of a three-foot sidewalk from the northerly limits of the city to the southerly limits of East Toronto, on Lee-avenue. Granted. H. R. Frankland is desirous of opening up a block of land bounded by Leslie, Greenwood and Danforth-avenues and Samson-street, and applied for the necessary permit. The authorities of St. Margaret's College asked permission to open up water mains on certain streets. The township has no jurisdiction over the streets named. Mr. Ellis, representing the Stark Electric Light, Power and Telephone Company, applied for an extension of franchise over certain streets. Council will grant the request. The town clerk of East Toronto asked the views of the council with reference to the purchase of the Toronto & Scarboro Railway. Council will take no action. Walter Cassells, secretary of the Toronto Golf Club, urged upon council the necessity of extending the sidewalk on Coxwell-avenue to the north side of Gerrard-street. The trustees of St. John's Church, Norway, objected to the damage inflicted upon their property by reason of the refusal of the township engineer to properly grade the roadway. Legal action is threatened. A number of residents on Waverley-road applied for the grading of the roadbed on that thorofare. Sam Wicks drew the attention of council to the fact that Lawrence's side-line to Mason-avenue was practically impassable. C. P. R. crossing expenses for Dufferin and Bathurst-streets for the month of January were $148.30, and for December $145.60.

A meeting of the board of health was held at the close of the council meeting, George Henry (chairman) presiding. Dr. Page reported the general health as fairly good. Five cases of diphtheria were reported during the month.

STRIKERS STILL HOLDING OUT.

Deadlock Between Piano Makers and Men May Result in Co-Operative Factory.

The strike in the piano factories of the Otto Higel Co. and A. A. Barthelmes & Co. still continues with no prospect of a settlement. About 145 men are out, 65 being action and keymen from the Higel factory, and the balance including some machine men from Barthelmes' shop. The employers refuse to treat with the men as a body, but offer to take back as many as they require. The strikers have held out, however, and about 40 have secured employment at other work. The bosses are filling their places, but there is no probability of a sympathetic strike. Only 12 members of the Piano and Organ Workers' Union are involved, as the men in the other branches of the trade now work only 50 hours per week, the condition which the strikers are seeking. It is said that other factories will be compelled to lay off men on account of a shortness of actions and keys, as the work is such as requires skilled mechanics. It is also rumored that the men are considering a proposition to establish a co-operative factory.

A "WHEEZY" CHEST

means your trouble is deep-seated. To delay is dangerous. All the inflammation will be drawn out in one day by applying Nerviline. It penetrates through the pores of the skin, relieves inflammation and thus prevents serious consequences. For sore throat, weak chest and tendency to colds, no prescription is better than Polson's Nerviline. For nearly fifty years it has been Canada's great household remedy. Twenty-five cents buys a large bottle.

ONLY 45 CENTS, BUT—SHE WANTS IT BACK.

Boston, April 3.—Mrs. Marion Goodwin, of No. 43 St. Botolph-street, has set the machinery of the postoffice and treasury department in motion to recover 45 cents which she paid as duty on a souvenir spoon valued at 50 cents. The spoon, which was purchased in this city, was sent as a Christmas present to a cousin in Canada, with a request that she return it if it did not match one she already had. The spoon was returned by mail and Mrs. Goodwin had to pay 45 cents duty on it.

Mrs. Goodwin filed a protest with the postal authorities, who referred her to the authorities at Bangor, who in turn told her to appeal to the New York officials, which she did.

About three weeks ago a hearing was given the case at the custom house, which she attended and presented her own case. Now she thinks she is in a fair way to recover the 45 cents.

To Encourage Yukon Mining.

Ottawa, April 3.—It is understood that the mining regulations of the Yukon will be codified and embodied in a statute during the present session of parliament. When this is done the size of the placer mining claims will be increased from 250 feet to 500, and the discovery claims will be increased from 500 to 1000 feet. It has also been decided to give a remission of the royalty on copper and gold from quartz for ten years. This is to encourage quartz mining. The free miner's license will be reduced from $7.50 to $5.00. It is also understood that the government will make a survey of Indian and Klondike rivers with a view of solving the question as to how to get water for mining purposes.

Pepper is Adulterated.

Ottawa, April 3.—The inland revenue department has been inspecting some flour samples and found no adulteration. A report just issued by the Department shows great adulteration of black and white pepper. The adulteration of black pepper is greater than white pepper. Out of 60 samples of black pepper, 31 were adulterated, 7 doubtful and 22 genuine. Of 26 samples of white pepper, 10 were adulterated, 13 genuine, and three doubtful.

Passenger Agents Meet To-Day.

The Canadian Passenger Association will hold its formal opening meeting in Montreal to-day, when the committee appointed at a preliminary meeting to draft a constitution will present the same for ratification.

It is understood that the original proposal to choose a chairman for the association is being reconsidered, and that the office to be created will be that of a secretary. A report coming from Montreal mentions Mr. Hinton of the Canada Atlantic as the probable appointee.

Dangers of the See-Saw.

William Ayers, 12 years old, of 88 Tecumseh-street, son of W. Ayers, painter, was seriously hurt yesterday morning at Loretto Abbey. Willie, with another boy, was playing on a see-saw and when about five feet in the air fell head first to the ground. Dr. McKenna attended to the boy's injuries, and sent him home in a cab. Dr. McMahon was called, but could say nothing as to internal injuries. The lad is suffering from concussion of the brain, and was unconscious until 6 o'clock last night.

Patrick Healey is Dead.

Chicago, April 3.—Patrick J. Healey, president of the music firm of Lyon & Healey, died to-day of pneumonia. He was 65 years of age, and had been engaged in the manufacture and sale of musical instruments in Chicago since 1864.

84-86 YONGE STREET.

SARGENT ARRIVES IN NELSON.

Toronto Fireman Takes Charge of Brigade in British Columbia.

Nelson (B.C.) News: Thomas H. Sargent, Nelson's new fire chief, arrived last evening from Toronto via Spokane. He was met at the station by Nelson relatives and proceeded to the residence of William Ebbs, who is Mrs. Sargent's brother-in-law. He is a man approaching middle age, of medium height and slender build. But his movements and the grip of his hand evidence agility and strength.

In speaking of his experience and the policy he would pursue, Mr. Sargent said:

I have been a member of the Toronto fire brigade for the past 21 years. For the last four years I have had charge each summer of the fire station on Toronto Island. I think I shall be able to manage the Nelson fire department efficiently.

"If I am to be held responsible for its efficiency, of course I shall expect untrammeled control and loyal support. As I am an entire stranger here I am not likely to be accused of any partiality. I have not come with any idea of changing everything at once. But when I do make suggestions I hope I shall have the support of the city council. If I receive the support I expect and I think I am entitled to, I shall have no hesitation in assuming responsibility."

A New Era in Trans-Pacific Transportation.

The Great Northern Steamship Company in placing in service between Seattle, Wash., and Yokohama, Nagasaki, Kobe, Shanghai and Hong Kong the magnificent American built steamships the "Minnesota" and the "Dakota" makes a new era in transportation facilities between the United States and the orient. These magnificent steamships with their superior facilities in handling immense freight cargoes and the luxurious appointments for passenger travel have given an impetus to our oriental trade. The North Pacific route to the orient is rapidly becoming the popular one, and now that the two palatial steamships, "Minnesota" and "Dakota," have been put in commission, there is no question but that a further greater increase in our trade with the orient as well as increased passenger travel to Asiatic ports, will be inaugurated. The first sailing of the "Minnesota," in addition to carrying the largest cargo to the orient ever carried by any ship in the world, as well as an extensive passenger list, augurs well for the future. The "Minnesota" will sail on her next voyage to the orient on Saturday, April 29, and it will not be amiss to say here that the excellence of her passenger accommodations will be heralded to the traveling public of the United States by all who enjoyed the pleasant voyage across the Pacific on her first trip, as furnishing the acme of travel comfort. The fact of the superior accommodations of the Great Northern Steamship Company in connection with the comfortable journey afforded by the Great Northern Railway to Seattle, the sailing point of the "Minnesota" will make this route the popular one from occident to orient.

Insulted Wife; Shot Them.

Cleveland, April 3.—James H. Huff, colored, who was shot by Wm. Hill, on a street car last night, died to-day. Hill alleged that Huff and his companion, Ralph H. Lewis, both colored, had made insulting remarks about Mrs. Hill, and as a result shot them. Lewis died almost instantly.

STANDARD OF THE WORLD

KINGSTON IS ADVISED TO BUY ITS CAR SYSTEM

Under Business Administration It Could Be Made to Pay—Bondholders to Sell at Auction.

Kingston, April 3.—(Special.)—The report of W. H. Cross of Toronto, on the financial condition of the street railway from Jan. 1, 1895, up to the present, was presented to the city council this evening. It showed that the total operating receipts were $259,278.90, the total surplus being $7,546.63, but deducting the interest on bonds, etc., and depreciation of the road shows a net loss of $67,628.37 in that period. The value of the road, as estimated by capital invested, is $215,140. In addition to the present bond issue of $200,000 there are outstanding liabilities of some $9000. A sale by the bondholders will be necessary in order to clear up the title.

Mr. Cross came out strongly in favor of municipal ownership of the plant as a simple solution of the trouble. With regard to this he says: "The city, having taken over the light system and supplying power to this company, the credit of the city requires that the road should be operated continuously thruout the year. The city could promptly take over the assets of the company by payment to the trustee in bonds bearing a low rate of interest. The first month of 1904 was the best January known. Under business administration it seems to me the system would greatly and promptly improve, and before the debentures mature the citizens would have valuable property. The city would be taking over a business that had been created at much greater expense and could afford to deal fairly with the present creditors. Apart from higher considerations, such liberality would be sound business policy."

Want a Sale.

The finance committee opposed any action being taken at present towards granting the concessions asked by the bondholders, namely, remission of taxes, optional winter service, etc. Their report on this read as follows: "Being agreed that reorganization is necessary, and that a sale must take place, the finance committee are averse to any temporary arrangement with no permanent contract immediately in view, believing that such action might only prolong an unsatisfactory condition of affairs and defer a definite settlement. It was also disinclined under present circumstances to recommend any alterations in the terms under which the road is operated, and would prefer that any new terms should only be considered, if at all, in actual negotiations with ascertained parties in a position to enter into a permanent contract and guarantee its performance."

The committee was, however, not satisfied that the bad showing made by the road is due entirely to the alleged onerous conditions under which it has been operated, and it has not yet been proved that under proper management, and with judicious expenditures the road could not pay its expenses with some annual surplus. At a sale a purchaser may be found who may be willing, on the basis of a reasonable purchase price, to operate the road successfully under present conditions.

Deserves Consideration.

In dealing with municipal ownership, they declared the question "deserves full and careful consideration by the council and citizens before any definite step is taken." The report of the finance committee was adopted and council will meet one week from to-night to further consider the situation. The general disposition of the aldermen to-night seems to be to allow the bondholders to put the road up at auction before taking any further action. The recommendation of Mr. Cross will strengthen the case of the large number who are advocating the city buying the plant.

The R. C. Y. C. Ball.

With the annual ball of the Royal Canadian Yacht Club only three weeks distant, renewed interest is being manifested in this most favored of all the social season's events. Practically all the invitations issued prior to the postponement in Feb. have been retained, and the limit of five hundred is almost reached. The coming of the ball on the eve of the horse show will naturally result in an increased demand for invitations by out-of-town people, and those who have not already secured invitations should make immediate application thru a member of the club. The invitation committee will from now on hold daily meetings to pass upon the applications received.

Austrian Immigration.

Ottawa, April 3.—Herr Franz Kaltenbrum of Vienna had an interview with the finance minister this morning in regard to emigration from Austria to Canada.

Expenses of Two Peterboro Candidates in Provincial Elections.

Peterboro, April 3.—(Special.)—The official returns made to Returning Officer Morrow for the expenses of Henry A. Moore, Conservative candidate in East Peterboro at the provincial election, show that the total cost to the candidate was $26.45, made up of: Printing $2.80, and personal expenses $23.65.

The financial agent of William Anderson, the successful Liberal candidate, gives his expenses as having been $658.81.

FATHER O'BRIEN TRANSFERRED.

Peterboro, April 3.—(Special.)—Rev. Father O'Brien, one of the clergy attached to St. Peter's Cathedral, has been transferred to the new diocese of Sault Ste. Marie, his field being the parish of Sturgeon Falls. He leaves on Thursday for that place.

Rev. Father O'Brien is a native of Peterboro, and received his theological training in St. Michael's College, Toronto, and the Grand Seminary, Montreal.

Woodgreen Methodist Anniversary.

The 29th anniversary services of the Woodgreen Methodist Sunday School were concluded last evening when a large audience was treated to a stereopticon picture talk by Frank Yeigh on "An Evening Among the World's Great Wonders," in Canada and other countries. The pastor, Rev. I. Couch, presided. Superintendent Jenkinson received a presentation in honor of his having occupied that office for twenty years.

Two Small Thefts Reported.

Max Cohen has complained to the police that his store at 89 West Queen-street was entered Sunday night and $15 stolen.

T. G. Craig, 247 Brock-avenue, is also minus $7, which he says was stolen out of his dining room.

Scott's Emulsion is cod liver oil made almost as palatable as milk. It is easy and soothing to the weak stomach; it checks the tendencies of children toward thinness

Scott's Emulsion gives strength to weak mothers because it creates healthy flesh and new blood.

Nursing mothers will find a special value in Scott's Emulsion because it insures a flow of rich, nourishing milk for the baby. More and better than a medicine; Scott's Emulsion is a food.

We'll send you a sample free upon request.
SCOTT & BOWNE, Toronto, Ont.

IF CANADA CAN PRODUCE BRITAIN WILL SEND SHIPS

Added Trade on St. Lawrence Route if Conditions Here Warrant the Shipping Men in Venture.

Montreal, April 3.—(Special.)—Thomas Harding, steamship agent, who has just returned from the old country, speaking of trade matters in England to-day, stated that the country was very much better off than it was a year ago. In Lancashire, the cotton business was booming, some thirty new mills being under construction. This, he thought, very fairly reflected the general trade of the country.

The two businesses which did not boom just now in England were shipping and lumber. He saw nothing ahead which indicated any particular movement in the shipping world.

Asked if there would be any new vessels in the St. Lawrence this year, aside from the lines now engaged in the business, Mr. Harling stated that there would be if trade warranted it. He knew of three lines which were willing to send ships here if Canada could produce the cargoes to fill them.

Banquet to Gerald Wade.

The Wellesley Public School Old Boys' Association are arranging to tender a complimentary banquet to Gerald Wade, one of their most popular officials, who leaves shortly for Ottawa to take up permanent residence there. Mr. Wade is also secretary of the Open Air Horse Parade Association, to which his services had been invaluable, and secretary of the Toronto Pony Society, Toronto Driving Club and Island Amateur Aquatic Association, and was actively connected with other organizations, and as a number of representatives of these clubs have already signified a desire to be present it is likely that a joint committee will be formed. In the meantime any desiring to be present may send in their names to the president, Dr. E. Herbert Adams, or to the treasurer, F. J. Coombs, of A. E. Ames & Co.

EXQUISITE COMPLEXION

Quickly Acquired if the System is Regulated by Dr. Hamilton's Pills.

The power of Dr. Hamilton's Pills over the complexion is marvelous. As if by magic all blemishes, humors and pimples disappear. A clear, ruddy glow is quickly manifest on the cheeks, and looks that delight the eye come to stay. It is by purifying and enriching the blood, and thereby building up the constitution, that Dr. Hamilton's Pills accomplish so much in a short time.

"I can readily recommend Dr. Hamilton's Pills for the complexion," writes Miss E. M. orter of Clear View, Ia. "Before using this medicine I had a very pallid, murky complexion and there was no redness or color in my cheeks. But Dr. Hamilton's Pills changed this and my looks have been much improved."

In every case of dull, sallow complexion, wherever the skin is blotchy and rough, Dr. Hamilton's Pills quickly prove their merit. You'll look better, feel vastly improved by relying on this great medicine, which is instant in effect. Price, 25c per box, or five boxes for $1, at all dealers, or by mail, from N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

Men's Spring Hats in the Men's Store

We have a $1.50 hat that, in the language of the day, may be very properly termed a winner. Other stores would ask $2 for it, though that, of course, is none of our business. We sell it for $1.50, and you ought to see it.

Christy's Hats in this store.

Men's Derby and Fedora Hats, correct English and American styles for 1905 spring wear, soft hats in four different shapes and black, brown or grey colors; stiff hats in two shapes, black only, the quality is very fine and light in weight; $2 is the usual price asked for these hats elsewhere; our price..... **1.50**

Christy's Celebrated English Made Derby and Fedora Hats, feather-weight brand, in all the newest spring styles, small, medium or large proportions. Special price $2 and **2.50**

Solid Silver Watches at $4.35

There's something rich, genuine and unpretentiously valuable about the idea of a solid silver watch. It makes no boasts. It's there "with the goods." It wears a lifetime, and with a good movement you can't want a better watch for the practical purposes a watch is intended for.

We have a particularly good value in this one, at $4.35, we detail here:

25 only Solid Silver Watches, screw back and bezel, stem wind and pendant set; every watch jeweled and guaranteed an accurate timekeeper. They are the popular 16 size, neat thin model, several designs to choose from. Our special price for Wednesday..... **4.35**

The Sale of Nottinghams

Do you know what kind of values our Curtain Department is offering you to-day and to-morrow? You don't unless you have seen them, for really we don't believe they have been precedented. We underbought them in quaint old Nottingham to clear out a famous mill. It's a case of rare economy for householders.
