EXCLUSIVELY GENTLEMEN'S FINE FOOTWEAR.

Have You Ever Tried The Burt & Packard "Korrect Shape" Shoes?

Acknowledged by wearers the most perfect-fitting and most stylish shoes on the market at the present time. We say genuine advisedly, as there are FRAUDS in shoes as well as in other kinds of business. There is only one firm, however, that can give you the genuine "Korrect Shape" Shoes, and that is John Guinane, 15 King-Street West.

Sole Agent for the Famous Burt & Packard "Korrect Shape" Shoes and the "Lily" $2.75 Shoes.

Guinane's—Only King-Street Store
Five Doors from Yonge-Street.

John Guinane, Late of Guinane Bros.

Open Till 10 p.m. 15 King-St. West.

HAMILTON NEWS

FEDERATION---IMMIGRATION.

The Two First Topics at the Trades Congress.

A CANADIAN ORGANIZATION

Rather Than an International One Favored by Delegate Hay.

Garment Workers Want Government to Establish a Factory for the Manufacture of Soldiers' Clothing—Proportional Representation and Universal Suffrage Advocated—Western Men Vigorous Against the Chinese and Want the Poll Tax Increased to $500—A Little Politics Crept in at the Public Meeting.

Hamilton, Sept. 15.—(Special.)—The important questions of a Canadian Federation of Labor and the subject of immigration occupied the chief attention of the Trades Congress this morning. The first proposition came from Delegate Hay of Ottawa, who thought that the time was ripe for the formation of a Canadian rather than an international labor federation.

Delegate J. F. Flett, speaking in opposition, reminded the congress that in the Hamilton Brotherhood of Carpenters' strike the States sent over $1200 to its aid.

F. Walter, following, referred to the moulders' strike in this city, and the $13,000 sent in aid by moulders of the United States.

E. Williams declared that the 15,000 locomotive engineers of Canada could not adequately protect themselves without affiliation with the same body in the States.

The resolution was voted down.

The Garment Workers.

The Garment Workers' Association next presented the following resolution, which was carried unanimously:

"Whereas the uniforms for the militia and public officials of this country are manufactured by contractors for the Government in sweat-shops and tenement houses, under conditions that do not guarantee to the people of Canada that proper sanitary precautions have been taken to protect the health of the wearers and workers, and a fair wage has been paid to the workers thereof; therefore, be it resolved that this congress urge upon the Dominion Government to establish under its control a factory where all clothing necessary for the public service be manufactured, or if clothing be again contracted for, that a clause be inserted in the contract that all garments bear the label of the United Garment Workers of America."

Proportional Representation.

The congress had no doubts on the subject of proportional representation, and passed this motion in its form without discussion:

"That this congress reaffirms its declaration of last year in favor of proportional representation, and commends to the Canadian Government the example of other progressive British colonies in this matter, reiterating the opinion that a trial of proportional representation should be made by grouping together not less than five constituencies and adopting either the Hare system, the Gove system or the Swiss free list with the single vote."

Other Resolutions Carried.

The same fate befel the two following resolutions—one to provide better accommodation for unskilled labor in the matter of providing suitable accommodation and protection from the weather at meal times, and also that the Legislative Committee be and hereby are instructed to exert their best efforts to induce the Dominion Government to withdraw the order-in-council issued by the late Government to the civil servants of the I.C.R., prohibiting them from taking an active part in municipal elections.

Universal Suffrage.

Delegate Donnelly next moved "that the congress petition the Provincial Government to so amend the municipal acts that every male subject 21 years of age or over be entitled to vote at municipal elections." The congress, however, by a vote of 22 to 4, struck out the words, "male subject," and inserted therein, "every citizen in Canada, both male and female." The resolution was then passed.

About Immigration.

Nothing in the day's session, however, caused more discussion than the subject of immigration.

Delegate O'Donoghue moved, and Delegate Little seconded: "That this congress favors: (1) judicious and necessary immigration to Canada; (2) the prompt abolition of the payment by the Dominion Government of bonus or per capita bonus on any emigrants, no matter how or by whom imported or forwarded, from abroad; (3) the act of the last session of the Legislature of Ontario, entitled, 'An act to regulate the immigration into Ontario of certain classes of children,' and that it be an instruction to the Executive to press the Governments of the Dominion to introduce a like measure applicable to all parts of Canada."

Delegate Appleton of Winnipeg held that the best way of filling up the Northwest was advertisement by pamphlet, and the conditions of living made easier by the Government. All the capital necessary was to be found in brain and sinews.

Against Pauper Immigration.

Delegate March opposed assisted immigration.

Delegate O'Donoghue inveighed against pauper immigration. If Canadians were left alone to work out the conditions of their country, there would be no trouble in attracting the best class. Dr. Barnardo was making the country the dumping ground for the scum of England. The so-called children he sent here were many of them with whiskers, and by their being apprenticed for a term of years at little or no pay, instituted "white coolie labor." One township in Muskoka had no fewer than 700 Barnardo children employed, and the rural districts were being overrun with this class of labor.

Why Immigration Failed.

Delegate E. Williams said the reason immigration had been a failure so far was that the Government had voted most of the public money to the railroad and steamboat companies. The people of England should be educated in the idea that Canada and not the United States was the paradise of the workingman.

Wants Canadian Independence.

Delegate R. Keyes of Montreal said Canada was backward because she is only a colony. England was carrying the Bible to the Hindoos in one hand and the sword in the other. He was in favor of Canadian independence and a Canadian president.

Delegate O'Donoghue's motion passed with this clause added: "That any system of successful immigration should include, as part thereof the correlative one of migration, under which people already in Canada should receive a special opportunity to go upon the public land of the country when they so desire and are otherwise suitable."

Down on the Chinese.

Delegate Ralph Smith of British Columbia, in an impassioned speech, called for the restriction of Chinese immigration into Canada. It was only a question of time, as things stood, before these undesirable hordes, as big a curse as the locusts, would cross the Rockies and honeycomb the east as they had the west. He urged the raising of the poll tax from $50 to $500.

This passed unanimously.

Government Holdings.

Moved by R. Smith, seconded by J. Appleton:

That the reservation of alternate claims by the Government for the purpose of putting them up for public sale is directly putting the wealth of the country into the hands of corporations at the expense of the poor man, who has toiled and suffered severe hardship to find it;

That regulations such as these are certain to create friction between miners themselves as well as between miners and the Government officials, applying as they do to a distant district like Yukon, the regulation of which will be difficult under the most favorable circumstances; and that whilst we as a congress recognize the right of the Government to seek to make these gold fields revenue-producing, we believe that the exactions proposed are very excessive and a great burden on the miners such as to defeat the very object the Government have in view.

Be it resolved, That this congress, as a part remedy for the above, request the Government to retain possession of the gold claims and operate them for the good of the people at large. Passed.

Local Option in Municipalities.

The congress also put through a resolution to urge on the Provincial Government that the principle of municipal local option be extended so as to give municipalities the power of adopting three fundamental reforms: 1. Proportional representation. 2. The initiative and referendum. 3. Tax reform, by lessening taxation on industry and increasing it on land values. 4. Abolishing the act exempting vacant land over two acres in extent in cities.

The Federal Government will be asked to amend the Franchise Act by introducing the principle of one man, one vote.

The congress rose at 5.45.

REPLY OF MR. LANCEFIELD.

The Librarian Answers Rev. Mr. Macdonald Regarding the Hymnal.

The reply of Rev. J. A. Macdonald of The Westminster to Librarian Lancefield on the question of the Presbyterian hymnal caused considerable interest in trades and labor circles to-day. The World this afternoon interviewed Mr. Lancefield regarding it, who said: "Probably Mr. Macdonald is not at all anxious to have the agitation about the printing of the Book of Praise renewed. There was a great deal of feeling at the time when the question was brought up among the master printers and workmen in the various trades interested in the production of books, and that feeling of dissatisfaction over going to England undoubtedly yet prevails.

"Mr. Macdonald says that the copyright question is bewilderingly intricate. To my mind the act is fairly plain. In fact, the only difficulty I have experienced is in endeavoring to follow up those who have tried to evade not only the intention but the letter of the act. Mr. Macdonald says that the Hymnal Committee obtained what it thought the best legal advice on the subject. Does not this indicate that the best legal advice consulted by the committee advised them not how to conform with the letter of the law but how best to evade its evident intent? I think I may say that if the importation of these hymnals with the Canadian Copyright notice printed in them continues, it is probable that steps will be taken to obtain the opinion of the law officers of the Crown as to its legality.

"Mr. Macdonald says I am astray, very far astray, in my figures. He says no number near 300,000 copies of the book had been brought into Canada. All I can say is that in Mr. Macdonald's own paper, The Westminster, under date of Aug. 21, I find in an interview with Mr. Wilkinson, the representative of the printers of this hymn book, Mr. Wilkinson is credited with these words: 'Already more than one-quarter of a million copies of the book of praise in the various editions have been printed.' Mr. Wilkinson is further credited with the statement that he had that day cabled for 14,000 copies for one firm alone. As this book is to be used exclusively in Canada, I presume it will have to be acknowledged that my figures are not so far astray."

Public Meeting in the Evening.

The Trades and Labor Congress to-night continued its great educational work with a public meeting at Association Hall. President Carey occupied the chair, and the speakers represented the Dominion from the Maritime Provinces to British Columbia.

Delegate R. Smith of British Columbia cautioned his hearers against believing that his Province was paved with gold. He felt it was his duty to say that fully 90 per cent. of the gold cry was boom. Not gold, but unionism, would do away with poverty. Taking up the Chinese problem, the speaker told the British Columbia agitation against these people was because they would not rise to the level of the white men, but wanted to get the white men down to theirs. The Chinese population of Winnipeg had increased 25 per cent. during the last year or two, and that of Montreal and Toronto was rapidly being increased.

The speaker in his earnestness vigorously twisted his figures in his pocket, and ignited some matches there. President Carey jumped to his side, and quenched the blaze to the amusement of the house, and cries of "Chinese matches."

Political Affiliations No Good.

Delegate Keyes of Montreal, who is one of the best speakers at the convention, warned the congress that they could not look for aid from political parties. Amid great applause and frantic cries of "Good boy!" the speaker said: "So long as we keep connected with some political party, so long we shall be slaves. The politician shakes you by the hand, while you carry his torch in the procession, but you don't get into the banquet hall. Cast aside your political party henceforth. Let no party use you, but use your party yourself."

Referring to the shooting down of the Hazelton miners for asking for a bare existing wage, Delegate Keyes ejaculated, amid loud cheering: "This is what they do in the great and mighty republic to the south of us. God preserve us from such a republic!"

Distress in Canada.

Delegate Marks of London said there was distress in Canada because one class had appropriated to its own use what was created for all.

Delegates R. Hay, J. Appleton, W. Todd, E. Little and D. Killen also spoke, urging extended unionism.

Delegate Keyes brought in a resolution opposing Government manufacture of binder twine or anything else in competition with free labor. It was referred to a committee to report to-morrow. The Toronto delegation took exception to some of its phrases, whereupon Delegate Keyes charged Coloni with having received a tip from the Hardy Government. This occasioned considerable warmth.

HAMILTON GENERAL NEWS

Russell, the Religious Confidence Man, Sent for Trial—Minor Notes of Interest.

Hamilton, Sept. 15.—(Special.)—James Russell, the confidence man, was arraigned at the Police Court to-day on the charge of stealing a gold watch from his landlady and an overcoat from the house of Dr. Lackner. Russell introduced himself at his boarding house as an employe of Lucas, Steele & Bristol, and said that he would not be a permanent boarder, as he was studying for the ministry. On Sunday he buried himself in a book of Moody's sermons, and when tired of reading sang hymns. When the family went to church in the evening he was left in charge and disappeared with the watch and money belonging to the boarders. Russell said that he had not been in Hamilton since 1893, when Magistrate Chilly sent him down for 18 months and "made a bum of him." Magistrate Jelfs committed him for trial.

It is said that the city will lose $3.00 by the Supreme Court's decision in re assessment of gas pipe and mains.

R. Thomas Steele, the conductor of the cantata "Victoria" at the Cathedral during jubilee week, is starting a vocal society here for the study of light music.

David Irvine cannot leave the city without paying a fine of $20 or spending six months in jail.

The bicycle gymkhana committee met tonight and added a half mile race, open to Canadian amateurs, to the card to be run off on Saturday.

A smoking concert was given to-night by Cornwall Lodge, S.O.E. There was a large crowd present. John Lang presided.

There was a wedding at the Salvation Army Citadel this evening, the contracting parties being Thomas H. Very of Guelph and Miss Eliza Henley, city. Brigadier Compin, Toronto, performed the ceremony. He was assisted by Adjutant Marton and Captain Brooks, Toronto. A large crowd was at the feast that followed the wedding.

The Keswick Brethren closed their engagement here this evening, and will leave for Toronto to-morrow.

The Fire and Water Committee met this evening and conferred with representatives of the Underwriters' Association. The joint committee of the Board of Trade and the City Council stated that all the recommendation of the Underwriters had been carried out, excepting the purchasing of another fire engine. Some of the Board of Trade men wanted another engine, but Chief Atkinson spoke against the suggestion. He said the present engine had been used only once this year. The committee decided not to buy one.

Here is the Way.

To cure all heart and nerve troubles and that weak, weary, tired feeling, sleeplessness, nervousness, etc., do as Mrs. Thomas Glover, Chatham, Ont., did. Says Mrs. Glover: "One box of Milburn's Heart and Nerve Pills cured me. I was so bad that I feared paralysis, but am now well and strong, thanks to these wonderful pills."

The Veterans at Moss Park.

The Army and Navy Veterans' Committee wish it to be understood that, though they would like as many members as possible to fall in and march from King and Simcoe-streets on Monday next, any who wish can proceed to the grounds, apart from the procession, and enter for the events. All who march to the grounds will go in free.

A New Departure by the Wabash.

The Wabash Railroad now runs its own solid trains from Buffalo to Chicago, St. Louis and Kansas City, passing through Niagara Falls, St. Catharines, Hamilton, Woodstock, London and Chatham. These trains are the finest ever seen in Canada, being vestibuled from end to end. Wabash trains reach more large cities than any other railroad in the world. Time tables and detailed information of this most wonderful railway from any R.R. agent, or J. A. Richardson, Canadian Passenger Agent, northeast corner King and Yonge-streets, Toronto.

Preacher Charged With Dishonesty.

Windsor, Sept. 15.—The somewhat ambiguous charge that he had not maintained "a credible reputation for honesty and truthfulness" was laid against Rev. John H. G. MacPherson, late pastor of the Union A.M.E. Church of Chatham Township, and a committee was appointed to investigate. The conference met at Chatham, and in consequence of the committee's report ordered his name to be struck from the conference rolls.

Cucumbers and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, etc. These persons are not aware that they can indulge to their heart's content if they have on hand a bottle of Dr. J. D. Kellog's Dysentery Cordial, a medicine that will give immediate relief, and is a sure cure for all summer complaints. ed

Are You Ruptured?

If so, get the best truss, and the best result follows. The Wilkinson Truss has cured many and can do it for you. Factory and fitting rooms, Rossin block. Consultation free. B. Lindman, prop. 46

IT IS A NOVEL PROPOSITION.

Volunteers to Assist the Mounted Police.

ABLE-BODIED CANADIANS

Who Want to Trade Their Services for Mining Claims.

Mr. Sifton Promised to Consider the Application, Which was Made by J. K. Kerr, Q.C., and George E. Casey, M.P.—Mr. John Shields Has a Mission to Get a Road Opened to the Klondike—Mr. Maxurn, The Globe Correspondent, Goes With Major Walsh—Ottawa News.

Ottawa, Sept. 15.—J. K. Kerr, Q.C., of Toronto, and George E. Casey, M.P., arrived in Ottawa to-day with a novel proposition for the Dominion Government. He called on Mr. Sifton to-day.

Mr. Kerr offers the services of a volunteer company of 100 able-bodied Canadians to assist the Klondike police in keeping unruly miners from the United States in order. In return for their services the company ask for a choice of the alternate claims held by the Government. The Minister said he would consider the matter.

John Shields on a Mission.

John Shields of Toronto, who has been for some months in British Columbia, arrived in the city yesterday. He came here at the request of certain parties in British Columbia to interview Mr. Sifton, with a view of repairing part of an old trail through Canadian territory into the Klondike. The trail extends from Quesnelle to Telegraph Creek, a distance of about 300 miles. It is blocked by fallen trees. Quesnelle is about 200 miles from Ashcroft, on the main line of the C.P.R. If this trail were cleaned out the British Columbia ranchers could drive their cattle right into the Klondike. The British Columbia Government is now making a wagon road between Telegraph Creek and Teslin Lake. Mr. Shields also asks that the Government telegraph lines be extended between Quesnelle and Telegraph Creek, and this would give direct communication with the Stickeen, and could be continued to the Klondike. The building of telegraph lines belongs to Mr. Tarte's department, and Mr. Shields will go to Montreal to meet the Minister of Public Works.

Maguirn Goes With Walsh.

Mr. A. J. Maguirn, the Ottawa correspondent for several of the leading daily newspapers of Canada, has been nominated for the post of secretary to the administrator of the Yukon, Major Walsh. Mr. Maguirn is not going in with the idea of picking up gold, but in the belief that in discharging the duties of his office he will have abundant opportunity to become acquainted with the climatic conditions and feverish life of what will be by spring the greatest mining camp of the last half century. The experience, he believes, will increase his effective equipment as a Canadian journalist.

A Plea for Bell.

The Department of Justice has received a report from Judge Ross in the case of R. R. Bell, now undergoing sentence in Kingston Penitentiary for cruelty to the Short children. It is learned that the judge's report is favorable to the petition for commutation of Bell's sentence, which has still some eight months to run.

Labrador Fishermen All Right.

The Deputy Minister of Marine received a letter yesterday from Capt. Lavoie of the Protection Survey, which authoritatively contradicts the stories sent out of distress among the fishermen of the Canadian Labrador coast. Capt. Lavoie writes that the official statistics, which be gathered on the coast, as to the season's catch disprove the report of the alleged failure of the cod fishery. Not only is the catch above the average, but the fishermen are, on the whole, prosperous and contented.

Four Fortunate Graduates.

The Department of Militia has made four recommendations of young men who graduated from the Royal Military College last June for commissions in the Imperial army. The fortunate ones are Messrs. G. B. Brown, A. L. Bouck, H. H. Ayer and T. H. Courtney.

BRITTON OWNED UP.

The Operator at the T., H. & B. Station in Brantford Fell in a Moment of Weakness.

Brantford, Ont., Sept. 15.—J. Britton, operator at the T., H. & B. Station here, was this afternoon placed under arrest on a charge of stealing about $586 about a month ago from the safe at the station here. The disappearance of the money was shrouded in mystery. The police have been working very quietly ever since and on Saturday ascertained that a new bill of Molsons Bank, $10 denomination, was in possession of one of our citizens. They questioned the party, who acknowledged that he had received it from young Britton. This led to his arrest. This afternoon Britton informed the police where the balance of the money was at his boarding house and the police made search there and found $345.

When working at night in the office he found the safe open and in a weak moment took the money, being afraid to replace it again.

Britton is about 21 years of age, and has always been very highly thought of. His parents are very respectable. They reside on a farm about three miles from the city and follow the dairy business and farming.

MIDDLETON—O'CALLAGHAN.

A Society Event Which Gave Aylmer a Bit of Pleasure Yesterday.

Aylmer, Ont., Sept. 15.—A very pretty and fashionable wedding took place at Trinity Church on Wednesday morning at 11 o'clock, when Mr. H. Middleton, formerly of the Molsons Bank staff here, now of Morrisburg, was united in marriage to Miss O'Callaghan of this place. The church had been beautifully decorated for the occasion with flowers, ferns, etc., artistically arranged. The ceremony was performed by Rev. J. W. J. Andrew. The bride, who wore a traveling dress of dark green repp, with toque of velvet, and ermine fur to match, being given away by her brother-in-law, Mr. E. W. R. Hill. Miss Kate Arkell was bridesmaid, while the groom was supported by his brother, Mr. Edward Middleton of Toronto. Miss Kathleen Hill, the niece of the bride, acted as flower girl, and Mr. J. M. Wrong and Mr. R. G. Moore as ushers. Prof. Jones of St. Thomas presided at the organ. After the ceremony the guests were driven to the residence of Mr. and Mrs. E. W. R. Hill, where the wedding breakfast was served and a reception held. The happy couple were driven to St. Thomas, where they took the C.P.R. train for the Eastern States.

THE PREMIER'S PROGRAM.

Sir Wilfrid and His Colleagues Had a Great Reception at St. John—School Children Made Happy.

St. John, N.B., Sept. 15.—The weather was all that could be desired to-day for the entertainment of Sir Wilfrid Laurier, Sir Louis Davies, Messrs. Fielding, Tarte and Fisher. Shortly before 10 o'clock this morning Sir Wilfrid and his colleagues, with Mayor Robertson, Dr. Ellis, Col. Tucker, M.P., in barouches, drove up to Victoria High School, where the party was met by the school trustees and many citizens. Judge Trueman, as chairman of the School Board, welcomed the Premier, and, later, made an appropriate speech, and concluded by granting, with the permission of the School Board, a holiday to the pupils. The announcement was received by 500 pupils in the building with uproarious applause. "My Own Canadian Home" was sung, followed by "God Save the Queen."

Mr. Logan, M.P., of Cumberland was among the Cabinet Ministers yesterday.

From the High School the Premier and party went to St. Joseph's School, where they were met by Bishop Sweeney and several of his clergy, besides the school trustees and other citizens. Sir Wilfrid, Sir Louis Davies and Mr. Fielding spoke, and the Premier afterwards asked that the children be given a holiday. This was granted.

As time would not permit, no more schools could be visited, but, at the request of the Premier, the holiday was made general to all schools in the city.

Shortly after 11 o'clock Sir Wilfrid Laurier and party drove to the City Hall, where they took a position on the balcony to witness an exhibition of the Fire Department responding to an alarm.

From the City Hall the Premier and his colleagues drove to Reds Point, where they boarded the steamer Stormy King for a trip about the harbor. The day was a delightful one, with bright sunshine, and the sail was most thoroughly enjoyed. Luncheon was served on board, and the boat reached the city shortly after 4 o'clock.

Sir Wilfrid and the other Ministers made brief speeches on board, thanking the citizens for their hospitable reception.

The I.C.R. Depot was reached at 4.30, but, as the train was 50 minutes late, the Premier and his colleagues had to obey the demands of fully 10,000 people assembled in the train shed, and make speeches, which were interspersed by music from the City Cornet Band.

Premier Laurier spoke first. He said in all his public experience he had never received such a spontaneous reception, and he would leave St. John much impressed with the hospitality of its citizens.

Sir Louis Davies spoke next, and he was followed by Mr. Fielding, who said he would make one of the best speeches ever delivered by him.

East Toronto.

A movement to unite the York Citizens' Band and the well-known Excelsior Bicycle Club is on foot. If a union is effected it is proposed that the same rooms be used for the club meetings and band practice. Much better rooms can in this way be secured than that entitled by the double system. The members of the club and the band believe that many material benefits would accrue from a union.

Mr. and Mrs. John Johnston of York entertained a large number of wheelmen and other friends last evening. A very pleasant time was spent. An impromptu program was rendered.

Mr. C. J. Kidd has erected seven neat houses on the Danforth road near the village of East Toronto. The houses contain six commodious rooms. The buildings are finished with Manitoba siding and present a pretty appearance.

About 4.30 yesterday afternoon, while John Wheeler of this village was driving from the city, his horse ran away. He was thrown from his carriage and rendered unconscious. He was taken to a house and consciousness restored in a short time. The wagon was a total wreck.

Robinson's Minstrels.

Robinson's Minstrels, the sensation of the G. A. R. meet in Buffalo, will hold the boards at the Bijou Theatre next week. It is some time since a minstrel troupe has been in Toronto, and this company will doubtless be hailed with delight by lovers of libbed "A Soldier's Late." During the G.A.R. week in Buffalo this company playing at the Casino Palm Garden, did such big business that the performance was kept going until 3 o'clock every morning, in order to satisfy the crowds. Headlining the company are the Bison City Comedy Four, who first present a martial comedietta, entitled "A Soldier's Late." Followed by a general jumble of singing, comedy tumbling and dancing, that is said to take immensely. Other specialty artists in the company are the Electric Quartette and singers; Barlow Bros., black-faced comedians, late of Barlow Bros.' Minstrels; W. G. Cook, ludicrous musical act; Alan Barnum, Victor Stacy and George Miles.

It Is Not Mrs. Warner.

New York, Sept. 15.—The young woman who committed suicide in Montreal last Sunday is not the wife of Lawyer Warner of this city. Warner's mother said to-day that her daughter-in-law was alive and well. The name of the lawyer's wife is Lucy, and the initials "M.G.W." are not hers.

It Was Mattie Warren

Schenectady, N. Y., Sept. 15.—There seems little doubt that the woman who committed suicide in Montreal was Miss Mattie Warren of this city. She was a dressmaker by occupation. She had lived here about six months, coming to this city from Hartford, Conn.

Mrs. Vanderwater Died in Winnipeg.

Picton, Sept. 15.—Mrs. Philip Vanderwater died in Winnipeg to-day of heart failure. Mr. Vanderwater is a wealthy farmer living in Hallowell Township, near Picton. He and Mrs. Vanderwater went to Manitoba together some two weeks ago to visit a son. Mrs. Vanderwater was about 50 years old, and leaves a family of 10 children. The funeral will take place from the station on arrival of the 1.25 train Saturday, to Glenwood Cemetery.

Harvest Thanksgiving Services.

The annual harvest thanksgiving service in connection with Grace Church will be held this evening. Bishop DuMoulin will preach the sermon. The church will be beautifully and tastefully decorated for the occasion, and an excellent selection of sacred music will be rendered by the choir.

Biliousness is caused by torpid liver, which prevents digestion and permits food to ferment and putrify in the stomach. Then follow dizziness, headache, insomnia, nervousness, and, if not relieved, bilious fever or blood poisoning. Hood's Pills stimulate the stomach, rouse the liver, cure headache, dizziness, constipation, etc. 25 cents. Sold by all druggists. The only Pills to take with Hood's Sarsaparilla.
