BALLOONS T PROTECT COAST

Atlantic Coast of United St Will Soon Be Protected b Squadron of Dirigible loons

CONGRESS MUST YET DEC

Balloon Signal Corps Will W in Harmony With the C Artillery Corps—The Pla Proposed

New York, June 3.—According t Washington special to the Tribun Atlantic coast from Maine to Fl will soon be protected from foreig vasion by a squadron of dirigible loons if Congress can be broug see the necessity and value of suc fences.

This was learned at the war de ment today where it was found General James Allen, chief of the nal corps, had been ordered to for ate the plans for such defenses, that Major George Schuler had begun the preliminary drawings has been decided that besides the tection furnished to the coast b coast artillery with its numerou fense agents, the war balloons ar cessary for purpose of observation

It is the belief of General Allen repeat tests have demonstrated o the conservative members of gress that the balloon and the aero are to play a great part in the n ment of every progressive natio the war department has deter that unless the United States its development along these lin is in danger of falling far behin other powers. Thus far, little work on the preliminary plan been done, but the subject has discovered at length by the d ment aeronautic experts and a tive agreement has been reached the lines along which the work taken up. These tentative plan template ellipses of 250 miles along the coast, at the ends of two houses will be placed out o range of attacking guns and wi constructed with due regard t zones of action and bounded by coast artillery.

It is the purpose of the signal to work entirely in harmony wi coast artillery corps and to th numerous conferences have bee between the heads of the two c branches. At each of the s situated at the end of an ellip dirigible balloon will be placed. will be three balloon houses nea station in case a concentration be necessary.

These houses are also advisa cause it is an anxiom in the corps that there is little dange balloon while it is in the air. danger arises when a landing i o rwhen a dirigible is at anc is contemplated that the balloo be much larger than those now by the Signal Corps and th will be capable of performing erous duties to be imposed on their defense work besides bei to make longer flights.

Aged Physician Done to D

Chicago, Ills., June 3.—Dr. J Blinkley, aged 82 years, was dead in a room at the Wellingt here yesterday, and it is supp his relatives that he had bee dered by a robber, while the and hotel authorities incline the suicide theory. Dr. Blinkle once a well known physician i city. Dr. Binkley Jr., was the of the Chicago hospital.

PRETTY JUNE WEDD

A very pretty June weddi celebrated at the home of Mr. a W. A. Jones, 1258 Gladstone yesterday afternoon.

Under a bell of snowballs, Re Holling married Ethel Maud Thomas P. Robinson. The bri was given away by her father radient in a princesse gown eoline, with veil and orange b She wore a sunburst brooch, of the groom, and carried a bou bridal roses and carnations.

Miss Hazel Shakespeare was maid, and Maud Ethel Jones, the bride, was maid of honor. wore very pretty princesse fr cream silk and carried bouq pink and white carnations. M McGregor was best man. Th gave the bride's attendants a rings, and the groomsman an o

The room in which the cerem performed was prettily decora pink and white may and yellow

Miss Florence Bailey played ding march. After the weddin was attended by the relatives friends of the bride and groom was served, and later a recep held. Last night the young co for Harrison Hot Springs. Th going away dress was of A cloth. Mr. and Mrs. Robinso their return, take up their at Rocklin Cottage, 2616 Dougl Numerous and beautiful prese fied to the affection and este large circle of friends.
