LISTOWEL STANDARD.

FRIDAY, JANUARY 21, 1881.

TOWN AND COUNTRY.

JAMES ARMSTRONG is offering some special inducements in the grocery line. Consult his advertisement.

REV. J. H. ROBINSON, of London, conducted the services and preached in the Congregational church on Sunday last.

CURLING.—The Listowel and Brussels curling clubs have arranged for a match, to take place in the Listowel skating rink this evening.

CONSERVATIVE ASSOCIATION.—The Conservatives of the town are reminded of the annual meeting of the Association, which takes place at the Commercial hotel this evening.

THE County Orange Lodge of North Perth will hold its annual meeting at Graham's hall, Elma Centre, on Tuesday 1st February, official notice of which is given in another column.

A WORKINGMEN'S Club has been organized in Listowel. The Club holds its meetings in Campbell's block. We understand that a co-operative store, for the benefit of the members of the club, is in contemplation.

MR. A. B. MCCALLUM, B. A., head master of the Listowel High School read a comprehensive paper on the "Philosophy of Doubt" at the meeting of the Listowel Temperance and Literary Society on Monday evening.

ATTENTION is directed to the advertisement in another column of Norman's Electric Belt Institution. Dr. Michener has been appointed agent in Listowel for the sale of the Electro-curative articles manufactured at this Institution.

Special at Roy & McDonald's—Ladies' mantles, ulsters and dolmans, ready-made and made to order, in first-class style, excellent fit guaranteed, by Mrs. Leslie and Miss Reid. Goods sold in the house cut and fitted free of charge.—41.

REMOVALS.—The Montreal Telegraph office has been removed to the stand formerly occupied by Messrs. Row & Knight. Mr. H. Knight has removed his tonsorial business to the premises occupied by McDonald's bank, the latter having taken possession of the new bank premises across the street.

ACCOUNTS.—I still have a few accounts which have not yet been called for. My friends will please excuse me, but I must have money. On account of being alone my capital is not sufficiently large to carry on the business I am doing without the aid of amounts due me on book accounts, and those who have not already paid their bill will please make an effort to do so in a short time, and by so doing greatly oblige the undersigned.
3c. JOHN RIGGS.

PROF. CECIL.—This distinguished exposer of Spiritualism is billed to give one of his highly entertaining performances on Tuesday evening next. The Professor's dextrous manner of performing the most difficult feats of so-called spiritualists, without the aid of those mystic beings, and his exposure of spiritualistic frauds, on the occasion of his last visit here, will be remembered, and no doubt his return will be greeted with another full house.

THE *Christian Reporter* is the title of a religious monthly published by Messrs. Bengough, Moore & Co., Toronto. Its editor is the Hon. Vice-Chancellor Blake, which is a sufficient index of the merits of the publication. The *Christian Reporter* commends itself to all who take an interest in the field of religious topics, and in the many moral and benevolent institutions of the Province. Subscription price, 75 cts. per annum.

THE "boom" has so effectually taken possession of Messrs. Hess Bros.' establishment that this enterprising firm find their already extensive buildings entirely inadequate. They are making preparations for extending their cabinet shops and saw mill by an addition of forty feet, and also contemplate the erection of another large building on Inkerman street for the accommodation of their rapidly increasing furniture trade.

SETTLED.—We understand that the suit entered against the township of Wallace by the Listowel High School Board, to compel the former to pay an assessment, as part of the High School District, towards liquidating the cost of the new High School building, has been withdrawn, an amicable settlement having been effected. The townships of Elma and Mornington will now be called upon for their share of the building, and in the interests of the school, and for the preservation of friendship between the municipalities and the Board, it is hoped a settlement of the claims will be arrived at without litigation.

ARCHIBALD FORBES.—The citizens of Listowel and neighborhood will no doubt learn with pleasure that this distinguished gentleman has been engaged to deliver a lecture in Listowel on Tuesday evening, 22nd February. The subject of the lecture will be "The inner life of a War Correspondent." Mr. Forbes' experiences as correspondent of the London *Daily News* during the Franco-German and the Russo-Turkish wars; and also during the campaigns in Afghan and South Africa, are full of thrilling interest, and a rare treat is in store for all who hear them told by the distinguished correspondent himself. The lecture will be delivered in the Osborne hall.

CHRIST CHURCH.—Owing to the Rev. Mr. Bartlett's illness there has been no service in Christ Church during the past two Sundays. The Rev. gentleman's condition is still considered critical, and it is not probable that he will be sufficiently restored to health to resume his duties for a few weeks yet. In the meantime arrangements have been made for supplying the pulpit, and on Sunday next services will be held at the usual hours, conducted by Mr. Bell, of Hellmuth College. Deep sympathy is felt throughout the congregation on account of the visitation which their able incumbent has met with. It is fervently hoped that he may soon be restored to health again.

GAS.—The Listowel gas works are now in operation, and on Wednesday evening those who visited the skating rink had an opportunity of witnessing the introduction of this improved method of dispelling the darkness. The gas, which is manufactured from crude petroleum, gives a pure bright flame, and its illuminating qualities are vastly superior to the coal oil lamps. The posts and burners have been placed on the principal streets, and arrangements have been consummated for lighting a considerable number of the stores and public buildings, and some of the private residences, with gas, so that in the course of a few days it is probable that a considerable portion of the town will be illuminated by gaslight.

AT a meeting of the High School Board, held on Wednesday last, it was resolved that pupils in the 3rd form of the High School shall pay 25c. per month, or $2.50 per annum, on and after the 1st of February next. During the past year a fee has been imposed on pupils in the higher forms, while those in the 3rd form have been admitted free. After having tested the system by charging a fee in the higher forms, and having found it to work satisfactorily, the Board have concluded to adopt the fee system throughout the school. The fee has been arranged on a sliding scale, the pupils in each form being required to pay in proportion to their standing. By this system the school becomes partially self-sustaining, and consequently its success in a measure depends upon its own merits. A compromise is also effected by this plan with the objectors to a free system of higher education. The plan is unquestionably a fair one, and as we understand the attendance at the present time at our High School is in excess of any previous term, it is evident that the experiment is not having a deleterious effect.

COUNTY COUNCIL.—The Perth County Council has been summoned to hold its first meeting on Tuesday next, 25th inst. The election of a Warden will be one of the principal matters to come before the meeting. We are not aware of the number of aspirants there are for the position; but as the township of Elma has never had the distinction conferred upon one of her representatives, and as the present Reeve possesses much knowledge of municipal government and is otherwise well qualified, the County Council's choice of Mr. Knox would, we think, meet with general approval.

HIGH SCHOOL ENTERTAINMENT AND PRIZE DISTRIBUTION.—That a deep interest is taken in educational matters in this town was shown by the very large gathering in the town hall on Friday evening last, the occasion being an entertainment given in connection with the High School, together with a distribution of prizes among the deserving pupils of the school. Every available space in the hall was occupied. Mr. Geo. Draper, Chairman of the High School Board, presided, and in a few introductory remarks, gave a statement of the position occupied by the school, which could not be otherwise than highly satisfactory to all interested in its success. Practical addresses on the all-important subject of education were given by Revds. J. W. Bell and Dr. Fowler, Messrs. D. D. Campbell and R. Ferguson, members of the High School Board, and by Mr. McCallum the Principal of the school. The remarks of these gentlemen were calculated to stimulate the public mind in the matter of education generally. The addresses were agreeably interspersed with musical selections and readings by the pupils of the school. Mr. Sarvis conducted the singing, and is deserving of credit for having voluntarily lent his services. At the close of the entertainment, between sixty and seventy dollars worth of prizes were distributed among the scholars, the awards being made in accordance with the standing of the pupils at the examinations recently held. The names of the successful pupils, and their respective standings, are as follows:

TOWN COUNCIL.—The Council elect for 1881 met at 11 o'clock on Monday, 17th inst., and subscribed to the oath of office and qualification, as follows: Thos. E. Hay, Mayor; J. A. Hacking, Reeve; George Hess, Deputy Reeve; J. W. Scott, Robt. Woods, A. S. Deavitt, F. E. Gibbs, T. G. Fennell, D. B. Dingman, Jno. Riggs, Councillors. The minutes of previous meeting were read and confirmed. John Riggs moved, seconded by D. B. Dingman, that this Council adopt the Rules of the Listowel Council as enumerated in book form—carried. By-law No. 76 for the appointment of town officers was introduced and read a first time. The Council went into Committee of the whole on the By-law, Jno. Binning in the chair. The Committee rose, when By-law No. 76, with blanks filled up was read a third time, the officers and salaries being as follows: W. Bright, Clerk, salary $100; Lewis Bolton, Treasurer and collector of voluntary taxes, salary, $80; Robert Bogues, constable, salary $350, duties same as last year; Robt. Martin, auditor, salary $6, (the Mayor appointed McBeth Green as the other auditor;) Wm. Wilson, sr., and Thos. McDowell, fence viewers; John A. Tremain, pound-keeper for the east end, and Geo. Binning for the west; D. D. Campbell, High School Trustee. On motion of J. W. Scott, seconded by R. Woods, By-law No. 76, as read, was adopted. Messrs. Gibbs, Hacking, Deavitt, Woods and Dingman were appointed a Special Committee to strike the Standing Committees for the year 1881. The Council then adjourned till 7 o'clock p. m.

The Council met again in pursuance with adjournment. Present, the Mayor in the chair, Reeve, and Deputy-Reeve, and councillors Gibbs, Woods, Deavitt, Fennell, Riggs, Binning and Dingman. The minutes of the previous meeting were read and confirmed. A communication was read from James Wilds, of Acton, offering to establish a glove and mit manufactory in Listowel, to employ from ten to fifteen hands, providing the town should grant him a bonus of $2,000—laid over. Also a communication from the Register General's office, Ontario, certifying that the clerk of Listowel had duly registered for the year ending 31st December, 1880, Births to the number of 111, Marriages 32, Deaths 34. Several accounts were read and referred to Finance Committee. The Fire Brigade made application for a grant for the present year of $200, same as last year. The Special Committee to strike Standing Committees for the year 1881, reported as follows: *Finance and Assessment*—Hacking, Fennell, Scott, Dingman, Gibbs; Hacking chairman. *Public Works*—Woods, Binning, Riggs, Hess, McDonald, Deavitt; Woods chairman. *Relief*—McDonald, Riggs, Woods, Scott, Hacking; McDonald chairman. *Cemetery, Parks and Shade Trees*—Binning, Riggs, Fennell, Scott, Dingman; Binning chairman. *By-laws and Licenses*—Dingman, Fennell, Hacking, Hess, Gibbs; Dingman chairman. *Sanitary*—Scott, Binning, Deavitt, McDonald, Riggs; Riggs chairman; *Fire Gas and Public Buildings*—Hess, Woods, Deavitt, Scott; Hess chairman. *Police*—Scott, Woods, Binning, Hacking, Fennell—Fennell chairman. On motion, the report was adopted. Mr. R. Ferguson addressed the Council in reference to the Mechanics' Institute, requesting that the Council inform him at an early day whether it is their intention to accept his offer. George Hess moved, seconded by Robert Woods that the clerk be instructed to post up in the Council room a list of the days appointed for the Council, School Trustees and Fire Brigade to meet, so that all persons desiring the use of the hall can govern themselves accordingly—carried. Council adjourned.

AN OLD SAYING.—It is cheaper to pay the shoemaker than the doctor. Keep the feet dry and warm, especially at this season of the year. The best place to get a supply of good substantial Boots and Shoes is at John Riggs' store, No. 3, Main st., Listowel.—42.

To the Editor of the STANDARD,—*Sir*:—The Principal of the High School, in his speech at the entertainment on Friday last, in connection with the distribution of prizes, stated that the success of the High School in a great measure depended upon the character of the teaching done in the Public School, and that he did not know whether Mr. Rothwell's assistants were efficient or not. It may be well to remind that gentleman that the Public School existed previous to his advent in Listowel, and that it will probably flourish after his departure; also that the High School has formerly been in just as prosperous a condition as at present. It is not probable that any of the Public School teachers profess to be able to accomplish any such feats in teaching as Mr. McCallum promises, viz.: to prepare pupils of the 2nd form for the University in six months. Yet, as some of them are teachers of proved ability, and the teacher of the second department especially, which more immediately affects that of Mr. Rothwell, shows proofs of successful experience, not only in Quebec, but in Ontario, in a position similar to that now held, combined with three years' Normal School training, if the work expected from this High and Public School is not vastly superior to that accomplished by similar schools in the province, and if the pupils promoted into each department are thoroughly versed in the work of the lower department, it is to be hoped that the H. S. will not suffer greatly through their inefficiency, though all may not have enjoyed the privilege of attending the Perth County Model School.
