Wellington and Front-streets East, Toronto.

EMERY'S ACCOMPLICE CAUGHT.

The Man Who Assisted in the Buffalo Abduction Captured.

Buffalo, Aug. 2.—George Allen, the pal and tool of Claude Strong, alias John C. Emery, the abductor of O. O. Cottle, was arrested last night at the Mansion House, where he had registered under the name of W. J. Mason. He admitted that he knew where Emery was, but refused to say anything about him.

Scarboro.

A very pleasant evening was spent at the residence of Mr. Mitchell, Scarboro', on Thursday, in celebration of the coming of age of Mr. George Mitchell. The house was brightly illuminated, and its pleasures thrown open to some 100 guests from the city and neighborhood. Addresses were made by the Rev. Mr. Johnston, Mr. Mountstephen, Mr. Badger and Mr. Mitchell, and some capital musical selections were given by Miss E. Selwey, Mr. Revell and Mr. Selwey on the violin and guitar. Mr. George Allen, the elocutionist, also gave a number of enjoyable readings.

The Meteors of the east end of the city play the Oaklands at baseball this afternoon upon the latter's ground, opposite the Grand Trunk-road.

The disused well on the Elliott property, Danforth-road, close to Hunter's undertaking establishment, and within 10 feet of the road, has been filled in as dangerous to the public.

To thoroughly rid the village water mains of the floating matter still observable in the drinking water, the hydrants were yesterday let run for two hours under high pressure at the works.

The East Toronto Public School building is being thoroughly overhauled during the vacation. The walls and ceilings have been calsomined and new floorings are being put in. The woodwork and the desks are to be revarnished.

East Toronto Notes.

William Griffin and Isaac Murphy of Danforth-road came up before Magistrate Richardson yesterday at the Aberdeen Rink to answer to the charge of having on the evening of the 18th of July committed an assault on the persons of James Growcott, driver of the milk wagon of the Salvation Army Depot at York; that of Alex. Moffat, driver of a Wexford milk wagon, and David McGill, an employe of the Conger Coal Company. There was a large gathering to hear the evidence of this the latest of the assault cases so alarmingly frequent in the Danforth-road of late. Mr. W. B. Raney appeared for the Crown and Mr. C. J. McCabe of Tytler & McCabe for the prisoners. Both were committed for trial on all three counts.

An Electric Launch Tested.

Chicago, Aug. 2.—C. D. Wright of Englewood drove up to the Washington Park, yesterday, lifted a V shaped box from his carriage, and chartered one of the ordinary two-oared rowboats. He took from the box an apparently hollow and bent nickel plate tube, about six feet long. At one end he attached a two-bladed propeller wheel, each blade being about six inches long and two wide. Then he screwed a plate into the top rail of the stern of the boat and attached the larger end of the tube to it.

Next he fastened an electric motor to the top of his tube, and connected it by two small wires to a storage battery, which he placed in the centre of the boat. Then he dropped the propeller wheel into the water, and touched a spring, and away the boat sped. A small wooden handle projecting from the end of the tube was used to steer with. For two hours Mr. Wright rode about the lake, backing the boat, or slowing its speed, or turning in its length at will.

Trade of the Week.

New York, Aug. 2.—Bradstreet's says: General trade throughout the Province of Ontario remains seasonably quiet, with the volume for July less than that for June. There is no improvement in business circles at Montreal, although the outlook is encouraging, and hope is now entertained there that La Banque du Peuple will be enabled to resume business. Halifax advices are that the hay crop in Nova Scotia will be an average one, the fruit harvest abundant, and the outturn of grain favorable. The hay crop in New Brunswick will be light, and on Prince Edward Island harvests will be fair, though the weather is very dry.

There are 24 failures reported from Canada this week, against 25 last week, 31 in the week a year ago and 43 in the week two years ago. July bank clearings at Montreal, Toronto, Halifax and Hamilton aggregate $87,453,000, an increase of about 12 per cent over a year ago, but an increase of only 2 1-2 per cent. as compared with July, 1893, and a falling off of nearly 4 per cent. as compared with July, 1892.

May Have to Close Stanford University.

San Francisco, Aug. 2.—In an interview, Mrs. Leland Stanford is credited with saying that there is no truth in the report that an effort will be made to have Congress refund the money in case the Government's suit goes against her. She says if she loses the suit the university will be closed, as there is no way it can be kept open. She does not believe the Government will win, but no new buildings will be erected this year on account of the doubt.

Held Up a Stage for $10.

Merced, Cal., Aug. 2.—The Coulterville stage was held up and robbed 12 miles northeast of that city yesterday afternoon. There was only one passenger, who gave up what he had—a $10 piece. Several packages of coin were taken, but the amount is not known.

Mrs. Celeste Coon, Syracuse, N.Y., writes: "For years I could not eat many kinds of food without producing a burning, excruciating pain in my stomach. I took Parmelee's Pills, according to directions under the head of 'Dyspepsia or Indigestion.' One box entirely cured me. I can now eat anything I choose, without distressing me in the least." These pills do not cause pain or griping, and should be used when a cathartic is required.

Hawaii and the Cable.

San Francisco, Aug. 2.—Honolulu advices say members of the Senate Committee to whom was referred the bill to facilitate construction and maintenance of telegraphic cables in the Pacific have recommended that it be passed without amendment.

DOBLITTLE'S HOSE COUPLER

Saves leaking at Water Tap.
A simple, tight lock.
25c. PER PAIR.

The Keith & Fitzsimons Co., Ltd
111 King-St. W., Toronto.

Tips From Wall-Street.

The market was weak to-day, closing at about the lowest prices.

The most active stocks were: Sugar 99,400 shares, St. Paul 22,000, R.I. 9000, N.W. 3800, W.U. 4300, L.S. 1300, Wax 2900, Reading 4200, Mo. P. 5900, L.&N. 7900, C.S. 3300, B. & Q. 16,200, C.O.C. 1200, C. Gas, 20,100, Distillers 7900, Manhattan 1300, T.C.I. 2500, G.E. 1800.

McIntyre & Wardwell send the following despatch to their branch office in Toronto: Sugar was the feature this afternoon; an operator, who has been conspicuous on the bull side of stock, recently is supposed to have been liquidating. His sales are placed at as high as 20,000 shares, and it is generally thought that the account is not yet closed out. As his position in the stock has been a menace to the market for some time past, the completion of liquidation will make it much safer. This action of Sugar, however, induced selling in the general list, but there was good commission buying on the decline. It is said that the business of western roads is not improving as much as was expected, owing to low rates and underhand cutting. The independent anthracite coal operators have made a strong protest to the coal road presidents about the demoralization in the trade. It would seem that a good demand for coal is appearing at the present extremely low prices. The Wabash annual reports show a loss for the year of $598,000 in gross and an increase of $310,000 in net.

RICE LEWIS & SON

(Limited),
Corner King and Victoria-streets, Toronto.

McIntyre & Wardwell (John J. Dixon, received the following despatch over their private wires to-day from Schwartz, Dupee & Co., Chicago: Reports from New York of gold exports again to-morrow once more put the bull wheat considerations in the background. Wheat dropped considerably under the put price, and rallied only feebly. St. Louis receipts showed a light increase over last year's; crop reports from the Northwest were all bearish. There was liquidation by almost every class of holders, particularly by the locals. Cables steady at the opening, but not so strong at the close. The aggregate of the cash sales here was very small, less than 50,000 bushels. New York reported no demand there. The only business reported was from Montreal, 140,000 bushels. Primary receipts were not much over 300,000 bushels, against almost 900,000 bushels last year. Although northwestern people say their movement will be very large, they do not expect it to begin for a fortnight. Minneapolis and Duluth had only 64 cars, against 372 last year. Corn was weak, dropping over a cent for September, and 3-4c for May. The country was liquidating long September. The May weakness was on the splendid crop prospects. New York said the cash demand had dwindled there. Receivers said offerings to arrive were increasing.

Provisions opened higher; stocks of provisions proved to be a little under public estimate and there was considerable outside buying and covering of scattering shorts. The offerings by packers soon filled this demand and a slumpy break followed, with stop loss orders quite prominent in September pork. No support to the market was offered, except the covering of several thousand pork by a leading short. The cash demand was not nearly as good as yesterday and there are at present no prospects of a satisfactory consumptive demand from the south, and, therefore, outlook for holders of September and October contracts is discouraging.

Henry A. King & Co. received the following despatch over their private wire to-day from Chicago: Our wheat market shows a decline of a cent and a half since the offering. Influences working against the price are dull business, lack of cash demand, very small clearances and better news regarding the spring wheat crop. We are getting advices from our friends
