WEDNESDAY, MAY 13th, 1885.

ANNAPOLIS, S. S.,

In the Municipal Council, Semi-Annual Meeting, 1885.

Council met in Tupper's Hall, Bridgetown, on Tuesday, the 5th day of May, inst., at 10 o'clock a. m.

Present.—The Warden; Councillors Roy, Phinney, Slocumb, Leonard, Vidito, Young, Pickup, Thorne, Clark, Whitman, Mills, Bent, Beals, Dukeshire, Buckler.

Minutes of Annual Council read and approved.

Joshua J. Buckler, the Councillor elect for Ward No. 15, was then sworn into office.

The address of the Warden was then read, and on motion the same was ordered to be printed with the proceedings. The following is the address:—

Gentlemen of the Municipal Council:—

Since our annual meeting in January, but little has transpired to lay before you. I have, however, prepared a memorandum of what has been done, and what may require your attention. Messrs. Thompson and Graham, Barristers, Halifax, placed their bill of counsel fees and costs on argument *in re* Nictaux and Atlantic Railway in the hands of an attorney for immediate collection. I requested the Treasurer to remit the amount one hundred and two dollars and fifty cents, which he did, and now holds their receipt in full; the same was placed in the estimates of this year. Through some mistake in printing, road conveyance prisoners to Dorchester $102.50.

In regard to the vacancy in Council from Ward No. 15, I issued a warrant to the presiding officer dated the 17th March, naming Tuesday, the 14th day of April, for election day. Mr. Buckler was declared duly elected by the presiding officer and will be sworn in this session.

Some $1,295.95 has been paid on assessment balances for the years 1878, '79, '80, '82, and 1883. I regret to say that no action has been taken to collect the old balances remaining due from delinquent collectors.

The collectors for last year have paid in their assessment rolls in full, with the exception of some small claims which were allowed them by committee on assessment.

The committee on Tenders and Public Property have succeeded in getting the collection of rates for the present year guaranteed, with only one exception; and having such repairs made to the jail as were authorized. The same committee on Poor House and farm have probably attended to the duty imposed on them and will report during this session.

The amended and new bye-laws passed last session, subject to approval of the Governor in Council were not forwarded to Halifax by the Clerk until the 18th ult., therefore did not receive the sanction of Governor in Council before the 22nd of April, which was one day after the change made by our new bye-law for holding the half yearly meeting. I much regret this neglect happened, as all the councillors except four met here on Tuesday, the 21st of April, at considerable expense.

The Treasurer has paid $2,000 to the Hospital for Insane since our January meeting and $1,000 in 1884, making in all $3,000, being $574.45 less than our estimate of 1884 for the insane asylum.

The Road Grant for this year is $6,566, less bridge interest $59.04, making the net amount of grant for this year $6,506.96, nearly $500 more than last year.

As the principal business before us this session will be the appropriation of the road grant, the mode of expenditure and some few petitions lying over from our annual meeting to be taken in consideration.

I would like this Council to take into consideration the building of a County Asylum, as a larger number of the patients from this Municipality, now in the asylum at Halifax who are not of a dangerous class, could be treated in a County establishment at a much cheaper rate than they could in the institution at Halifax.

I see no reason why our business at this session should not be brought to a close within a few days.

Bridgetown, May 5th, 1885.

The following is the report:—

To the Warden and Members of the Municipal Council in Semi Annual Meeting convened.

Your committee on Tenders and Public Property beg leave to submit the following as their semi-annual report.

We caused notices to be posted in the various Wards of the County calling for Tenders for the collection of Rates for the current year, and after the period of tendering had expired, and on examination of the Tenders we awarded the collection as per annexed schedule marked "A."

We communicated with the proprietors of both local papers and received but one Tender, namely from Mr. Piper, of the Monitor, who has contracted to do the printing of the Municipality for the current year for the sum of $133.

Your committee offered the site of the old Court House for sale and received no offer that they would accept, since then we have had an offer of exchange by taking the old church and lot on which it now stands, and would recommend to the Council that the Warden be authorized to borrow $1,900 for the purpose of purchasing said church and lot and fitting the same up for a Court House, thereby saving the Municipality the expense of renting halls and fitting up the same for holding the Courts and other meetings as there is ample time to have said building ready for holding the June term.

The whole of the furniture of the old Court House was saved, and we will therefore not be obliged to purchase lamps, stoves, desks, etc., etc., with which to fit up said Court House, as we have them already on hand.

We deem this an opportunity that should be embraced at once in the interests of the tax-payers of the County, the site being an eligible one, and the building easily convertible into a commodious Court House at a very trifling expense comparatively, as in reality it only entails an expense to the County of $1,000, as the Insurance on the old Court House, destroyed, in reality should be appropriated to the rebuilding of another Court House at Bridgetown.
