'TWAS GREAT ONE, SAY THE BOWLERS

Local Tournament, Commenced Labor Day, Concluded--Govenlock and White Winners.

One of the best local tournaments in the history of bowling was begun on Labor Day on the greens of the London Rowing Club, bowlers from the Rowing Club, Thistle Club and Asylum Club taking part. About twenty rinks were entered and a splendid time was had. Bowlers say that it was as pleasant a holiday as they have had in some time.

One of the features of the day was the presence of many new bowlers. The grand old game is making progress in the city, and it is becoming more popular all the time.

The finals of the association match brought together Skip Govenlock and Skip Lochead. The trophy went to Govenlock in a well-played match.

In the consolation Skip A. W. White had to acknowledge the prowess of Skip Snelgrove. The game was a good one.

The finals were not concluded until last evening.

The following are the scores:

CUCUMBERS and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, etc. These persons are not aware that they can indulge to their heart's content if they have on hand a bottle of Dr. J. D. Kellogg's Dysentery Cordial, a medicine that will give immediate relief, and is sure cure for all summer complaints.

AUGUST WEATHER IN THIS PROVINCE

Official Monthly Report—Very Warm—Average Amount of Rain and Sunshine.

Toronto, Sept. 6.—In this Province the weather during August was exceedingly warm, more especially from the 1st to 11th and 16th to 26th, when the daily maximum temperatures were generally between 80° and 90°, the latter figure being occasionally exceeded at some places. The rainfall varied considerably with the district, both as to quantity and dates, but from the 4th to 9th and on or about the 18th, 20th, 22nd and 26th there were falls at many places in the western portion, while in eastern districts they were more general on or about the 3rd, 6th, 10th, 20th, 23rd and 28th. In most instances the rain was accompanied by thunder, and in districts contiguous to the north shore of Lake Erie and the Counties of Victoria and Peterboro the total rainfall was heavy. The proportion of bright sunshine did not depart much from the average. The following notes have been received from observers:

Stratford—Crops all in by 31st. Wheat and barley reported a good crop, but oats and peas light.

Port Arthur—Lakes normal. Harvest all under way and most satisfactory with regard to yield.

Port Hope—Crops good and fine harvest weather.

Bruce Mines—Barley, oats and wheat average, straw short, peas below average, potatoes a good crop.

Gravenhurst—Hay and grain are good crops, but weather too dry for roots.

Sutton West—Grain crops good and well stored, rot in potatoes general.

Stony Creek—Grain turning out well, late peaches will be scarce, some apple orchards injured by hail.

Georgetown—Early potatoes have rotted badly; peas are a light crop.

Port Dover—Corn and potatoes a very good crop, apples and peas promise well.

Lucknow—Roots and corn doing well.

Elmsdale—Grain crop fairly good.

The rainfall has been less than average over the greater part of the Dominion, portions of Ontario lying east and south of the Georgian Bay and immmediately north of Lake Erie, together with the more southern portions of Alberta, alone showing a small excess.

The highest and lowest temperatures recorded in Ontario during the month were: Ottawa, 95°, and White River (Algoma), 31°.

BLOCKED HALF AN HOUR

Street Cars Held Up at Richmond Street Crossing of G. T. R.

Manager King, of the street railway, has complained to City Engineer Graydon that the Grand Trunk Railway is continually blocking cars at the Richmond street crossing.

On Tuesday last, Mr. King said, the railway held up traffic on the street railway from 11:35 a.m. until 12 noon. This is a little too much of a good thing, Mr. King thinks. He points out that when Richmond street is blocked, the big belt, South street belt, Edward street belt, Wellington street and Hamilton road cars are held up.

Mr. Graydon has written the G. T. R. on the matter.

The city engineer has given Mr. King permission to run the South street belt cars the other day during fair week, so that they may be operated north on Rectory street to the fair grounds, where they will turn on the loop and go west on Dundas street to Richmond, where they turn south and complete the trip through the south end.

Mr. King promises to put on an extra car during the week.

WANT TRAIN STOPPED

Westminster Students Make Request of Pere Marquette, Through Mayor.

Residents of Westminster Township have asked Mayor Judd to endeavor to have the Pere Marquette Railway stop its 4:30 daily train from London at Westminster in future, for the accommodation of the large number of students from that place who go to school in London.

At present, owing to the fact that the train does not stop at Westminster, the students are unable to leave for home until 7 o'clock.

His worship has written the Pere Marquette, asking that the request be complied with, as a favor to the city of London.

WILL REGRET HIS DEATH

Londoners in Chicago Highly Esteemed John Jamieson.

One of the most prominent Canadians in Chicago, Mr. John Jamieson, died at his home, 7437 Parnell avenue, on Wednesday, of Bright's disease. Mr. Jamieson had been ill for some time.

The deceased was a native of Dundas, 54 years of age, and removed to Chicago in 1884, from Brantford, where he was manager of the Courier. On going to the Windy City, he identified himself with the Western British-American, a publication devoted entirely to the interests of Canadians and British subjects generally, and he remained with it until his fatal illness developed. In this way, he came in close touch with many ex-Londoners in Chicago, among whom he was very well liked.

Mr. Jamieson was prominent in Masonry, being a member of Woodlawn Park Lodge, A., F. and A. M., and of Englewood Chapter, R. A. M. He was also a member of the Chicago Press Club. A widow and one son survive. The funeral was held at Chicago today.

GREENBAUM'S PUNISHMENT

Must Spend the Rest of His Days in the United States.

Jacob Greenbaum, the silk thief, taken from this city early in the week, appeared in the Toronto police court yesterday on a remanded charge of stealing a piece of silk from Cockburn & Rae, last June.

Mr. T. C. Robinette, K. C., withdrew the plea of not guilty and substituted one of guilty, saying that if the prisoner was allowed to go his son would take him back to the States.

"Very well," said his worship. "I will remand him for sentence. If he goes over and lives in the States for the rest of his life that will be punishment enough."

FUNERAL OF EX-MAYOR

Remains of Hon. David Glass Interred at Mt. Pleasant.

The remains of the late Hon. David Glass arrived in the city today from Spokane, Wash. The funeral was held at 4 o'clock from the Grand Trunk depot to Mount Pleasant Cemetery, and it was attended by many London friends of the deceased, who was at one time mayor of the city. In the cortege were several members of the council and the Law Society.

The funeral was under the direction of Kilwinning Lodge, Mr. Glass being a past master of the same. The active pallbearers were past masters of the lodge—Police Magistrate Love, A. A. Campbell, Thomas Scandrett, Dr. A. O. Jeffery, B. S. Murray, E. W. M. Flock and W. W. Gammage.

The Masonic service was conducted by Ven. Dean Davis The burial service of the Methodist Church was read by Rev. J. W. Graham, of the First Church.

The honorary pallbearers were Messrs. V. Cronyn, J. H. Flock, K.C., George C. Gibbons, K.C., T. H. Luscombe, R. Bayly, K.C., and M. G. Bremner.

THE DEADLY SPARK

Ignites Mow and Destroys Two Homesteads With Outbuildings.

Ottawa, Sept. 6.—Near Black Rapids, Nepean Township, yesterday afternoon, while a steam thresher was working at the farm of Thomas Boyce, councilor of Nepean, a spark ignited the straw in a mow. The fire, fanned by a strong gale, burned furiously, destroying barns, outbuildings and the season's crops, and then jumped to the brick house, which was destroyed with contents. The flames then leaped to the adjoining farm of William Ready and did similar destruction. Neighbors are looking after the suffering families, who have lost all. Mr. Boyce's loss will exceed $5,000, while Mr. Ready's is over $4,000. The threshing separator was also destroyed with one of the horses.

THIS IS DIFFERENT

Monarch Life President a Witness Before Insurance Commission.

Toronto, Ont., Sept. 6. — The evidence of Mr. A. Gordon, M. P., president of the Monarch Life, this morning, put a different aspect upon the affairs of the company as disclosed by previous evidence. Mr. Gordon said he had signed a few stock certificates in ignorance that they were part of the 1,400 shares in payment for Mr. Ostrom's copyright. As soon as he learned the facts, he refused to sign any more, and canceled those he had signed. The arrangement claimed by Mr. Ostrom, respecting the purchase of the copyright, was made prior to Mr. Gordon's connection with the company, and he signed the agreement produced by Mr. Ostrom, in connection with the matter, only in anticipation of the meeting of shareholders, and subject to ratification by them. That ratification had not been given, and the action of the executive in connection with the matter had never been confirmed, and therefore had no force. There was no authority for the issuing of the stock to Mr. Ostrom, and Mr. Gordon was in ignorance of the fact that Mr. Graham had signed the certificates for the stock. The investigation into the affairs of the Home Life will be proceeded with this afternoon.

Advertiser Correspondence

MUNICIPAL HOUSE-BUILDING.

To the Editor of The Advertiser:

In your paper you recently published a letter of Mr. J. A. Murray's, favorably indorsing a scheme for the municipal erection of houses for workmen, which I was very interested in reading, and heartily indorse. This matter had been touched upon by several of the prominent papers recently, and I think is worthy of serious consideration. This country is essentially democratic, and I am strongly of the opinion that Government ownership should first of all confine itself entirely to such matters as will benefit the public generally, without distinction of class or creed. While your correspondent apparently is a Toronto man, and interested in Toronto manufactures, it is not in Toronto alone that the scarcity of houses exists. The same applies to almost every city and large town in Canada, and, while the working class generally in this country are in a prosperous condition, so far as their earning power is concerned, they must have shelter for themselves and their families, and the trouble is, it seems to me, not alone the high rents that have to be paid, but the fact that houses are almost unobtainable. There is no doubt that this is partly due to the vivid recollections of the large amounts of money lost in the various real estate booms of a few years ago. But if this matter was taken up by the municipalities they should be in a position to know from the figures handed in to the various assessment departments the actual requirements of the various towns, and thus avoid any repetition of over-building such as occurred in the booms above mentioned. I should be very glad to see your paper and others take this matter up so actively as to force the authorities to at least give serious consideration to the subject.

At the recent convention of the British Medical Association the matter of the distribution of milk by municipalities was strongly indorsed, and I would also like to see this receive the attention it deserves, which is, I think, very great, as pure milk is essential to the health of the entire population.

Thanking you for the space in your paper. Yours, etc., NATIONAL.

HOME DECORATIONS

The Growth of Artistic Taste in Canada—A Model Drawing-room.

Taste in home decoration has improved enormously during the past five years. Wealthy persons who can afford "period" decoration are giving eminent artists carte blanche, while those in more moderate circumstances content themselves with a tasty approximation to the principles of artistic room treatment. Those interested will find a particularly fine example of the Marie Antoinette style of ornamentation in the model drawing-room shown by the T. Eaton Company at the Toronto Exhibition. This room in rose-pink, with curtains, wall paper and upholstering to match, has attracted a great deal of attention, and will do so because of the exquisite furniture used to carry out the decorative scheme. In one corner there is the piece which adds vraisemblance to the whole, a magnificent Gourlay piano of Marie Antoinette design. The inlaid work, the gentle curves of the case, the exquisite painting upon the music desk unite to make an instrument well worthy of the most elaborate drawing-room that wealth and taste can furnish. The Marie Antoinette Gourlay is the triumph of Canadian industry, and the real beauty of it is that its luscious tone is in no sense inferior to the attractiveness of the case. It would be a poor model drawing-room without a Gourlay in it.

This "Marie Antoinette" piano was selected yesterday along with other styles of Gourlays by Mr. J. A. McDonald, of the McDonald Music Company, Halifax, for exhibit at the coming Halifax Fair.

CHURCHILL SENDS WORD

Through Mouth of Hamar Greenwood Say Britain's Our Friend.

Toronto, Sept. 7. — An emphatic assurance to Canadians that the new Liberal Government of Great Britain entertains the kindlies feelings for the colonies was read by Mr. Hamar Greenwood, M. P., at a banquet last evening, in the form of a letter from Mr. Winston Churchill, under secretary for the colonies. Mr. Greenwood, who was the guest of the directors of the exhibition at a complimentary banquet on the exhibition grounds, supplemented the letter with a speech, which by reason of its magnetism, its wit and it sturdy imperial sentiment, gives some explanation of his rapid success in the British political field. When Mr. Greenwood concluded he was warmly complimented and acclaimed as a sturdy Canadian whose success was deserved, and gave promise of a fulfillment of ambitions to which he candidly owned.

MET A WATERSPOUT.

New York, Sept. 7. — Officers of the steamer Lombardia, which reached port today, report having narrowly escaped an encounter with a waterspout while 700 miles southeast of Sandy Hook. The spout appeared suddenly and caused a commotion on the steamer, which carried 105 cabin and 1,000 steerage passengers. Capt. Oreng ordered the ship's doors and hatchways closed and prepared for the encounter, but the waterspout swept past a short distance from the ship.
