J. ALEX. ROBINSON, P. M. G.

When the letover of stewed chicken seems too little to make a family dish, hard boil a few eggs, add pepper and salt, put the mixture on buttered toast and you have a delicious dish.

Over 30,000 bottles of Stafford's Liniment sold last year.

Fairbanks Brass Globe and Angle Valves to be had at BOWRING BROS., Ltd., Hardware Dept.—feb6,tf

STARTED TO BUILD—The foundation work for the Imperial Tobacco Co.'s new store adjoining their factory has commenced.

Outport Store Robbed.

Detective Byrne on the Trail.

On Sunday night last the general store of Mr. Albert Whareham of Spencer's Cove, P.B., was broken into and cash amounting to one hundred dollars was stolen from a strong iron box which the proprietor had been accustomed to keep his money in. The thief entered the building by means of false keys and after disarranging a quantity of goods he succeeded in finding the temporary safe. The robber had carefully laid his plans, and judging by the manner in which he opened the strong box, he must have been armed with an ingenious device. At the usual hour on Monday morning Mr. Whareham opened up his store, and seeing his goods disturbed, made straight for the cash box, and to his great surprise found it empty. He immediately reported the matter to the local police officer who in turn communicated the particulars to headquarters at St. John's with the result that on Wednesday last Sergt. Byrne left for Spencer's Cove to inquire into the matter. Up to yesterday no arrest had been made but in all probability the guilty party will be rounded up in a few days.

Laborers Want More Pay

The 'Longshoremen's Union will look for an increased rate of pay at the first of next month. They will ask for $3 a day or about 15 per cent advance over what they get at present. This demand is the outcome of the enormous high prices asked for food stuffs and other necessaries of life.

Patrol Boat of New Type Added to Navy.

Among recent additions to the navy is the 60-ft. patrol boat "Chingachgook," officially known as "No. 10," which was exhibited at the last annual motorboat show in New York, as a sample of the type aproved by the Navy Department for coast defense. It was hoisted from the water by a floating derrick and transported on a special truck to the show. Its beam is 10 ft., draft 3 ft., and steel bulkheads divide the hull into six compartments. Its armament consists of a three-pounder rapid-fire gun aft, and a 30-calibre Colt automatic forward. The gasoline tanks have a capacity of 810 gal. and two 8-cyl. motors give it a maximum speed of about 26 miles an hour. At that speed its radius of action is 600 miles, but at a cruising speed of 12 miles it can cover a distance of approximately 1,200 miles without refilling its tanks. Berths are provided for a crew of eight. A picture of the craft appears in the May Popular Mechanics Magazine.

New Type of Submarine Destroyer.

Said to be One of the Most Efficient Yet Conceived.—Will be Virtually Immune from Torpedoes.

Wilmington, Del., April 9.—Alfred I. Dupont has announced his intention of turning over to the government a submarine destroyer of a new type now under construction at Bristol, R. I., and which is pronounced by experts to be one of the most efficient yet conceived. It is to be one of all steel construction, 110 feet long, 15 feet beam, and a draught of only 4½ feet, and will be completed July 1st. The light draft of the boat, it is said, virually will render it immune from torpedos.

Sudden Finish of Hun Submarine.

New York, April 12.—The destruction of a German submarine through striking a mine, while the U-boat was shelling a British horse transport was described here to-day by an eye-witness—an officer on a Dutch steamship, recently arrived.

The Dutch ship was rounding the Irish coast, the officer said, when the submarine appeared and started after the British vessel, some distance away. Shells from a deck gun brought the transport to a stop, and the men were taking to the boats as the submarine approached.

Suddenly there was heard a heavy explosion and the U-boat was lifted out of the water and, turning in the air, plunged downward, bows first. The officers of the Dutch ship were of the opinion that the submarine struck a German mine.

Speak of Them in the Highest Terms

WHY MR. AND MRS. WEST RECOMMEND DODD'S KIDNEY PILLS.

They Cured Mr. West's Lumbago and Made Mrs. West Feel Like a New Person. They Are the Best Tonic.

St. James, Man., April 20th. — (Special.)—That Dodd's Kidney Pills are living up to their great reputation in the West is twice proved by Mr. and Mrs. G. West, well known and highly respected residents of this place. Let Mrs. West tell the story of what the great Canadian kidney remedy has done for her husband and herself.

"My husband suffered from attacks of lumbago," she states, "and the doctor did him no good, but I can truthfully say that since using Dodd's Kidney Pills he is entirely free from lumbago.

"I myself took six boxes of Dodd's Kidney Pills and am just like a new person. I have gained 10 lbs. since using them and my friends compliment me on how well I look.

"I have recommended Dodd's Kidney Pills to some of my lady friends who were complaining of not feeling well, and they, like myself, speak highly of them."

"Dodd's Kidney Pills cure the kidneys. Cured kidneys make pure blood. That is why Dodd's iKdney Pills are the best tonic.

Definite Move Made by Austria.

FOR A SEPARATE PEACE.

Washington, April 14.—Official reports received in Washington from Berne state that a former Austro-Hungarian Ambassador to Great Britain is attempting to open negotiations with England looking to the conclusion of a separate peace between London and Vienna.

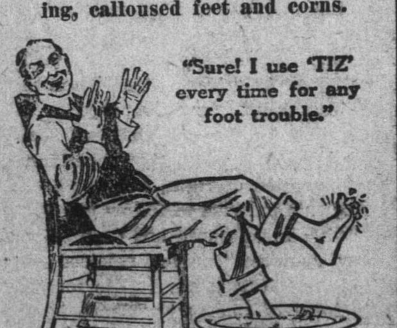
At both the State Department and the British Embassy extreme reticence is displayed when peace possibilities are suggested, based on the Berne report, and the Austrian Embassy claims not to be advised upon any political activities in Europe.

This former Austro-Hungarian official is said to be authorized bl his Government to learn from Great Britain the terms on which a separate peace for the Vienna Government might be obtained. The British intermediary, apparently a civilian, is said not to have given any assurances to the Austrian, but to have asked, in turn, for the terms which Austria-Hungary would be willing to accept.

There is some ground for belief that some slight progress is being made in these overtures, the more so as Great Britain was said to be taking measures to counteract Germany's efforts to make a separate peace with Russia. The defection of Austria-Hungary from the German cause would more than offset the retirement of Russia from the war, and would have as a consequence the withdrawal of Bulgaria and Turkey also. The latter country is already showing unmistakable signs of war weariness and exhaustion, following the British and Russian successes in Mesopotamia and Persia, and the unrelenting if comparatively slow British advance on Jerusalem.

"Tiz" Fixes Aching, Swoolen, Sore Feet

How "TIZ" does comfort tired, burning, calloused feet and corns.



Good-bye, sore feet, burning feet, swollen feet, tender feet, tired feet.

Good-bye, corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "Tiz" is magical, acts right off. "Tiz" draws out all the poisonous exudations which puff up the feet. Use "Tiz" and wear smaller shoes. Use "Tiz" and forget your foot misery. Ah! how comfortable your feet feel.

Get a 25-cent box of "Tiz" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.
