HER STORIES CONFLICT.

Two New Witnesses in Rodney Trial—Rogers Has More Evidence.

Rodney, May 5.—(Special.)—Hector Purcell and Thomas Congdon were witnesses in the Lowry murder trial to-day. They had visited the Covell house shortly after the discovery, and the story Mrs. Covell told them was at variance in certain details with that told at the inquest. She had said, for instance, that the murderer threatened her with a knife and displayed a cut on her waist in proof. This was not mentioned to the authorities.

Detective Rogers is said to have some strong evidence which will be produced when the trial is resumed next Thursday. The prisoners were taken back to St. Thomas jail.

TO DEPOSE EQUITABLE EXECUTIVE

Directors Call a Meeting to Consider Suspension.

New York, May 5.—The Evening Post to-day published the following:

An informal meeting of the directors of the Equitable Life Assurance Society, not including its executive officers, has been called for next Monday afternoon at 3 o'clock. At this meeting it is declared on excellent authority, the resignation or suspension of President Alexander, Vice-President James Hazen Hyde and Second Vice-President Gage E. Tarbell will be discussed.

It is regarded as significant that the executive officers are not invited to attend Monday's meeting. The call for the meeting is regarded as by far the most significant development of the past 10 days. It was unsigned.

Preferred Death to Moving.

Chicago, May 5.—The thought of deserting a home filled with associations of her husband was too much for Mrs. Lillian Morse Smith, and early yesterday morning, just before the movers came to complete the despoilation of the apartment, she committed suicide at the residence of her uncle.

On Trial for His Life.

London, May 5.—Robert Proctor, the negro who is charged with murdering a circus hand a year ago, was this afternoon placed on trial.

1—2—3
Sung to Sleep by Coffee.

"The fearful work coffee has done for me is difficult to describe.

"I had no idea how weakened one can become from the breaking down effect of Coffee on the nerves.

"When that has gone on long enough, most anything may set in. I had three attacks of pneumonia and became a chronic invalid. I had no idea that coffee had put me in my deplorable condition. Well, I finally went to Colorado on advice, and found a nice place to board with a family. The man of the house had just returned from a sojourn in California, whither he had gone for heart trouble, but the doctor out there discovered his weak heart was caused by coffee, took it away and gave him Postum. His trouble was quickly dismissed and he came home a well man. He suggested that probably it was coffee affected me. I laughed him to scorn, nevertheless I began gingerly on Postum and found it so rich, and with a nice coffee snap that I liked it immensely.

"From the beginning the Postum Coffee had a beneficial effect on me. I improved in every way, my sleep came back, healthy and refreshing, and in a few weeks I went home a well woman, as I am to this day. I still use Postum, of course, and will never return to the old kind.

"Noting the good effects of Postum in my case, I wrote home urging that it be given to my 12-year-old daughter, who was very delicate and frequently ill from a complication of diseases connected with the liver. Well, my people tried it, but were disgusted with it they didn't make it right. They said it was impossible for them to drink it, and my daughter rebelled and cried for the old kind of coffee. When I came home I changed all that by making it right—allowing it to boil for 20 minutes after it first came to a boil, and served it with cream. The child relished it at once, and benefited from the first, strength came to her day by day and she began to develop and was enabled to go to school much more regularly.

"It was a year after I began to use Postum before my husband would use it. He preferred to carry a small bottle of pepsin, and every time he drank coffee would take a dose of pepsin to overcome the sour stomach produced by the coffee. He held out for a year, but of course got worse and finally got to feeling so badly that he grew desperate and tried Postum. After the third day he became a convert to Postum and the pepsin bottle went into the ash barrel. That was two years ago, and he still uses Postum and is entirely free from the old troubles." Name given by Postum Co., Battle Creek, Mich.

There's a reason

HAMILTON MAN'S BROTHER SUICIDES AT LOUISVILLE

John Myers Apparently Takes His Own Life—Appointment to Police Force.

Hamilton, May 5.—(Special.)—This afternoon the police commissioners appointed Bert Thompson to take the place on the police force made vacant by the resignation of P. C. Oakes. Only six applied for the job. Detective Campbell got two months' leave of absence to visit his father in Scotland.

The annual competition among the students of the Ontario Normal College in oratory, poetry and essay writing took place this evening. The winners were: Essays, Miss Lindsay, Caledon East, 1; Miss Cummer, Parry Sound, 2. Poetry, Miss Jean G. Dickson, Seaforth, 1; Thomas E. Davis, Norway, 2. Oratory, J. G. Workman, Orangeville, 1; Miss M E. Cullver, B.A., Waterford, 2. The judges were: Essays, A. T. Freed, C. R. McCullough and Rev. Dr. Rose. Poetry, J. L. Lewis and J. S. Gordon. Oratory, Hugh Murray, Rev. E. J. Etherington and George S. Lynch-Staunton, K.C.

The City Baseball League will be opened at Britannia Park to-morrow afternoon. Mayor Biggar will throw the first ball over the plate. There will be two games, the first between the W.E.P.C. and the second game between Britannias and St. Patricks and St. Lawrence. The price of admission will be 15 cents.

The Old Trick.

To-day a stranger passed a worthless cheque for $15 on M. Kennedy, North James-street. It was drawn in favor of Herbert Williams and bore the signature of Thomas Ramsay.

This evening the Trades and Labor Council passed a resolution calling upon the local and provincial boards of health to remedy the sanitary condition of the coal oil inlet. These delegates were appointed to attend the convention of the Labor Educational Association, which will meet at Galt on May 24. E. V. Lucas, Charles Bird, Norman Thompson.

Suicided at Louisville.

A despatch from Louisville, Ky., says that the body of Fred Myers was found in Shawnee Park Tuesday morning with evidences of strychnine poisoning. A note was found asking that his brother, John Myers, 187 Northwest-avenue, Hamilton, be notified. Myers was buried in Louisville to-day. Until a few months ago he had been employed as a salesman at Oak Hall. His wife is living with her parents in Toronto.

A detachment of the 91st Highlanders' Regiment will leave to-morrow evening for New York. It was proposed to take the regimental colors, but permission was refused, as it was feared that they might be mutilated.

Hotel Deals.

James Dowling, a member of the board of health and his brother, John, have applied for the license of the Simcoe Hotel, and the commissioners will consider the application on May 16. The Hotel Royal people are talking of spending $25,000 on two new storeys for their building, and a Turkish bath in the basement. It is said now that the commissioners will not cut off the license held by Alex. Brawley and Miss Peaver.

Nearly all the brick manufacturers of the city have doubled their plants, and while there are only some 250,000 bricks on hand now, they say that the output for the year will amount to about 16,000,000 bricks, or some 5,000,000 more than were made here last year. They expect to be able not only to supply Hamilton, but also outside points.

St. Philip's Church, in the east end of the city, will be built without delay.

The county council will consider the Radial Railway Company's application for a right of way between Hamilton and Bartonville to-morrow. The company is willing to give a half-hourly service, and to sell six tickets for 25 cents. It wants to build along Main-street to the Delta, and thence thru Bartonville.

Veterans' Cigars, 5 cents each, at Billy Carroll's Opera House Cigar Store. ed

Office and bank safes and vault banks repaired. Crisp, the locksmith. 6

HIGHLANDERS GOING TO HAMILTON

To Spend the 24th—Niagara Camp Company.

The Highlanders paraded at the armories last night 538 strong. The usual parade was not taken, Col. Macdonald devoting the evening to battalion and company drill. The regimental orders announce that the annual company inspection will be held on the evenings of the 15th and 19th inst., four companies on each night.

The orders also contained mention of the authority granted by the minister of militia for the formation of a provisional battalion from the city corps to attend the camp at Niagara, which opens June 21, and states that one company will be formed from the 48th.

The regiment will visit Hamilton on May 24.

The 48th Highlanders will leave for Hamilton by an early morning train on Victoria Day, arriving there in time for the beginning of the review at 11 a.m., in which the 13th Regiment and 91st Regiment will jointly take part. Col. Macdonald of the 48th will command the brigade and the review, which will be held at Victoria Square, will be under the inspection of Col. Gibson of Hamilton. The manoeuvres will continue until about 1.30 p.m., when the regiments will be dismissed for the day. Besides the general review, each regiment will give a special exhibition of drill, and the 91st is expected to perform the particular evolutions practised when the regiment visited New York. Col. Macdonald said last night that he understood Sir Frederick Borden would be present at the review.

Ministers Discuss Race Track.

Brantford, May 5.—At the meeting of the Ministerial Association, held at the home of Rev. Mr. Harrison yesterday afternoon, it was decided to ask the Lord's Day Alliance executive to investigate the bill now before the house of commons relative to race-tracks, and if there were any clauses in it legalizing gambling at the race-tracks, the executive were requested to enter a protest.

Cockshutt Plant Sold?

Brantford, May 5.—It is reported here that the Cockshutt plant has been sold to an American firm about to open a Canadian branch of their industry. The firm manufactures iron and steel machinery and employs several thousand workmen. They will not start in Brantford with less than 200 hands.

Union Pacific's New Issue.

Salt Lake City, Utah, May 5.—At a special meeting of the stockholders of the Union Pacific Railway Company today, the proposal to issue $100,000,000 of preferred stock was approved by unanimous vote.

Gets a New Trial.

Mountpelier, Vt., May 5.—A new trial has been granted Mrs. Mary Rogers, under sentence of death for the murder of her husband. Alleged new evidence proving mental derangement is the excuse.

EARL GREY SARCASTIC ON ENGLISH CRITICISM

Lightly Refers to It at Canadian Club, Ottawa—Chicago's Reform League.

Ottawa, May 5.—(Special.)—The final dinner for the season of the Canadian Club, held to-night, was a brilliant success. The large attendance included His Excellency Earl Grey, who brought the proceedings to a close by a characteristic speech, referring to the hesitancy he felt in saying anything owing to the warnings he had recently received from each side of the Atlantic, that a governor-general, in matters of speech, treads very delicate ground. On his arrival in Canada, he had been met by many distinctly friendly admonitions thru the press that interference in Canadian affairs would not be tolerated.

"Only the other day," said the earl, "I made a speech in Toronto, and managed to get thru without one word of protest, and behold, there followed cable rebukes from England. "I am afraid if I ventured to touch upon the most interesting question of affairs in Chicago, discussed by Messrs. Fisher and Crane to-night, I might get an interesting communication from the foreign office at Washington." (Laughter.) The safest way to cure the evils of democracy was to establish a self-respecting and patriotic oligarchy, with no other powers than those of the confidence of the people.

President Harper of Chicago University was present thruout the evening. The guests of the evening were: His excellency, Dr. Harper, Charles R. Crane, president of the Municipal Reform League, Chicago; Walter L. Fisher, secretary of the league; Hon. A. G. Blair, R. L. Borden, Sir Sandford Fleming, Mayor Laporte (Montreal), Hon. Mr. Sutherland, (Speaker), Mayor Ellis, Sir James Grant, Viscount Bury, A. D. C.; Charles Marcil (deputy Speaker), Col. Hanbury Williams, Hon. Frank Oliver and others. The chairman read a letter from Lord Roberts in reply to an invitation to attend a dinner in Ottawa when he visited Canada, saying he appreciated the compliment extenced, and how much he sympathized with Canada's pride in her own destiny and the destiny of the empire.

Chicago's Record.

Mr. Crane said that ten years ago Chicago was the most corrupt city in the United States. Now it had an equally good municipal government, chiefly brought about by the efforts of the Reform League. He traced the origin of that movement from the last day of Mayor Hopkins' regime, some years ago, when citizens were roused by the wholesale giving-away of franchises and the corrupt condition of affairs. The men who took up the "cleaning house" movement were simple, everyday men, who used simple, everyday vigilance.

Mr. Fisher said the great danger to a representative form of government was in a great city. In 1896 Chicago was inexplicably corrupt, so that was looked upon as an everyday condition of affairs. Plunder was the order of the day. The thing that roused the people chiefly was the granting of public franchises to private corporations for public utilities, such as lighting and transportation privileges. The principle of competition was that on which the public relied for relief. The formation of the league originally composed of nine men was the first nail in the coffin of boodling in the city of Chicago. The platform from the outset was aggressive honesty in public affairs.

The Greatest Gold Brick.

Mr. Fisher traced the street railway franchises in that city from 1858 up to 1883, when the Street Railway Company applied for an extension of franchise.

Mr. Fisher dealt at some length with the traction problem and the reports of the Municipal Voters' League towards effecting a cleaner condition of affairs that has come about. He detailed the Yerkes manipulation of street car franchises, how he sold out his interests to New York capitalists, and characterized it as "the greatest gold brick of the century." The main object of the league was to eliminate party politics from municipal affairs and give a truly representative government.

Hon. A. G. Blair moved a vote of thanks. Mr. Borden seconded it, and it was carried unanimously.

INVESTIGATING TOBACCO TRUST.

New York, May. 5.—That the federal grand jury is conducting a secret investigation into the American Tobacco Company, and its subsidiary companies, became known to-day.

The investigation is being made by H. W. Taft, brother of the United States Secretary of War, who has been appointed a special assistant United States attorney for that particular purpose.

The investigation is being made under the provisions of the anti-trust law.

GET A FEW GOOD ONES.

Quebec, May 5.—A delegation from the Montreal Fish and Game Association waited upon the minister of lands, mines and fisheries this morning, and requested that the large batch of fish and game wardens in the province, drawing a salary of $50 to $75 annually for little or no work, be retired, and in their place some eight or ten permanent guardians, with a salary ranging from $80 to $1000, be appointed, who would perform the duties in a more satisfactory manner.

Leaves a Drugged Child.

New York, May 5.—The police of this city to-night telegraphed the authorities of Norfolk, Va., to arrest Susie Edwards, colored, on the arrival of the Old Dominion Line steamer Jefferson in that city to-morrow. The woman left a 9-year-old negro girl in the baggage room on the pier here to-day. Later the girl lapsed into unconsciousness, and to-night is in a serious condition, suffering from the effects of some drug.

AN M.-M. EXTENSION.

Winnipeg, May 5.—(Special.)—The Oak Point branch of the Canadian Northern Railway is to be extended northward this summer.

This extension will cross Lake Manitoba at the Narrows and connect with the main line at Ochre River, and will form a section of the Mackenzie-Mann Company's proposed road to Hudson Bay, construction of which is to be proceeded with as soon as the main line to Edmonton has been completed and placed under operation.

Meningitis at Niagara Falls.

Niagara Falls, N. Y., May 5.—Another case of cerebro-spinal meningitis developed here to-day, the victim being Mrs. Edna B. Benedict. One death occurred to-day, a child of Mr. and Mrs. Honsberger, aged 3 months. There are still three cases of the disease in the city. Dr. Jerauld has written the state board of health, asking for advice as to isolation and quarantine.

Called to Hamilton.

Ilton, in conjunction with Rev. Dr. D. Macdonell, who has lately graduated in theology from Queen's University, passed thru the city yesterday with his bride. Mr. Macdonell has received a call to the assistant pastorate of Central Presbyterian Church, Hamilton, in conjunction with Rev. Dr. Lyle.

Owen Sound's Largest Dock.

Owen Sound, May 5.—J. B. Clergue was given credit for ability to size up a situation readily when he said that there was ten miles of harbor in Owen Sound Bay, but most citizens were not prepared to see a recognition of the fact just so soon as the year 1905, to the extent of having shipping facilities supplied nearly two miles from the entrance to the River Sydenham. Still this is a fact, and Messrs. McKinnon & Green are driving piles for the largest wharf within the limits, and will be 1400 feet in length by 88 feet in width and will extend out into the bay to a water depth of 21 feet.
