ENGLAND

London, Nov. 6.—Canadian cattle are steady, but unchanged at 11c to 12½c per pound; refrigerator beef is 9½c to 10c per pound.

TORONTO.

Toronto, Nov. 6.—The run at the city cattle market to-day was 34 loads, with 1,210 head of cattle, 2,3000 sheep and lambs 300 hogs and 109 calves.

The market generally was about steady to-day at last week's prices. There was a light run, but the local butcher trade has been pretty well supplied ot late, and there was no geeat rush for cattle to day. What few choice butcher choice butcher cattle were on hand were picked out, and the top prices paid. After there was not much life to the market and common stuff was going at easy prices, though not receding quotable lower.

The export trade is very quiet, very few in this class offering, and not much stock offering. There is said to be no vessel space available, the large shipping firms in the west having pratically cornered all available space.

The market for feeders is fairly active, several of the latest buyers being still in the market, though several of them it is said, are about filled up. Prices are steady for good feeders.

Sheep and lambs are steady.

The hog market is steady at last week's declines.

Feeders—Good demand; steers, 1,100 to 1,250 pounds, $3.65 to $3.75; bulls, 1,000 to 1,200 pounds, $2 to $2.50.

Short-keep, $4.15 to $4.25.

Export market dull; medium export, $4 25 to $4.40; choice $4.40 to $4.60; extra choice, $4.75.

Butchers—Market stady for choice butcher cattle; choice picked butchers' cattle, $4.40 to $4.50; medium heavy butchers at $3.65 to $4.20; mixed lots and cows at $1.50 to $2 75; fat cows, $3.30 to $3 50; common, mixed, $1.50 to $3.25.

Light stockers—Market steady to firm; fair demand for good quality stock at $3.25 to $3.50.

Vapo-Cresolene

Established 1879

Whooping Cough, Croup, Bronchitis Cough, Grip, Asthma, Diphtheria

Cresolene is a boon to Asthmatics

Does it not seem more effective to breathe in a remedy to cure disease of the breathing organs than to take the remedy into the stomach?

It cures because the air rendered strongly antiseptic is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.

Those of a consumptive tendency find immediate relief from coughs or inflamed conditions of the throat.

Sold by druggists.

EACH MEAL AN AGONY.

Dr. Williams' Pink Pills Cure Obstinate Indigestion After Other Medicines Fail.

When I was first troubled with indigestion I did not bother it, I thought it would pass away naturally. But instead of doing so it developed into a painful chronic affection, which in spite of all I did grew worse and worse until I had abandoned all hopes of ever getting relief." These words of Mrs. Charles McKay, of Norwood, N. S., should serve as a warning to all who suffer distress after meals, with palpitation. drowsiness and loss of appetite—early warning of most serious troubles to follow.

"I used to rise in the morning," said Mrs. McKay, "feeling no better for a night's rest. I rapidly lost flesh and after even the most frugal meal I always suffered severe pains in my stomach. I cut my meals down to a few mouthfuls, but even then every morsel of food caused agony. My digestion was so weak some days I could scarcely drag myself about the house, and I was never free from sharp piercing pains in the back and chest. I grew so bad that I had to limit my diet to milk and soda water, and even this caused severe suffering. In vain I sought relief—all medicines I took seemed useless. But in the darkest hour of my suffering help came. While reading a newspaper I came across a cure that was quite similar to my own case, wrought by the use of Dr. Williams' Pink Pills. I thought if another person had been cured by these pills of such suffering as I was experiencing, surely there was hope for me, and I at once sent to the druggist for a supply of these pills. The first indication that the pills were helping me was the disappearance of the feeling of oppression. Then I began to take solid food with but little feeling of distress. I still continued taking the pills with an improvement every day, until I could digest all kinds of food without the least trouble or distress. I am in splendid health to-day and all the credit is due to Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills go right to the root of indigestion and other troubles by making rich, red blood which tones and strengthens every organ of the body. That is why they cure anaemia, rheumatism and neuralgia and the special ailments of growing girls and women of all ages. Sold by all medicine dealers or by mail at fifty cents a box or six boxes for $2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

BIG FINANCIAL DEAL.

(Toronto Globe)

The largest financial deal in many years in Sarnia has been arranged in the last few days, when the whole stock and assets of the Huron & Lambton Loan Co., Limited, were purchased by the Lambton Loan & Investment Co., Limited, of which Mr. James H. Kittermaster is manager. The purchase price was $468,000.

The ownership of the Huron & Lambton is in the hands of about 200 shareholders, mostly residents of Sarnia and county, and the stock has been paying 6 per cent. dividends regularly for many years past. The advantages of combining the institution with the Lambton Loan Co. have been under consideration for some time by the directors, with the object of saving expense of management.

A meeting of the directors of the Huron & Lambton was held on Monday, Oct. 29, and the following day the Lambton Loan directors met and the transaction was completed, subject to the sanction of the shareholders.

The Lambton Loan and Investment Co. pays 8 per cent dividend, so that shareholders in the Huron & Lambton will receive stock in the other company on the basis of 5 1-2 to 4.

The transaction will make the Lambton Loan Co. one of the strongest in Ontario, with assets of $2,400,000, and a reserve of over half a million dollars.

The Huron and Lambton Loan & Savings Co. has a capital of 1,000,000 authorized, of which $398,500, is paid up. It was instituted in 1897. Hon. T. B. Pardee was the first president an Michael Fleming was first manager. F. F. Pardee, M. P., is the present president of the company. A dividend of six per cent. per annum on the paid up stock has been paid for the many years past, and a reserve of $67,000 accumulated.

The Lambton Loan & Investment Co. started business informally in 1844, when Robert Skilbeck and some Sarnia business men formed a loan society. In 1847 it was incorporated as the Port Sarnia building society. In 1855 it was recognized as the Lambton Permanent Building & Investment Society, and in 1889 the present name was adopted. The company is one of the very oldest in Ontario, and its financial success has been remarkable With its paid-up capital of $500,000 there has been a dividend of 8 per cent. per annum paid each year from the outset, and a rest of $340,000 has been accumulated.

In the combination the paid up capital will be $800,000, and the reserve over $525,000. There will be no decrease in the dividend. A meeting of the shareholders of the Huron & Lambton Loan has been called for December 20 to ratify the decision of the directors.

Ekfrid's Appeal.

Judge Macbeth is engaged in hearing the appeal of the Township of Ekfrid against the assessment of the municipality for county purposes for 1906.

At the June session of the county council the township, on the recommendation of the equalization committee, was assessed at the rate of $40 an acre for the ensuing year. This is an increase of $2 an acre. Ekfrid is not the only township whose assessment was advanced. McGillivray and Metcalfe were each increased $1 an acre, and they accept the decision of the council, but Ekfrid decided to appeal, on the ground that the change in the assessment was unwarranted.

Nearly every township was represented before Judge Macbeth, who, to form a fair idea of what the assessments of the various townships would be, had secured returns from the registry office, showing the price paid for land in each during the past year or more.

Should the appeal of Ekfrid be allowed, the assessment of some other township or townships will have to be advanced to the extent of $2 an acre.

KERWOOD.

Mrs. David Galbraith, of Dakota, is visiting Mrs. R. Galbraith.

Miss Robertson, Ilderton, is visiting her sister, Mrs. Ed. deGex.

Miss Maggie Galbraith, of Denver, Col., is visiting her parents here.

Miss Mabel Morgan returned on Tuesday after a pleasant visit with friends in Sarnia, Detroit, and Amadore, Mich.

Peter Taylor, a Brigden man, was knocked down and robbed of $27 in an alley back of a Pt. Huron saloon.
