This is what Harry Hawker's Sopwith plane looked like when it was first sighted by a passing tramp steamer. Hawker and Grieve had been rescued three days previously, and in the interval the plane floated about in an upright position. It was salvaged and taken to England.

SOLDIERS PROTEST AGAINST STRIKE

Vancouver Returned Men Heartily Opposed to Sympathetic Walk-Out.

Vancouver, B.C., June 13.—A refusal by the city council last night to accede to the demand of the general strike committee, that jitneys be ordered off the streets of the city, resulted in union telephone operators being called from their switchboards this morning. About 200 employes of the British Columbia Telephone Company obeyed the mandate and walked out. The striking employes comprise about half of the operating staff, so that while the service is somewhat impaired it has not been crippled to any great extent, and very little inconvenience has so far resulted.

At a great mass meeting of war veterans here last night, attended by over 1000 returned men, the following resolution was enthusiastically passed:

"That we, the Great War Veterans' Association, Vancouver branch, as an association, do hereby go on record as follows:

"That while this association is heartily in accord with the aims of legitimate labor as represented by the industrial unions and the American Federation of Labor, we are not in sympathy with the manner in which the Vancouver Trades and Labor Council organized the sympathetic strike in this city, withholding the strike vote from the labor unions concerned, both individually and collectively, and using methods of intimidation to force men not in sympathy with the strike to leave their jobs.

Hard on Returned Men.

"Further we realize that this sympathetic strike is inflicting a great deal of hardship on our newly-returned comrades who are also unable to resume employment after returning from the front, and the continuance of such strike will work considerable hardships on many innocent people, and further that we view any movement forwarded by the present leaders of the Vancouver Trades and Labor Council with the greatest distrust, owing to many of their members being implicated in the disgraceful 24-hour strike staged in connection with the shooting of a draft evader in August, 1918, and also in view of the utterances at the British Columbia Federation of Labor convention and the Western Canada Labor Conference held in Calgary this spring.

"Further, we realize that the promoting of better pensions and the $2000 bonus as one of the objects of this sympathetic strike now being held is merely a clumsy bit of political chicanery.

"And, furthermore, we reaffirm our determination during this crisis to uphold constitutional authority."

Sympathy for Coppins.

Three Victoria Cross winners attended the meeting, and a resolution of sympathy was voted for Sergt. Coppins, V.C., Winnipeg, the veteran who stood by his post until he was, as the association declared, 'stamped upon and badly beaten by alien enemies."

Within the last twenty-four hours three big vessels have cleared from this port in spite of the seamen's strike.

Jitneys are operating as usual on the streets. The telephone service is excellent, altho only a little more than half the usual staff of operators are on duty. The striking operators are meeting today to discuss their plans for extending the telephone strike.

Funeral of Rosa Luxemburg Passes Off Without Disorder

Berlin, June 13.—The funeral of Rosa Luxemburg, the radical socialist, who was killed with Dr. Karl Liebknecht by a mob in Berlin early in the year, was conducted today without any disorder. Numerous Communist deputations, wearing red arm bands, marched in the procession, and the funeral speeches were delivered by independent socialist leaders. The attempt of the greater Berlin Soviet to call a strike for the occasion was unsuccessful.

Holland Definitely Refuses To Participate in Blockade

Paris, June 13.—Holland has notified the peace conference that the government will not participate in a blockade against Germany in the event of the refusal of Germany to sign the peace treaty.

What Enemies of the U.S.A. Lurk Behind the Bomb?

Why the bombs were placed on June 2nd and what is the reason for this series of outrages making Democratic America resemble the Russia of the Czars and a career on the United States bench as hazardous as a Muscovite Grand Duke, is the question which the American press has set itself to answer in earnest. These attempted assassinations may be "the work of a little group of desperate criminals," as the New York Globe has it, or "of a few individuals obsessed with Bolshevistic radical designs who do not recognize the utter absurdity of a reign of terror in this country," as the Philadelphia Record concludes. They may indicate, as Attorney General A. Mitchell Palmer says, "nothing but the lawless attempt of an anarchistic element of the population to terrorize the country and thus stay the hand of government," which "they have utterly failed to do."

In THE LITERARY DIGEST for June 14th, the leading article takes up this latest attempt to disturb the forces of law and order, and by quotation from newspapers and individuals of widely divergent opinions, presents the subject in all its phases.

EXPECT TO TIE UP COMMERCIAL BUSINESS

Railroad Operators Will Refuse to Handle Messages at 23,000 Points.

Chicago, June 13.—The second stage of the commercial telegraphers' strike will be reached tomorrow morning when railroad operators at 23,000 points in America are to discontinue handling commercial messages under an order issued by the order of railroad telegraphers.

Such action, strike leaders declared tonight, will tie up all commercial telegraph business except between the larger cities in which the Western Union and Postal Telegraph Companies maintain their own offices. Officials of the Postal said that company will not be affected by the order as little postal business is handled thru railroad stations.

Western Union officials, while expressing belief that the order would be rescinded, predicted that its effect would not have serious results. They estimated that the 23,000 points handling commercial business over railroad wires do not average more than five messages each day.

Meanwhile officers of the Commercial Telegraphers' Union of America continued to receive reports indicating that the strike is spreading. S. J. Konenkamp, international president of the union, said the number of strikers had reached 22,000; that the strike of electrical workers set for next Monday would add 130,000 workers to the list of those idle, and that by early next week telephone service in many cities and towns will be greatly impaired thru a walkout of telephone operators.

The brokers' division of the Telegraphers' Union has been asked to take action. Meetings were to be held tonight and tomorrow, at which it will be decided whether to strike in sympathy.

POLISH ARMY ORDER PROTESTED BY GERMANY

Berlin, June 13.—Mathias Erzberger, head of the German armistice commission, has written Gen. Dupont, chief of the French mission in Berlin, protesting against a Polish army order declaring that Poland is in a state of war with Germany, and that Poland proposes to distribute two divisions of Gen. Haller's army along the frontier.

Erzberger says this is opposed to the terms of the armistice, and he advises Gen. Foch that unless the order is rescinded Germany will be compelled to suspend the transport of Gen. Haller's Polish army across Germany.

CZECHO-SLOVAKS RETREAT BEFORE HUNGARIANS

Paris, June 13.—Peace conference advices are to the effect that the Czecho-Slovaks are still retreating before the Hungarians.
