Toronto Junction, Dec. 20.—John Reilly, James Tracy, and Albert Corbett appeared before Magistrate Ellis this morning to answer charges of theft from the house of James Lockhart, Clendenan-avenue, and were remanded for a week. Donnelley was employed by Woods for about three months, and there was a dispute about wages. Woods met Donnelley and Long at the Islington Hotel. Afterwards Woods went to W. F. Hopkin's store, about 10 o'clock. The front door being closed Woods started round to the rear when someone said "Hold on." He turned and was asked for wages, then struck and knocked down and kicked. Donnelley was fined $5 and costs, and bound over in the sum of $100 for one year; and Long was also bound over.

NEW SCOTTISH PORT.

London, Dec. 20.—The scheme which was recently brought before the Canadian government for the establisment of an entirely new home port for the North Atlantic trade is now being seriously discussed, and if the project is carried out in its entirety will have the effect of driving a large share of Canada's seaborne traffic to Scotland and of bringing about a considerable saving of time for passengers and mails. The proposal is to use Loch Linnhe on the west coast of Scotland, which is directly parallel with Canada's principal ports, as the tidal basin. Loch Linnhe is eight miles long with an average width of one mile, and there is a good depth of water and excellent anchorage. It is calculated that passengers or mails coming from Halifax and landing at Fort William could reach London eighteen hours sooner than could be done by way of Liverpool, the time being saved on the ocean journey. The distance between Fort William and Quebec is nearly three hundred miles less than between Liverpool and Quebec. The railway service from Loch Linnhe is excellent.

FIELD BATTERY INSPECTION

The Field Battery underwent the annual district inspection at the Armories last night, Col. Galloway, D.S.A., officiating. This corps were out in very fair strength under Major Wyly Grier, and the showing made was altogether satisfactory to Col. Galloway. Several recruits presented themselves last night, two of whom have been connected with crack artillery regiments of the regular army in England.
