ANSWERS TO SPHINX.

August 9.

Rebus—[illegible] Tranquillity. Illegible. 2 Terraqueous.

Charades—Dalmasin. 2 Belleville.

Double Acrostics—Œdipus failed to send the answer to his contribution.

Charade—Mad Lyndhurst.—He is now in his one hundred and twenty-sixth year and he has never voted. Etienne Cadet was born in 1752, in a Canadian village between the St. Charles and the Montmorency rivers, below Quebec. He was a boy between the French and English armies, and fought near his father's cabin. He thinks he was only six years old, yet remembers it perfectly. Indeed, the death saw Wolfe after he was killed and Montcalm after he was wounded. In 1777 he married a lass and made a clearing on the west side of Lake Champlain. The commandant of Fort Ticonderoga employed him as a scout, with Ethan Allen, in 1779, having come in from a scouting excursion down the lake, he was captured by Ethan Allen. He lost his wife, mother and children to Canada, where they remained until the close of the revolutionary war. In 1795 he trapped for furs in the vicinity of the Niagara River, and served three years during the war of 1812, being wounded twice in the battle of Lundy's Lane, and being complimented by Gen. Scott for his bravery. He does not appear to have taken a hand in the patriot war, the Mexican campaign, the civil war, or any of the Fenian raids. He is now living with his great-granddaughter near the mouth of Bullskin Creek in Franklin Co., Ohio. He talks and limps, hobbles about the house with a cane, smokes a clay pipe, is quite deaf, but has good eyes.—*Clermont (Ohio) Sun.*

☞ Is your throat sore, or are you annoyed by a constant cough? If so, use promptly "Brown's Pulmonic Wafers." They relieve the air passages of phlegm or mucous, and allay inflammation, and no safer remedy can be had for coughs, colds, or any complaint of the throat or lungs, and if taken in time their efficacy will soon be proved. Sold by all Druggists and country dealers. Price 25 cts. per box.

Very Serious.—Horse dealers who are supposed to know what effects their drenches, purchase "Darley's Condition Powders and Arabian Horse Remedy" by the dozen, and feed it to their horses for the purpose of improving their condition, which it always does; others should profit by their example—Remember the name, and see that the signature of Hard & Co., is on each package. Northrop & Lyman, Toronto, Ont., proprietors for Canada. Sold by all medicine dealers.

War and Commerce.—It is urged by some that English trade languished largely by the Franco-German war, and, that she has been serving both belligerents to the great advantage of her commercial interest; but official statements show that such has not been the case. But it is true that the sales of the "Canadian Pain Destroyer" are rapidly increasing, and gaining the confidence of the public, for curing coughs, colds, rheumatism, neuralgia, summer complaints, &c. For sale by all Druggists and country dealers. Price 25 cents per bottle.

FARMING LANDS FOR SALE!

At low prices and on easy terms.

SEVERAL THOUSAND ACRES

in the Townships of

Sigel, Paris, Sherman, White Rock, Rubicon and Sand Beach. All within ten miles of the flourishing village of Sand Beach, Huron County Mich., where the Government is building a

HARBOR OF REFUGE,

at a cost of nearly

TWO MILLION DOLLARS.

Nearly all of these lands, excepting those contiguous to the village of Sand Beach and White Rock will be sold for the small sum of

FIVE DOLLARS PER ACRE.

These $5.00 lands will be sold to actual settlers for one-fourth down, balance on time that will suit at 7 per cent. interest, if the land is improved. If persons wish to put all their means into improvements, the second payment need not be made for two years.

All kinds of Wood and Produce taken at Sand Beach in payment for Land.

There is a Salt Block and Grist Mill at Sand Beach which will be in operation this Fall.

Above lands to be appreciated should be seen. Heavy of them can be cleared at a small expense, as the timber was killed in 1871 by the Great Fire. One man and a team could clear from 3 to 4 acres a week. This section is noted for a heavy yield and good quality of wheat and its convenience to a cash market.

500 ACRE IMPROVED FARM.

We have also a fine farm of over 500 acres, nearly all cleared, with dwelling houses upon same to accommodate all the help the farm will require; also necessary barns.

This farm is peculiarly adapted to a dairy farm, there being a stream of water running through it the entire year. There is upon this property a pier or dock extending into Lake Huron, so that a person desiring to ship produce could do so without going off the premises. Above farm will be sold cheap as we have other business which needs all of our attention.

Daily line of Boats to Detroit, Semi-Weekly to Goderich, Ontario.

All inquiries promptly answered, and lands shown free at any time.

Cures and Hints.

A plan for reduction—The mirror.

Why may a tipsy man fall into the river with impunity? Because he won't drink water.

[illegible] to fall [illegible] Professor [illegible] to his wife, "let me tell you facts are very stubborn things." "What a fact you must be," quoth the lady.

Charles Lamb, when speaking of one with little of character, remarked that "he was just nothing at the strength, but he might represent it."

A man noted for his brevity, writing to a friend to be careful in the selection of his chest. He says, "Don't cut it quite so long this time."

The fashion that produces the quiet marriages is Vacillation.—*Ex.* And perhaps the nation that produces the most divorces is Alienation.

It was rather personal in a California newspaper man to chronicle the purchase of a stale by a brother editor as a remarkable instance of self-possession.

There is always one particularly active and noisy fly these mornings that makes it his business to call a fellow up for his breakfast—the fly's breakfast, we mean.

A man in Oswego recently had one hundred and twenty-five pounds of warts taken off his hands. A young man named Wright married her—and that's warts the matter.

An impecunious individual was heard to mutter, as he finished reading a railroad hand-bill headed "Through without change." "That's the road I shall take; no fault to find with them terms."

"Marie! what's that strange noise at the front gate?" "Cats, sir." Cats! Well, when I was young cats didn't wear stove-pipe hats and smoke cigars." "Times are changed, sir.

The Cincinnati Times says that "hens are laying hard-boiled eggs." There's nothing eggs-traordinary in that, considering the weather; but hens should learn to beat the yolk more coolly.

A Norwich man calls himself on his card a "temperance boot maker." The need of temperance boots is apparent, for though they're not generally drunk, it's a notorious fact that they're often very tight.

The New Style.—Brown (to friend in Hooker's bath): "Come and dine with us to-morrow, Jack!" Jack: "All right! Dress, of course?" Brown: "Oh, no; no ceremony, you know. Come just as you are!"

"Tender and True."—Little girl: "Oh, please sir, I've brought your shirt 'cause, but mother says she can't wash it no more, 'cos she was obliged to paste it up agen the wall and chuck soapsuds at it, it's so tender."

A good joke is going the rounds of western part of Ontario at the expense of the erudite editor of one of the Toronto dailies, who, on discovering a fire, rushed out into the street shouting "Conflagration! conflagration!! conflagration!!! Approximate hither with the implements of deluge and extinguish this combustion."

What they say of it! a few facts for the people.—There are but few generations of mankind, who have withstood the impartial judgment of the people for any great length of time. One of these is Dr. Thomas' Eclectric Oil. Read the following and be convinced:—Thos. Robins, Burnham Centre, P. Q., writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Electric Oil, and since then have had no attack of it. I would recommend it to all." J. H. Burt, Hotel Keeper, West Shefford, writes, "I have been troubled with liver complaint for several years, and have tried diff'erent medicines with little of no benefit, until I tried Dr. Thomas' Eclectric oil, which gave me immediate relief, and I have used it since with the best effect. No one should be without it. I have tried it on my horses in cases of cuts, wounds, etc., and think it as specially as good for horses as for man."—A. Mayhew, Kinkora, Perth, writes, "I have sold some hundreds of bottles of Eclectric Oil, and it is pronounced by the public, one of the best medicines they have ever tried; it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest celebrity."—Jos. Stasse, Tecumseh Percy, writes, "I was persuaded to try Thomas Eclectric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for quick relief. It is a great public benefit."—R. M. Hamilton, Warkworth, writes, "For weeks I was troubled with a swelled ankle, which caused me very much. Mr. Mayhew of this place induced me to try Eclectric Oil, and before one bottle was used I was cured. It is a most remarkable medicine."

Sold by all medicine dealers. Price 25 cts.

CANADIAN PAIN DESTROYER.

A SAFE MEDICINE, AS IT IS WELL TESTED, [illegible] thousands from pain in the *Side, Backand Head, Coughs, Colds, Sore Throat, Sprains, Bruises, Cramps in the Stomach, Cholera Morbus, Dysentery, Bowel Complaints, Burns, Scalds, Frost Bites, &c.*

The Canadian Pain Destroyer has now been before the public for a length of time, and wherever used it well liked, never failing in a single instance to give permanent relief when timely used, and we have never known a single discontented user, where the directions have been properly followed, but on the contrary, all are delighted with its results, and speak in the highest terms of its virtues and magical effect.

We speak from experience in the matter, having tested it thoroughly; and therefore those who are suffering from any of the complaints for which it is recommended, may depend upon it being a sovereign remedy.

The astonishing efficacy of the Canadian Pain Destroyer in curing the diseases for which it is recommended and its wonderful effects in subduing the torturous pains of Rheumatism, and in relieving Nervous Affections entitle it to high rank in the list of Remedies. Orders are coming in from Medicine Dealers in all parts of the country for further supplies, and such testifying as to the universal satisfaction it gives.

The Canadian Pain Destroyer never fails to give immediate relief. All Medicine Dealers keep it or Physicians order and use it; and no family will be without it after trying it.

Price, only Twenty-five Cents per bottle.

☞ Sold in Goderich, by Geo. Cattle, F. Jordan & J. Bond; Gardiner & Co. Bayfield; Jas. Benthum, Rogerville; J. Pickard, Exeter; G. W. Berry, Lucknow; J. M. Roberts, Dungannon.

Agriculture and Horticulture.

Fruit Trees.—Trees are now in the ground, and for such—that for fall nothing and we would caution them against grain that is in every respect and so related. If the earth has the proper vitality drawn out of it, it will be difficult it, and in order to gain this the seed must be healthy. Be careful also to have seed free from all weed seed.

Early Apples.—"Beginner," asks for the best early apple for market or general purposes. We would select the Red Astrachan, Early Harvest, and Primate if planting a small orchard, and even if planting largely would only add a few other early kinds.

Grapes.—"Celery grower" wishes to know the right time to blanch celery. The plants are now in full growth, if the weather or fall rain, if the latter the blanching can be commenced as soon as the plant has fairly commenced to grow after being transplanted into the trench, probably about the first of this month, if very early grown, or if transplanted about first August it would be time enough to begin blanching the end of this month. Generally for winter the blanching is done the last of September and first of October. Many begin to blanch as soon as transplanting is done, but this is a questionable course as the plant is more apt to take rust. Generally begin to blanch when the plants are 12 inches high. In any case care should be taken not to allow any moisture to lodge on them as this is certain to produce rust.

"Farmer" asks for a remedy for the onion grub. Also if, in weeding his garden the weeds should be left strewn over the ground or taken away. We reply to the first, nitrate of soda to be applied when the plant is dry as it might otherwise burn the tops. Gather all grass and weeds cut in your garden into one heap, building the heap up in layers and on each such layer, of about a foot thick, scatter two or three handsfull of ash and about a half bushel measure, or less of unleached ashes. The whole will soon rot and form one of the richest vegetable manures you can use for your garden.

Canada Thistles.—We have often called the attention of property owners to this pest and still there does not appear to be sufficient attention paid to the subject. Many different modes have been suggested to eradicate this thistle but we adhere to the old one of cutting when about to bloom and believe this to be the best. If thorough cultivation of the soil be combined, along with this there is little danger of the evil spreading. The farmer whose farm is clear of this pest has the best certificate to present to the enquirer for seed grain. United action in this matter would soon clear the Canada thistle out of our country.

To prevent mildew on grapes, sprinkle them with sulphur.

Onion seed sown now, thickly, and allowed to get the size of peas, and then pulled up and dried, will make splendid "sets" next spring. Try this.

Barley has recently gained in reputation as a good and substantial food for the horse. It contains in a high degree the principles for forming fat and flesh. It contains 65 per cent. of nutritive matter, while oats contains only about 24 per cent. Farmers would do well to remember that two parts of barley are worth more than three of good oats.

Every Man and Woman, the young, the middle-aged, and even those more advanced in life, may derive untold benefits from a perusal of the work published by the "Peabody Medical Institute," Boston, viz:—"The Science of Life," (a treatise upon the generative organs, and the nervous diseases and debility caused by the errors of youth and abuse of the system); "Sexual Physiology of Woman and Her Diseases," and "Diseases of the Nervous and Nervous Maladies," all three from the able pen of the same author. The true way to health and happiness has been pointed out to thousands by these books. A very elaborate and costly Medal of gold and diamonds has just been presented the author of these works by the National Medical Association. We refer our reader to the advertisement in another column.
