King Street—opposite the Post-Office.

AT THE THEATRES.

Princess—"Everyman," ancient morality play.
Grand—"Under Southern Skies," a love story of the South.
Toronto—"The Fatal Wedding," strong melodrama.
Shea's—Excellent vaudeville.
Star—Fred Irwin's Big Show, burlesque.

Miss Ada Crossley, the delightful contralto, who made so splendid an impression at the Male Chorus Club concert, and Mr. J. D. A. Tripp, the eminent pianist, have joined forces, and will give a grand concert in Massey Hall on Monday evening, March 30. When Miss Crossley was last heard here she had arrived off ship after a very stormy passage, and it is needless to say that she will be heard to even greater advantage now that she has become acclimatized. Charming recital numbers will compose her part of the program. The subscribers' list is now open at Massey Music Hall.

Miss Marie Dressler will be the head-liner at Shea's Theatre next week. This is Miss Dressler's native city, and this will be her first vaudeville appearance here. A number of theatre parties are being arranged by her many friends and admirers, and the week promises to be one of the largest of the season. Miss Dressler is one of the best entertainers on the vaudeville stage, and it requires four figures to write her salary. Others on the bill for next week are Lewis McCord & Co., Colby and Way, Bruno and Russell, Kelly and Ashby, John Healy and Smith, Doty and Coe.

Now that Creatore has spent two months in giving concerts with his famous Italian band of 60 men in the principal cities of the South, and has experienced ovations everywhere, he has reached about every section of the United States, and must be known for the great musician he is. From Philadelphia and Atlantic City he went in 1901 to all parts of the far west, and established himself there as the favorite and esteemed wonder of the people. All last summer he was the great musical sensation of New York City, appearing with phenomenal success for 100 nights on Broadway; then he went to Boston and was endorsed by the classical critics of that city in the highest terms. No former conductor has risen so rapidly to pre-eminence, and Creatore is to-day the most interesting as well as the most talked about musical figure in this country. When he is seen here on March 20 it will be an event of much more than ordinary interest.

Where Bills Multiply.

Washington, March 4.—The number of bills introduced during the fifty-seventh congress aggregated 17,560, of which 3918 were reported and more than 2000 passed. The house calendar is clearer at the close of this congress than it has ever been before, only 78 bills remaining undisposed of.

Earthquakes in Costa Rica.

San Jose, Costa Rica, March 4.—Frequent earthquakes have been felt here lately, and a heavier one than usual was experienced last night. The Poas volcano has been ejecting large quantities of ashes.

North Hastings Conservatives.

Belleville, March 4.—North Hastings Conservatives met at Bancroft and elected the following officers: President, M. W. J. Allen, ex-M.L.A.; first vice-president, Mr. William J. Douglas, warden of the county; second vice-president, J. E. Hallfwell; secretary, W. J. Moore; treasurer, Thomas Tumelty; organizer, T. C. McConnell of Springbrook. Speeches were delivered by Messrs. Andrew Broder, M.P., W. B. Northrup, M.P., E. Gus Porter, M.P., Edward Cochrane, M.P., A. W. Carscallen, M.P., H. Corby, ex-M.P., J. W. Pearce, M.L.A., and M. B. Morrison, M.L.A. The hall in which the meeting was held was crowded to the doors and great enthusiasm prevailed.

The Gate to Health

is a hale heart, and the better the blood pump the more vigorous the vitality.

Some know they have weak hearts; others only know that they're ill and don't suspect the heart.

But cure the heart cures every part. No heart is too sound; ninety-nine out of a hundred are disordered or diseased.

Doctors do not get to the heart of the subject; to be effective that is what medicine must do.

Dr. ACNEW'S HEART CURE

enthrones health where disease reigned in the great center of the system, the heart. Then good blood pumps in full measure, sends new life quivering through every organ and tissue of the body. It means new courage, new cheer, a new lease of life.

Dr. ACNEW'S PILLS

scavengers of the digestive system and healers of the disordered apparatus. Purely vegetable and mild, forty doses for ten cents. One-fifth the price of the next best competing pill. 13

WORK BEGUN ON ESTIMATES

Controllers Start in With Keen Discrimination on Labor of Revision.

TO INVESTIGATE MOOR'S CHARGES

Board Will Hold Special Meeting on Tuesday Night to Hear All Parties.

The Board of Control began their sessions with the estimates yesterday afternoon, and handled the requests of the Property and Works Committees without gloves. The carving knife was sharp and merciless, and at 6 o'clock, when the Controllers quit, $9873 had been considered unnecessary expenditure as regards the Property Committee's demands, without any attention having been given to the estimates for City Hall maintenance, St. Lawrence Market and the Cattle Market. The recommended increases in several salaries were also left over. Ald. Sheppard fought vigorously for the recommendations of the Works Committee, but the estimates for the Engineer's Department were cut to the tune of $13,310; while under "special services" the cost of $30,000 for a new hydraulic dredge received scant favor, and in other directions the amount lopped off was made to reckon $22,900 more.

Big Cut Here.

For repairs to fire stations, the before and after figures are:

	Asked.	Granted.
Bay	$472	$ 93
Portland	447	149
Yonge	374	147
Berkeley	350	150
Lombard	1053	264
Queen	256	57
Wilton	95	20
College	165	97
Dundas	230	47
Yorkville	598	260
Rose	219	78
Bolton	365	20
Dundas North	229	56
Ossington	436	110
Cowan	258	42
Richmond	50	25
	$5597	$1615

How Special Items Fared.

The recommendation of $8000 for a new fire station for Cowan-avenue was struck out. So were $1500 for an addition to the Portland-street station and $1200 for an addition to the Rose-avenue hose house. The request for $4000 to reconstruct the Berkeley-street station was allowed, and so, too, these amounts: $1600 for tower clock at Ossington-avenue; $1000 for a two-storey brick addition to the upper Dundas station, and $1000 for a hay and straw shed in rear of Yonge-street station.

Police Suffer, Too.

The estimates for the police stations suffered to this extent:

	Asked.	Granted.
Court-street	$200	$100
Agnes-street	430	50
St. Andrew's Market	575	350
Wilton-avenue	225	65
Yorkville	74	74
Parkdale	396	91
Ossington-avenue	243	33
	$2143	$763

Other Reductions.

For free bathing $674 was cut off and $2000 will have to do. An item of $1500 to repair Dufferin-street wharf was refused. For repairs to Yonge-street wharf $1000 was allowed.

Works Committee Estimates.

When the estimate of $83,000 for scavenging was reduced by $3000 it brought a strong protest from Ald. Sheppard and there was a vigorous, if brief, colloquy between him and Controller Oliver. The money was needed to pay the increase in wages consequent upon the adoption of the 20 cents per hour rate, said Ald. Sheppard. Another $3000 was taken from the amount of $18,000 asked by the committee for sewer repairs, etc., for which the "amount required" was set down at $21,000. The $6000 requested for cleaning gullies was brought down to $5000, and $2500 may be expended on permanent crossings, instead of $3500. Ald. Sheppard said the $3800 was absolutely needed for painting city bridges, but the board decided that $2500 would have to do. Instead of $7000, wooden sidewalk repairs will only total $6000.

Under the head of special services, these amounts were also struck out: Completing Cherry-street piling, $2700; extension of Jarvis-street sewer, $5000; extending Berkeley-street sewer, $3000; storm sewer leading to Garrison Creek, $6700; northern stables, $5000.

The waterworks branch estimates are still to be considered. The Works Committee asked for a total grant of $319,336, as against $315,807 last year, the amount for painting of bridges representing most of the difference.

Will Oppose the Power Co.

At the meeting of the Board of Control yesterday morning the City Solicitor was instructed to oppose the application of the Toronto and Niagara Power Company for the increase of their capital stock from $3,000,000 to $6,000,000 and of their bonding power from $1,500,000 to $5,000,000, and also to secure an amendment to the company's charter so as to safeguard municipal rights. This is the result of the Mayor's special message to Council.

Question of Exemptions.

The Conservatory of Music would like exemption of their property on Orde-street, which is to be used for Conservatory purposes. Assessment Commissioner Fleming said he would feel inclined to favor the request, for what the city lost in exempting educational institutions was more than gained by bringing students to Toronto. Ald. Oliver opposed it, and urged that the law be amended so as to permit taxation of such property. The Engineer was authorized to ask for tenders for the new $175,000 pumping plant.

The board declined with thanks Mr. Orpen's offer to sell the land at Queen and Bay streets at cost price.

William Hutchins of the Treasurer's department wants $300 for extra work in connection with auditing the Gas Company's books. The Treasurer and Controller Loudon will adjust the claim.

Old Boys' Reunion.

A deputation from the Board of Trade asked for a grant of $5000 toward the proposed Old Boys' reunion to be held in Toronto this year, either in July or during the Exhibition. Controller Loudon moved for an interim appropriation of $1000 to repair Yonge-street wharf, which may otherwise get the city into trouble, as it is in bad condition.

To Investigate Charges.

John Moor appeared and spoke on his charges against the Engineer's department, and the board will hold a special meeting on Tuesday night to hear all parties. The board agreed to pay a lawyer's bill of $102 for defence of O. A. Howland last year in the suit to prevent him signing the gas agreement. The recommendation of the Property Committee to expropriate the J. B. Smith & Sons' property for extension of the cattle market was referred back. Their lease still has thirteen years to run, and Controller Loudon feared that expropriation would cost the city $200,000. St. Andrew's Anglican Church on the Island asked that they be charged a nominal rental. The Mayor feared that it would raise the question of state aid to all churches, and voted against it. Ald. Richardson and Burns favored it. Ald. Oliver did not vote.

Radial Railway Agreement.

The Mayor's proposed radial railway agreement was yesterday handed over to the legal department for revision.

The City Commissioner issued the following building permits:

A. E. Price, one-storey brick dwelling, west side Crawford-street, near Queen, $1500.

Bank of British North America, alterations to office and bank building, northeast corner Wellington and Yonge, $30,000.

Dickson & Eddy, coal shutes, wood and galvanized iron, Church-street, $1800.

A. M. Rees, alterations to 335 West King-street, $1700.

The fololwing are outside the fire limit:

Abbott & Hogarth, Kippendavie-avenue, near Queen-street, pair of frame dwellings, $1500.

Mr. Lowenson, frame dwelling, Waverley-road and Queen-street, $2500.

Beford & Co., frame dwelling, Lenty-avenue, $2000.

Ontario Jockey Club, alterations to stables at Woodbine, $4000.

Methodist Y.M.A.

The annual meeting of the Methodist Young Men's Association was held at Sherbourne-street Methodist Church Tuesday morning. The reports read by the secretary and treasurer showed the affairs of the association to be in a flourishing condition. The following officers were elected for the ensuing year: Hon. President, Rev. Dr. Chown; president, Dr. Wallace Seccombe; first vice-president, G. H. Wood; second vice-president, W. J. Davidge; secretary, F. Carman; assistant secretary, F. R. Sinkins; treasurer, R. B. Bond.

Indian Famine Orphan Fund.

Miss Caroline Macklem acknowledges the following contributions to the India famine orphan work: Ida M. Hillman, Anthracite, Alberta, $2; F. S., $2; Friend, $2.25; H. G., $5; special offering in St. James' and Trinity Churches, Morrisburg, $7.75; Miss M. J. McLennan, By the Lake, Lancaster, $15, to support child for one year. Any further contributions for help in support of these orphans, who are such a heavy burden upon the missionaries in India, will be most thankfully received by Miss Macklem.

Judgment Given.

Judge Morgan has given judgment in regard to the estate of Emily Brown, who died after making two wills. The National Trust Company tried last week to upset the second will, on the ground of mental incapacity. His Honor rules that the second will is good.

Died in New York.

New York, March 4.—Michael G. Murphy, first commissioner of police under the new charter, died to-day. He was unable to swallow food for several years, and nourishment was given him thru a silver plate which covered an opening to the stomach.

At his residence, 5 Joseph-street, died on Tuesday, Joseph H. Smith. Mr. Smith has followed the occupation of a painter in Toronto for many years. He leaves a widow, four sons, and two daughters.

SHE PATIENTLY BORE DISGRACE

A Sad Letter From a Lady Whose Husband Was Dissipated.

How She Cured Him With a Secret Remedy.

"I had for years patiently borne the disgrace, suffering, misery and privations due to my husband's drinking habits. Hearing of your marvelous remedy for the cure of drunkenness, which I could give my husband secretly, I decided to try it. I procured a package and mixed it in his food and coffee, and, as the remedy was odorless and tasteless, he did not know what it was that so quickly relieved his craving for liquor. He soon began to pick up flesh, his appetite for solid food returned, he stuck to his work regularly, and we now have a happy home. After he was completely cured I told him what I had done, when he acknowledged that it had been his saving, as he had not the resolution to break off of his own accord. I heartily advise all women afflicted as I was to give your remedy a trial."

A FALSE FACE.

When dyspepsia fastens on a man it changes his feelings and it changes his looks. He frowns now instead of smiling. His expression is harsh instead of kindly. He is wearing a false face—a face which does injustice to the real nobility of his nature.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other diseases of the stomach and allied organs of digestion and nutrition, and the record of the cure is written both in the face and the feelings of the person cured.

"Golden Medical Discovery" is not a stimulant or temporary tonic. It cures the diseases that are the cause of ill-health and builds up the body with sound flesh.

Accept no substitute for "Golden Medical Discovery." The sole motive for substitution is to enable the dealer to make the little more profit paid on the sale of less meritorious medicines.

"Last spring, early, I wrote you my feelings and condition," says Mr. A. J. Vanderwater, of 87½ West Division Street, Chicago, Ill., "and you advised me to take Dr. Pierce's Golden Medical Discovery, and then write how I felt. I am happy to say I am getting to feel fine. In all I have taken six bottles of the 'Discovery' and four or five vials of the little 'Pellets.' They have done me worlds of good. All my friends say: 'Vanderwater, how well you are looking.' The medicines have made the great change in me: from the slow mope of a man that could hardly crawl, tired and sick all the time, could do no work, to a man who can work, sleep, eat, and feel fine, and that tired feeling all gone away. I am very thankful that I wrote to Dr. Pierce. His 'Golden Medical Discovery' and his little liver 'Pellets' have almost made a new man of me. I feel young as I did at thirty years."

Dr. Pierce's Pleasant Pellets cleanse the clogged bowels.

Two Sensational Friday Offerings of New Silks at 35c and 50c Yard

Concurrent with the arrival of our new importations there has come to hand a splendid assembly of silks in short lengths, which our European buyer was able to pick up—some a third under price and many of them at half real worth. Curiously enough, instead of the offerings being manufacturer's season end accumulations, they're the choice of the season's first productions—representing types of the very lines that fashion places its seal of approval on for 1903—the history which surrounds the development of so curious a result as short ends at the season's beginning, while interesting, is scarcely of sufficient importance to you to require the telling—what you're most likely to be interested in is the character of the silks, of which the following details will give you an idea:

Silks at 35c, Worth Up to 75c

In the Basement

6500 yards of Lovely Silks, for fancy waists, striped, figured and checked taffetas, in a wide assortment of tempting colorings; also plain, colored and all-black taffeta, plain colored surahs, fancy foulards, in fact, a most attractive range of new silks, such as you would pay in the regular way 50c to 75c yard for, on sale Friday in the basement, at, per yard ..... .35

Silks at 50c, Worth Up to $1.00

Main Floor

8000 yards Charming Silks, for shirt waists and all sorts of uses, figured taffetas, fancy checks, black and white checks and plaids, in all sizes, fancy stripes, black taffetas, black satins, black surahs, rich black brocades, and a complete range of colorings in taffeta louisine, a new uncrushable silk, regular values up to $1 yard, on sale Friday, Main Floor, per yard ..... .50

AT OSGOODE HALL.

A Legacy May Not Be Garnisheed Like a Debt.

Special non-jury sittings, cases set down for argument before the Chancellor on Thursday, March 5, at 11 a.m., are: Re Beatty and Seaforth, Smellie v. Watson, Hall v. Winters.

Divisional Court peremptory list for Thursday, March 5, at 10 a.m.: Roth v. Brohman, Bloomer v. Poole, Wodfry v. Dean, Summers v. York.

A legacy may not be garnisheed, as is the case with a debt, and so John H. Kratz gets the money against which Agnes Hunsberry had been granted a garnishee order by the County Judge of Lincoln. Mrs. Hunsberry sued and obtained judgment on a promissory note made by appellant, and the court had ordered the executors of a will under which Kratz was a divisee, to hold the money for the satisfaction of Mrs. Hunsberry's judgment. The legacy may now be paid over.

B. T. A. Bell, publisher of The Canadian Mining Review, published in his paper an article which he considered for the "public benefit." This article gave the public alleged information concerning the American composition of the Board of Directors of the Crow's Nest Pass Coal Company and of their anti-Canadian attitude. In an action for libel, brought by the company, the Master-in-Chambers yesterday ordered the defendant, in support of its defence that it was for the "public benefit," to furnish particulars of the statements made in the alleged libelous article.

Mrs. Elizabeth Crate, landlady of the Strathcona Hotel at Brockville, was in arrears of rent to the owner of the property, and was also indebted to Arthur White to the extent of $260. Mr. Tompkins, the owner, seized the goods in the hotel, and they were sold by the sheriff to one Howison. Eventually, Howison sold to Mr. Tompkins. Mr. White alleged that Mr. Howison bought as the agent of Mr. Tompkins, and that, owing to the fiduciary position of Mr. Tompkins, as execution creditor, he was not legally entitled to be a purchaser of the goods, and that, therefore, the sale was void. In this contention Mr. White was upheld by the Divisional Court, and will be entitled to satisfy his claim out of the goods.

Cuban Cigarmakers' Strike Settled.

The strike of the Cuban cigar makers in the factory of Granda Hermanos y Ca, Montreal, has been declared off.

This desirable result was obtained after a two-hour conference between the executive of Granda Hermanos y Ca and five representatives of the strikers.

Both parties made concessions and agreed to terms. The best of feeling now exists between the proprietors of the factory and the striking cigar makers.

Mr. Nathan Michaels said:

"I wish to state at the start that my sympathy is entirely with you in this strike. When we started some three years ago to manufacture Havana cigars in this city, we little thought that in the short space of time we would become the largest manufacturers of Havana cigars under the British flag. Taking advantage of the high tariff on imported cigars and the low tariff on raw Havana leaf, we have, with your assistance, established an industry of which we can all well be proud. Since we started we have never laid off one workman, but have gradually increased your numbers, and our weekly salary list has grown from $83 up to nearly $1600 per week. The average wage earned by you, gentlemen, has been $25 per week, some of you earning as high as $43 per week.

* * * *

To come back to the demand, we will agree as follows: To employ members of the Federation of Havana Unions of the United States and Canada exclusively; to pay you the highest list of prices paid by any factory in the world; to adopt and use your label on every box of cigars we send out. We ask in return as follows: That you agree to use as fillers, what you call long fillers, and which we now use with labor supplied by the International Cigarmakers' Union, and which otherwise would be wasted; that you agree to allow us to engage our own help, provided that they are all members in good standing of your union; that you agree to work from 8 a.m. to 12 noon, and from 1 to 5 p.m., and that we have the privilege of closing our factory at 5 o'clock, and on Saturday at 1 o'clock; that we have the privilege of using a card same as used in other factories, designating the number of wrappers that we give you, and that you return us a similar number of cigars, less ordinary allowance for breakage, etc.; that Signor Manuel Pereda, who is a stockholder in our company, have entire control of the factory, and that he represent the company in everything appertaining to same; that a public denial be made thru the press, and by circular letter of the false statements which you have given out.

SCHOOL GIRLS.

'Tis a pretty age—that time in a girl's life when she has all the beauties of womanhood without the later lines of care and worry.

But here and there even among school girls appear pale and drawn faces.

Pale blood is at the bottom of the trouble and Scott's Emulsion can cure it.

Scott's Emulsion brings back the beauty to pale girls because it is blood food.

A TRIP TO JAMAICA.

Messrs. Elder, Dempster & Co. have just issued a handsomely illustrated booklet, under the title of "Tour to Jamaica, en route to England," describing the beauties and attractions of this novel route. The information it contains is very comprehensive, and anybody who contemplates a winter voyage to England should obtain particulars of the trip, by which they will avoid the rigors of a winter voyage in the North Atlantic, and, at the same time, avail themselves of the opportunity of making a short or lengthened stay in the beautiful Island of Jamaica. ed.
