Catarrhal Deafness May Be Overcome

If you have Catarrhal Deafness or head and ear noises or are growing hard of hearing go to your druggist and get 1 ounce of Parmint (double strength), and add to it ¼ pint of hot water and a little granulated sugar. Take 1 teaspoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

DRESS WARM AND KEEP FEET DRY

Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid.

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

BOY SCOUTS FOR HILLSBORO

Hillsboro, March 10.—A meeting of the men and boys of Hillsboro was held in the Men's Hall Friday evening, at which an interesting address on the Boy Scout movement was given by Mr. H. O. Eaman of the Maritime Headquarters at Truro, N. S. At the close of the address those present decided unanimously to organize a troop.

Following the general meeting, it was decided to organize a local association and the following were nominated as officers:

President—Rev. H. W. Cann.
1st Vice-President—G. W. Tilley.
2nd Vice President—Dr. W. P. Kirby.
Secretary—H. G. Bennett.

Mr. F. M. Thompson of the Albert Manufacturing Co., was recommended as District Commissioner and Mr. B. W. Gayey of the Bank of Nova Scotia as Scoutmaster. Applications will be made to the Governor General, Chief Scout for Canada, for warrants to these gentlemen.

The officers and the commissioners and scoutmasters were appointed a committee to draft a constitution to be presented at a general meeting of all men and women, in the community who are interested, to be held at a later date.

During the evening the Maritime Secretary announced that the new handbooks for Canada would be ready for distribution in a few days.

Dangers to Navigation.

Boston, March 6.—Captain O'Brien of stmr Aberdeen, reports on March 2, 150 miles NE from San Salvador, he sighted a sunken schooner, with one of the topmasts projecting about 30 feet out of water; the wreck was directly in the track of shipping and was a very dangerous obstruction; warnings were sent out by wireless, giving the position of the wreck to other vessels.

STRIVING FOR SIBERIAN TRADE

Canadian Government Right on the Job and Through Its Commissions is Reaching Out for Business.

Vladivostok, March 6.—(Delayed, by W. B. Playfair, Canadian Press Correspondent)—The economic commission has been holding a series of meetings with the Siberian Supply Company and the agents of the Canadian Government, and are endeavoring to reach an equitable basis for Siberian trade. At a conference held last Tuesday there were representatives of co-operative organizations who expressed an eagerness to develop business relations with Canada, owing to the similarity of climate and resources, and also because of successful co-operative movements among the farmers of the Dominion.

Canada, furthermore, is without selfish aims. An unwillingness is expressed in the matter of trading through middle men. Trade, if trade is to be had, is wanted direct. It is realized that it is impossible to develop trade right now, owing to the transportation difficulties and the political instability of the country, but in the meantime people here are anxious to learn modern Canadian methods and are sending representatives to Canada shortly to study the methods. Colonel Dennis, in replying to statements made at the conference, said he would ensure full co-operation in so far as possible.

ALTITUDE RECORD

Buenos Aires, March 10.—A new altitude record for South America was made Saturday by Lieut. Parodi, an Argentine army aviator. Flying at the Palomar military aviation field, Parodi ascended to a height of 6,450 metres (about 21,600 feet) beating the record made in 1918 by Lieut. Lanzi by nearly 300 feet.
