BATE'S
GRAND
Tirage au Sort.
Value of Property
$64,000.
THE HIGHEST PRIZE BEING A GRIST MILL, VALUED AT £3,126, AND WHICH CAN BE LEASED FOR £400 PER ANNUM, WITH
639 OTHER PRIZES, VARYING IN VALUE FROM £1,027 TO £1 5s.
PROSPECTUS.
THIS Scheme for disposing of valuable REAL ESTATE would not have been entered into unless circumstances compelled the owner either to compromise with those to whom he is indebted, or by some other mode of honorably liquidating all demands against him. He feels therefore that in bringing the subject before the public, he can do so, in the firmest conviction that no honorable mind will do otherwise than honor him for his intentions.
The Property offered has been apprised by gentlemen well-known for their integrity. The value set down to each Prize is rather under than over what it is really worth, while the principal Prize is sufficient to render the fortunate winner comfortable for life as it could be rented for £400 per year.
Some people believe, and conscientiously too, that Tirages are discreditable, as generally speaking, they are only carried out in a spirit of wild speculation. Nothing of this kind attaches to the present scheme, because, were it possible to dispose of the Property in any reasonable time by public or private sale, without sacrificing it, the subscriber would at once adopt one or other of the latter plans. The state of the money market, however, precludes the possibility of his being able to sell his Property by an ordinary sale; and he is desirous of holding harmless all to whom he is under pecuniary obligations, the scheme of disposing of the Property in this manner occurred to him as being the best and surest method of freeing himself and his friends from the unenviable position they are placed in.
During a period of 40 years he has fought his way in the world: by hard labor and economy he purchased what he is now about to dispose of, and but for the unfortunate circumstance attendant on the stoppage of the Brockville & Ottawa Railway, he could have enjoyed the fruits of his hard labor by living in comfortable ease during the remainder of his days. These hopes, long cherished, are, however, passed away, and the only desire he now has, is to dispose of his Property, pay his debts, and begin the world again; not the most pleasant thought to a person whose all has to be disposed of in consequence of the failure of others—the chief cause of which failure, he believes, being brought about by the death of one of the contractors, Jas. Sykes, Esq., of Sheffield, England, he being drowned in the ill-fated *Arctic*, while on his way to Canada, for the purpose of carrying on the Railroad, in which the Subscriber's all was at stake.
The Property to be disposed of is situated in the Township of Young, Elizabethtown, and Wolford, in the United Counties of Leeds and Grenville, and Township of South Sherbrooke, in the United Counties of Lanark and Renfrew.
The property in the Township of Young comprises a part of Lots 11, 12, and 13, in the 8th Concession, and on the thriving Village of Farmersville; Lots 10 and 21 in the 10th Concession; Lots 20, 21 and 22 in the 9th Concession: making in all 500 acres valued at £7,051 15s.
The property in Elizabethtown consists of the Commons, in the 9th Concession, and a part of Lot No. 26, in the village of Greenbush, making 45½ acres, valued at £950.
The property in the Township of Wolford consists of part of Lots Nos. 4 & 5, in the 8th Concession making 235 acres valued at £695 15s.
The property in the Township of Young consists of 12 acres, and the water-power attached to the land; in the Township of South Sherbrooke, 419 acres—valued at £927 10s. The full extent of the property offered containing 1,296 acres. Tickets at $5 each, payable on demand. Prizes are to be arranged as to give one prize for every 20 tickets.
Cash Prizes will be paid on presentation of Tickets so soon as the drawing is completed.—All Prizes exceeds of Transfer will be made free of charge to the winner, 30 days after the drawing.
The drawing will positively take place on the 8th May, 1856, under the superintendence of a gentleman of the highest respectability, character and standing in the country, who will see everything conducted with the Drawing fairly and impartially. Attended to. Plans of the Property, full particulars thereof and testimonials from the most respectable and influential persons in canada West, as to the value of the Property and the object of Sale, can be obtained on application to the following AGENTS:—
Mr. Thomas Farmer, and Benjamin Jones; *Bell's Corners, Nepean*, Ottawa; *Richmond*, Edward Reilly; *Ottawa River*, William Cowan; *Pontiac*, Mr. O'Connor; *Arnprior*, Jas. Bell.

BATE'S LOTTERY.
(From the Montreal Herald.)
We beg leave to draw the attention of our readers to the advertisement of Joshua Bates, Esq., offering the whole of his valuable property for sale by *Tirage du Sort*. The object of the *Tirage* is fully explained in his prospectus, and we cannot but feel with others across our deep sympathy for Mr. Bates' present embarrassment, and the result of his long labors and sacrifices, having sacrificed a period of forty years, the time in life of his strength and activity both of body and mind, and again to face the hardships and toils of this world, instead of his retiring and spending his latter days in retirement. The property to be disposed of is one of the most eligible that could be chosen out of Canada. We are satisfied that the value of the property are much below its worth—and in a few years, when Brockville and Ottawa Railway is finished it will be worth more money, as it is within a few yards of the Station. We are glad to see that the Mathesons and other influential and respectable residents in the Counties of Leeds and Grenville and Lanark and Renfrew have taken a deep interest in the affair, and assisted Mr. Bates in carrying out his project, and have affixed their names to be placed prominently before the public. A large number of tickets have already been disposed of in Canada West. We can assure our readers that, although we do not approve of the general principle of disposing of property by this mode, yet there are circumstances in which we will always recommend and give a helping hand when the circumstances attending it are not objectionable, and when it commands the respect of the public generally, and when it is designed to carry out some good purpose, such as the present scheme which is got up solely for the purpose of relieving the proprietor and his friends, who are responsible with him, from liabilities which cannot be met in time by any other legitimate plan; and particularly, as in this instance, where it will be carried out, honestly and fairly, under the superintendence of gentlemen in our community of the highest respectability, character and standing. Adriel Sherwood, R. P. Colton and John Kilborn, Esqs., of Brockville, have kindly and cheerfully undertaken the superintendence of the drawing and of seeing the scheme carried to a final result.—*Communicated.*
