TOWN AND COUNTRY.

THE Listowel barbers have raised their tariff to city prices.

PERTH Fall Assize Court will open at Stratford on the 30th October.

☞ Hess Bros. wish to announce to the public that they are retailing all kinds of furniture at their warerooms 20 per cent. cheaper than ever, for cash.

A Sunday School convention will be held at Millbank on Tuesday, the 19th inst.

AN excursion from Port Dover, Stratford and intermediate points takes place to-day to Wiarton.

FARMERS, FARMERS.—Take your Butter and Eggs to the City Grocery and get the highest price in cash for them.

J. S. GEE.

P. LILLICO, Esq., of Listowel, registered at the Grand Pacific hotel, Portage la Prairie, last week.

WE understand that the Public and High School Boards are anxious to play a match at cricket with the Town Council.

THE Public School Board met on Tuesday evening. The business of the meeting consisted in passing a few small accounts.

LOST.—Somewhere in Listowel, on Friday last, 1st inst., a light brown feather for lady's hat. The finder will much oblige by leaving the same at this office.

MR. J. E. CARSON is one of the delegates at the General Conference of the Canada Methodist Church in session at Hamilton. Rev. Mr. Holmes is also in Hamilton this week.

DR. A. M. SLOAN, who is commencing the practice of Medicine in Listowel, has opened an office over Mr. J. P. Newman's shoe store, Main street. His professional card will be found in another column.

THE Toronto Industrial Exhibition was formally opened on Wednesday. Return tickets are being issued by the railways at reduced rates, this week at a fare and a third, and next week at single fare.

☞ Should any person doubt that Hess Bros. are selling their furniture 20 per cent. cheaper than ever, for cash, let them call at the warerooms, ascertain the price of the goods, and be convinced.

LARGE numbers of lambs and hogs have been shipped from Listowel this week. The latter fetch 7 1-8c. live weight, which leads us to conclude that the Jew is a fortunate fellow after all in his antipathy to pork.

THE Chicago, Rock Island & Pacific Railway Company presented the members of the Canadian Press Association with a beautiful lithographic circular, as a *souvenir* of their trip over the famous "Albert Lea Route."

BRUSSELS Caledonians hold their annual games on Thursday next, 14th inst. $500 will be given in prizes. The champion athletes of the world are expected to be present. Excursion tickets will be issued from all points west of Toronto.

THE town Schools opened on Monday last. The attendance at both High and Public Schools is exceedingly good for the commencement of he term: the school room has been got into order, and its inmates are diligently at work again.

MR. W. R. CLIMIE, of Bowmanville, Secretary of the Canadian Press Association, and lady, were in town on Wednesday. They were returning home from the Press Excursion to the Northwest. It is needless to say that they were delighted with the trip.

THE Town Council inspected some of our dilapidated sidewalks the other day. They accomplished their jaunt without any broken limbs or necks, too. But they evidently comprehended the risk which they had run, as a few of the worst of the innumerable man traps have since been "patched up."

MR. GEO. HESS, of the firm of Hess Bros., has returned from the Northwest. Mr. N. Purcell has also returned home, which he was compelled to do on account of his health. Mr. Purcell had a remunerative position as overseer on the new C. P. R. round houses at Winnipeg.

LISTOWEL AHEAD.—We just learn that Mr. Thomas Seaman of this town was awarded the first prize for his celebrated lumber wagon, at the Toronto Industrial Exhibition. Mr. Seaman is to be congratulated upon his great success, which is all the more creditable from the fact that there was keen competition in this department.

CONSERVATIVE MEETING.—Members of the Listowel Conservative Association are reminded that a meeting of the Association will be held this evening in the old Foresters hall at 7.30 o'clock, to appoint delegates to attend the Convention at Toronto on the 13th inst., and for the transaction of other business.

THE temperance meeting held in the Primitive Methodist Church on Tuesday evening was quite a success. There was a fair attendance, and addresses were delivered by several clergymen from a distance. Between thirty and forty persons signed the pledge in connection with the temperance organization of the Church.

TOWN PROPERTY SALES.—Mr. Owen Wilson has recently purchased the brick residence on Main street which he at present occupies, from Mr. J. A. Hacking. Mr. D. B. Dinkel and Mr. Bezanson have purchased the residences on Union street which they respectively occupy, and which were owned by Mr. Vanstone.

MR J. A. RUTHERFORD has resigned the position of principal theacher of Trowbridge Public School, which he has successfully held for nearly two years, an will shortly go to Toronto to study medicine. Miss. M. Gibson has been appointed to the position which Mr. Rutherford vacates. Miss. Gibson is a graduate of the Listowel High School.

ALMOST A FIRE.—The roof of the residence of Mr. Wm. Thompson on Main street near the railway crossing was discovered to be on fire on Friday last. The discovery was made in time to quench the flames with buckets of water, but not before a considerable potion of the roof was burned. The fire is supposed to have been caused by a spark from a passing engine.

REMEMBER the Monster Excursion of the season to Susp. Bridge, Buffalo, and Rochester, under the auspices of the "Preston Musical Society," on Friday, September 15th, from all stations of the G. T. R. (late G. W. R.) from Palmerston to Harrisburg inclusive. Tickets to Buffalo and Rochester good for eight days. Susp. Bridge $1; Buffalo $2.25; Rochester $3,—stations north of Fergus 25c additional. Train leaves Palmerston at 7.15 a. m.—32a.

MR. P. RUNSTEDTLER and family left town this week for Dayton, Ohio, where a number of his relatives are located. Mr. Runstedtler has been in the employ of Messrs. Hess Bros. for eight years. He was also a member of the town band. The band evinced the high respect in which he was held by them by entertaining him at the Grand Centeral Hotel on the eve of his departure.

THE engineer has staked out the ground, and the construction of the new switch to connect the crossing north of main street is being proceeded with. It is said that under the new arrangement the Port Dover division south of this point will be operated from Stratford, connection to be made at Listowel with trains on the Great Western division, and that the Wiarton and Durham sections will be operated from Palmerston.

CHANGE OF DATE.—At a meeting of the directors of the Listowel Union Agricultural Society held on Saturday, it was decided to change the dates of the Fall Exhibition from the 5th and 6th October to Wednesday and Thursday, the 4th and 5th October. This change has been made in consequence of the West Wellington show, to be held at Drayton, falling on the same dates. By this alteration of dates exhibitors will be able to attend both exhibitions. The public should make a note of this.

QUOITS.—On Wednesday a team of the Listowel quoit club drove over to Harriston, and had a friendly pitch with the Harriston club. The game resulted in favor of Listowel by 6 shots. The following are the names of the players and their respective scores: Listowel—R. Armstrong 41, R. Elliott, 41 J. R. Kay 6, Jas. Bright, sr. 41, Jos. Coutts 41, Geo. McKeever 40, Jas. Bright, jr. 41, J. Lochhead 34—total 285. Harriston—Jos. Bennett 33, S. Reisberry 31, Jas. Slemmon 41, D. McNevin 33, W. Moore 26, J. Slemmon 51, W. Weatherston 33, Jno. Slemmon 41—total, 279.

THE travelling public will derive an advantage by the amalgamation of the G. T. R. and G. W. R. in that they can now take the most direct route to many points touched by both roads. For instance, the shortest route to Toronto from Listowel is by the Great Western division to Guelph, thence by Grand Trunk. Passengers north of Guelph will in future be taken to Toronto that way. The new time table of the amalgamated roads will be out in a day or two. We understand that it will be so arranged that close connections will be made at all points where the two lines meet.

LISTOWEL STANDARD: Allow me a few lines in your valuable paper to inform your readers that, while visiting Winnipeg I had the pleasure of meeting with Mr. Thos. Hedley, a former resident of this place, who has just moved into his new three story brick hotel. The fine appearance of the outside of the building is in full accord with the neat and clean outfitting of the inside, and I would advise all those who intend to go to Winnipeg to give Tom a call, all the more as he is a very obliging gentleman, and will not fail to earn satisfaction from all with whom he has to deal.

GEO. HESS.

CRICKET.—The eleven "professionals" and twenty-two citizens tried conclusions again on Monday. After a well contested game, in which some very creditable playing was done on both sides, the result proved a victory for the eleven, who were highly elated at regaining their laurels, which they had lost in the previous match with the superior numbers. The score stood as follows: Eleven, 1st innings, 55; 2nd indings, 71—total, 126. Twenty-two, 1st innings, 54; 2nd innings, 47—total, 101. Majority for eleven, 25. It is quite evident from the manner in which these friendly matches have been contested that Listowel is not lacking in cricket material, and these home contests certainly afford an excellent method of developing it.

HYMENAL.—The parishioners and many other friends of the Rev. G. B. Taylor, Incumbent of Christ Church, Listowel, will be highly interested to learn that that gentleman has fulfilled the principal part of his mission to his native land by taking unto himself a lifepartner. The interesting event took place in Mountmellick parish Church, Queen's County, Ireland, on the 22nd August. The bride, Miss Francie Roe, is of course as yet a stranger to the gentleman's friends in Canada, but all will feel assured that he has chosen one eminently qualified for a clergyman's wife. The happy couple are expected to arrive in Listowel about the 1st October, and we are sure that they will meet with a very hearty welcome.

THEFT.—On Saturday a bag containing about $40 was stolen from the till of the Commercial Hotel. Suspicion fell upon a young fellow—a stranger, who bore a tramp-like appearance—who was in the bar a short time before the discovery of the theft, and who had been left alone while the proprietor was engaged in another room. Mr. Stewart, upon finding his money was gone, at once notified the constable, who succeeded in overhauling the fellow in the neighborhood of Palmerston. He was brought back and lodge in the lockup, and on Monday was brought before G. Draper J. P. He gave his name as Wm. Stinhouse. Some seven or eight dollars was all that was found upon him when arrested. The evidence of his guilt, however, was sufficiently clear to warrent his committal, and he was sent down to Stratford to await his trial. Another charge of larceny, that of stealing a passenger's satchel while travelling between Palmerston and Winghamh, as been laid against Stinhouse.

TOWN COUNCIL.—Regular monthly meeting held Monday evening, 4th inst. Present, the Mayor, Deputy-Reeve, and Councillors Scott, Woods, Deavitt, Riggs, Hay, Heppler, Brooks, Binning. Minutes of previous meeting read and confirmed. A number of accounts were read and referred to the Finance Committee. It was moved by J. W. Scott, seconded by John Binning, that the third reading of By-law No. 88, to amend Town By-laws, be laid over for one month—carried. Moved by R. Woods, seconded by John Binning, that a third plank be laid on the sidewalk on Albert street—lost. Yeas—Deavitt, Woods, Hay, Binning. Nays—Scott, Hess, Riggs, Heppler, Brooks. Moved by John Riggs, seconded by W. G. Hay, that the chairman of the Board of Works be instructed to have notices put up at each end of the bridge on Wallace street, notifying the public not to drive faster than a walk over said bridge—carried. Moved by George Hess, seconded by A. S. Deavitt, that the chairman of the Board of Works be instructed to have all new sidewalks passed by this Council built at once. Yeas—Deavitt, Woods, Hess, Riggs, Binning. Nays—Scott, Hay W. G., Heppler, Brooks and the Mayor—motion negatived. Moved by George Hess, seconded by John Riggs, that the Town Solicitor be instructed to confer with the Mayor in securing legal assistance to defend the case brought against the town by W. M. Climie—carried. The Finance Committee reported, recommending payment of the following accounts: Gas Co., account for street lamps, $83.90; do., for town hall, $13.25; Jos. Vandrick, lamp lighting, etc., $25.42; Jno. Riggs, supplies to indigent, $1.50; A. St. Geo. Hawkins, advertising, $16.86. On motion the report was adopted. Council adjourned.

HIGH SCHOOL BOARD.—A special meeting of the Listowel High School Board was held in the Council chamber on Friday evening, 1st inst. Members present, Messrs. G. Draper, R. Ferguson, W. Hess and W. McKinney. The chairman stated that the object of the meeting was to consider the general circular issed by the Hon. Minister of Education containing the regulations with reference to High Schools and Collegiate Institutes and the distribution of the Government grant thereto. A. B. McCallum, M. A., Head Master of the High School, was heard by the Board with reference to the new Regulations. The following resolution was adopted by the Board: Moved by R. Ferguron, seconded by W. McKinney, that this Board having taken into consideration the basis on which the Government grant is in future to be distributed, expresses its strong disapproval of the same. The Board after having spared no expense in the erection of first-class buildings and otherwise furnishing the school with all modern appliances for the use of teachers and pupils, did so on the repeated assurance of the High School Inspectors and the Hon. Minister himself that the grant would be very much increased in recognition of the laudable efforts to further the cause of secondary education in the town; but so far is this hope from being realized that the grant to this school will be considerably less than heretofore. That this Board is of the opinion that the new mode of distributing Government aid for the maintenance of higher education, instead of bringing secondary education within a reasonable limit to be taken advantage of by the greatest number in the Province, will have the effect of crushing out many of the smaller High Schools, which have proved themselves useful, not only to their respective localities, but to the Province at large, and thereby centralizing education in a few favored towns in the country. That this Board therefore humbly asks the Hon. Minister of Education to so modify his recent Regulations that instead of maning $2,000 the basis of furgrants, in addition to the fixed grant of $500, the limit should be $1,500 and 45 per cent. of the aggregate of the salaries above this limit be granted in addition to the said fixed grant on the maximum sum receivable to be left to the discretion of the Hon. Minister of Education, and in addition a further grant on the report of the High School Inspectors for efficiency of school accommodation and appliances, and this sum to be not less than $100. The Board then adjourned. The regular monthly meeting of the Board was held on Wednesday evening, 6th inst. Several small accounts were received and referred to the Finance Committee. The estimates of the school expenditure for the ensuing financial year were then discussed. It was moved by R. Ferguson, seconded by A. Austin, that the estimates as prepared be accepted and passed, and the chairman be requested to lay the details of the same before the Town Council at its next meeting, and ask that the amount be paid—carried. Board adjourned.
