SMOOTH CLERIC-FORGER TRIPS UP AT WOODSTOCK

Tries to Pass Worthless Cheques on Banks and Both Managers Sent for the Police.

Woodstock, April 5.—(Special.) — A stranger arrived this afternoon, dressed in the regular costume of a Church of England clergyman. He was apparently about 60 years of age, and very respectable looking. Just after noon he presented himself at the Crown Bank and handed in a cheque for $30, which was drawn on the Dominion Bank by Bishop Sweatman of Toronto, being signed, "Arthur, Toronto, Diocesan." One thing, however, that immediately stamped it as a forgery was the fact that it was dated at Toronto, April 5. The clergyman was informed that the bank could not pay the cheque to-day, but would forward it to Toronto for collection. He had to be content with this, and endorsing the cheque with the name, "C. F. Brooks," left.

Mr. Fuller immediately telephoned the police. Meanwhile, his reverence went to the Traders' Bank, and presented a cheque almost identically the same. This one was marked, "For Synod Expenses." Manager McMahon is well acquainted with Bishop Sweatman, and knew at once that the signature was a forgery. He invited the stranger into the office, where he shut and locked the door on him and sent for the police. Almost at the same time, Chief Zeats and Constables Tisdale and Virtue arrived. The smooth stranger will appear before Magistrate Ball to-morrow. He is a short man, fairly well-dressed. His hair, once brown, is getting rather grey. His complexion is sallow, and a prominent nose gives a rather sharp expression to his face. He was very nervous and did not carry out the part of a clergyman very well.

"What is your profession?" he was asked.

"I am a commercial traveler."

"Whom have you traveled for?"

"Myself," he replied.

He admitted that he had served time in Kingston, but when questioned further, said, "Not just now. I'll tell you all about it later."

When arrested he had one hundred dollars on his person. Chief Zeats learned this evening that the accused is the man who operated successfully at two banks in Kingston on Monday.

AVENUE ROAD STREET CARS.

Residents Want Line Extended Into the Annexed District.

The residents of the Avenue-road district, which has recently been annexed to the city, are anxious to know when the street car line on Avenue-road is to be extended northward to Upper Canada College. General Manager Fleming says that the cars are running to the terminal as usual, and there is no intention at present to continue the line further.

Now that the property is a part of the city, however, the residents of that district claim that the city has the right to compel the Railway Company to extend its lines. In so far as new districts being taken into the city are concerned, this appears to be a disputed point. It is estimated that the Metropolitan Railway Company, which is a subsidiary line to the Toronto line, makes about $7000 a year in fares by carrying passengers from the C. P. R. crossing to Mount Pleasant Cemetery, which they would lose if the citizens could follow the Toronto line as far as Upper Canada College.

Avenue-road people think that the city council has the matter in its own hands, as it can order the City Railway to stop running Metropolitan Railway cars over the city line at any time, and in the event of the Railway Company refusing to run their cars to Upper Canada College, the privilege of running M. S. R. cars could be withdrawn.

When the Sunday car question was up before the electors to be voted on, the Railway Company gave as a reason for Sunday cars that people wanted to get out of the city on Sundays to visit the cemeteries, and the company would do their part to try and arrange for a single fare to Mount Pleasant Cemetery. The residents of the Avenue-road section think that the Railway Company should now fulfill their promise.

BIGGEST RUSH YET.

Emigration From Ontario to Northwest Beats Records.

Mr. Hartney of the Manitoba immigration department returned from North Bay yesterday, where he had been in charge of a party of emigrants on their way to the Northwest. In the party were 800 persons and 62 cars of settlers' effects. All these settlers are farmers or sons of farmers in Old Ontario, and their departure is a distinct loss to the province.

More people are leaving for the west than in any previous year, but the spring rush is about over now.

Seeding in Manitoba is well under way, and the emigration from Onatrio is earlier than usual.

WILL GET CHEAP PHONES.

Toronto Syndicate Offers to Put in Orillia Service.

Orillia, April 5.—(Special.)—At Monday night's meeting of the council a communication from a Toronto syndicate was read, asking for a plan of the town, with a view to submitting a tender for the installation of a municipal telephone system in Orillia. The communication states that the cost of telephones to users under the proposed municipal system would be between $15 and $20. The matter is now being dealt with by a special committee. Local customers of the Bell Telephone Company are jubilant in anticipation of a new and better telephone service in Orillia under the control of the municipality, and will exhaust every effort to bring about the desired change.

New Rifle Range.

Owen Sound, April 5.—Word has been received from Ottawa that the militia department has purchased a rifle range for the use of the 31st Regiment of militia. The site consists of 75 acres, of which 55 acres is arable land. The consideration was $4175.

Two Car Loads at London and Board Will Investigate.

London, April 5.—(Special.)—The London Township board of health has been called to meet in special session to consider means to put a stop to the alleged shipment of slink veal into the township upon a somewhat extensive scale.

It is said that two carloads of the veal has recently been received here, and that the animals weigh as little as 25 pounds each, and are bought for fifty cents a head.

Medical men here claim that the consumption of such meat is liable to work great injury to the public health.

LONDON ASYLUM AFFAIRS.

Some Charges Which Mr. Hanna May Investigate.

London, April 5.—(Special.)—In February last a woman died at the insane asylum here from illness consequent upon childbirth. She was an attendant at the asylum, and it is alleged that she was employed up to the time of the birth of her child without anyone in the institution having become aware of her condition.

The matter has been brought to the notice of Provincial Secretary Hanna, who has been asked to investigate.

Charges have also been made that the employes of the asylum have been engaged in political work while under pay.

OIL IS BOOMING COUNTRY.

Another Well Shot at Comber With Visitors Present.

Comber, April 5.—Another big flow of oil was struck this afternoon on the farm of Peter Black, situated on the town line between Tilbury West and Mersea Townships, four miles south of here.

There was present a large deputation of Detroit citizens, who are interested in the oil wells of this district. The continued success of the drillers in locating wells yielding oil in such paying quantities has increased the activity in the commercial world.

Land that was leased a year ago for 25 cents an acre cannot be obtined to-day for less than $4 an acre, and a few farms are being leased at a higher figure.

HUSBAND BOUGHT REVOLVER BUT WIFE DID SHOOTING.

Philadelphia, April 5.—Mrs. Urania Conde, aged 23 years, died in the hospital here to-day from a bullet wound in the head which, according to Percy Conde, her husband, was self-inflicted. The shooting occurred in Fairmont Park.

The husband says Mrs. Conde was demented.

Conde admitted to the police that he purchased the revolver for the purpose of killing himself and his wife.

Conde claims that while sitting in the park Mrs. Conde secured the revolver from his pocket and before he could disarm her she shot herself.

NEWFOUNDLAND GETS AFTER YANKEE BAIT FISHERMEN.

St. John's, Nfld., April 5.—Premier Bond introduced in the legislature last night a bill to increase the stringency of the Bait Act against American fishermen.

The government also despatched the revenue cruiser Fiona, with Inspector O'Reilly and Magistrate Avery, and a force of regular police preventive officers, to begin a campaign against American fishing vessels, which may attempt to secure bait in these waters.

TWO BROCKVILLE DEATHS.

Brockville, April 5.—(Special.)—Mrs. Brace, widow of the late Dr. Brace, and one of Brockville's best-known citizens, died unexpectedly to-day from muscular rheumatism and paralysis, at the age of 44 years. She leaves a family of five children.

Another death to-day which created surprise was that of Mrs. Robert Davis, sister of W. T. Dockrill, Toronto. Mrs. Davis was a native of Kingston.

DELAYED BY ROUGH SEAS RAN SHORT OF PROVISIONS.

New York, April 5.—The steamer Montreal of the French Line arrived to-day after an eventful passage from Havre.

Severe weather, which the steamer experienced almost from the first, delayed her voyage so much that her supply of provisions was severely taxed, and it became necessary for her to tranship 600 of her steerage passengers when she arrived at Fayal, Azores.

MUST PROVIDE FOR MEASLES.

Refusal of Cases by Hospital Board Compels City to Erect Building.

The local board of health yesterday endorsed Dr. Sheard's proposal to erect a $30,000 hospital for cases of measles, chickenpox and erysipelas, about 75 feet north of the present Isolation Hospital. Dr. Sheard reported that Dr. O'Reilly and the board of trustees of the General Hospital had absolutely refused to receive measles cases, altho he had offered $1 per day per patient. In every other city in the province the hospitals took such cases, and with as many institutions as Toronto had, it was a shame that the city should be compelled to erect such a building. There would probably be treated annually 40 cases of measles, 10 of chickenpox and a half dozen of erysipelas. The building would often be empty, but there must be a place to put persons suffering from these diseases.

Dr. Noble feared contagion on account of proximity to the Isolation Hospital, and Dr. Lynd and ex-Ald. Crane preferred a new wing added to the General Hospital for the purpose.

Dr. Sheard said anyone could get out an injunction to prevent such a course, and ex-Ald. Burns thought if the city were to spend the money it should control the building. The legislature will be asked for permission to build, as the hospital will encroach on park property, and the law requires it to be built 150 feet from an inhabited dwelling.

Dr. Sheard reported that the tubercu-losis convention at Ottawa had decided to ask the government to appoint a royal commission to enquire into the best methods of checking the ravages of the disease. The deputy minister of agriculture and Senator Edwards had agreed that the government would do this. Dr. Noble thought the commission would do no harm, but he had not been struck at all with anything said or done at Ottawa. The convention seemed to be suffering from dry-rot. The work should begin with the municipalities and buildings should be erected. If the offer of the government, made four years ago, were accepted, the municipalities would do well.

BISHOP WANTS TO BE FRIENDLY.

New York, April 5.—An innovation in the New York Methodist Episcopal conference was established here to-day by Bishop J.W. Hamilton of San Francisco. At the conclusion of his opening address he stepped down to the altar rail and shook each member of the conference by the hand.

The bishop had taken occasion to invite the members to confer with him freely, and, speaking especially to younger men, said he did not want them to look on a bishop as a religious vessel, too sacred to be approached.

WILL IT CURE ME?

That's the personal question a woman asks herself when she reads of the cures of womanly diseases by the use of Dr. Pierce's Favorite Prescription.

Why shouldn't it cure her?

Is it a complicated case? Thousands of such cases have been cured by "Favorite Prescription." Is it a condition which local doctors have declared incurable? Among the hundreds of thousands of sick women cured by the use of Dr. Pierce's Favorite Prescription there are a great many who were pronounced incurable by local doctors. Wonders have been worked by "Favorite Prescription" in the cure of irregularity, weakening drains, inflammation, ulceration and female weakness. It always helps. It almost always cures.

"I commenced taking your medicine, 'Favorite Prescription,' nearly a year ago for chronic inflammation of womb, and can truly say it is the only thing that ever did me any good," writes Mrs. L. C. Wagner, of 125 Edwin Street, Toronto, Ontario, Canada. "I could not walk any distance before using it. After taking six bottles of your 'Favorite Prescription' I find I can walk without difficulty and am greatly benefited in general health. Would advise all suffering women to use Dr. Pierce's medicine."

These are the Original Little Liver Pills, first put up over 40 years ago, by old Dr. R. V. Pierce. They've been much imitated but never equaled. Smallest, easiest to take and best. They're tiny, sugar-coated, anti-bilious granules, a compound of refined and *concentrated* vegetable extracts. Without disturbance or trouble, constipation, indigestion, bilious attacks, sick and bilious headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured. *Permanently* cured, too. By their mild and natural action, these little Pellets gently lead the system into natural ways again. Their influence *lasts*.

DECLARE QUICK INSANE AND DO WITHOUT TRIAL

Counsel for Caradoc Murderer is Forwarding Doctor's Certificate to Attorney-General.

London, April 5.—It is understood that John Folinsbee, the counsel for Robert Quick, who is accused of murdering his brother, Alfred Quick, of Caradoc, is making an effort to have the prisoner declared insane and sent to the asylum, without the formality of a trial.

He has procured certificates of insanity from two medical men, and these, together with the testimony adduced at the examination, will be forwarded to the attorney-general's department.

Mr. Folinsbee is also taking steps to have a committee formed to manage the estate of the prisoner in the event of being officially declared insane.

WELCOMES THE CONFLICT.

Winnipeg Pastor Says Sooner it Comes the Better.

Winnipeg, April 5.—(Special.)—Last night a remarkable statement was made by a prominent minister in this city regarding the Manitoba political crisis and the separate school question, the occasion being a lecture by Rev. John McNeil at the First Baptist Church on the Making of the Nation." The reputation of the lecturer is so great and his honest sincerity so well known that the big church was crowded to the doors. Towards the close of the interesting address he referred briefly to the question of the hour in Canadian politics, but his opinion was made so clear and definite that it awoke a remarkable response from the great audience, which rose to its feet cheering.

Mr. McNeil said: "Some believe that present conditions can result only in sectarian strife, and are afraid accordingly; but I say to you to-night, solemnly and deliberately, IF THE OUTCRY AGAINST THE AGGRESSION OF A FOREIGN HIERARCHY RESULTS IN A CONFLICT THAT WILL PLACE ALL CREEDS ON AN EQUALITY, THEN THE SOONER THAT CONFLICT COMES AND THE SHARPER IT IS THE BETTER FOR US AND ALL GOD'S PEOPLE."

ZANGWILL SAYS ROOSEVELT IS GOOD FRIEND OF JEWS

London, April 5.—Speaking at the Zionist banquet in London last night, Israel Zangwill declared that in the whole history of the world the Jews never had a better friend than President Roosevelt.

Referring to Great Britain's offer of territory in East Africa, he said it was doubtful whether a settlement 500 miles from the sea offered sufficient basis for a prosperous Jewish colony.

INDIA'S BIG EARTHQUAKE WAS FELT IN TORONTO TOO

Disturbances Recorded at the Observatory for 3 Hours—Many Lives Lost in Punjab

The earthquake that did such damage at Lahore, India, on Monday, was recorded at the Toronto Observatory. An Observatory official says that it was what is known as a globe-shaking quake, that is, it was felt all over the globe. The disturbance was recorded at the Toronto Observatory beginning at 8.14 p.m. on April 3, which would correspond to 6.11 a.m. at Lahore, India. The disturbance continued for three hours, with the maximum intensity at 8.52 p.m.

Lahore, Punjab, India, April 5.—The Hill station of Bharmsala was practically razed to the ground by the earthquakes. The native quarter was entirely obliterated, many of the inhabitants were buried in the ruins. Most of the houses in the European quarters were wrecked and nine persons were killed. The people are sleeping in the open air, food is not procurable and the great distress prevailing is accentuated by keen frost. The entire population is encamped on the adjoining hillsides, without protection and without medical aid. A relief party was despatched from here to Bharmsala to-day.

70 Natives Killed.

The Europeans killed at Bharmsala were Mrs. Robinson, wife of the colonel commanding the troops there, and her two daughters, Mrs. Holderness, Capt. Muscroft and four members of the Indian civil service.

Seventy natives were killed and many were injured when the native quarter of Lahore was demolished.

The Mohammedans here are parading the streets wailing and praying for deliverance from further visitations. Reports from various points indicate that the earthquakes caused very widespread disaster. The towns of Amritsar, Jultundur, Ferosepore, Multai and Rawal Pindi, as well as Mussooree, were badly shaken and damaged and great damage and loss of life are reported from Kashmir, Dalhousi, Dehradun Patrala and Malerkotle.

The telegraph service is disorganized and news is coming in slowly.

TWO SUFFER BROKEN SPINES.

Bad Accident at Barn Raising Near Stratford.

Stratford, April 5.—(Special.) — A shocking accident occurred at the farm of Adam Leinweber, second concession, South Easthope, seven miles from Stratford, about 1.30 p. m., on Monday, thru the falling of the framework of a barn, which Leinweber was having taken down.

Two men, Henry Meyer, jr., and John Wittig, sustained broken spines, and a number of others were more or less injured.

Small hopes are entertained for Meyer's recovery.

COL. MORRIS DIES.

Prince Albert, N.W.T., April 5.—Col. Morris died last night at 10 o'clock, at last postcall, without regaining consciousness from his paralytic stroke of Friday. Deceased was 66 years of age and had served in the N.W.M.P. in various capacities for nearly 21 years, coming originally from New Brunswick.

He leaves a widow and a grown up son and daughter.
