A GREAT DAY ON THE ICE.

CITY AND COUNTY CURLERS BEAT THE PROVINCE.

Inaugural Meeting of the Queen City Driving Club at Woodbine—A Successful Afternoon's Sport.

One hundred and seventy-six curlers, of whom 60 belonged to Toronto, engaged yesterday on our four city rinks in one of the largest and most successful bonspiels ever held here. Clubs from the city and county met an equal number of clubs from all parts of the province and succeeded in defeating them by 18 shots. Ontario curlers were fairly represented. Several clubs, who would otherwise have been present, were detained elsewhere by tankard ties. The day was a little soft for the best of play, the ice, especially in the covered rinks being "greasy." Nine rinks played at Moss Park, 5 at Mutual street, 3 at Adelaide street and 5 at the Granite. As will be seen from the affixed scores, the play was remarkably even. Toronto clubs kept up their end. At the conclusion of the day all expressed their desire that the plan so successfully inaugurated would become a permanency.

Majority for city and county over the province, 18 shots.

At 6 o'clock all the players engaged assembled at the Caledonian rink, where, in the club rooms upstairs "beef and greens" were laid out in large quantities. Henry Michie of Fergus, president of the Ontario branch, did the honors. After the edge had been taken off the many hearty appetites, the chairman congratulated all present on the success of this their first bonspiel of the sort held. He expressed the hope that it would not be the last, and his sentiments were echoed by all. Vice-President Flavelle of Lindsay spoke in the same strain. The secretary of the branch, J. S. Russell, was asked to explain the exact position of the long talked of match between the Grand National Curling club of the United States and the Ontario branch. He stated that about eight years ago the branch had proposed such a match, to be played between 50 rinks from each organization. The proposition had been renewed from year to year since, but no action had been taken. The Ontario branch had finally left the matter entirely in the hands of the Grand National, stating that they were willing to play at any time, either in Buffalo, Hamilton or Toronto, with 50 to 100 rinks a side. The Grand National had proposed playing with two rinks a side. This had been scouted by the branch on the grounds that such a plan would smack too highly of professionalism, a consummation not devoutly to be wished. The secretary also stated that the Canadian curlers on the sea board had formed the Maritime Curling association. This was one more step towards the formation of what every Canadian curler with the true interests of the game at heart desired to see—a Grand Canadian Curling association. Other speakers followed, toasts were drunk and the visitors departed. J. S. Russell, W. D. McIntosh and others deserve great credit for the masterly manner in which they managed the bonspiel from beginning to end and for the expedition and accuracy with which the reports were prepared.

Winter Meeting at Woodbine.

It would be difficult to realize a more successful gathering of the kind than the inaugural meeting of the Queen City driving club at Woodbine park yesterday. Started originally by a few enthusiastic lovers of a good driving horse the club has grown to really magnificent proportions, comprising nearly one hundred members all actuated by the two ideas—a love of sport and a desire to encourage in Toronto good, honest trotting. Under these circumstances it is gratifying to know that the club has a credit on the right side of its bankers and that altogether its prospects are most rosy. If yesterday's meeting is any indication of the way in which it intends to run things then Toronto is at last to be congratulated on having got an organization of trotting men whose aim is honor first and filthy lucre afterwards. Mr. John Elliott is president and along with Messrs. Charles Brown, Geo. Johnson and Joe Duggan officiated in the stand, while Mr. J. F. Scholes proved a hard working secretary and clerk of the course, seeing that the horsemen responded promptly to the tap of the bell and that the track was kept clear. In fact Mr. Scholes was in himself an efficient police force. The attendance was upwards of four hundred and was orderly, good-natured and decorous, not a single hitch occurring in any shape to mar the enjoyment of the sport. A good track had been prepared. It was somewhat soft and cuppy owing to the mildness of the weather and fast time was, therefore, out of the question. It was rather strange, however, that the free-for-all race should be about the slowest of the meeting, but so it was; old Lookout going badly from the start and Little Frank, another starter, breaking his shoe, tearing off his quarter boot and cutting himself so badly in the first heat as to be withdrawn. Billy Green consequently had a picnic, winning in two heats, Lookout retiring after the second. The 2.50 race was well contested throughout but the black Photographer, admirably driven by his owner, Mr. Dixon, had the speed of his rivals and won in three straight heats. Clara W. in the first heat trotted in great style and looked as if she would prove dangerous, but in the succeeding heats she was somewhat skittish, it being her first appearance in a race, and lost so much ground that she could never make it up. Billy Owens, by Highland Boy out of Jennie Vincent, in the skilful hands of young John Fleming, acquitted himself well, keeping Photographer busy in the second and third heats. The three-minute race was largely a running affair, but Larry, a likely looking brown gelding, won on his merits, doing some very level trotting and keeping well to his work. In the third and last heat Mouse ran hard half the distance to get to the front, and finished first with lots in hand, but was rightly disqualified for his tactics. Following is the summary:

FIRST RACE—Free-for-all trotters or pacers owned by members. First prize, suit of clothing, given by the president, Mr. John Elliott; second prize, lap rug, given by Lugadin & Barnett.

General Notes.

Billy Hunter, of Guelph, of London and more lately of Hamilton, has signed to play baseball at Denver Col., next season.

The annual general meeting of the Toronto Football club (Rugby) will be held at Thomas' Chop house on Friday evening at 8 o'clock, when a large attendance is requested.

A curling match for the Quebec challenge cup was played at Montreal last night between the Montreal Thistle and Caledonian clubs, four rinks a side. The Thistles won by 17 shots.

Jack Dempsey writes from Newburgh, where he is training: "I see in print that Mitchell says that after June 1 he will be ready to fight me at a moment's notice for fun or money. Mitchell's readiness to fight is usually at some date in the future; but if I hold myself up as high for a fighter as Mitchell does, I wouldn't let such a little, sassy fellow as I am quoted to be by Mitchell, wait for a fight till June."

A Detroit despatch says: About fifty local shooters have signified their intention of attending the prize pigeon shoot at Hamilton next week. Arrangements have been made for the transportation of guns back and forth duty free. It might be mentioned also that the chances are W. Graham, the champion of England, will compete, in which case the affair will be one of the greatest of the kind that ever took place on the American continent.

The Toronto showshoe club had another large turn out last night. Meeting at the guns in the park they went across country to Deer Park, Arriving at Mike O'Halloran's famous wayside house, a club meeting was held and a resolution passed pledging each member to actively endeavor to increase the strength of the club, James H. Pearson, barrister, was in the chair. After business the boys enjoyed some singing and piano playing and then tramped home, feeling as blithe and free from care as sand boys. Mr. Pearson led on the march, Mr. Chris. Henderson whipping in. The club meets at 3.45 Saturday afternoon at the guns for a tramp to Carlton.

In honor of the anniversary of the birth of the proprietor's eldest son, a pigeon-shooting tournament took place at John Oulcott's, Eglinton, yesterday. There was a large attendance and everything passed off most smoothly. The first event was a sweepstakes with $5 added and resulted as follows:

Canadian blackbirds, 15 each, at 21 yards' rise.

W. Felsted	12	T. Sawden	8
G. Thomas	11	W. McDowall	8
T. Loudon	10		

In the shoot off at three birds for fourth place Sawden won, beating McDowall by 2 to 1.

A sweep at seven birds followed. Tom Louden and E. Reid dividing at 6, while Felsted came third with 5 McDowall fourth with 4 and Tamblyn last with 1.

WOUND UP FOR THE YEAR.

Last Meeting of the Local Board of Health for 1885—Thanks to the Chairman.

Chairman Allen, Ald. Baxter, Carlyle, Jones, Irwin, Johnston yesterday afternoon wound up the business of the local board of health for 1885.

The municipal committee of the Trades and Labor council asked the committee to provide for the maintenance of families quarantined under the smallpox regulations. This has already been done and the committee will be notified accordingly. Mrs. A. E. Beck, of 91 Sydenham street, whose husband is and has been a patient in the smallpox hospital for nine weeks, asked the committee to pay $21 due for rent, but the members did not think they were called upon to do this. Wm. Boddy was awarded $30 for loss of rent and damage sustained to his house, 662 King street west, while being disinfected.

Medical Health Officer Canniff reported that there were seven patients in the hospital, all being convalescent. Unless fresh cases appeared, the hospital would be emptied within a week or ten days. Over three weeks have elapsed since the last case. A number of accounts were passed, including provisions for quarantined families and maintenance of patients. Caretaker Courtney boards the patients for 50 cents a day.

The meeting broke up with a cordial vote of thanks to the chairman.

The American Queen of Song.

Emma Nevada nee Wixom is the daughter of Dr. W. W. Wixom of Austin, Nevada, and was married to Dr. Raymond Palmer of England Oct. 1 in the church of the Passionist Fathers, Paris. Nevada was born with a voice endowed with marvellous flexibility. She could execute runs in the most florid way before she knew a note of music. So surprising were her natural gifts seen to be that it was early determined to give her a European education. Taken by her father to Paris, she at once arrested the attention of Mme. Marchesi, the famous teacher, who took charge of her musical education. She made her debut in Italy, and so carried her audiences by storm that on one occasion they took her horses from the carriage and dragged her in triumph to her hotel. Returning to Paris she was at once engaged by Col. Mapleson to alternate with Patti. The wonderful success she achieved is fresh in the memory of all. Her reception in New York was the event of a lifetime, and the fact that her audiences were the equal in size and the superior in enthusiasm of those of Patti speaks most emphatically for her triumphs. This year she has been fairly besieged by offers from European impresarios. To these offers Mme. Nevada declined. "My own country first," she says, "if I can please my countrymen I am more than content; let other triumphs come later."
