taken place from that city, within the last
or three months. The last was that of a
g lady and gentleman, the former having
seen fourteen summers, while the other was
nior by only three years.

Fire and Loss of Life.

QUESTEN & Co's FOUNDRY DESTROYED.—We are sorry to have to record the occurrence of a fire attended with loss of life. This morning a little after 12 o'clock, the foundry of Messrs. McQuesten & Co. was discovered to be on fire. The alarm was given and the fire engines were promptly on the spot, but the fire had acquired too great a mastery to be successfully resisted. The building was totally destroyed, and one of the side-walls fell in burying in its ruins a young man of the name of Woods, severely injuring three others, one it is feared mortally. The latter were quickly rescued from their perilous position, but before Woods could be reached another portion of the wall gave way, and fell upon the unfortunate sufferer. As soon as he expired life was extinct before his body could be removed, which was horribly mangled.

The loss is estimated at between £3,000 and £4,000 upon which we understand, there is an insurance of about £2,000.

An inquest was held in the forenoon on the body of the unfortunate young man.—A number of witnesses were examined, but nothing was elicited that could throw any light on the origin of the fire. The jury returned a verdict in accordance with the above facts.

Since the above was writen one of the men who was wounded (Lawrence Powers) has also breathed his last. He was a member of Hose Company No. 4. Woods was First Assistant of the same company.—*Hamilton Spectator. Journal*, 13th.

MELANCHOLY ACCIDENT.—On Tuesday night last, while the train for Buffalo was passing over the road a little south of Brantford some impediment in the way, by the upset of the side of the bank at an inclined grade, was discovered. The freight agent of the Paris Station, with four other men proceeded with a hand car, to assist in enabling the train to proceed. Just as they neared the train the hinder car became detached, and from the speed of the train came upon the persons in the hand car, killing the freight agent and injuring the other. The remaining two escaped by jumping off.—*Woodstock Sentinel.*

SINGULAR SUICIDE.—A few days ago, a strange man, name unknown, committed suicide on the farm of Mr Chambers, near St Louis, Missouri, in the following manner: He made a bed of straw, near a hay-stack, after which he went to a cherry tree and broke off a stick, and going back to his bed he laid himself down and put his handkerchief around his neck and inserted the stick in it, with which he twisted the handkerchief until he was literally choked to death, and in that condition was found. The unfortunate man was seen a few hours previous at the toll-gate, upon the plank road, where he inquired the way to St Louis, and upon being informed he took a contrary direction. He had the appearance of having been sick and it was thought by those at the gate that he was crazy.

M. Louis Meyret, manager of a private telegraph company at Marseilles, has been condemned to a fine of 500f. and a month's imprisonment, for transmitting false news relative to the war.

THE END OF THE WORLD.—A correspondent of the Boston Traveler states that in the vicinity of the burning forests in Maine, quite a number of persons, chiefly females, have become insane, in consequence of excitement, the result of a belief that the general conflagration in the woods there is a sign of speedy ending of the world, in accordance with the prediction of the Milerites. Some of them have been taken to the State Asylum. This is one of the sad effects of religious fanaticism.

A MURDEROUS ATTACK—committed under circumstances of only slight provocation has recently taken place at Charlotte. The *Whig* of that place relates that the two parties concerned were returning from a camp meeting (!) where they had been in company, when upon some trifling altercation, one of them, Clayland, slapped the other, Wilson, on the face. Wilson uttered a significant threat and left the company. Arriving before them in town, he possessed himself of a pistol, and finding Wilson, walked up to him and reminding him of the slap, told him that he intended to kill him. As he drew the pistol, Clayland threw it up, repeating a remark he had already made that he had no wish to meddle with him; then letting go, he attempted to take refuge behind a screen in the place. At that moment he received the ball in his side. He was not yet dead when the account was published.—Wilson made his escape on horseback.—The parties were educated together, and had until this occurrence, been on the most intimate term.—*Leader.*

MELANCHOLY ACCIDENT.—On Thursday last, during a thunder storm, the barn belonging to James Gilheeny, Tecumseth, was struck by lightning, and burned, with the produce stored in it. Mr Gilheeny and his brother were found lying just outside the barn, dead, and completely calcined. A horse was also burnt in the barn. The Gilheenys were well known in this neighborhood, and much respected.—*Bradford Chronicle.*

CHILD MURDERED.—A child two weeks old was found in the Canal on Monday with a brick tied to its neck, for he purpose of sinking the body. No clue has been found to the perpetators of this unnatural crime, and the verdict of the Coroner's Jury was to the effect that the child was supposed to have been murdered. It is to be hoped that the criminal party or parties may soon be brought to justice.—*St Catharines Post.*

A "SPIRITUAL HOME" IN BOSTON.—It is stated that the Spiritualists of this city are about forming a company with a capital of $5,000, for the purpose of buying the furniture and fixings of the Fountain House, corner of Beech-street and Harrison avenue, for the purpose of forming a general home for such as may choose to move in spiritual circles.—*Boston Transcript.*

A Buffalo paper states that between 1811 and 1830, *two hundred* banks in the United States became utterly and hopelessly insolvent, involving in ruin, or serious embarrassment, thousands and tens of thousands of people, who had put confidence in their promises. From 1830 to 1840 not less than *three hundred and fifty* banks went by the board, causing a greater aggregate loss to the holders of their notes than could be made good by all the specie at that time in the country. Up to a period as late as 1851, *three fourths* of all the banks that had ever done business in the United States had failed, either hopelessly or to resume again, after having caused serious loses to those who had done business with them, and particularly to the holders of their notes by their depreciation.

B. B. & G. RAILWAY.—It is said that for some time past the business of this Road has been greatly on the increase, while that on the Great Western, especially between Paris and Hamilton has proportionably diminished. If this be true, it must be ascribed is a measure to a disposition on the part of travellers to avoid that city while the cholera raged there; but whatever the cause may have been, having ascertained the superiority of the route by the B. B. & G. route, they will not be likely to return to the former.—*Brant Herald.*

A NEW PAPER IN BRANTFORD.—A new paper, styled the "*Christian Mesenger*," is about to be issued by Mr winter, under the sanction of the Baptist denomination. We believe there is not at present a journal in connection with the Baptist Society published in Canada, and we have no doubt the *Messenger* will have a very large circulation. The prospectuses will be mailed at once to parties who are expected to act as agents. The first number of the paper will be published on Thursday, the 5th of October next. The *Christian Messenger* will be printed for Mr Winter by B. Hazlehurst, at the office of the *Brant Herald.*

CINCINNATI, Sept. 7.

A young man named Short, clerk in a dry good store in this city, and a young lawyer named Peacock, from Chicago, fought a duel in Kentucky, yesterday. On the second round, Short was fatally wounded in the left breast. They fought about a young girl to whom Short was engaged.

Nine slaves ran off from Boone county, Kentucky, on Sunday night, and are supposed to be in this city. The owners arrived here this evening, and offer a reward for them.

On Sunday night last, in Cincinnati, Daniel McArthur was sitting in the same room with Catharine Desmond, a young lady to whom he was engaged. Catharine was sitting at a small stand, reading a book, and her lover was teasing her, and trying to transfer her attention from the candle to himself, by extinguishing the candle. Finally, all of his fond efforts having failed, he took a double barrelled shot gun which stood in the corner, put on a cap, and pulled the trigger, intending to blow out the candle with the air forced out of the gun by the explosion of the cap. Unfortunately the gun was loaded, and the horror stricken man heard a fire report, and saw his betrothed sink to the floor bleeding and dying. A full charge of shot entered her right breast, and in spite of the efforts of the physicians who were called, she died yesterday morning about two o'clock. The unhappy young man is of course almost distracted. He surrendered himself, and was yesterday morning examined in the Police Court. The testimony showing no criminal intentics, he was discharged. The dead and the living were to have been married in about two months.

From California.

THE MINES.

The news from the various parts of the mining region is generally cheering. In the dry diggings a want of water is felt, but the miners there are waiting patiently for the rainy season, being satsified to pay their expenses until that time. In the part of the mines where the water is conveyed by flumes, the miners are doing well.

New diggings have recently been discovered in different portions of the country, and occasional "lucky strikes" are made as of old.—The people of California are pretty tolerably well satisfied that there is no fear of the mines giving out just at present.

At Santa Barbara the whole town was in a state of excitement, caused by a recent discovery of rich "gold diggings" within 80 miles of that place, on Kern River. A party of three Mexicans first made the discovery about two weeks since. In five weeks they succeeded in taking out $480 in scale, of coarse gold. They returned to the Pueblo of Santa Barbara after provisions, which having procured, they started again for the new placers accompanied by a large number of citizens. The average yield per diem to each man has thus far been twelve dollars, and nothing but the common rocker has been used.

The Shasta *Courier* contains statements and correspondence from various mining localities in the northern portion of the State, which give not only encouraging but extravagant accounts of the success of the miners. The localities most highly spoken of are Big Flat and Canadian Bar on Trinity River, and Scott's Bar in Siskiyou county. Instances are mentioned of parties taking out a pound of gold a day to the hand. The river claims are just beginning to be worked.

Mr Winner has discovered a gold bearing quartz lead in the vicinity of San Bernardino.

Another boulder worth about $400, has been taken out of the Arcadia Tunnul at Minnesota.

A gentleman from Forest City, informs the Nevada *Journal* that the Dutch Company took out a lump of nearly pure gold, weighing 91 ounces, and which at $17 49 per ounce, is worth $1,613 40.

A handsome gold nugget, of irregular shape, weighing 75¾ oz., and containing apparently not more than $10 of quartz or other impure matter, was found in Sherlock's Creek, in Mariposa. It had been thrown amongst a pile of stone, in removing which it was discovered by its weight alone, its surface being nearly all covered with a black mineral substance.

Arrival of the NIAGARA.

HALIFAX, Sept. 12th.

The steamer *Niagara*, from Liverpool, 2nd, arrived here at 4 P. M.

Flour had declined 3s for the week; Wheat 1s 3d; Corn 1s to 2s. Harvest remarkably fine, and tending prices for all kinds of Breadstuffs, strongly downward.

Bomarsund has been abandoned by the allies, who have also destroyed the fortifications as well as those of Hango.

Queen Christiana has been expelled from Spain, and all her property confiscated.

No other political news of importance.

NEW YORK, Sept. 13th

Several failures of operators in stocks this A. M., in consequence of the great rise in Erie.

There were 287 deaths by yellow fever in New Orleans last week.

Queen Victoria has ratified the Fishery Treaty, and orders have been sent to Canada for the immediate admission of our fishermen to the unrestricted freedom of the fisheries.

MARRIED.

In Ingersoll, on Thursday, the 14th instant, by the Rev. Mr Barber, Mr John Waite, of Ingersoll, to Miss Dinah Herrington.

"UNCLE NED HAD NO HAIR ON THE TOP OF HIS HEAD, IN THE PLACE WHERE THE HAIR OUGHT TO GROW."

But he lived previous to the discovery of Lyon's celebrated Kathairon, which not only preserves and beautifies, but restores the hair at any period of life. Only those that will not try it, are troubled with Baldness, Dandruff, or harsh, unpleasant hair.

From the Home Journal, N. Y.

"No article ever acquired so rapid celebrity and universal appreciation as Lyon's Kathairon. To those who have used it (and who has not) the reason is obvious, as its invigorating and beautifying effects and agreeable Perfumes, stamp it an indispensable article of the toilet." Sold at the old price of 25 cents, in large bottles, by all dealers everywhere.

Sept. 1854. 4:3

TO THE Liberal Electors of the County of Oxford.

GENTLEMEN,—You are aware that at the last General Election I had the honor of being returned for the County of Renfrew as well as for South Oxford. After mature deliberation, and after consulting with the leading members of the Liberal party with which I have had the honor to act for many years, I conceived it to be my duty to make my election to sit for Renfrew, with the view of securing the return of my colleague the Hon. Malcolm Cameron for South Oxford. I had reason to believe from personal communications from my leading supporters, that the Reformers of South Oxford would render this important service to the Liberal party at a crisis of so great importance, when, in my humble judgment, the great measures we have long seen contending for could only be secured by the greatest unanimity in our ranks. I took, therefore, the necessary steps, which cannot possibly be retraced.

At this juncture a political crisis has occurred, and I regret to state that Mr Cameron has come to the decision that he will entirely abandon public life for the present.

Under these circumstances you are now called upon to select a candidate, and all I can say is that you ought to be, as you ever have been, united. If so you must succeed. For my own part, believe me, that though not your representative in Parliament, you may rely on my devotion both to the great measures which you elected me to support, as well as to those of a more local character in which you are particularly interested.

The personal friendships which I have formed amongst you will terminate only with my life.

I have the honor to be,
Gentlemen,
Your most obed't serv't,
F. HINCKS.

DR. J. JOHNSTON'S BALSAM OF FIR PASTE.

FOR CONSUMPTION

IN ITS EARLY STAGES,

Coughs, Colds, Croup, Asthma, LIVER COMPLAINT, &c. &c.

CERTIFICATES.

A Voice from the Buffalo Christian Advocate.

Dr. James Johnston has invented a medicine called "Canadian Compound and Balsam of Fir Paste," which must be popular, because useful in alleviating and curing the complaints it is designed for.

Extract from a letter written by the Rev. John E. Robie, of Buffalo, N. Y.

Dr. James Johnston—Dear Sir:—I am willing to bear testimony in favor of your Canadian Balsam of Fir Paste. I believe you have hit upon the right medicine. Your valuable Paste acts charmingly on my hoarseness, and has cured it effectually. I could cheerfully recommend it to all troubled with Coughs, Weak Lungs, &c., &c. JOHN E. ROBIE.

Yours, &c.

Dr. James Johnston—Dear Sir:—We, the undersigned, cheerfully endorse the statement of the Rev. John E. Robie, of Buffalo; and further, we would say boldly that we consider "Canadian Balsam of Fir Paste" the BEST and SAFEST LUNG AND COUGH MEDICINE now in market, as we all have used it, and found it to give immediate relief, and perform a permanent cure, in all cases of Coughs, Colds, &c. We with confidence recommend your unrivaled Balsam to all who are predisposed to Weak Lungs, Coughs, Consumption, &c., &c.

BY-LAW

To authorize the issue of Debentures to the extent of Ten Thousand Pounds, to pay for Stock subscribed in the Dereham, Ingersoll and Dorchester Road Company, and for the purchase of Stock in the Ingersoll and Port Burwell Road Company, by the Township of Dereham.

WHEREAS it is expedient and necessary to raise by way of loan on the credit of the Township of Dereham, a sum of money to pay for Stock to the amount of 1000 shares already subscribed in the Dereham, Ingersoll and Dorchester Road Company, by the Reeve of the Municipality of the Township of Dereham, by the authority of said Municipality, and for the purchase of stock to the amount of 1000 shares in the Ingersoll and Port Burwell Road Company, by the said Municipality.

And whereas the cost of the said Stock subscribed for in the Dereham, Ingersoll and Dorchester Road Company, as aforesaid, is £8000, and the cost of the Stock to be purchased in the Ingersoll and Port Burwell Road Company, as aforesaid, is £5000, making in all £10,000.

And it will require £82 11s 7½d to be raised annually, according to the 177th section of the Upper Canada Municipal Corporation Act of 1849, as a special rate for the payment of such loans and interest, as the same shall become payable according to this By-Law.

And whereas the whole rateable property of the Township of Dereham for the year A. D. 1854 is £236,815, and the annual rate in the pound required as a special rate for the payment of the interest, and the creation of a sinking fund for the payment of the principal of a loan of £10,000 is 5 6 of a penny in the pound.

Be it therefore enacted, by the Municipal Council of the Township of Dereham,

First, that it shall and may be lawful for the Reeve of the Township of Dereham to raise by way of loan, at a rate of interest not exceeding six per cent per annum, from any person or persons, body corporate or politic, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned, add the special rate hereinafter imposed, a sum of money not exceeding in the whole the sum of £10,000, and to cause the same to be paid into the hands of the Treasurer of the Township of Dereham, to be by him applied under the direction of the Council from time to time, for the purposes in the preamble of this By-Law set forth, and no other

Second, That it shall be lawful for the Reeve to cause or direct any number of debentures to be made out for such sum or sums of money, not exceeding £10,000, as any person or persons, body corporate or politic, shall agree to advance on the credit of such debentures, and the special rate hereinafter imposed, such debentures to be under the common seal of the said Township, signed by the Reeve and Treasurer, and made out in such manner and form as the Reeve shall think fit, provided always, that no debenture shall be for a less sum than £50.

Third, that the interest on such debentures shall be payable half-yearly at the office of the Bank of Montreal, in Woodstock, on the Fourth day of January and the Fourth day of July in each year after this By-Law shall come into operation, and the principal shall be payable at the said office within twenty years from the time appointed for this By-Law to take effect. (exclusive of the first and last days of such period.)

Fourth, That a special rate of 5-6 of a penny in the pound upon the assessed value of all rateable property in the Township of Dereham over and above all other rates and taxes, shall be raised, levied and collected annually, from the year 1855 to the year 1874, both years inclusive, for the purpose of paying the said sum of £821 11s 7½d annually, for the purpose aforesaid.

Fifth, That this By-Law shall take effect on the 11th day of December, A. D. 1854.

The above is a true copy of a proposed By-Law to be taken into consideration by the Municipality of the Township of Dereham, at Mount Elgin, on Monday, the 11th day of December, 1854, at the hour of 10 o'clock, A. M., at which time and place the members of the said Municipality are hereby requested to attend, for the purpose aforesaid.

E. V. BODWELL,
Township Clerk.

Dereham, September 4, 1854. 2:13

FOUND,

LAST NOVEMBER, a Roll of Money. The owner can have the same by proving property and paying the expenses of this advertisement, on application to the subscriber,

SOLOMON JOHNS.

Beachville, Sept. 7, 1854. 3-4t*

NOTICE

IS HEREBY GIVEN, that the mercantile business hitherto carried on by the subscribers, under the style of TAYLOR BROTHERS, will in future be continued by Daniel Taylor and Nicholas Taylor. All debts due the late firm, by book account or otherwise, will be paid to them, all responsibilities are by them assumed, as Henry Taylor has this day withdrawn by mutual consent.

DANIEL TAYLOR,
NICHOLAS TAYLOR,
HENRY TAYLOR.

Ingersoll, August 26, 1854.

N. B. The subscribers would return their grateful acknowledgments for the patronage hitherto received, and would respectfully invite the public to an examination of their

Fall Stock,

Which they are now receiving.

D. TAYLOR,
N. TAYLOR.

Ingersoll, August 26, 1854. 4:3

Dissolution of Partnership.

NOTICE is hereby given, that the partnership existing between James Huntley, Sen., and James Huntley, Jun., as farmers, in Dorchester, was dissolved by mutual consent on the 1st day of March last,

JAMES HUNTLEY, SEN.
JAMES HUNTLEY, JR.

Dorchester, Sept. 2, 1854. 2:4

For Sale,

IN the Town of Woodstock, a valuable half-acre Lot, situated in a pleasant and healthy part of the Town. There is a splendid Barn on the premises, which, at a small expense, could be converted into a comfortable and commodious dwelling-house. There is also a good Well on the ground.

☞ For further particulars apply to Mr G. GURNETT, Woodstock, or of the proprietor of the *Chronicle*, Ingersoll.

Woodstock, Sept. 1, 1854.

Notice

To *the Shareholders of the Ingersoll and Thamesford Gravel Road Company.*

THAT the Second instalment of 10 per cent on the stock of the above Company must be paid to Henry Crotty, Esq., the Treasurer of the said Company, on or before the 1st of October next.

R. McDONALD,
Secretary.

Thamesford, Sept. 1, 1854. 3:3

Notice.

ALL debts due the "Ingersoll Chronicle" Office for work done from the 8th April to the 12th August, 1854, are to be paid into the hands of Mr DAVID PAINE, Thames Street.

ALLEN WESSELS.

Ingersoll, Aug. 31, 1854. 3:4

WOOD.

A FEW CORDS of DRY WOOD will be taken at this Office in payment of subscriptions to the *Chronicle.*

December 24, 1853

Important to the Public.

THE SUBSCRIBER

BEGS to call the attention of the public generally to the immense stock of goods he has just imported from the British and American markets; suffice it to say, that no such stock has ever been exposed for sale in the County of Oxford; and being imported direct, under the most favorable circumstances, will be sold at such prices so unprecedentedly low, as cannot fail to meet the approbation of the public. His stock consists of

DRY GOODS, GROCERIES AND CROCKERY,

With an immense stock of

Iron, Steel, and Hardware.

The stock of Shelf Goods and general Cutlery is extensive and of the first quality. The subscriber would particularly invite the attention of the public to his splendid assortment of

Silver and Electro Plate.

He feels warranted in assuring those who may favor him with a trial, that his stock will be found better adapted to the wants of the country generally than has been exposed anywhere West of Hamilton.

W. EASTWOOD.

Thames Street, Ingersoll, August 5, 1854. 1 y

CLOCKS, WATCHES AND JEWELRY!

THE SUBSCRIBER

WOULD most respectfully beg to inform those of Ingersoll and surrounding country, that he has made large purchases in the East, and is now receiving a splendid supply of

GOLD AND SILVER WATCHES, GUARDS, Chains, Seals and Keys,

Likewise a neatly arranged assortment of

Pens and Pencils.

Breast Pins, Broaches, Bracelets, Gold Rings.

The subscriber can with confidence recommend his stock of SILVER and ELECTRO-PLATE, which cannot be surpassed for elegance and durability, comprising *
