Valuable Family Medicine.

PENDLETON'S

VEGETABLE PANACEA.

This valuable preparation has already been extensively circulated, and wherever it has been used it has met with entire approbation, and been installed as the Family Medicine. None should be without it, for so sure and speedy a relief as it affords in all cases of violent pains, cramps, colic, coughs and colds, cannot elsewhere be found. Especially as a cure for rheumatism it has proved, when faithfully applied, infallible. Being purely vgetable, no deleterious effects need be feared. Try it, for a single bottle will do more to establish its character than a hundred testmonials; but if any doubt its value, certificates from many prominent citizens of St. John and other towns may be seen in the manufacturer's possession, who will gladly exhibit them. Retail price 25 cents per bottle. For sale by E. M. Pendleton, General Agent and Manufacturer for the Provinces, Portland, St. John, N. B., by Druggists generally, and at village stores.
