For MILK, BUTTER, CHEESE, VEAL

Holstein cows stand supreme. If you try just one animal you will very soon want more. Write the HOLSTEIN FRIESIAN ASSOCIATION.

W. A. CLEMONS, Sec., St. George - - Ontario

Farm and Dairy is in an excellent position to champion the cause of the farmer in Canada, because it is owned and controlled exclusively by farmers.

ter. This cow has two sisters with records of over 28 lbs., and has two daughters in the herd bred by Dutch. Another noticeable cow is Breta who at 18 years gave 567.7 lbs. milk and 23.56 lbs. butter; also 38 lbs. milk in one day. (Her sire is a brother to the sire of Tweedie White Lady with 37.45 lbs. butter, and Tweedie DeKol Lass, with 34.39 lbs., and 13 others with records over 30 lbs.). Beas DeKol ter; Edgemont Pride, three year record, 412.7 lbs. milk and 16.71 lbs. butter. She is a sister to May Echo Sylvia; Emma Pauline DeKol, 567.6 lbs. milk, 26.66 lbs. butter; Hebron Beauty Bonheur, 565.5 lbs. milk, 23.62 lbs. butter, grand champion at London in 1917; Jess, 538 lbs. milk, 24.37 lbs. butter; Lakeview Hengerveld Wayne, 467.3 lbs. milk, 35.3 lbs. butter, average test 4.69 per cent; Laura Netherland Rue, 493 lbs. milk, 20.86 lbs. butter; Maple Grove Hessietje DeKol, 533.7 lbs. milk, 28.61 lbs. butter; Queen Lyons Schulling, Jr., three-year-old, 464 lbs. milk, 15.66 lbs. butter, 71 lbs. milk in one day; Rideau Pietertje DeKol, 24.09 lbs. butter, 886 lbs. milk, sister to Tottilla of Riverside, over 24,000 lbs R.O.P.; Villa View Ella Abbekerk, one year 11 months, 343.7 lbs. milk, and 15.63 lbs. butter.

These are a few of the foundation cows of this herd of 60 head, all of which are tuberculin tested. This herd won the lion's share of firsts at the Canadian National last year, winning no less than four championships. Mr. Bailey is offering seven bull calves, all from show cows. Three sisters of their sires have average of 116 lbs. milk per day, while 20 of their nearest relatives average 30 lbs. butter in seven days.

GOOD SEVEN DAY WORK AT THE O'REILLY STOCK FARM.

MR. Joseph O'Reilly, of whom most of the breeders in Canada know, for the R.O.P. records of his fine herd of Holsteins, has also been doing some excellent work recently in the seven days' test. While Mr. O'Reilly appreciates that the annual work of a cow is possibly a truer indication of her real ability, yet at the same time the demand to-day with Holsteins is also to know what they can do in the short run record. In order to ascertain the ability of his herd in this direction, Mr. O'Reilly put several of them under the test in December, and they have done exceptionally well. Among these is a record of 23.48 lbs. for a three-year-old, 25.72 lbs. for one of the mature animals, and 18 lbs. record for a junior 2-year-old. The outstanding record, however, is one made by Burkje Hengerveld May Echo of 29.68 lbs. butter from 563.4 lbs. milk in seven days, and in the junior three-year-old form. This heifer is a particularly fine one, and, of course, has backing for the good work she has done. She is a daughter of Burkje Hengerveld, Canada's first 20,000 lb. four-year-old. Her sire is a three-quarter brother to May Echo Sylvia. These records as a beginning are a pretty good indication that the entire O'Reilly herd has the ability to maintain their reputation not only in R.O.P., but in R.O.M. as well.

THE COMING BELLEVILLE SALE.

BREEDERS who intend purchasing Holsteins will do well to bear in mind the annual Consignment Sale of Holsteins held by the Belleville District Breeders' Club. Sale, to be held in Belleville during first week in April.

Further notice will appear in next week's issue.
