There's only one post office in this town but only one Slater Shoe Agency. You can't buy "Slater Shoes" from any other dealer here.

The manufacturers make this case so that they can keep tab on their different agents and always have Slater Shoes up to the times.

All "Slater" shoes are Goodyear Welted, perfectly smooth inside, no tacks, lumps or threads under the foot.

To be a genuine "Slater" the sole must be stamped with the makers' trade mark, a slate frame with name and price. $5.00 or $3.50.

Capt. M. D. McLean has a number of men engaged in repairing the ferry landing A considerable portion of the embankment in front of the slip is being cut away which will make a good road approach for the passing of teams as well as for those in waiting for the boat. The slip and wharf will also be improved. The amount voted by Parliament for the work is $700.00 No contract has been given, the men are working by the day.

It was difficult to believe at the outset that the School Children's Weed Competitions, inaugurated this year by the St. John Exhibition Association, would be anything like so enthusiastically taken up as it has been by the teachers and scholars. Scarcely had announcement of these competitions been made than entries poured in from all parts of New Brunswick; and now the collections have commenced to arrive. Without a taste with which not fail to convey an adequate idea of the interest between the competitions by the children. Dr. James Fletcher Dominion Entomologist and Botanist, will be one of the Judges.

Transcript 14th inst.

The Campbellton Brass Band comprising seventeen instruments have been hard at work practicing in the Town Hall during the long summer evenings and have made such progress as to warrant the hope that they will enliven the citizens with numerous serenades on the various occasions during the coming winter. Their success in inducing their successful work during bazaar week, which begins on Monday next, 26th, we congratulate the boys upon their success and trust they shall be able to hold together and feel that the town should lend them every assistance in their enterprise.

The sanitary laws have never been properly withdrawn. The special local historical legislation at the St. John Exhibition which ran through September, will be an exception of interest, and upon which no very special effort has been made with the enthusiastic cooperation of naturalists and collectors throughout the Province. The result will be probably the finest and most complete collection of animals, etc., etc., ever brought together in those parts.

From an educational standpoint such exhibits are not only valuable but interesting, particularly that school teachers and their pupils in these days when Nature Study forms so important an item in our educational system. Each of the exhibits will be carefully and distinctly labeled.
