SLEEPLESSNESS is due to nervous excitement. The delicately constituted, the financier, the business man, and those whose occupation necessitates great mental strain or worry, all suffer less or more from it. Sleep is the great restorer of a worried brain, and to get sleep cleanse the stomach from all impurities with a few doses of Parmelee's Vegetable Pills, gelatine coated, containing no mercury, and are guaranteed to give satisfaction or the money will be refunded.

A thing which pleases is already half-sold if you tell the masses where and how to get it.

Hall's Vegetable Sicilian Hair Renewer is, unquestionably, the best preservative of the hair. It is also curative of dandruff, tetter, and all scalp affections.

In times of great joy or grief, have a guard upon thyself, for thou wilt then be in special danger of speaking or acting imprudently.

How to Cure Skin Diseases.

Simply apply "Swayne's Ointment." No internal medicine required. Cures tetter, eczema, itch, all eruptions on the face, hands, nose, etc., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for "Swayne's Ointment." Lyman, Sons & Co., Montreal, wholesale agents.

There are two things it is safe to let alone—a newly made horseshoe in a blacksmith's shop and another man's bicycle.

RUSSIA WATCHING THE JAPS.

London, April 28.—The Standard's Berlin correspondent says that Russia has ordered seven ironclads and ten cruisers for her Pacific fleet, in view of Japan's extensive naval preparations.

ELECTIONS IN SPAIN.

Madrid, April 28.—Elections on Sunday for Senators resulted in the return of 120 Conservatives, 37 Liberals, 2 Dissident Conservatives, 2 Carlists, 2 Cuban Autonomists and 1 Republican.

GIVE IT UP.

London, April 28.—A Rome dispatch to the Chronicle says: The Cabinet yesterday decided against reopening the campaign in Abyssinia in the autumn on the ground that such a course would be disastrous to Italy.

THREAD MANUFACTURERS COMBINE.

Glasgow, April 28.—It is reported at Paisley that the Coates and Clarke thread manufacturing businesses will be amalgamated, and that a central agency will be established in the United States.

NEWFOUNDLAND AFFAIRS.

London, April 28.—The Right Hon. Jos. Chamberlain has telegraphed to Gov. Murray, of Newfoundland, intimating the desire of the Imperial Ministry that the trials of the accused bank directors be proceeded with, and urging that no legal technicalities be permitted to interfere with the course of justice.

NOTHING IN IT.

London, April 28.—Mr. George N. Curzon, in the House of Commons, replying to a question regarding the alleged Russia-China secret treaty, said the Government had been informed by M. De Staal, the Russian ambassador at London, that there was not the slightest foundation for the newspaper statements regarding the so-called treaty arranged between Russia and China.

DERVISHES DEMORALIZED.

Suakim, April 28.—The retreat of Osman Digna from his camp at Horasab, as a result of the demoralization from sickness and famine among the Dervishes, is confirmed. Before starting for Adarama the Dervish leader dispatched a body of picked troops to raid the Tokar district in order to procure food and forage at all costs for the march on Adram.

THE SULTAN SHAKY.

London, April 28.—The Times publishes a dispatch from Constantinople saying that several rumors are afloat concerning the health of the Sultan. It is said that there has been a sudden and acute development of a chronic disease. The Times discredits the reports, but says the Sultan is liable to paroxysms of nervous irritability which brain fatigue aggravates.

THE BOERS WILL BE LOSERS.

London, April 28.—The Daily Telegraph says, in an editorial: "It will not make any difference whether President Kruger comes or not. It is the Boers' loss, not ours. President Kruger knows that the real effect of the Transvaal trouble will be to make sooner or later a British South African Empire, having no more contented and prosperous subjects than the Dutch."

SHORT CUT TO MATABELELAND.

London, April 28.—The British Government recently asked the Portuguese Government for permission to transport arms and ammunition from Beira, on the Indian Ocean, through Portuguese territory to British South Africa. The Government has granted the request. Beira lies some 150 miles to the eastward of Matabeleland, and by using this route the British will be able to get supplies to that country much more rapidly than by sending them by way of Natal.

GOV. ROBINSON MAY RESIGN.

London, April 28.—The Times and Standard say they regard it as probable that Sir Hercules Robinson will retire from his posts of Governor of Cape Colony and British high commissioner in South Africa.

The Chronicle publishes an interview with Major-Gen. Sir Frederick Carrington, who is just departing for South Africa, to take charge of the military forces there. Gen. Carrington gave it as his opinion that there would be no fighting, except such as is now going on with the Matabeles.

AMERICAN INSURANCE COMPANIES.

London, April 28.—The Chancellor of the Exchequer, Sir Michael Hicks-Beach, in the House of Commons, answering a question, said the Government was not prepared to remedy the discrimination against American life insurance companies in respect to the income tax, which, he added, was based upon act of Parliament. The difference in the treatment, he explained, was due to the fact that the English companies pay an income tax on their investments, and that foreign companies do not.

ITALIANS DEFEAT 8,000 DERVISHES.

London, April 28.—Advices have been received at Suakin stating that part of the Italian garrison at Kassala, conjointly with a detachment of the Italian forces from Mokran, made an attack upon a force of 8,000 Dervishes, whom they defeated and pursued to Gelsa. The Italians killed 500 of the Dervishes, and lost one hundred of their own men.

MELINE'S TURN TO TRY.

London, April 28.—The Morning Post publishes a dispatch from Paris saying it is generaly reported that M. Meline has succeeded in forming a Moderate Republican Cabinet, in which there is no Radical element. According to report, M. Hanotaux will be the Minister of Foreign Affairs; M. Barthou, Minister of the Interior; M. Meline, Prime Minister and Minister of Justice; Gen. Billot, probably, Minister of War, and Admiral Barbey, Minister of Marine. The correspondent adds the name of M. Traireux to the list of ministers, and says: "If a Meline Cabinet enters office, heaven help it." Most of the names mentioned in connection with the reported Cabinet are those of men who have hitherto held positions in different Ministries.

DUCHESS OF MARLBOROUGH'S GOWN.

Paris, April 28.—The following is a description of the dress made by Worth, which the Duchess of Marlborough will wear at the next drawing-room:

The garment is an electric blue, with decollette corsage, draped over the side and fastened to each shoulder by two piquets. White ostrich feathers and diamonds trim the corsage, descending to the waist, and are kept in place by a satin band, making a bow on the side. At the top of the corsage is a veil of white mechlin lace. The sleeves are of lace, with bars of blue satin. The skirt is of electric blue satin, with a train two meters long, in one piece.

The Duchess ordered from Rouff a mantle to go with the dress, but has refused to accept it because of a bad fit.

THE VENEZUELA NEGOTIATIONS.

London, April 28.—The First Lord of the Treasury, A. J. Balfour, in reply to Sir William Vernon Harcourt, the Liberal leader in the House of Commons, said that arrangements for a condition of arbitration with respect to Venezuela and other questions are matters which Great Britain and the United States had in view during the recent negotiations. Mr. Balfour added that the latest communication from the United States arrived on Friday last, and was now under consideration. Continuing, Mr. Balfour said that the Government would deal with both the general question of arbitration and also with the special question connected with Venezuela, and it was confidently hoped that by patience and tact on both sides a peaceful and satisfactory solution of the matters would be attained. Mr. Balfour said that he could not furnish any further information at present, and added that Sir William Harcourt would agree with him that it was not expedient to discuss negotiations which were still proceeding.

THE TRANSVAAL TRIALS.

Pretoria, April 28.—John Hays Hammond, the American mining engineer, and the other members of the Johannesburg Reform Committee, who were absent from the court on Friday, when pleas of guilty of treason and lese majeste were entered by the accused, attended court yesterday with the other defendants. Hammond pleaded guilty of treason, while Sauer and Simpson pleaded guilty of lese majeste. Counsel for the defense read a statement to the court, signed by Hammond, Phillips, Farrar and Col. Rhodes, admitting that they had asked Dr. Jameson to go to Johannesburg, but deploring his mistake in entering the Transvaal and marching on Johannesburg, when there was no urgent need for his presence. They maintained that their action throughout was not hostile to the Government. The statement for the defense also enumerated grievances of the Uitlanders, and elaborated reasons to prove that the actions of the committee were not hostile to the Republic. Regarding Dr. Jameson's raid, the statement declared that when the committee learned certain facts it sent, on Dec. 27, two messengers—Major Hoaney by rail, and Captain Holden across country—to forbid Dr. Jameson to move.

THE PORTE BACKS DOWN.

Constantinople, April 28.—Rev. Geo. P. Knapp, the American missionary who was expelled from Bitlis by the Turkish authorities without trial, on the charge of having incited Armenians to rebel against Turkish rule, was surrendered to the United States consul at Alexandria on Saturday, but it seems the step was not taken until the United States warship had been telegraphed for. Turkish officials intended to expel Mr. Knapp from Turkish territory, by compelling him to embark on board a steamer sailing for Europe on April 24. Thereupon Mr. Riddle, the U. S. Charge D'Affairs at Constantinople, made most energetic representation to the Turkish Government, demanding that the latter respect its engagements to deliver Mr. Knapp to the United States consul, and, in order to give emphasis to his remarks, he telegraphed to Mersina, where the United States cruiser Marblehead was at anchor, asking the commander of the vessel to go immediately to Alexandretta and place the cruiser at the disposal of the United States consul at that port. This prompt action had its effect, for the Porte no sooner became aware that the Marblehead had been telegraphed for than orders were sent from here to Alexandretta for the release of Mr. Knapp. The American missionary is now free and will probably come to this city and offer to have his conduct at Bitlis thoroughly investigated before the United States Charge D'Affairs.

London, April 28.—A dispatch from Constantinople says that 200 leading Armenians have been arrested at Moosh on the pretext that they were implicated in the murder of a Kurd that occurred in 1894. The dispatch adds that the embassies fear a renewal of the massacre of Sassoun.

Newport, Va., April 28.—The old Dominion line steamer Wyanoke, Capt. Jenny, ran into the United States cruiser Columbia this morning and sank in 30 minutes. Several of the Wyanoke's crew are reported missing. The Columbia was at anchor. The Wyanoke was bound from Richmond for New York.

The Wyanoke had a hole cut in the forward part of her starboard side and sank in about 60 feet of water. All of the Wyanoke's passengers and crew were saved, but the baggage is totally lost, and probably the cargo also. Two firemen were badly scalded, but beyond this no further injuries were reported. The Columbia was anchored very near the pier and was not seen from the Wyanoke on account of the brilliancy of the electric lights on the pier.
