HOUSE OF PROVIDENCE.

Corner-Stone of the New Wing Laid Yesterday Afternoon.

Several thousand persons attended the picnic at the House of Providence grounds yesterday. A good program of amusements was provided with musical selections by the I.C.B.A. Band and a performance on the high wire by John Hogan.

In the afternoon the corner stone of the new wing of the House of Providence was laid by His Grace Archbishop Walsh, who was assisted by Vicar-General McCann and Fathers Teefy, Murray, Wynn, Jeffcott, Bland, Gallagher, Cruise, Rohleder, Fraehon, Walsh, Morris, Egan and McEntee. His Grace, in his address before blessing the corner stone, reminded his hearers of our Saviour's injunction to love one another, and that the Catholic Church made a special duty of caring for the needs of the poor and aged. Notwithstanding the partyism which was sometimes apparent he desired to express his acknowledgment of the charity, beneficence and public spirit which prevailed not only among the Catholic people, but the city at large, and the City Council. He read a statement that in the thirty-nine years of its history the House of Providence has cared for 28,470 poor, exclusive of casuals and vagrants, who are never refused a free breakfast and dinner. During the last year 752 persons had been cared for, of whom 156 were Protestants. 200 incurables and 121 little homeless children. The sisters in charge number 28, and $27,000 a year is needed for running expenses. The new wing will provide accommodation for about 300 more persons.

The Sports.

The games resulted as follows:

Putting 16-lb. shot, three prizes—French, 42 ft. 9 in., 1; Nicol, 37 ft. 8 in., 2; O'Donnell, 37 ft. 6 in., 3.

Throwing 56 lb. weight, three prizes—Nicol, 33 ft. 8 in., 1; Hernon, 27 ft. 2 1-2 in., 2; Bob Clark, 26 ft. 9 in., 3; French 4th.

Hammer throwing, three prizes—Nicol, 118 ft. 5 in., 1; Hernon, 100 ft., 2; Babcock, 82 ft. 2 in., 3. Nicol subsequently threw for exhibition 120 feet.

Throwing 56 lb. weight for height—French 1, Hernon 2, Nicol 3.

Tossing the caber, three prizes—French 1, Nicol 2, Hernon 3.

Sprint race—French 1, Babcock 2, Nicol 3.

This made a tie for gold and silver medals between Nicol and French, 12 points each, Hernon getting 7 points and Babcock 4. Chairman of committee, J. W. Mogan; secretary, R. A. Ryan.

Ordered to Be Wound Up.

At the instance of the Waterous Engine Works Company of Brantford the court has granted an order for the winding up of the Rosedale Pressed Brick & Terra Cotta Company of 15 Toronto-street. John Fletcher is president of the company and J. V. Wright its managing director. E. R. C. Clarkson has been appointed interim liquidator. Official Referee Cartwright will appoint a permanent liquidator and take the usual proceedings for winding up. The company has been in business for some years.

Dyspepsia and Indigestion is occasioned by the want of action in the biliary ducts—loss of vitality in the stomach to secrete the gastric juices, without which digestion cannot go on; also, being the principal cause of headache, Parmelee's Vegetable Pills taken before going to bed, for a while, never fail to relieve and effect a cure. Mr. F. W. Ashdown, Ashdown, Ont., writes: "Parmelee's Pills are taking the lead against ten other makes which I have in stock."

Inventor of the Little World Dead.

Mr. J. W. Geddes of 32 Henry-street recently received information of the death of Mr. W. H. Robertson, inventor and maker of the genuine Little World. Mr. Robertson died in British Columbia. He was known all over America. Mr. W. S. Smith of Galt, former partner with Mr. Geddes of the Little World in Canada, is near the point of death in Texas. His brother John has left Galt for Texas to visit him.

Dyspepsia is perhaps the greatest enemy the human race have to contend with. St. Leon Water, used regularly, will eradicate the worst type of this disease. 36

Money saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breasts.

Mr. John Torrance of Markham Dead.

Markham, May 24.—Mr. John Torrance for many years a well known and highly respected resident of this village and Scarboro, died this morning at the Franklin House here, after an illness of only four days. The family have the sympathy of the entire community.

There is danger in neglecting a cold. Many who have died of consumption dated their troubles from exposure, followed by a cold which settled on their lungs, and in a short time they were beyond the skill of the best physician. Had they used Bickle's Anti-Consumptive Syrup before it was too late, their lives would have been spared. This medicine has no equal for curing coughs, colds and all affections of the throat and lungs.

Honored His Arrival.

London, May 24.—Nasrulla Khan, second son of the Ameer of Afghanistan, landed at Portsmouth yesterday. The warships in the harbor were decorated and fired salutes in his honor.

McIntyre & Wardwell send the following despatch to their branch office in Toronto: To-day's stock market was almost wholly dependent on the home support, and it was not lacking buying orders from near by; speculative points came in liberally during the morning, and Chicago houses contributed much support to the grangers. The strength of the market was maintained until about 1 o'clock, when a report was freely circulated which caused a slight reaction. It was that a majority of the Northwest directors favored ad reduction in the next semi-annual dividend to 1 1-2 per cent., and the action would be taken at the meeting on June 6. It was subsequently semi-officially stated that the rumor was without foundation. Northwest did not fully recover, but the general market in the late dealings was firm. There was an abundance of money on call at 1 per cent. Whisky was sold down at the close as on yesterday by brokers supposed to represent the Greenhut Morris interests.

AIKENHEAD HARDWARE COMPANY,

6 Adelaidest- E.

McIntyre & Wardwell (John J. Dixon) received the following despatch over their private wires to-day from Schwartz, Dupee & Co., Chicago: Wheat, July, opened this morning anywhere from 78 1-4c to 79c in different parts of the pit. The feature of the day's business has been a tremendous liquidation of long wheat for outside account, and a notable decrease in buying orders. There was no improvement in the crop reports from the winter wheat districts, in fact they were worse, if anything, than what we have had before, but cut no figure. For the time being the country had over-bought itself and left the market without the support that had caused the recent sharp advance. On the first break to 77 1-2c it looked as if the reaction had culminated, and a rally to 79 1-4c occurred, which, however, was all lost on the flood of selling orders that came in on that advance. On a further break the market will be a purchase, if it is not right now. There was more cash business done here than yesterday, mostly for interior milling account. The export clearances were 350,000 bushels in wheat and flour, and sale of a cargo for Lisbon was reported. Corn broke 2c a bushel under heavy selling, mostly for New York and St. Louis account. Receipts to-day were 759 cars, 87 for to-morrow. The decline brought out a good cash demand and over 400,000 bushels was reported sold, a large portion of which was for direct export.

Provisions opened active and sharply lower, especially for pork, which was offered freely by several houses. Ribs and lard were steadier and in fair demand. There was a considerable increase in the cash trade in the lower range of prices, which prevented a further decline when wheat broke near the close. The constant buying of small lots for outside trade was also a feature. The tendency of the market is still lower.

JAS. B. BOUSTEAD,

ISSUER OF MARRIAGE LICENSES.

ASSIGNEE, TRUSTEE, ETC.,

2 ADELAIDE-ST. EAST.

TEL. 114. TORONTO. 246

Henry A. King & Co. received the following despatch over their private wires to-day from Chicago: The wheat market has acted nervously all day. The trade was relieved of its congested condition for July yesterday. Numerous stop orders added to the difficulty, and the trade to-day has been in a quandary, although the country buying has not been so noticeable a feature as it has been. The market shows that realizing has been very liberal, and that it has stood the strain so well shows that there is an undertone of strength which is unmistakable. The winter wheat crop news shows no encouragement to the bears, but the trade is treated to good spring wheat prospects. Spring wheat is a short-lived crop, and the conditions which make or mar occur usually in July and August, not at this season. Stampeding selling orders was a feature of to-day's trading, and the closing was weak. Wheat ought to be a purchase to-morrow morning.

METALLIC CIRCUITS,

SOUND-PROOF CABINETS.

The above Brewery, rebuilt in 1893, is pronounced by competent judges to be one of the most complete in every respect, not only in Canada, but in the United States.

The plant throughout is new and of the most modern description.

A 50-ton De La Vergne Refrigerating Machine,

the first of its kind introduced into Canada, is now being erected on the premises.

Present annual capacity 165,000 barrels of Ale, Porter and Lager.

RUPTURE DEFORMITIES

Artificial Limbs, Crutches.

AUTHORS & COX,

135 Church-st., Toronto

This is to certify that I was ruptured and for eighteen months tried trusses without benefit. By advice of friends I tried one of yours, which has CURED me ENTIRELY. I was doing heavy work all the time. I am as well as if I had never been hurt, and have been so for the last year. I recommend your truss as the best in use. HERBERT ALLEN.
