The Inman line of Steamers, to take the place of the Cunard line, will be put on the route between Liverpool, Queenstown, Halifax and New York the first week in January.

The Banks of this city have given notice of a change in regard to the renewal of notes, to the effect that from the 1st of Jannary to the 1st of July next, renewals shall not be for more than two-thirds of the original notes—from 1st July to 1st of Jan. '69 for not more than one half—and that after that time the system of renewing shall cease.

The Digby election resulted in giving Mr. Vail a large majority over Mr. Wade,

A reward of $500 has been offered by the Mayor for information that will lead to the discovery of the parties who set fire to the Richmond School House.

A melancholy case of shipwreck occurred at Cape Sable on the night of the 4th inst. The brigt *Ada*, of Walton, Hants Co, Capt. A. Tobin, from Portland for Halifax, with a cargo of flour, is reported to have been wrecked and all hands lost. The boat and portions of the wreck were wasted ashore. The vessel was owned by Mr Mosher. The captain and most of the crew were married men, and leave families in Hants County.

A LARGE LUMBER OPERATOR.—Mr. Alexr. Gibson, of Nashwaak, will have in the woods this winter 1500 men and 300 horses. He took up the river for the use of himself and his men, previous to the close of navigation, between $90,000 and $100,000 worth of goods, and this in addition to such articles as hay, oats, and other products obtained on the grounds and in the vicinity of his operators. Last season Mr. Gibson cut and exported 35,000,000 feet of lumber.—*St. John Globe.*

On Sunday night the Government schooner *Daring*, from Sable Island bound to this port, struck the ground at Herring Cove, and sustained considerable injury. At last accounts her keel was off, and other damage to her bottom was observable. A number of men have been despatched from the city to make an effort to get the vessel off. No lives were lost.

THE HALIFAX ASSOCIATION FOR IMPROVING THE CONDITION OF THE POOR.—The first Annual Meeting of the above Association was held on the 29th ult.; the meeting was opened with prayer.

The President recapitulated the objects of the Association, and congratulated the Association upon the very encouraging success which had in the past, experimental, year attended its operations. Its main design, he observed, was to secure to deserving persons who were temporarily in necessitous circumstances, the kind and amount of relief suited to the exigency of their particular case, after due investigation, and to repress the evils which flow from indiscriminate almsgiving.

A very satisfactory and encouraging report was read by the Secretary, from which it appeared that relief had been given in fuel and provisions, from time to time, to nearly six hundred families, comprising about two thousand persons.

The following office bearers and Advisory Committee were then appointed for the ensuing year:—

SUPERVISORY COUNCIL.

The Rev F Almon's Lecture delivered before the Y M C. Association last week, on "Christianity the Basis of Social Reform," is spoken of highly for its ability and adaptation to do good.

OTTAWA, Dec. 11.—In the Senate the Postal Bill passed the third reading yesterday, and was sent to the House of Commons to-day. It is meeting opposition on the newspaper arrangements.

In the Commons yesterday a motion was made to go into supply. An amendment by Dorion, seconded by Blake, amounting to a vote of want of confidence, was debated until two this morning, when the House divided, and the Government sustained by a vote of 115 against 21. Dr. Tupper and Messrs. Howe, Stewart Campbell and McKeagney voted on the Government side.

This evening Dr. Tupper moved and Mr. Howe seconded a motion that it be referred to the Finance Minister to refund money paid by the Nova Scotia candidates to the Sheriffs at the elections in September. According to the law in Canada the public treasury pays the expenses instead of the candidates.

OTTAWA, Dec. 12.—In the House of Commons, last night, the resolutions in favor of North Western extension were carried by one hundred and four to forty-one.

Seven members from Nova Scotia voted against, and Stewart Campbell for resolutions. Dr. Tupper was absent.

Mr. Howe ably replied to Dr. Tupper's [illegible] of a previous day.

The Senate propose saving [illegible] Dollars, by dismissing se[illegible] cials connected with [illegible] the sa[illegible]

$200,000 in Government Bonds. Another account states that the messenger of the Bank was knocked down on the street with $60,000 bonds on him and robbed, and that the robbers jumped into a carriage and escaped.

European.

LONDON, Dec. 9.—A despatch from Florence denies the story that Garibaldi has again escaped from Caprera.

The North American Steamship Line and Inman Steamship Line will carry English mails to America as well as the Cunarders.

It is thought that the scheme of the European Conference for the settlement of the Roman question will be defeated by the speech of M. Rouher, which indicates that the French Government have already prejudged the whole case.

The Fenian sympathisers are making extensive preparations for a public funeral in Liverpool on Sunday next, in honour of Larkin, Gould and Allen, but the Orangemen of the city threaten to break up the procession, and it is feared that a serious riot will break out, should a public Fenian demonstration be attempted.

The Prussian House of Deputies has voted that expense of the Foreign Office of Prussia be added to the Budget of the North German Confederation.

LONDON, Dec. 10.—The action of the House of Representatives of the United States, on the resolution for the impeachment of the President, excites considerable comment. The *Times* this morning, has an Editorial on the subject, in the course of which it highly praises the House for its refusal to impeach the President, and considers this result as re-opening the course of practical legislation. The *Times* expresses, however, the hope that the President will accept the action of the House as a new endorsement of his policy, and from this conclude that all hope of sound reconstruction must be deferred.

Hon. George Bancroft, Minister of the United States, had an audience yesterday with Her Majesty the Queen of Prussia.

LONDON, Dec. 11.—The demonstration proposed by the Fenians on Sunday, in Liverpool, has been promptly forbidden by the authorities, which caused much expression of ill-feeling towards the government. The friends of the executed Fenians are very active. From the principal towns in Ireland come despatches of mock funerals and other demonstrations of regard.

GLASGOW, Dec. 13.—An attempt was made in this city to get up a funeral to-day for the Manchester Fenians, but it was checked by the interference of the authorities.

BELFAST, Dec. 13 (even.)—Extensive preparations had been made by the friends of Allen, Gould and Larkin to hold a public funeral today in their honour, but the Government officers interfered, and, under authority of the Lord Lieutenant, put a stop to the demonstration.

LONDON, Dec. 13, (even.)—A daring attempt was made to-day to release the recently arrested Fenian, Col. Burke, who is confined in the Clerkenwall Prison. Powder was placed beneath one of the prison walls, and was exploded, it is supposed by Burke's confederates. The whole side of the prison wall was blown in the air. The force of the explosion was so great that three adjoining buildings were destroyed. Many persons were injured. It is feared some lives are lost; much confusion prevails in the vicinity, and it is difficult to ascertain the details of the occurrence.

LONDON, Dec 13, 9 o'clock, p. m.—The explosion at the Clerkenwall prison had very serious results, but was not successful in facilitating rescue of Burke. The prisoner was confined in an inner cell, and could not escape by the breach in the wall. He has been removed to a place of greater security. The explosion was tremendous in its effects. The prison wall and neighbouring buildings are a mass of ruins. Some lives must have been lost. It is rumoured that as many as twenty persons have been killed, and that some bodies are in the ruins. It seems that during the morning some repairs had been made on the wall; during the day some working man was seen to roll a barrel, which doubtless contained powder, under the place where repairs were being made. Shortly after the explosion took place two men and a woman were arrested of being concerned with the perpetration of the outrage. The excitement there is so great that it is impossible to obtain a correct account of the casuality.

PARIS, Dec. 13, (even.)—It is reported that the Corps Legislatiff will be dissolved by the Emperor, and new elections held in January.

WISTAR'S BALSAM OF WILD CHERRY.—Coughs, Colds, Bronchitis, Asthma, Croup, Whooping Cough, Quinsy, and the numerous as well as dangerous diseases of the *Throat, Chest* and *Lungs*, prevail in our changeable climate at all seasons of the year; few are fortunate enough to escape their baneful influence. How important them to have at hand a certain autidot to all these complaints. Experience proves that this exists in *Wistar's Balsam* to an extent not found in any other remedy; however severe the suffering, the application of this soothing, healthy and wonderful Balsam at once vanquishes the disease and restores the sufferer to wonted health.

The People of Hungary, who have been so long without a king of their own, were wild over the coronation of Francis Joseph; but those rejoicings are not to be compared with the pleasure which one receives applying Grace's Salve to cuts, bruises, and every species of inflammation upon the surface of the body.—Every family should use it.

Deaths.

Sept 3rd, at Salmon Beach, on the Rathurst circuit, Mr. Robert Smith, in the 39th year of his age, having been for 20 years a member of the Methodist Church. Early last spring pulmonary disease appeared, which immediately defied all medical efforts to arrest its rapid progress. But his weakness, and the prospects of a speedy dissolution were borne by him with patience and a holy tranquility; and though the last few days of his life were spent in great pain and weakness of body, yet his death was marked by that unshaken faith in the atonement, and hope of heaven, as is vouchsafed to all who die in the Lord. He leaves a wife, six children, an aged mother, and a number of relatives to mourn their loss

At Boiestown, N B., Oct 30th, William N., aged 7 years and 4 months, third son of Alex Smith, a lovely child, but his parents can say the 'Lord gave, and the Lord hath taken away; blessed be the name of the Lord.'

New Monthly Magazine

Critical Notices of the Press.

The most popular Monthly in the world.—*N. Y. Observer.*

We must refer in terms of eulogy to the high tone and varied excellences of Harper's Magazine—a journal with a monthly circulation of about 170,000 copies—in whose pages are to be found some of the choicest light and general reading of the day. We speak of this work as an evidence of the culture of the American People; and the popularity it has acquired is merited. Each number contains fully 144 pages of reading matter, appropriately illustrated with good wood-cuts; and it combines in itself the racy monthly and the more philosophical quarterly, blended with the best features of the daily journal. It has great power in the dissemination of a love of pure literature.—*Trubner's Guide to American Literature, London.*

We can account for its success only by the simple fact that it meets precisely the popular taste, furnishing a variety of pleasing and instructive reading for all.—*Zion's Herald, Boston.*
