HAMILTON NEWS

POWER FOR PUMPING HOUSE

Was the Topic for the Fire and Water Committee, But Not a Quorum Showed Up.

THEREFORE NOTHING WAS DONE

However, the Proposals Were Discussed and Comparisons Made —General News Notes.

Hamilton, Sept. 13.—(Special.)—The Cataract Power Company forwarded to the Fire and Water Committee this evening an important letter respecting its offer for the supplying of plant and power for the pumping house, but there was no quorum present to determine on the offer. The company's proposal was in effect that on the city undertaking a 20-years' contract with the company, the latter would put in the necessary plant at cost, or accept the amount expended in 40 half-year instalments, at 3, 6, 7, 9 per cent., and supply power at four-tenths of a cent per electrical horse-power per hour. The company would undertake to carry duplicate supply circuits to the pumping house and guarantee a first-class service. Manager Leyden addressed the committee.

The aldermen figured out the offer and concluded the yearly cost would be about $14,000.

Engineer McFarlane of the waterworks pumping house said that with even $1000 extra for fuel he could run the engines for $12,688.

Manager Leyden expressed the belief that Engineer McFarlane had miscalculated somewhere.

It was decided to refer the offer to a sub-committee, consisting of Mayor Teetzel, Ald. Wright, Ald. Hobson, Engineer McFarlane and City Solicitor Mackelcan.

It was resolved, on motion of Ald. Hurd and Hobson, to call for the construction of a third main as quickly as possible.

Unfortunate Men.

David Bewicke, an aged newspaper vendor, was found in an unconscious condition in his room to-day and removed to the General Hospital. He was suffering from epilepsy. To-night he is very low.

Owen McIlroy, the railway man who was roughly used at the G.T.R. station yesterday, is resting easy at the hospital this evening.

What Happened to Jones.

Louis Jones, who was proprietor of the St. Nicholas Hotel for four short months, during which he dropped over $3500, part of a legacy from his mother, is to be a defendant in a suit commenced by Hazell & Son, grocers, who have a claim against him for $300.

A writ has been issued to set aside an assignment of a portion of a legacy, left to Mr. Jones by his deceased mother, the assignment having been made to Lowe & Farrell, the electricians, who had a claim against the hotelman for about $275. The writ also asks the court to set aside a marriage settlement alleged to have been made by Defendant Jones on his fiance, Miss Fannie B. Nichol.

Jones is about 22 years of age and the rest of the legacy is not payable to him till he is 28.

Writ for Damages.

John Challen, trading as the Good Roads Machinery Company, has, through Staunton & O'Heir, issued a writ against the Sawyer-Massey Company for an injunction restraining the company from selling road-making machinery having on it the words "good roads," and claiming $5000 damages for alleged injuries to the plaintiff.

Minor Matters.

Harry Reed, Guelph, and Miss May Hastings, city, were married here by Rev. Mr. MacWilliams.

The fall series of 10-cent concerts by the 13th Band, will commence next week.

Fred Long, Dundas, was acquitted by Judge Snider this morning on a charge of robbery.

THE TRACKMEN AT OTTAWA.

General Good of the Brotherhood Discussed—Exhibition by the Fire Department.

Ottawa, Sept. 13.—To-day's session of the Brotherhood of Railway Trackmen's convention was occupied with the hearing of reports on the internal working of the order. The general good of the brotherhood was discussed. It is possible that the business of the convention will not be all disposed of by Friday, as was expected, and a session may be held on Saturday.

At 2 o'clock in the afternoon the visitors who are attending the convention were treated by Chief Provost to an exhibition by the Ottawa Fire Brigade in front of the Hotel Cecil.

The Lawrence engine was put to work and a stream from it sent up, giving the trackmen an idea of the work which the brigade is capable of doing. The aerial truck was also operated and exhibitions of ladder-climbing by the firemen were much appreciated.

Central Canada Fair Open.

Without pomp or display the gates of the Central Canada Exhibition swung open to visitors. The day was cool and a breeze blew across Lansdowne Park, that made the flags stand out stiff and the attendants and spectators shiver in its grasp. The attendance was not large.

THE ALGOMA CENTRAL ROAD.

Work Will Be Pushed Forthwith—A Large Gang of Men Off for the Sault.

A telegram was received in Toronto last night from Sault Ste. Marie, Ont., from Mr. James Conmee, M.L.A., stating that work on the Algoma Central Railway would be pushed forthwith, and that 45 miles of the road would be completed this fall. Messrs. Joseph Maughan and Thomas Bishop of the company will leave Toronto this morning with 125 men to work on the new road.

Ionic's Big Spread.

Ionic, 1693, the banner Orange lodge of the city, held their regular quarterly dinner last night in the Temple Building. Worshipful Master L. A. Achmbault presided, and there were present around the festive board about 100 members and a number of visitors. The dinner was prepared by Caterer T. J. Davey of the Temple Cafe, and was served in the style which characterizes all his banquets. The tables were nicely arranged and decorated with flowers and handsome ornaments.

The toast of "The Queen" was honored by the singing of the National anthem, and "County Lodge" was responded to by C. Lect. Bro. McMillan. "District Lodges" was replied to by T. A. Duff, and "New Members" by Bros. Davis and Over. Bro. George Galbraith replied to "Visiting Brethren." Speeches were also made by Capt. Morgan, George Mitchell, C. E. Ireson and Bros. Johnston and Shields.

A vocal program was rendered by Bros. Pierce, D. Chapman, C. E. Ireson, Sid Rugg and Harry R. Ranks. The singing of the Recessional by Mr. Ranks was a feature of the evening.

Prior to the banquet, a meeting was held, when Corp. Over of the Q.O.R. and B. M. Davis were made members.

Wedded at Owen Sound.

Owen Sound Sun, Sept. 12: A very pretty wedding was solemnized at the residence of Miss M. Bell, Paynter-street, to-day at noon, when her niece, Miss Elizabeth Bell of Orangeville, was united to Mr. Thomas McKay, second son of Mr. Donald McKay, by Rev. Dr. Somerville, in the presence of a few immediate relatives of the contracting parties. Miss Flynn of Cobourg and Miss Smith of Owen Sound acted as bridesmaids and Mr. Bert McKay, brother of the groom, supported him as groomsman. After the ceremony the party sat down to a sumptuous wedding feast and in the afternoon the couple left on the C.P.R. train for Toronto and Buffalo. The presents were numerous and showed the esteem in which the young couple are held. The Sun joins others in wishing Mr. and Mrs. McKay all the joys and none of the sorrows of married life.

A Magic Pill—Dyspepsia is a foe with which men are constantly grappling, but cannot exterminate. Subdued, and to all appearances vanquished, in one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument, in which even a breath of air will make a variation. With such persons disorders of the stomach ensue from the most trivial causes and cause much suffering. To these Parmalee's Vegetable Pills are recommended as mild and sure. ed

Brass Was Taken Away.

The James Morrison Manufacturing Company, of 67 West Adelaide-street, have according to a report made to the police been systematically robbed of a large amount of metal during the past week. Detective Slemin was detailed on the case yesterday, and he at once concluded that the brass was being carried away, probably by a workman. He watched the employes last evening as they left the factory, and captured Robert Williamson of 58 Hayter-street with a large amount of the metal in a bulky lunch basket, and in his pockets. At the station $78 was found in a pocket-book. Williamson is 65 years of age.

One of the greatest blessings to parents is Mother Graves' Worm Exterminator. It effectually dispels worms and gives health in marvelous manner to the little ones. ed

WHO WILL PLAY SHAMROCKS?

Markham Lacrosse Team Still Senior Champions of the C. L. A.

TECUMSEHS PROTEST DISCUSSED

Last Night's Meeting Was Long in Talk and Short in Business.

Since the memorable game at Markham the Canadian Lacrosse Association Executive has handed out no challenges to the big league in the east. Just prior to that defis galore were handled about, but, with Markham ahead and champions by right, the eastern winners were left gloriously alone. Last night at the Walker House a large and representative meeting of the C.L.A. was held, but the resultant business did not materialize sufficiently to warrant a renewal of the challenging business. The chief topic was the protests of the Tecumsehs against the decision of Arbitrators Frank Nelson and T. Herbert Lennox for awarding the championship to Markham. Everyone talked, and at one time there was so much gabbing that the President threatened to leave the chair. Finally, after five weary hours, Markham was left as champions of the C.L.A., with a possible loophole, viz., that a Tecumseh player was offered a bribe.

The protest was lodged by the Tecumsehs because, forsooth, (1) the Markham grounds were unfit to play on (2) that the referee was not competent, and that (3) one Glover approached a Tecumseh player and offered to buy the game.

A number of declarations were read—one from Glover, declaring that he did not offer a bribe, and one from Greatrix, stating that Glover had made the offer.

The sub-committee early this morning found that the protest be not sustained with the exception of the bribing. This was left to another committee to decide.

Mr. Beatty, who acted as referee at the game, was questioned, and gave it as his opinion that the grounds were all right and that the goals were in the best position possible. He thought that there were no deliberate fouls.

The protest between Owen Sound and Wiarton was ordered to be played over at Wiarton.

Galt protested against Acton, on the grounds that the latter club had played John Watson and F. W. Cornett against them after having already played for another club. This game was ordered to be played over on neutral ground.

Charged With Trespass.

Robert Robertson of 124 Church-street crawled into the hay-loft of the Lombard-street Firehall last night, and soon fell asleep. He was found by the hose driver and handed over to Probationer Reburn. The prisoner is charged with trespass.

SOLID COMFORT.

Comfort is the first essential of value in Artificial Plates—and it comes only from perfect fit. You know how difficult it is to appear happy and graceful in a shoe that pinches. Well—it is even more impossible for an ill-fitting Plate to make a natural appearance, and give good, effective service in all the functions of teeth.

We make Plates that fit—at all fair prices from $5.00 up—according to the material desired—but always perfect in fit.

Painless extracting free when Plates are ordered.

THE CHILD AND THE STATE.

Sir William Hingston Says Science and Religion Have Been Divorced.

AND SCIENTISTS ARE SCOFFERS.

An Interesting Speech Before the Society for Protection of Women and Children.

Montreal, Sept. 13.—(Special.)—"Science has been divorced from religion, and scientific men of to-day are agnostics and scoffers," said Sir William Hingston today.

The occasion was a meeting of the society for the protection of women and children, and the discussion was anent the necessity for providing a plan by which the children of very poor parents, who will not educate their children, and vicious and unruly children, may be given an education sufficient to enable them to get employment. Sir William Hingston has been carefully studying this matter, which he says is "The biggest social question of the day." In his address he said that the first thought must be that the child has a right to the protection of the state, and upon the parents is the obligation to educate it.

"If the parent does not do his duty the state must step in and fit it for the society in which it is born."

"There is the neglected child of the drunkard and of the careless parent. There are the waifs whose parents are good at heart, but who neglect the child and allow it to be idle. The latter is fatal to the child. What is best to be done? The child has a right, an undeniable right, to be brought up in a moral and proper manner. Ontario has moved in the best direction. It looks after its neglected children. Reading, writing and arithmetic do not make the child more moral. He must be educated into a knowledge of God's Love, and the reverence for God and for his parents, such as is inculated among the Jews, who are taught from the cradle their duty to their Maker.

"The reverence to God in the United States is not like that of the old land from which we came. Why? Because God is eliminated from their teachings. Science has been divorced from religion, and scientific men of to-day are agnostics and scoffers. It is not right."

No definite action was taken by the society.

DIDN'T WATCH THE TROLLEY.

John McGuire, Attempting to Walk in Front of an Approaching Car, Badly Hurt.

RIBS CRUSHED IN, HEAD LACERATED

His Recovery is Doubtful—Another Man Fell Twenty-Five Feet—A Woman Killed.

While returning home from work yesterday afternoon John McGuire was knocked down by a street car, and terribly injured. Physicians say he will not recover as he is hurt internally.

McGuire was on a Carlton and College car, and got off at the corner of Mutual-street. The car was stopped, and he thought he would have plenty of time to cross over to the north side of the street in front of the trolley. Just as he reached the tracks the car started, and he was knocked down by the fender. He was pushed along the road for several yards, and then his body went under the fender. He was drawn in as far as the front wheels before the car was stopped.

He was rescued from his perilous position with great difficulty, and carried into Dr. Norman Allen's surgery, at 108 Carlton-st. It was found that his ribs on the right side were all crushed in and there was a long lacerated wound on his head. He is injured internally and his kidneys have been ruptured. He was taken to his home at 99 Wood-street. He was in a very low condition at an early hour this morning.

Perhaps a Fatal Fall.

The new Telegram building, at the corner of Bay and Melinda-street, was the scene of probably a fatal accident yesterday morning. George Hutchison, an employe of the Goddard Cartage Agency, was delivering some material to the building, and had occasion to go to the first flat. While passing over the elevator shaft, he overbalanced himself, and the board on which he was standing tipped. He fell into the basement, a distance of 25 feet. In his descent he struck a slanting ladder and slid down it to the bottom. His head and shoulders struck the concrete floor, making a fracture in his head about two inches long. He was hurriedly taken to the Emergency Hospital, where he now lies in a precarious condition. Hutchison also complains of severe pains in his stomach and back. The injured man is 38 years of age, and lives at 41 Edward-street.

Thrown From a Horse.

Frederick White, a married man, living at 12 Soho-street, is in the Emergency Hospital suffering from concussion of the brain. He is unconscious and may not recover. Yesterday morning, while riding a horse at the corner of King and Simcoe-streets, he was thrown from the animal and fell on the pavement. The physicians are able to rouse him at times, but he faints away again and is unable to recognize his friends. The horse he was riding is owned by Butcher, the grocer, of West Queen-street.

Spine is Sprained.

At noon hour yesterday William Berry of 35 Argyle-street met with a serious accident. While driving on Cowan-avenue, the seat of his wagon broke and he fell under the wheels. The hind wheel dragged him for some distance before the horse was stopped. The injured man was carried into Dr. G. H. Clemens' surgery on West King-street, and afterwards removed in the ambulance to the Western Hospital. He is badly bruised, and his spine is sprained.

Chinese on Wheels.

A Chinese bicyclist ran down a woman at the corner of Queen and John-streets yesterday morning while she was alighting from a street car. The woman escaped with a slight shaking up, and the celestial was not very badly hurt.

Dalley's Family and Liver Pills do not gripe. They are mild and natural in their action.

MYSTERIOUS FIRES.

Brockville Corporation Stables and a Summer Resort Burned From Unknown Causes.

Brockville, Ont., Sept. 13.—The corporation stables and their contents were totally destroyed by fire this morning. The horses were saved with great difficulty. The origin of the fire is a mystery.

A summer resort on the American side of the river, a few miles from here, called Terrace Park, was wiped out of existence early this morning by fire. A summer hotel and eleven cottages were destroyed. It is not known how the fire was started.

Merner's Evaporator Burned.

Zurich, Ont., Sept. 13.—About 4 o'clock this afternoon fire broke out in the fruit evaporator owned by Merner Bros., and totally destroyed it, together with storehouse and about 3000 pounds of dried apples. Fortunately all hands escaped. Mr. Gotlelb Merner was somewhat burned.

Hon. Thomas Greenway, Premier of the Prairie Province, arrived in the city yesterday from Ottawa. He is a guest at the Queen's, and intends to remain in Ontario some time before returning to Manitoba.

PUBLIC AMUSEMENTS.

Shea's Family Resort.

It would be hard to "pick the winner" in the big bill of eight all-star acts at Shea's Theatre this week, for at the conclusion of each it is applauded to the echo. The astonishing feats of strength of Mlle. Armistis and the troubles of Leonidas in assisting her; Taciani, the two-voiced songster; the Ronays, weird music; Zazelle and Vernon's clever and comical horizontal bar antics; the Wilson Family, in their Chinese-picaninny specialty; the Marianelas' wonderful feats in the double rings; the finished singing of the Ladies' Quartet, and Leonidas' Cat and Dog Circus, make up a two hours' pleasure that all Toronto is going to see. 'Tis so clean and wholesome that nobody need question the propriety of taking himself, wife and family off to this comfortable, cosy resort for an evening with high-class vaudeville. This house is filled at every show, afternoon and evening.

"The New Boy" To-Night.

Mr. Bert Coote and his company will present "The New Boy" at the Grand Opera House to-night, the initial production of his new piece, "A Battle-Scarred Hero," taking place Saturday evening, when it will be presented for the first time on any stage. Mr. Coote has had wonderful success in "The New Boy" and is now in the front rank of fun-makers. He has a very expressive countenance, eyes that may mean anything, and a laugh that strikes you about the third rib and plays riot with your entire frame, if you are at all susceptible to jocular outbursts. Mr. Coote's Freddy Archbald is the very embodiment of fun. Saturday night he is to attempt a new line of comedy in an original play by Willis Maxwell Goodhue, entitled "A Battle Scarred Hero."

"Beautiful Belle Archer."

Mr. Small considers that he has been especially fortunate in securing an attraction this season the comedienne and noted beauty, Miss Belle Archer, for the reason that the last appearance of Miss Archer here was under the auspices of Mr. Augustin Daly, when seats for the performance sold at three dollars. Miss Archer's success here in creating the role of Lady Marian in Tennyson's "The Foresters" will be well remembered, and her talented support of Miss Ada Rehan received a great deal of enthusiastic praise. Since that time Miss Archer has created several leading parts in Mr. E. H. Southern's companies, and has been leading lady in Mr. Nat C. Goodwin's London company. Her talents, however, to a great extent, lie in the direction of comedy, and for this reason the farcical satire, "A Contented Woman," was chosen as a fitting vehicle in which her abilities could be exploited. The comedy is said to be one of Mr. Charles Hoyt's greatest efforts, and in it he satirizes the woman in politics, and ridicules in his own polite way the lawmakers of the Western States. The production will, it is said, be exactly the same as that given in Hoyt's Theatre in New York, and Miss Archer will bring with her the original company, together with all the magnificent stage accessories, and last, but not least, the famous Hoyt chorus. Among the principal members of the company is Bonnie Lottie, the dancer who has surprised and delighted theatregoers in New York this season by her dances. This week "London Life" is drawing large contingents of lady patrons to the Toronto.

"Lights o' London" at the Princess.

"A Gold Mine" will be given but three days more this week at the Princess Theatre, with matinees each day beginning next Monday the Cummings Stock Company will put on a big production of Sims and Pettit's great play, "Lights o' London," which in its time was one of the record breakers of the Grand Opera House here in Toronto, as it was in every city where ever played. It is the one play that was then, its strong dramatic strength does not change, its strong story of heart interest, its many realistic scenes and its finely drawn touches of nature are there still. There are few if any plays written to-day equal to "Lights o' London." It is a play that will live forever. Many of the present generation of theatre goers have seen this play, but they have heard of it, and it is safe to say that "Lights o' London" will be popular with generations of theatre goers to come, just the same as it always has been. At the Princess next week, we are promised as genuine and complete a production of the play as has ever been seen in Toronto. On account of the large amount of scenery required in the production, an extra force has been employed, the work is rapidly nearing completion, and on Monday afternoon it is said that a surprisingly beautiful production will meet the eyes of the patrons of this house. This organization has earned a reputation here in Toronto not for splendid productions, but "Lights o' London" in point of splendor will excel all others. Mr. Ralph Cummings appears as Seth Preene, Miss Stone as Hetty Preene, Mr. Robert Cummings as Clifford Armytage, Miss Marshall as Bess Marks, Mr. Eugene Frazier as Harold Armytage, Mr. Phillips as Joe Jarvis, Master Harry Cummings, who appeared here to-morrow, will appear as Joey, and little Miss Maggie Quinn as Jim the Bootblack. This assignment of these well known characters insures a good performance of this play, and the balance of the cast will all be in good hands. "Lights o' London" is one of the greatest plays of the stage and it will crowd the Princess all next week without doubt. The sale of seats opens Friday.

WELLMAN'S LAME LEG.

English Surgeons Think They Can Fix It Up—One Operation Has Been Performed.

London, Sept. 13.—Walter Wellman, the leader of the Wellman Polar expedition, who arrived in this city August 28th, after successful explorations in Franz Josef Land, has undergone the first surgical operation for straightening his right leg, which was seriously injured by Mr. Wellman falling into a snow-covered crevasse while leading his party. It resulted in the successful loosening of the sinews. Another operation is necessary, but the attending surgeons say they expect to save the leg, and that Mr. Wellman will be able to return to America in three weeks. The explorer will deliver an address before the British Association Tuesday, descriptive of his recent expedition.

A Chippewa Banquet.

Capt. McGiffin and the crew of the steamer Chippewa wound up the season's business yesterday with a banquet. The dinner was served by Steward W. H. Winter, after which the usual toasts were proposed and responded to. Several of the crew contributed to an excellent musical program.

Dalley's Family and Liver Pills. Their action resembles the laxative properties of dates and figs. Price 10 cents a box.

A $300 Fire.

Fire was discovered about 6 o'clock last evening in the rear of the premises occupied by the Consolidated Plate Glass Company on West Wellington-street. A wagon and other articles were destroyed. The loss was about $300 and is covered by insurance.

HOOD'S PILLS

A RANK MAIL SERVICE.

Vancouver Board of Trade Takes Steps to Have Better Connection With Dawson City.

Vancouver, B.C., Sept. 13.—At the Board of Trade meeting last night W. J. McMillan, of McMillan & Hamilton, spoke strongly regarding what he called the shocking condition of the mail service to Dawson. Of a dozen letters to Dawson sent by this firm only one had reached its destination. The speaker referred to grave losses incured on account of this grievance. A strong resolution to be sent to the Department was suggested, but Mr. McLagan declared that a resolution on general terms was no use. It was necessary to make definite, specific charges which might then be enquired into.

Mr. McMillan then moved that a special committee of five be appointed to take up the matter and thresh it out thoroughly. This motion was seconded by Mr. Crowe, which was incorporated with a request for investigation into the shortcomings of the west coast mail service generally.

A TORONTO DOCTOR MARRIED.

Dr. W. F. Gallow Found a Wife in Goderich Yesterday—A Pretty Wedding Solemnized.

A very pretty wedding was solemnized on Sept. 13, at 11.30 o'clock, in Knox Church, Goderich, when Miss Margaret J. Johnston was married to W. Forbes Gallow, M.D., of Toronto. Rev. Mr. Anderson performed the ceremony. The bride was attired in white brocaded silk, with veil and orange blossoms, and carried in her hand a flower bouquet of white roses. She was attended by Miss Jessie Gallow, sister of the groom. The bridesmaid was gowned in white organdie, over pink silk. The other bridesmaid was Miss Lizzie Coutie, who was attired in white, over blue. Both wore black velvet picture hats, and carried bouquets of pink roses. Dr. Alfred Webb of Newmarket supported the groom. Messrs. Oliver Rhynan and Harry McKenzie acted as ushers. After the ceremony a dainty breakfast was served at the residence of the bride's father, and then Dr. and Mrs. Gallow left for a trip to the east.

BY WIRELESS TELEGRAPHY

Courtesies Were Exchanged Across the Channel Yesterday.

Dover, Sept. 13.—The British Association for the Advancement of Science successfully exchanged courtesies to-day with the French Association for the Advancement of Science, now in session at Boulogne-Sur-Mer, using wireless telegraphy for the purpose.

A GIFT OF GRATITUDE.
