LONDON, May 22.

There is no foundation for the report that in the Belgian Cabinet a crisis is imminent. A denial also is given to the report published yesterday in the despatch to *Telegraph* that the German Government instructed their Ambassador to ask Belgium to prohibit religious processions, the object being the overthrow of the Belgian Cabinet.

LONDON, Ont., May 22.

The baggage car of the through express caught fire at Paris yesterday, and all through baggage and mails were consumed.

LONDON, May 24.

As a religious procession was passing through streets of Brussels yesterday it was assailed by the populace, and its ranks broken up. Processionists took refuge in neighboring houses. Several rioters were arrested.

The action of the Belgian Tribunal at Liege, in dismissing charges against Duchesne of plotting to assassinate Bismarck, causes a sensation in Berlin. It is generally believed that the finding of the tribunal will not be regarded by Germany as a settlement of the matter.

The Upper House of the Diet passed a bill abrogating the articles of the Constitution regulating the relations between the Church and State in Prussia by 95 yeas to 68 nays.

A despatch to the *Times* from Vienna says that a dreadful accident occurred on the river Murat, town of Judenburg, Province of Tyrol. The ferry boat having on board a number of Catholic Pilgrims *en route* to visit the shrines on the other side of the Mur from Judenburg, sunk in the middle of the stream. Fifty-nine of the Pilgrims are known to be saved, but seventy-six are missing, all of whom are believed to be drowned.

NEW YORK, May 24.

The conflagration at Osceola was greater than at first supposed. Nine-tenths of the town are now said to be in ashes, and considerable suffering is experienced among the inhabitants.

A drenching rain extinguished Pennsylvania forest fires.

LONDON, May 25.

ILLNESS OF THE POPE.

The Pope is seriously ill.

THE PEACE OF EUROPE.

Mr. Disraeli stated in the House of Commons yesterday that the Crown had made representations to Germany regarding the relations of Germany and France, and that the effort was to correct misconceptions and insure peace.

SWIMMING THE CHANNEL.

Paul Boyton will again attempt to cross the English Channel in his safety dress to morrow.

AN IMPERIAL CONFERENCE.

A meeting of the Emperors of Austria, Germany and Prussia will soon take place at Ems.

THE CARLIST WAR.

The Spanish Government troops are retreating on Iqualdo in good order. Their losses are slight, although the Carlist attacks have been incessant.

NEW YORK, May 25.

MEXICAN MATTERS.

The Mexican Congress has passed a law restricting the powers of the Supreme Court relative to elections, which it is feared will introduce a new element of discord in public affairs.

It is reported that the insurgents in Michoacan have met with reverses, but in San Luis Potosi they have defeated the Federal troops.

The relations between Mexico and Guatemala are becoming delicate on the boundary question, and Guatemala is preparing to fight.

Daniel McCallum, charged with interfering with the police, was allowed to go on bail, to appear on Thursday.

Lost his Money.

A man named Owen Farrel lost his money in Sheffield street between Saturday night and Sunday. He claims that over $111 were taken and accuses Matilda Ryan of the act. The accused was arrested Sunday night, and was this morning remanded until Saturday. She denies the charge.

King Square To-Day.

The greatest portion of King Square to-day looks as though a herd of elephants had been employed to tread it down. Its appearance is suggestive of a hen yard rather than a grass plot, and the mob who were on it yesterday must have the credit of being first class trampers. To-day an elderly man with an elderly rake is trying to pick up the packed earth and give the grass a chance to start again

The Exhibition.

A public meeting of manufacturers and mechanics will be held this evening at the Board of Trade Rooms. The committee appointed at the last meeting, to decide upon the best mode of appointing judges for the forthcoming exhibition, will make its report. A general report will also be read showing the work of the various committees and the general prospects for the exhibition. It is hoped there will be a general attendance of all interested in making the exhibition a grand success.

Rural Cemetery.

MR. SPRAGG will run the two first class omnibuses, ONWARD and UNDAUNTED, to the RURAL CEMETERY, every fine day during the season, beginning on Monday, May 3rd., for the accommodation of visitors. Hours for leaving the Bell Tower (head of King street) will be as follows: Half-past one, two, half-past two and three o'clock, p. m. Mr. Spragg also runs a "buss" regularly to Fairville, twice daily, leaving Market Square at 9 a. m. and 3.15 p. m.

A false alarm of fire was given from Box 36 about ten o'clock this morning.

A horse belonging to Mr. Case, of Fairville, and driven by a young man to whom it had been hired, dropped dead on the road, near Musquash, yesterday.

The case of Brophy, charged with stabbing his brother on Sunday, has been postponed until Saturday. The wounds are not serious.

The Lacrosse Club meets on the Barrack Green this evening for practice. A number of gentlemen from St. Stephen will also be present to make themselves familiar with the game before introducing it into that town.

When policeman Wm. Evans attempted to arrest a boy on Smythe street, last night, the women and other friends of the lad contrived to drag him into the house, Evans following and retaining his hold of the prisoner. After getting in, the whole party were pushed down the cellar stairs and the prisoner rescued. In the scuffle Evans's hand was badly bitten by one of the women. The boy could not afterwards be found.

The friends of Judge Watters will regret to learn that he is confined to his house through illness.

The excursion to Fredericton on the steamer Rothesay yesterday was much enjoyed, the slight detention at Long Island not interfering with the pleasure. The accident caused a delay of only a few minutes.

A Handsome Gift.

Capt. Charles Lawrence, of the bark Chebucto, now lying at Robertson's upper wharf, has had a very handsome gold watch recently presented to him by the British Government. The testimonial is given as a reward for the generous conduct of Capt. Lawrence in rescuing the crew of the British bark Virgilia, of South Shields, Eng., in lat. 40.20, lon. 39, during the month of February, 1874. Capt. Lawrence was then master of the Windsor brig Lilly. The watch bears a suitable inscription.

The chronometer of which Capt. Lawrence has just taken charge, is a fine new barque belonging to Windsor. She is loading deals for Liverpool and is consigned here to John Melick, Esq.

Shipping Notes.

Steamers.—The City of Portland, hence for Boston, left Portland at 7.20 a. m. today.

Point Lepreaux, May 25, 9 a. m.—Wind N. W., light, foggy, raining.

The bark Favorite—Safety of her crew.—Capt. Patterson of the ship Elizabeth, at Quebec from Inverness, reports having on the 13th inst. sighted a bark to leeward with signals of distress flying, bore down on her and found her to be the Favorite of Liverpool, for Miramichi, in a sinking condition, the Captain and crew, who had taken to their boats, came on board the Elizabeth. Shortly afterwards transferred four of them to the bark R. C. Hall, of Yarmouth, bound for Dalhousie, N. B. The remainder, six in number, including the Captain, were landed at Quebec on the 19th, all well. The Favorite, Harris master, sailed hence for Miramich on the 7th inst. in ballast, to load lumber for Great Britain.

Reward for Gallant Services.—The Marine and Fisheries department, at Halifax, has received instructions from Ottawa to present $10 each to Messrs. John Hayes, Thos. Hayes, Joseph Higgins, Chas. Thomas and Frederick Venn, all of Herring Cove, for their noble effort to rescue the crew of the brigt. Helen, which was wrecked near that place last January. The men went out in the height of the storm, in a seine boat, and rowed over a mile to the wreck; but when they reached it the crew had got ashore in their own boat.

A Bold Highway Robbery.

Wm. Smith, of Smithtown, above Sussex, appeared at the Police Office this morning with the story of a bold robbery committed on him last night. He arrived in the city by the evening train, having some $203 in a wallet in his pocket. He says he was perfectly sober, and is not at any time a drinking man. He came to town for the purpose of paying a note and settling some bills, and it was also his intention to secure a servant girl for his family. After reaching St. John he was told that he could find a good girl at the Three Mile House, and at once started to walk there by the Railway track. It was then between 10 and 11. When he had passed the Round House he noticed three men sitting down near the side of the track, and had scarcely time to think ere he was attacked by them, knocked down and tied by his own braces to the rail. He was searched and the pocket book, with the $203, was found in the breast of his coat. Nothing else was taken and after robbing him the three men ran off, leaving him still tied to the track. After about half an hour's hard work he succeeded in getting himself free and returned to the city. He does not know his assailants and would be unable to identify them. This morning he bore the appearance of having passed a very restless night and his eyes were much swollen. He denied drinking anything and accounts for his appearance by the anxiety to which he was put by the loss. Why he should start at such an hour to walk through the darkness to the Three Mile House is not apparent, and though he may have lost the amount mentioned, his story is doubted by many who have heard it. Why three men should tie him to the track and do nothing but relieve him of his pocket book is another strange feature of the case. Smith is about 35 years old and has a family.
