THE BIOGRAPH

Has Made a Great Hit in Toronto—An Entire Change of Program Next Week.

The whole city is enthusiastic over the beautiful views of the biograph, and, in response to a very general demand, the exhibition will be continued next week, with an entire change in the program of regal, naval, military and comic views, the concluding scenes in the Pope's life alone remaining unchanged. This afternoon and evening will be the last opportunities of seeing the present program, which includes the Gordon Highlanders and the 21st Lancers. There will be two matinees to-day one at 2 o'clock, when Public school children will be admitted at 10c, and the regular performance at 3.30, as well as 8.15.

The views to be seen next week are entirely new and remarkable in character. Among those calling for special mention are:

The Jubilee Naval Review at Spithead, H.M.S. Powerful, the latest and greatest of English battleships, in the foreground.

The first skirmish of the Spanish-American War. Landing of United States troops at Matanzas, and, while doing so, being fired upon by the Spanish outposts.

Her Majesty Queen Victoria in front of Windsor Castle in her state carriage. This view was taken with Her Majesty's permission.

The Prince of Wales leaving Marlborough House. The Prince kindly waited and sat for the biograph camera, so as to give it the best possible view.

Col. Theodore Roosevelt and his Rough Riders in camp after San Juan.

Launching of the battleship Illinois, a remarkably vivid picture of an interesting occasion.

Ocean race between the Teutonic and Paris, steaming out from Sandy Hook.

Haverstraw Tunnel, taken from the engine of an express train on the line of the West Shore Railway. A picture in which the remarkable realism approaches that of the Conway Castle picture.

The sailors of the ill-fated United States battleship Maine, on review before Grant's Tomb prior to leaving for Cuba.

Charge of the famous Third United States Cavalry, who were in the engagement at San Juan.

Hockey match, Quebec v. Montreal.

The Quebec Fire Department in winter. Steam engines rushing to a fire on runners.

By special request, the wonderful view of Conway Castle, taken from the engine of the London and Northwestern, and the views of the 21st Lancers on parade will be repeated.

The comic pictures will include a "Wringing Good Joke," "A Blanket Ovation of the United States Troops," "The Vanishing Lady," while the pillow fight will be repeated, but, in addition, the reverse side will be shown, the feathers after being thrown from the pillows returning in a remarkably curious fashion.

Next week there will be two matinees daily. At 2 o'clock the regular program, including the above views and those of the Pope, will be presented. At 4.30 a special matinee, with a special view for the Public school children, will be given, in which the program, with the exception of the concluding views of the Pope, will be presented, while there will be the usual evening performance at 8.15.

After conferring with members of the Public School Board as to the best arrangements for the Public school children, a reduced admission fee of 10c will be charged, and, to avoid overcrowding, it is requested that, as far as possible, the Public school children should attend on the following days at 4.30:

Monday—Church, Dufferin, Wellesley, Parliament, Duke and George.

Tuesday—Winchester, Ryerson, McCaul, York, Victoria and Elizabeth.

Wednesday—Huron, Howard, Bolton-avenue, Bathurst, Borden, Brant, Brock-avenue, Clinton-street, Hamilton.

Thursday—Crawford, Dewson, Dovercourt, Givens, Morse, Louisa, Leslie, Fern.

Friday—Grace, John, Lansdowne, Niagara, Park, Parkdale, Perth, Phoebe, Queen Victoria, Rose-avenue, Rosedale, Sackville, Shirley.

The reserved seats for both afternoon and evening can be obtained at Tyrrell's bookstore, 8 West King-street.

Midget Soda Fountains.

There has been an unprecedented demand for these fountains, and Heather Bloom and Maple Cream Soda Syrup. On looking over the express company's receipt book, we notice shipments to British Columbia, Northwest Territories, Manitoba, Quebec, New Brunswick and all parts of Ontario. The people seem to know a genuinely good thing when they taste it. Repeat orders for syrups are already received although the season is scarcely opened. Messrs. R. McGregor & Co. are fortunate in being sole manufacturers of the above. Also from the fact that they are not procurable elsewhere at any price. Names of dealers dispensing these flavors will be published as a guide to the public when desiring to obtain them. Read display adv. in to-day's issue.

Fellow in Theology.

The Rev. G. F. Davidson, M.A., has been appointed by the corporation of Trinity College to the office of fellow lecturer in theology, which Rev. H. H. Bedford-Jones will vacate at the end of the present term. Mr. Davidson obtained a first-class in the final examination for honors in theology. He was for three years curate at St. Anne's, Toronto. He will enter upon his new duties in October.

Troops for South Africa.

London, June 9.—General Kitchener is in constant consultation at the War Office.

The British forces in South Africa are to be raised from 9000 to 32,000, and Canada may, it is said, be asked to furnish a battalion or two.

A CANADIAN LADY

Gives Her Experience With Coffee.

My sick headache and dull, languid, sleepy feelings have all gone since I have quit the use of coffee and taken to Postum Cereal Food Coffee.

You may be sure that I have abandoned the use of common coffee altogether.

A number of my friends in Ohio, Michigan, and here, in Canada, have been greatly benefited by discarding coffee and using Postum. I have known cases where people disliked the taste of Postum, but upon inquiry I have discovered that it is because they did not allow it to boil long enough, and I know that this is always true in such cases. No one can get a good cup of Postum without it is properly made, and that is simple and easy enough if one will only follow the directions.

The London Market.

New York, June 9.—The Commercial Advertiser's financial cable from London says: The Transvaal deadlock still dominates the market here, but apprehensions are pass ng off. The close was rather harder, with consols fractionally better. Americans were the strong feature. They were more active and remained hard on the lead of Louisville and Nashville, New York checked the rise momentarily, but on the street they recovered to the best. Coppers began weak, but recovered on the rise of 15s in copper. Tintos were 46¼ to 46⅝. Anacondas 10¾, Utahs 8½. New York bought both the latter. Silver was speculatively wanted and closed at 27⅞. Money was slack.

The Bank Clearings.

New York, June 9.—Bank clearings at the principal United States cities for the week ended June 9 show total clearances of $1,816,706,426, an increase of 86.9 per cent., as compared with the corresponding week last year. Outside of New York City, the clearances were $833,643,805; increase, 28.8 per cent. For the Dominion of Canada, the clearances were as follows: Montreal $16,154,266; increase, 8.7 per cent. Toronto, $10,062,882; increase, 4.4 per cent. Winnipeg, $1,839,397. Halifax, $1,408,555; increase, 13.0 per cent. Hamilton, $816,114; decrease, 3.6 per cent. St. John, N.B., $782,634; increase, 4.1 per cent. Vancouver, $714,978. Victoria, $605,010.

BUSINESS IS SO GOOD

With Furniture-Dealer M. Hancock That Greatly-Enlarged Premises Become Necessary.

For the past twenty-one years Mr. M. Hancock has done a household furniture business at the corner of Jarvis and Duke-streets. Each year has brought new customers and an increased trade. Improvements and extensions have been made from time to time, but business grew and larger premises became necessary.

Recently the entire store was overhauled and refitted, more space being added, so that it was practically rebuilt. To-day they have a store that is creditable alike to themselves and the east end of the city. It has a solid plate-glass front, the interior is handsomely decorated, and there is sufficient floor space on the two large flats they occupy to display their excellent stock to good advantage.

The stock carried is all new and comes from the best makers in the country. Long experience in buying with the ready cash to do it with and a minimum expense in selling enables Mr. Hancock to effect a saving at both ends so that bargains are the order of the day in household furniture of every description.

Mr. Hancock's business is by no means confined to Toronto, but extends to many of the neighboring towns and cities. When a World representative called recently a handsome $75 bedroom sett was being packed preparatory to being shipped to a customer at Markham, while a substantial order had just been received from a prominent hotelman outside the city.

In addition to household furniture, stoves of all kinds are also sold, the store next door at 73 Jarvis-street having recently been secured for this purpose. Here will be found a splendid stock of the celebrated stoves of the Gurney, Tiden Company of Hamilton, with those of many other makers. Just at present some excellent values are being offered in stoves that have been slightly used, having been taken in exchange for other goods. Mr. Hancock's regular announcement will be found on another page of this paper.

R. S. INNIS DEAD.

Was Born in Port Hope and Fought in the American War.

Newburgh, N. Y., June 9.—The death of Robert Strachan Innis on Tuesday night is made public to-day. He was born in Port Hope, Canada. He entered a regiment of Michigan engineers at the outbreak of the civil war, and served with distinction in the army of the Cumberland, rising to the rank of major. He was a 33rd degree Mason, and in 1882 was Inspector-General of Minnesota. He was a member of the Pennsylvania Commandery Loyal Legion.

Provision Freights Reduced.

Chicago, June 9.—Export provision rates from Chicago have been cut 2½ cents. The Michigan Central made the reduction via New York and Boston to meet a similar cut by the Chicago & Grand Trunk via Montreal. The new rate will be 22½ cents via New York and Boston, and 20 cents via Montreal. These lines claim that they are now making the same rates openly which have been in effect over certain roads secretly.

They Could Not Settle.

Chicago, June 9.—At a meeting of the Western Passenger Association yesterday every attempt to reach an agreement upon immigration bureau matters failed, and the passenger agents referred the whole question again to the executive officers.

DREYFUS TALKS VAGUELY

And Appears to Believe That General Boisdeffre Was the Man Who Secured the Revision.

KNOWS NOTHING OF ZOLA'S WORK.

Is Aware, It is Said, That Esterhazy Was the Author of the Celebrated Bordereau.

London, June 9.—A despatch from Cayenne, French Guiana, to a local news agency states that the second-class French cruiser Sfax has left the Isle du Saint with Captain Dreyfus on board. Captain Dreyfus said in an interview: "I knew that General de Boisdeffre would obtain reparation for me for the attack upon my honor. I knew also that perseverance and firmness of my friends would succeed in obtaining the revision, that is finally granted, of my trial."

Captain Dreyfus is ignorant of the part that Colonel Picquart has played in his defence. He knows nothing of the work that Emile Zola has done. His conversation is vague, and rambles among various subjects without connection. He knows that Esterhazy was the author of the bordereau. He asked: "Who is the officer that is to bring me back to France?"

He was told that Captain Cacuix of the gendarmerie would take him to the commandant of the cruiser Sfax, on which he would sail for France. He asked: "Of what class is the Sfax, and what is the name of its commandant?"

These details were given to him. Then he read a letter from a merchant of the colony, who offered to make a uniform for him, the uniform of a captain of artillery of the army of France.

Captain Cacuix, whom he consulted, in an apparent desire to please the merchant, advised Dreyfus to give an order for the uniform, and helped him to take his measure.

Commandant Prost bade farewell to Captain Dreyfus, who saluted him in the military fashion. Then the prisoner went to his room and wrote a long letter to General de Boisdeffre. In this letter the captain, ignorant of Boisdeffre's prejudice against him, expresses the warmest gratitude for the efforts he is persuaded General Boisdeffre exerted in his behalf. The letter is addressed to the Minister of War. Captain Dreyfus expresses in it his joy and his hope of being declared innocent at his second trial. He regards General de Boisdeffre ingenuously as his protector. The letter will be mailed by the cruiser Sfax.

Picquart Released From Custody.

Paris, June 9.—Lieut.-Col. Picquart has been provisionally released from custody.

S. Ackerman, commercial traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for inflammatory rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since, I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others, as it did so much for me." ed

Death of Mrs. G. S. Booth.

A Refreshing Summer Drink

Just the thing for parties going camping. Wholesome and nourishing for all classes of men. Mechanics who have tried it prefer it to tea and coffee. Ministers and professional men can do more work and have clear heads. Ladies do not have that tired feeling, but feel much younger and stronger. Children all cry for it, because it gives them health and strength.

Boil as directed. Set aside till cold. Then add lump of ice, and sweeten to taste. By constant use "Rokco" will give you vim, vigor, vitality, energy, health and strength. Cures dyspepsia and aids digestion. Tea and coffee destroy it. A 10c package will make 75 cups.

Insist on having "Rokco Health Drink," the original preparation. Don't take bran substitutes which are claimed to be just as good. For sale by all grocers everywhere.

If your grocer does not keep Rokco and will not get it for you, send 10c to firm below and receive ½-lb. package by mail, prepaid. Agents wanted throughout Canada.

Good for Thin Folks

Kefir Kumyss—an Oriental preparation delicious and refreshing in hot weather. Much like buttermilk in taste, but is richer—more easily digested—is nourishing and fattening. Thin people ought to use it.
