HALSEY'S CURE-ALL.

THIS Article is a delightful Aromatic Liniment, of extraordinary efficacy for the cure of Outward Complaints and general Debility.

Such is its efficacy, that it cures Rheumatism and pains arising from Frost Wounds, Accidents, and Old Rheumatic Affections, that thousands have been permanently cured by its use in incredible short time.

The most excruciating suffering, caused from Burns, Scalds, Bruises, and other accidents, are at once relieved by it, and entirely cured in a few days' time.

The use of acute and painful Toothache is cured by it IN FIVE minutes.

Swelled Face and Sore Throat, produced by bad colds, are quickly relieved by its use.

It is highly efficacious in Headache and Tiedoloreen, producing immediate relief.

The following are some of the Complaints in which the Cure All is most recommended, & its great efficacy as an outward application:—

Rheumatism, Rheumatic Gout, Lame Back, Pains in the Side, Bones and Back, Headache, Cuts, Bruises, Scalds, Tumors, Eruptions of the Skin, Glandular Tumors, Burns, Scalds, Chilblains, Kicks, Stiffness and Enlargement of the Joints, Swellings, Cramps, Ague in the Face or Breast, Chills, Toothache, Tiedoloreen, Pains and Swelling of the Face, Mumps, Sore Throat, Ringworm, Barbers' Itch, Erysipelas, Salt Rheum, Old and Fresh Wounds, and injuries of every description.

DR. HALSEY'S FOREST WINE.

FROM its own merits and great works, this Wine is fast becoming the favorite medicine among every class of people. Known as the most efficacious remedy for general Debility, Nervous Affections, Consumptive Decline, Complaints of the Kidneys, Heart, Lungs, and, above all, for diseases arising from impure Blood and debility of the System, eminent members of the Medical Faculty have sanctioned and adopted the use of it.

Dr. I. A. STANLY, a celebrated Physician, in a letter from Princeton, New Jersey, dated November 16, 1849, declares that in all his experience he had never seen anything to compare with the Forest Wine and Pills, at the same time relating several cases of constitutional Debility and Scrofulous affections which it cured in an incredible short time. Among the members of the Medical Faculty of New York, who have witnessed the great results of the Forest Wine, and recommended it in numerous complaints, will be found the names of the celebrated Dr. M. T. Goodwin, Dr. S. E. Mott, Dr. L. Cheeseman, Dr. Chilton, Dr. William Brown, Dr. Marvin, Dr. J. M. Marnan, and others.

TESTIMONY of Johnson Burke, a highly respectable citizen of Waverly Place, New York:—

Dr. G. W. HALSEY:—DEAR SIR,—I esteem the Forest Wine as the King of Medicines. It has done for me in five weeks what three Physicians failed to do in as many years. In 1845, I became a victim of the Heart Disease and Nervous Affections, which have been growing on me ever since, until I procured your Forest Wine and Pills, although I had wasted a real hundred dollars for medical attendance. During the last two years I was obliged to keep my house nearly all the time, and gave up business in consequence of my ill health. I had nearly lost all hope of recovery, my complaint was of that class under which "nature sinks and life becomes a burthen." Seeing you Forest Wine advertised I concluded to give it a trial, and before finishing the third bottle I felt like a different man, and was able to resume business again, entirely cured, by taking two bottles. For the benefit of those afflicted with similar complaints you are at liberty to publish this. Yours, &c.,

JOHNSON BURKE, Waverly Place, N. Y.

HEMPSTEAD, Dec. 1, 1847.

DR. HALSEY:—A bottle of your Forest Wine and a box of Pills, which I procured of Mr. James Carr, (your Agent for this place,) has done wonders for me. I had been in a state of decline for more than a year, afflicted with a dry cough, pain in the breast, general debility, and loss of appetite. I became almost a skeleton, and had been unable to leave my room for more than two months by reason of my weakness. I used the Compound, and derived great relief from the first bottle. I then tried your Wine, which I had taken, or my medical friends had taken, or my physician, until your Wine and Pills were procured. The first dose of the Pills brought up from my stomach much phlegm and greenish matter, and my stools were perfectly black. I then commenced taking the Forest Wine three times a day, my appetite began to return immediately, my cough left me, and in less than two weeks I was almost well. I now enjoy better health than I ever did before, having increased twenty five pounds in seven weeks. Your Forest Wine and Pills are highly valued in this vicinity, and I owe my recovery entirely to the virtues of your medicines. Yours, respectfully,

MARTIN CALDWELL.

The following Certificate, voluntarily given by Mr. E. G. Mussey, a respectable and well-known citizen of Cohoes, New York, is an evidence which must remove all doubts of the great efficacy of the Forest Wine in GENERAL DEBILITY, NEURALGIA, AFFECTIONS OF THE SPINE AND KIDNEYS:—

"This is to certify, that I have used Dr. Halsey's Forest Wine in my family with the most entire success. My wife was badly afflicted with Neuralgia, affections of the Spine and Kidneys, and general Debility. She found speedy relief, and regained her health, by the use of the Forest Wine.

From my own knowledge of this excellent medicine, I confidently recommend it for the good of others who may be suffering with similar complaints. It is the best medicine with which I am acquainted, and those who are afflicted with the above, or any similar diseases, may safely rely on its virtues.

Cohoes, March 6, 1850. E. G. MUSSEY.

More Testimony from Cohoes.

Dr. G. W. HALSEY:—DEAR SIR,—My wife last autumn was reduced to a low state of Debility. My family Physician advised her to take your Forest Wine. Accordingly I went to Troy, to your Agent for this town, and procured a bottle, of it, which realized her in a very short time to perfect health.

HENRY DONALDSON.

Cohoes, April 12, 1850.

The testimony of upwards of three hundred individuals, some of whom were afflicted with dreadful disorders, and considered incurable, may be seen at Dr. Halsey's principal Office. The following are some of them residing in this city:—

Mr. Ant. S. Smith, 187, Prince Street, Office in Wall Street, was long severely afflicted with a disease of the kidneys and bladder. The best medical skill answered to no purpose. He tried the Forest Wine, and it met his case, and he was completely cured by the use of four bottles and a half of the Forest Wine.

Mr. John Bell, Merchant, in Pearl Street, was for four years a martyr to Rheumatic Pains, and could find no relief until he used the Forest Wine and Pills, and recovered by taking six bottles and less than a box of the Pills.

The remarkable efficacy of the Forest Wine is very striking in the case of the Rev. S. I. Rice, of Virginia, who was cured in a few hours time of a severe attack of Bilious Diarrhea and general prostration of bodily energy. On the arrival of the gentleman in New York in March, he was so weak and nervous, from the effects of his illness, that he could not write, and required assistance to enable him to walk to his apartments. The Wine was sent for, and he recovered by the use of less than a bottle of the Wine and a single dose of the Pills.

The Forest Wine and Pills are recommended as an efficient and certain cure in all the following complaints:—Nervous Debility, Nervous Headache, Hysteria, Hypochondria, Palpitation of the Heart, Dizziness, Dullness, Pimples, Blotches and unhealthy Color of the Skin, Dyspepsia, Loss of Appetite and Fever, Self Abuse, Dysentery, Costiveness, Incident only to Females, Lowspirited, Weakness, Night Sweats, Nervous Disorders, General ill Health and impaired state of the Constitution.

Plantagenet Water.

When first applied to by the Proprietor, for my opinion of the "Plantagenet Water," I was rather shy, as I had found it useless in many cases, after a more extensive experience has convinced me of the wonderful arrangement of the stomach, liver, and kidneys, particularly where mercury and strong purgatives have long been used, and in many cutaneous affections. The Water will be found invaluable in Gravel, and for the derangement of the stomach and bowels, which accompanies pregnancy. I have found it preferable to all other remedies.

Having suspended my opinion until some years experience of the Water had satisfied me of its value, I have the satisfaction in strongly recommending it to the profession and the public in the above affections, in which I have found it superior to all the other Mineral Waters of Canada, and one beverage so hot weather, I can recommend it as preferable to the drinks usually taken during the warm season.

I may state, in conclusion, that I recommend this Water in the members of my own family, and have always kept a supply in the house, since I became personally acquainted with its valuable qualities.

PLANTAGENET WATER.

Among the objects of interest exhibited at the late Industrial Fair, the celebrated Plantagenet Water held a conspicuous position, and its properties were strongly commended by the most favorable testimonials. The demand at the Fair for this beverage was so great, that it was evident that it was with great difficulty it could be procured in the City, and the general opinion was, that if the Proprietor of these Mineral Springs has but the opportunity, he would certainly establish that testimony of the highly medicinal character seems daily accumulating in his favor. The great benefits conferred on many individuals, by the use of this Water, increase their reputation, and it is now spoken of throughout the Province, as a beverage which, for purity and quality of these Springs, [illegible] Bible plainly shows them above all other Mineral Waters on this Continent.—

"I believe I was one of the first Practitioners of this city who recommended the use of the Plantagenet Spring Water, and since that time I have prescribed it to a very large number of my patients with invariable advantage.

"Two members of my family, of feeble and delicate constitutions, have derived marked benefit from the use of the Water. One had nearly lost all power in the right arm, the result of a severe and protracted attack of Rheumatism; the other was excessively debilitated from derangement of the digestive and alimentary organs.

"The administration of the Water is attended with the happiest result in constipation, arising from sedentary habits, and in aged persons.

"In heartburn, morning sickness, and the other complaints to which women are subject under certain circumstances, it acts most agreeably and effectually, but in these derangements, as well as where there is over secretion of the kidneys and bladder, it should be taken in smaller quantities at a time, but more frequently.

"From an extensive experience I am well satisfied with the operation of the Water, to speak personal it is quite palatable, and I deem it preferable to any other of the Mineral Waters I am acquainted with. I look upon many of the Mineral Waters as a great boon conferred by Providence on mankind.

SMITH'S EXTERMINATOR
FOR THE ENTIRE EXTERMINATION OF
Rats, Mice, Cockroaches, Beetles, Crickets, Ants, &c.,
Without the use of Arsenic or other Mineral Poisons.

The Genuine Article has a Label, similar to the above, pasted on the top of each Box.

The following TESTIMONIALS, from parties of high respectability, will place its efficacy above suspicion:—

With pleasure I assert, that the use of SMITH'S EXTERMINATOR was attended with complete success in destroying Cockroaches, Beetles, and Rats, in and about my premises, which was effected without any inconvenience.

C. F. BAILLARGEON, Pte.

Quebec, 7th March, 1848.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the nuisance, without success. Having heard highly recommended SMITH'S EXTERMINATOR, I have much pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my place abounded, and that without the least inconvenience.

BENJAMIN HART.

Montreal, November 22, 1848.

I hereby certify, that by using SMITH'S EXTERMINATOR it has perfectly succeeded in ridding the College Premises of Cockroaches, Crickets, and such like disgusting insects, which were before very numerous.

S. VILLENEUVE,
Director of Montreal College.

Montreal, April 20, 1848.

From the Rev. B. Davis, D. D., Minister of the Baptist Church, Montreal.

I most willingly bear testimony to the good effects of SMITH'S EXTERMINATOR. I found my present dwelling over-run with Beetles; the nuisance had defiance to all efforts to abate it, until the preparation was applied. One Box has sufficed to exterminate the Insects almost entirely from the house. Similar cases of success have occurred in my neighborhood.

Dr. SHERWOOD'S
GALVANIC EMBROCATION
NEW YORK.

THIS GALVANIC EMBROCATION is an unparalleled remedy for the Cure of Rheumatism, Acute or Chronic, seated in the Blood, Joints or Limbs. The Injurious and Gout, in its worst forms, Palsy, Fits, Sciatica or Kings Evil, Spinal and Hip Complaints, Stiffness of the Joints, Lumbago, Neuralgia, Chilblains, Fever Sores, Salt Rheum, Ring Worms, White Swellings, Diseases of the Skin, Eruptions, Gutter or Thick Neck. It is likewise highly recommended in the most confirmed cases of Scrofula and Scrofulous Affections of the Neck, Affections of the Spine, Mercurial Affections, &c., &c., &c.

It is now generally admitted, by the learned and scientific, that Galvanism, Electricity, Galvanic Magnetism is in fact the principle of Vitality of Life, and that disease in many of its most painful forms is entirely owing to the absence of this Galvanic or Magnetic power in the healthy proportion. It, then, we can readily supply this wondrous power, when it is thus deficient, we can successfully combat disease; and that we have, and perhaps attained by the most wonderful scientific discovery, of combining Magnetism or Galvanism with a Fluid which has cost the inventor of this remedy years of study and labor.

There is not an intelligent Physician, who has kept pace with the progress of science, that does not readily approve of the use of the Magnetic power in various diseases, and there is scarcely a Medical Journal, either in this country or Europe, which makes its appearance, without the statement of various cases, showing some new effects of these wonderful agents, corroborating previous experience of their beneficial use. The inventor of the *Galvanic Embrocation* has great pleasure in being able to state, that a number of the most distinguished Physicians of New York constantly recommend this Embrocation in their practice, and from many of them he has received the kindest testimonials of approval and commendation.

ELEGANT AND INVALUABLE ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,
FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar ones.

Mr. Wm. Bogle:—Sir,—The preparation invented by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It promotes and beautifies the hair, and clears the skin of all impurities, without producing any intimate deleterious effects, which are too frequently the result of many well-known patented compounds.

WINSLOW LEWIS.

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,
A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for shaving. The base of it is derived from the *Amole*, or "soap plant," of California, an article used by the natives of that country for washing; and thus the use of strong alkali, so hurtful to the skin, is avoided. The vegetable and detergent properties have the purest and most nourishing effects on the skin—it soothes and allays irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a decided luxury to be shaved with this incomparable soap. It is done with elegant style, calculated either for the dressing case of the "rough and ready" traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following is from Sumner F. Barrett, Saratoga Street, East Boston:—

East Boston, Feb. 8, 1847.

Mr. William Bogle.—Dear Sir! For several years past, my wife has been troubled with baldness, which has increased to an extent that alarmed her. After trying numerous bottles of other vaunted nostrums, and by the advice of friends, she was induced to use your Hyperion as a trial, for the purpose of restoring her lost hair, and I am happy to say that its effect has been to cause the hair to grow all over the part affected. She has used only two bottles, and that very irregularly; had she used it oftener and more regularly, I feel confident the growth of the hair would have been increased. I am, Sir, yours respectfully, SUMNER F. BARRETT.

BOGLE'S HEBEIANA,
FOR REPRESSING AND BEAUTIFYING THE COMPLEXION,

Eradicating Tans, Pimples, and other eruptions of the skin, and rendering it fair, delicate, and blooming. It equally subdues and allays all heats, irritations, and inflammations, and imparts a delicate tint to the cheek, and a soft and delicate texture to the hand, as the belief of fashion.

All the above articles are manufactured on the premises of the undersigned, and are warranted superior to anything yet introduced.

HEAD HUE.—Hyperion Fluid.—This is a compound, most admirably adapted to the nourishment of the hair, and the gentlemen men of long experience in the regulation of the hair, and the cure of its diseases, have pronounced it the most valuable preparation for the hair, that has ever been offered to the public. Its effects are wonderful, in preventing the hair from falling off, or becoming thin, or grey, and in restoring it to its original color, in the case of those who have unfortunately become bald, or nearly gray, or afflicted with baldness, all arising from inflammation of the skin of the head, caused by the use of other hair dyes, and the application of the Hyperion, we insist that they will find, that it will prevent any change, and have hair growing in a healthy state, and of the original color. The Hyperion is a most valuable preparation, for keeping the hair in place, and giving it a most beautiful appearance. For sale by the proprietor, Sterne Manufactory, No. 53, St. Urbain Street, and by all fashionable hairdressers and gentlemen's toilet.—Sold by the proprietor, Sterne Manufactory, No. 53, St. Urbain Street.

CRAMP AND PAIN-KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN

For the Cure of all Rheumatic Affections—Pain in the Stomach, Back, Side or Limbs—Stitches in the Back, Side or Limbs—Cramp in the Limbs or Stomach—Darting Pains, Bilious Cholic, Dysentery and Diarrhea, Colds and Sore Throat, all cases of Local Inflammation—Cuts, Wounds, Bruises, Burns, Scalds, Frozen Limbs, &c., &c.

THIS wonderful Medicine has effected many truly surprising cures in cases of the foregoing complaints. All we say no more than hundreds and thousands who have used it will assert, when we say there is no Medicine designed for that class of complaints, possessing more than a tithe of the power to relieve and cure so quickly.

We subject particular attention to the fact that it does not contain a particle of Opium in any form. Neither does it contain Camphor.

It is free from any deleterious article, and cannot, in any supposable case, injure the patient.

It does not weaken the *Life Fountain*, nor produce the burning, drying, parching sensations, so much complained of in the use of other "Pain Killers."

It does not weaken the peristaltic motion of the bowels, producing *Costiveness* and its attendant evils, but is a promoter of digestion, and of proper and healthy action in the stomach and intestine canal.

IN ALL RHEUMATIC AFFECTIONS,

Local Pains, &c., it has proved *so singularly successful*, rarely failing to cure, even in the most desperate and long standing cases. (See Certificates.) In these cases, the parts affected should be freely bathed, and then rubbed lightly, but briskly—not hard enough to hurt the patient, but an irritation is produced on the surface, and as severe cases the patient should take half a teaspoonful on sugar or molasses.

CRAMP IN THE STOMACH OR BILIOUS CHOLIC.

We believe it will never fail to *speedily cure*. It should be a teaspoonful at a time, on sugar or molasses, or in any manner the patient can take it best, and the stomach and bowels freely bathed. And if in bilious or twenty minutes the patient does not find relief, repeat the dose.

DYSENTERY OR DIARRHŒA.

Are speedily and easily cured by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the same.

EVEN THE CHOLERA.

Which during the past season has swept off such fearful numbers, has been cured by it, we believe in every case, where it has been early and faithfully applied. In Hamilton, where it proved so fearfully fatal, it was found to yield to this remedy, and CURTISS & PERKINS'*CRAMP AND PAIN KILLER*, was the Medicine recommended by the Physicians and by the Press, as the first, the surest and safest.

As a dressing for Cuts, Wounds, Bruises, &c., it is without a rival. Available in cases of *Burns, Scalds, Frozen &c.*, relieving the pain and *healing* without sear.

FOR TOOTHACHE

It is, nine times out of ten, a *CURE*. We believe it will *never fail*, unless the tooth is decayed, if the tooth be touched, assume a little laudanum, and rub on the gum. Hold some of it in the mouth. If the face is swollen bathe with it.

Bathing the head with it is generally a cure for the headache.

We are constantly receiving certificates from every part of the country, many of which may be seen in stores, pamphlets, which may be obtained of any of our agents.

P. S.—It is the best *HORSE AND OX LINIMENT* in the world.

Please read the following statement from John Buckham, Esq., of Richmond, Me.:—

DEAR SIR,—For years past I have been entirely prostrated with the Rheumatism; both of my knees were swelled to twice their original size—a large clinch came out on my breast bone, appearing like a pad to the touch, or like a bone. Another bone was thrown out on my wrist. In short, I endured the most excruciating pains for nearly three years. I obtained the best medical attendance the country afforded, and tried a great number of medicines and prescriptions without the least benefit or alleviation, which I had the good fortune to procure a bottle of Cramp and Pain Killer, from Curtiss & Perkins of Cincinnati. Soon after taking it I found I could get some rest nights, and the pain became less violent. I have continued to take it and bathe freely, until I have used eight bottles, and I think much larger quantities than was recommended.—The swelling has all gone down both in my limbs and breast, and I am entirely relieved from pain. I have been able to do a day's work at any time for the last three months, for a man of my age. No description of my case can convey the last amount of benefit I have received from this article. I believe it is the best article in the world for Rheumatism, and also used it for cholic and pain in the stomach, and also a bound immediate relief.

ST. LEON AND CAXTON SPRINGS.

For the past twelve months I have frequently recommended the Waters of the St. Leon and Caxton Springs, and have formed a favorable opinion of their efficacy as aperients in various derangements and diseases. I have found both Waters well adapted, in the generality of cases, for recovering the healthy action of the ordinary secretions, even when their tone and other active properties have been lost by long continued use of powerful aperients, or by the employment of more drastic medicines.

The Work may be had in Montreal, of BENJAMIN DAWSON, in St. Johns, of H. Caron & Co., price 3d. 6d. Sterling; Halifax, Messrs. Morton & Co.

December 20. 1850.

Rodney St. Inn, is handed to William Sayle, 377 Washington Street, for a series of the most meritorious toilet articles—the result of the inventive resources of the Hyperion Fluid's extensive patronage, and of the best of the class of preparations for strengthening and beautifying the hair; his Amole for shaving is deemed the greatest material in lightening the labor of the operation, and his Hebeiana, for the skin, is the most refined and delicate article of the kind. Sold by the inventor as above.

STRONG RECOMMENDATIONS

Regarding the effects of Dr. Sherwood's Galvanic Embrocation, in the Hospital of New York, we have received the following:—"The Embrocation is decidedly the most powerful and efficacious remedy we have yet tried, and recommending the course of the Hospital, we feel confident that the effect will be all ultimately effect a cure." Embrocation discovered by Dr. Sherwood, remarkable cures in little time, of Rheumatism, Gout, Sciatica, and Palsy, in the Hospital, and we can speak from our own knowledge of its efficacy, when it is used, in a great number and variety of complaints, that it is a valuable companion to the surgeon in the hospital, and a most valuable remedy in private practice, and we feel confident in recommending it as a most valuable remedy, and with ordinary care, we believe it will do good, even in cases of long standing, and in cases of Palsy, even when other remedies have failed.

THE BRITISH PERIODICALS
AND THE
FARMERS' GUIDE.

LEONARD SCOTT & Co.,
No 54, Gold Street, New York.

CONTINUE to publish the four leading British Quarterly Reviews and Blackwood's Magazine; in addition to which they have recently commenced the publication of a valuable Agricultural Work, called

"THE FARMERS' GUIDE TO SCIENTIFIC AND PRACTICAL AGRICULTURE."

By HENRY STEPHENS, F. R. S., of Edinburgh, Author of the "Book of the Farm," &c., &c., assisted by JOHN P. NORTON, M. A., New Haven, Professor of Scientific Agriculture in Yale College, &c., &c.

This valuable Work will comprise two large royal octavo volumes, containing over 1400 pages, with 18 or 20 splendid Steel Engravings, and more than 600 Engravings on Wood, in the highest style of the Art, illustrating almost every implement of husbandry now in use by the best farmers, the best methods of ploughing, planting, harvesting, &c., &c., the various diseases to which our domestic animals are subject, and the most approved modes of treating them, in short, the whole subject of farming, in all its branches, in the most comprehensive sense, treated in a manner so plain, that the veriest novice can understand it, and so practical, that the most experienced farmer will be benefited by its perusal.

The Work is being published in Semi-Monthly Numbers, of 64 pages each, exclusive of the Steel Engravings, and is sold at 25 cents each, or $5 for the entire Work in Numbers, of which there will be at least 22.

The British Periodicals Re-Published are as follows, viz:—

The London Quarterly Review, (Conservative.)
The Edinburgh Review, (Whig.)
The North British Review, (*Free-Church.*)
The Westminster Review, (Liberal.)

AND

Blackwood's Edinburgh Magazine, (Tory.)

Although these Works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their *literary* character which gives them their chief value, and in that they stand confessedly far above all other journals of their class. *Blackwood*, still under the masterly guidance of *Christopher North*, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial Works of Bulwer and other literary notables, written for that Magazine, and first appearing in its columns both in Great Britain and in the United States. Such works as "The Caxtons" and "My New Novel," (both by Bulwer,) "My Peninsular Medal," "The Green Hand," and other serials, of which numerous rival editions are issued by the leading publishers in this country, have been reprinted by those publishers from the pages of Blackwood, *after it has been issued by Messrs. Scott & Co.*, so that Subscribers to the Reprint of that Magazine not unfrequently rely on having the *earliest* reading of these fascinating tales.
