OUTDOOR AND INDOOR SPORT.

TORONTO BICYCLE CLUB TO REMAIN INDEPENDENT.

They Will Not Amalgamate with the Athenæum—Result of the Sheffield Christmas Handicap—Maud D. Again Wins at the Humber Trot—Betting on the New Orleans Fight.

President A. F. Webster called a full attendance of Toronto Bicycle Club members to order last night at their regular monthly meeting, when the scheme to affiliate with the Athenæum Club was knocked into a cocked hat by an almost unanimous vote, notwithstanding Dr. Doolittle's vigorous appeal for amalgamation.

The speeches were many and pointed and nearly everybody talked for independence. The vote was taken on this amendment of Messrs. Lailey and Cox:

That while we appreciate the advantages to be acquired from affiliation with the Athenæum Club of Toronto, we deem it in the best interests of the T.B.C. that we remain independent and carry out a scheme of a club house of our own similar to that which was before the club last spring.

This amendment was carried by a vote of 31 to 22, and was subsequently made unanimous.

The snowshoe branch of the Toronto Bicycle Club will hold a tramp this evening, leaving the club house at 7½ o'clock for Astabula. Everybody is expected to turn out.

Great preparations are being made for the T.B.C.'s conversazione to be held at the Academy of Music on Tuesday evening, Feb. 3. The committee making the arrangements are: H. B. Brough, chairman; E. Y. Parker, honorary secretary; R. J. Hall, F. B. Robins, Harry English, J. Milne, W. West and F. J. Whatmough, committee.

THE GRANITES' BIG MAJORITY.

Prospect Park Downed Yesterday by Fifty-three Shots.

The Granites and Prospect Park curled their regular weekly match yesterday evening, when the Church-street club won by a very big majority.

Snowshoeing.

The snowshoer has been rendered supremely happy by the recent fall of snow which enables him to partake of his favorite and most exhilarating exercise. The popularity in this sport is increasing daily, and this season will see a large array of knights of the snowshoe. Messrs. H. P. Davies & Co., 81 Yonge-street, are ready to supply snowshoes, moccasins and everything required in an outfit in their usual high standard of quality.

Chips From the Tee.

St. Mary's defeated Stratford yesterday by 29 shots in a friendly curling match.

Upper Canada College hockeyists play the Imperial Bank seven, starting at 4 p.m. today, on the college grounds.

The St. George's team for the big match to-night with "C" School will be as follows: A. Hurst, goal; J. Hargraft, point; W. Henderson, cover point; F. W. Jackson, M. Lucas, C. Thompson, C. K. Temple (capt.), forwards. "C" School will put a strong team on the ice and a great game should be the result. Match starts sharp at 8.

THE SHEFFIELD HANDICAP.

Harper the Winner in the Final Heat in very Unfavorable Weather.

The concluding stages of the Sheffield Christmas handicap took place under very unfavorable climatic conditions, snow and sleet falling the greater part of the afternoon. Seeing that only one of the well supported men, Hutchens, had been knocked out on the previous day's running, it was not surprising that the interest in the event had increased, and again the attendance was large.

After the first day's running Harper was again backed, but Partington was brought with a rush and at the conclusion of business ranked equal favorite with Harper, whilst Hartley and Ernest also came in for support Dec. 27. Immediately before racing betting ruled at 9 to 4 against Harper, 3 to 1 against Partington, 4 to 1 against Hartley, 9 to 2 against Ernest, 12 to 1 each against Moss and Patterson, 16 to 1 against Marriott and 28 to 1 against others. Proceedings commenced an hour after the advertised time, and the first heat fell to Airton, who won easily by three yards.

In the second heat Patterson had to put in all he knew to beat Marriott. In the third heat all the men had been heavily backed and were known to be triers, and the fact of Harper and Hartley meeting lent additional interest to the heat, one of the finest races seen seen resulting in the victory of Harper, and he at once became an odds on favorite for the final. The fourth heat fell to Kerr after a good race with Tyson.

After the usual interval the men turned out for the final, which resulted: Harper first, Patterson second, Kerr third, Airton fourth. Betting: 10 to 1 on Harper, 10 to 1 against Patterson, 20 to 1 against Kerr, 100 to 1 against Airton. The quintet got away splendidly from their marks, and ten yards from home Patterson looked all over a winner, but Harper, making his effort, landed first by a foot, with Kerr and Airton pulling up.

CLIFTON'S TRACK WAS HEAVY.

And Salvini Won the Handicap, With Tipstaff in the Place.

CLIFTON, Jan. 12.—To-day the track was heavy. The results were as follows:

First race, ⅝ mile—Rumpus 1, Roseville 2, Frank L. 3. Time 1.06¼.

Second race, ⅞ mile—Basil Duke 1, Australand 2, Zanzibar 3. Time 1.22.

Third race, 1¼ miles—Macbeth II. 1, Dalsyrian 2, Ellis 3. Time 2.21¾.

Fourth race, ⅞ mile, handicap—Salvini 1, Tipstaff 2, Mamie B. 3. Time 1.34¼.

Fifth race, 1 mile—Long Island 1, Village King 2, Golden Reel 3. Time 1.48¾.

Sixth race, 6½ furlongs—Prodigal 1, Zed 2, Clamor 3. Time 1.26½.

Lotion Wins Over King Idle.

GLOUCESTER, Jan. 12.—First race, 4½ furlongs—McDowell 1, Lomax 2, Chambly 3. Time 1.06¼.

Second race, 4½ furlongs—Umpire Kelly 1, India Rubber 2, Seabird 3. Time 1.07.

Third race, 6½ furlongs—Lithbert 1, Edward F. 2, Leander 3. Time 1.40¼.

Fourth race, 1⅛ miles—Lotion 1, King Idle 2, Mikado 3. Time 2.25.

Fifth race, 1 mile—Cenwood 1, Fannie S. 2, Crispin 3. Time 2.06.

Trotting at the Humber.

Fifteen hundred persons saw a great trot over the mile track at the Humber yesterday afternoon. There was plenty of betting and good going. The judges were Dr. McConnell, Dr. Lynd and Frank Wismer. The results were:

Three-minute class:

J. Duck's Maud D.	2	1	1	1
M. Ronan's	1	2	2	2
J. Cuthbert's Miss Pickard	3	4	3	3
D. Small's Grey Dan	5	3	4	4
J. Bellamore's French Fred	4	5	5	5

Time—2.37¼, 2.36¼, 2.36¼, 2.38.

Match trot:

S. Staneland's Morgan Boy	1	1
R. Miller's Unknown	2	2

Time—2.48, 2.47¾.

BETTING ON THE BIG FIGHT.

Visitors Favor the American—Both Parties Are Wary.

NEW ORLEANS, Jan. 12.—Dempsey arrived here this morning. Peter Jackson is also here. Kilrain and Muldoon are on their way. Fitzsimmons expects to enter the ring at 152 pounds. Those nearest him think he will win in 10 rounds, and a good deal of money at odds of 1 to 10 has been placed that way.

Most of the northern and western money here is for Dempsey, but his backers are chary of giving odds. Local speculators generally favor Fitzsimmons, but want odds. Some $30,000 has been placed in the hands of Bud Renaud to place any part of it Fitzsimmons at odds of 30 to 50. The mill will be under police protection and a cordon of blue coats will surround the ring.

McAuliffe announces that he will meet Carroll for a purse of $10,000.

ON TO NEW YORK.

The Magnates Will Discuss the Situation There This Week.

NEW YORK, Jan. 12.—Baseball men are arriving by almost every train and a full delegation will be in attendance at the gathering to-morrow.

All the members of the Conference Committee, which meets to-morrow, are in town but Chris Von der Ahe of St. Louis. He is hourly expected.

The American Association men held a meeting here last night which lasted until this morning. They were at work on the report which they must make to the association Thursday. In regard to the report that the Rochester club had been sold Mr. Thurman said that everything in that direction would be fixed up to-morrow.

The Chess Association Tournament.

The standing of the players at the end of the first week in the Canadian Chess Association tournament now in progress at Montreal is as follows:

Names.	Boultbee	Davidson	Narraway	Taylor	Barry	Short	Cooke	Hicks	Won	Lost	Drawn
Boultbee		0	1	0	0	0	1	7	0		
Davidson			1	1	2	3	1		8	0	0
Narraway	1	0		½	1½	1½	0	2	5	2	3
Taylor	1	0	½			2	0	1	4	5	1
Barry	1	0	½						1	3	1
Short	1	0	½	0					1	4	1
Cooke	3	0	1	2					6	1	0
Hicks	1	0	1						2	3	0

Fred. Mossop's Hostelry.

There has been a marked change at "Head quarters" since Mr. Fred Mossop took hold of the ribbons. The entire establishment has been redecorated and finished in handsome oiled woods, with plate-glass electric-reflecting mirror bars, which are without a doubt the most brilliant in Canada. The best brands of liquors and cigars are always kept in stock. F. W. Mossop, proprietor.

WINDING UP THE YEAR.

Civic Committees Who Cleared Off Their Slates—No Waterworks Money Through the Governor-in-Council.

Yesterday was winding up day with a number of the city committees. Their slates were cleared as well as possible and several of the aldermen attended their last committee meeting. The council of 1890 will probably hold its final meeting on Friday.

The Waterworks Committee made its final bow. Chairman Hill presided. There were present: Ald. Small, Gowanlock, Maughan, Leslie, Lindsey, Bailey, Irwin, Carlyle (St. And.), Superintendent Hamilton. An application for an increase of salary from the collectors in the branch offices was tabled. Engineer Ferguson, in charge of the main pumping station, wrote giving the cost of the break in the wooden conduit at Hanlan's Point last summer, when a spile was driven through it by McNamee's pile-driver, under the instruction of Capt. Williams. These are the figures:

Coal consumed for extra water pumped over average daily consumption, from week ending Saturday, June 28, to Dec. 31, 1890, 1750 tons at $4.50 per ton	$ 7,884 00
Extra labor, repairs to engines made necessary by sand settling in the plunger	3,961 74
Total	$11,845 74

The committee received the little billet doux in grave silence.

In a lengthy report the superintendent strongly recommended the taking over of the high level engines, as being first-class in every particular.

The capacity of the two engines was to be 3,000,000 gallons each in 24 hours. They actually pumped:

	Gallons.
No. 1 engine	3,474,227
" 2 "	3,461,005
" 1 "	3,529,302

The water was to be supplied at the pumps under a pressure of about 23 lbs. The average pressure of the water supplied at the pumps was: No. 1 engine, 15.51 lbs.; No. 2 engine, 14.41 lbs. and 14.59 lbs. This difference arose on account of the lowness of the water in the reservoir, giving the decreased pressure at the pumps.

This was how Mr. Hamilton described the engines.

Ald. Gowanlock objected that the consumption of coal to get this duty was larger than agreed to.

Mr. G. W. Inglis of the Blake Manufacturing Company, who built the engines, pointed out that the city had not provided the 23 lbs. pressure promised, and to this failure was attributable any failure to come up to time. The committee resolved to recommend to council that the engines and pumps be accepted.

The committee confirmed the appointment of David Score as assistant engineer at the high level station. It was decided to apply to the Lieutenant-Governor-in-council for permission to spend $100,000 to be expended in mains where shown that they will pay the usual revenue, 10 per cent.

In this connection the following letter from Assistant City Solicitor Caswell, addressed to Mr. Hamilton, was read:

Re Bylaw for $184,723.

DEAR SIR,—As directed I prepared the papers herein and forwarded them to the Provincial Secretary for submission to the Lieutenant-Governor-in-council to obtain his approval of this bylaw. Subsequently I received a letter from the Attorney-General's office asking whether the money to be raised under this bylaw was to be expended on mains to be put down in the future, or was required to recoup the city for the cost of mains already laid. I ascertained from you and wrote the Attorney-General that the mains in question were already put down.

I have now a letter from the Assistant Provincial Secretary informing me that the Government is advised by the Attorney-General that the proposed bylaw does not come within the provisions of the statute, 51 Vic., chap. 28, sec. 24, and therefore cannot receive the approval of the Lieutenant-Governor-in-council. Mr. Lumsden adds that the statute in question enables municipalities to dispense with the assent of the electors only in the case of certain specified bylaws, and provided the approval of the Lieutenant-Governor-in-council is first obtained; and, in order to obtain such approval, it is necessary to show to the satisfaction of the Lieutenant-Governor that the proposed extensions are necessary, and that a sufficient additional revenue will be derived therefrom to meet the annual special rate required to pay the debt and interest. He adds: "This language indicates that it was not intended that municipalities should incur expenditure on the chance of afterwards obtaining the sanction of the Lieut.-Governor. The extensions now in question have actually been constructed. They are therefore no longer "proposed" extensions and are not within the provision of this act.

THOMAS CASWELL.

The Chairman stated that Mayor Clarke, the City Solicitor and himself would have another interview with the Attorney-General on the subject.

In the matter of the new steel conduit the chairman asked if the committee had any objection to the department taking over the work temporarily in order that the Reservoir might be filled the more rapidly. This the committee did not seem inclined to consent to and this was emphasized by the receipt of a letter from Bain & Laidlaw, acting for Mr. McNamee, refusing his consent until the city came to some satisfactory arrangements in reference to money matters. The whole matter was left in the hands of the superintendent, City Engineer and City Solicitor.

As the year's appropriation had run out, it was determined to ask the council to instruct the City Treasurer to provide funds for the payment of accounts to the amount of $35,000 now in his hands. A vote of thanks was tendered the chairman.

The Secrecy of the Committee.

The Street Railway Franchise Committee wound up proceedings yesterday. There were present: Ald. Vokes (chairman), Hallam, Moses, Score, Lindsey, Swait, City Solicitor Biggar. A number of accounts were passed, and several petitions from outside bodies covering various phases of the street railway question were laid on the table. In moving a vote of thanks to the chairman, Ald. Moses said it was not fair that he should have been blamed for the secrecy of the committee. It was a wise proceeding.

Among the accounts passed were:

Judge Senkler, arbitrator	$	1037
Charles Ritchie, Q.C., "	"	1087
Samuel Barker, "	"	1987
S. H. Blake, Q.C., counsel	"	2201
C. Robinson, Q.C., "	"	1935
Frank Denton, "	"	619
Frank J. Joseph, "	"	244
R. H. Jenkins, "	"	550

LEFT TO THE NEW COUNCIL.

The Question of Increasing the Pay of the Firemen.

The final meeting of the Fire and Gas Committee was presided over by Chairman Bell. There were also present Ald. Hewitt, Vokes, Gowanlock, Maughan, Frankland, G. S. Macdonald, Score, McDougall, Fire Chief Ardagh, Electrician Gibson. An application to permit the placing of a private alarm in Lombard-street hall was referred to the electrician for a report, the chief remarking that there were too many of the kind getting in. The sub-committee on firemen's salary recommended that the rank and file get $25 a year increase, but that the whole matter touching other officials be left over to the new council. Ald. McDougall wanted to know why Electrician Gibson had been left out in the cold every time the question of salary was raised. The chairman explained that Mr. Gibson had not been neglected, but circumstances at the time prevented his claims being considered.

Ald. Gowanlock and Frankland favored leaving the report on the table for the new council to deal with. Ald. Vokes took the same view, and Ald. Score thought there was no time like the present. The discussion turned on the quality of the new electric lights. Ald. Maughan and Macdonald stated that they were out almost all the time in their districts. The Chairman replied that action would be taken to compel the electric light company to fulfil its contract to the letter. The committee finally determined to send the whole report to the new committee.

The City Commissioner reported against an application for the erection of a forge at 1220 Spadina-avenue. The Firemen's Superannuation Fund report was sent on to council with a recommendation that the chairman was instructed to bring in a bylaw legalizing the fund. A bylaw compelling the erection of fire-escapes in factories of three stories or over was approved of and recommended to council.

The statement of cost of the department for 1890 was presented by Secretary McGowan. These are the figures:

FIRE DEPARTMENT.

Amount of appropriation	$111,820 00
Surplus from 1889	7,284 00
Expenditure	107,534 98
Surplus	$10,969 02

Against this surplus is $6800 for items ordered to be advertised for, but the liabilities for which have not yet been received:

The water appropriation for fire hydrants was	$ 55,148 00
Expenditure	55,147 50
Surplus	50

PUBLIC STREET LIGHTING.

Appropriation	$148,003 00
Expenditure	140,918 07
Surplus	$3,084 93

Chief Ardagh also handed in his report for 1890. During the year the department responded to 385 calls, an increase of 68 over 1889. The aggregate loss on buildings, stock and goods amounted to $487,186 and the insurance $1,184,473. The loss sustained in the University fire, $363,706, helped to swell up the losses, showing that the brigade's efforts had been more than successful, the University fire not being attributable to any lack of duty on the part of the department.

The losses and insurance in the different wards for the year were:

Wards.	Loss.	Insurance.
St. Alban's	$ 2,242 81	$ 98,858 00
" Andrew's	24,134 11	174,977 00
" David's	2,048 83	16,375 00
" George's	20,750 07	227,268 00
" James'	4,906 64	51,100 00
" John's	26,589 15	89,225 00
" Lawrence	11,887 72	59,017 00
" Mark's	1,724 00	22,600 00
" Matthew's	1,429 00	5,650 00
" Patrick's	374,498 17	228,023 00
" Paul's	374 00	58,600 00
" Stephen's	5,569 79	20,680 00
" Thomas	2,627 55	29,470 00
Total	$487,186 44	$1,184,473 00

The total strength of the brigade on the last of the year consisted of:

One chief of department.
One first assistant chief.
One west assistant chief.
One east assistant chief.
One secretary of department.
One superintendent fire alarm telegraph.
One assistant-superintendent fire alarm telegraph.
One hundred and three men and 20 drivers.

The list of dead are:

Thomas Everist, Yorkville-avenue hook and ladder truck, No. 5, killed on duty at Yonge and Maitland-streets April 4, 1890.

James Ashfield, chief engineer of the department, died June 15, 1890.

George Stewart, Rose-avenue section No. 14, died Sept. 20, 1890.

The Delsarte System.

A new system of training men and women in the art of human expression (not speech) is now spoken of; it is called the "Delsarte System."

Physical perfection of feature, form and limb are treated by this new art. It claims that physical culture is now the order of the day, and that in the attainment of this culture gymnastics is but one step. It claims to be the great field for putting actors, readers and orators in possession of the proper philosophy which will enable them to excel in their callings. The majority who now study it do so simply on account of the graces it carries in ordinary life. To secure the benefits of this new system those who are about to study it should be free from nervous ailments, healthy in body and sound in mind. They should have a perfect digestive organism and be total strangers to dyspepsia and indigestion. It is a system wherein alone the healthy and robust can obtain benefit and perfection in the art. To those who wish this strong, robust and vigorous health necessary to pursue this new art Paine's Celery Compound will most assuredly give it. No other remedy known to science will so completely restore the weak, nervous, irritable, sleepless and dyspeptic victim. Paine's Celery Compound is the great remedial agent for every man or woman to fit them for enjoying a pure, happy and vigorous life.

Dr. W. H. Graham
198 KING-ST. WEST
TORONTO, ONT.
Treats Chronic Diseases and gives special attention to skin diseases, as pimples, ulcers, etc.
Private Diseases, as impotency, sterility, varicocele, nervous debility, etc. (the result of youthful folly and excess), gleet and stricture of long standing.
Diseases of Women, painful, profuse or suppressed menstruation, ulceration, leucorrhœa and all displacements of the womb.
Treatment by electricity is used in all chronic diseases and is assisted by electro-medicated and vapor baths. In catarrh, piles or rheumatism this treatment is unrivalled. The battery which is used is a Faradic and Galvanic Combination and is the finest in Toronto.

Next Week—William Redmund in "Cuchello."

THE OLD MERCHANTS OF TORONTO will remember that 25 years ago ocean barques from England discharged their freight at our wharves and left with return cargoes, but the business called for larger ships to make it profitable, which our canals could not pass onward. Millions upon millions have been lost to the country owing to this drawback, which we hope to see shortly overcome by the enlargement of the canals, when the "Cattle King" and others can have the boon of direct shipment to England in large steamships from Toronto docks without breaking bulk.

EBBITT & BRAND,
Billiard Room, Windsor Hotel, Montreal

Severe colds are easily cured by the use of Bickle's Anti-Consumptive Syrup, a medicine of extraordinary penetrating and healing properties. It is acknowledged by those who have used it as being the best medicine sold for coughs, colds, inflammation of the lungs and all affections of the throat and chest. Its agreeableness to the taste makes it a favorite with ladies and children

Much distress and sickness in children is caused by worms. Mother Graves' Worm Exterminator gives relief by removing the cause. Give it a trial and be convinced.

JOHN M'CARTER
BUTCHER
7 and 9 St. Lawrence Market
A large stock of prime meats always on hand.

ADAMS & WALLER
28 St. Lawrence Market.
This enterprising firm deserves great credit; it has been asserted by one of the older members of the trade that their show surpasses any previous show that has been in St. Lawrence Market for many years. Their Beef although heavy is profitable to the consumer as well as to themselves. It has been the study of this firm to procure the best the market can produce regardless of cost. Trusting their patrons will patronize them in the coming year as they have done in the past.
