LOCAL DOGS BEFORE JUDGES.

THE TORONTO KENNEL CLUB'S THIRD BENCH SHOW.

A Very Large Number of Animals Exhibited and a Large Attendance Present —Critical Review of the Show—The Annual Inter-University Football Match To-Day—New York's Horse Show.

The third bench show held under the auspices of the Toronto Kennel Club was brought off last evening in the Richmond Hall, when a striking illustration of the good work the energetic club is doing was manifested. A very large number of dogs were exhibited, and a large attendance of members and their lady and gentlemen friends were present.

The judging, which commenced at 8 sharp, was quickly got through, and gave general satisfaction. The judges were Mr. R. W. Boyle for spaniels and Mr. William Brodie in all other classes.

Mr. Williams' St. Bernards were worthy representatives of their breed and attracted a good deal of attention. In greyhounds, which were a strong class, Mr. Hobart's dog, Dick, was a good first, with Howarth's Fox second, Common third and Fawn fourth. Fawn, in the opinion of many, should have occupied second position, for although failing in head he is away ahead in front and body.

Mr. R. P. Forshaw showed two grand collie puppies. Fox terriers were numerically strong, and here H. P. Thompson's Tom Tom was an easy winner. M. J. Sheridan showed a nice pair of bull terriers, and W. P. Fraser's little Scots were on view. Quite a number of spaniel men were on the scene, but for some reason were not represented as strongly as they ought to have been, considering the character of Toronto as the Spaniel City of Canada. Taken as a whole the show was a great success, a credit to the committee and to the hard-working and painstaking secretary, Mr. H. P. Thompson.

THE SPORTING SEARCH-LIGHT.

The contest for the trotting stallion championship of the world between Stamboul and Kremlin is a hot one. Scarcely had the Californian put the record at 2.08 flat, when Kremlin went out on the Nashville track Saturday and made the mile in 2.07¾, the fractional time of which was: :32¼, 1.03¼, 1.35 and 2.07¾.

The new champion was bred at Woodlawn farm, Kentucky, and was foaled April 8, 1887. His original name was Effendi, meaning "My friend." Kremlin was sired by Lord Russell, full brother to Maud S., first dam, Eventide, dam of Even, 2.24¾, Evermond, 2.24¼, and Erelong, sire of So Long, 2.24¼, by Woodford Mambrino, 2.21½; second dam Vara, dam of Vatican, 2.29¼, by Rysdyk's Hambletonian; third dam, Venus, by Seely's American Star. William Russell Allen of Boston bought Kremlin as a yearling with several other youngsters, paying $60,000 for the 8 horses.

Kremlin started three times as a 3-year-old. His first race was in the 2.32 class at Washington Park, Chicago, Aug. 22, 1890. Chief Medium won the first heat in 2.30¾, Navidad the second and third in 2.23½ and 2.24¾. Duke won the fourth heat in 2.25 and Kremlin the fifth and sixth heats in 2.22½ and 2.23½. Navidad took the race by capturing the seventh heat in 2.22¼. Kremlin's second start was at the Kentucky Breeders' meeting at Lexington, where he attempted to lower his record of 2.22¼ against time, but failed, going the mile in 2.24¼. His third, attempted in 1890, was for the 3-year-old stake at Cleveland, O., in which he had a walk-over. Kremlin was not started in any race in 1891. This year he won the 2.22 class at Narraganset Park, Sept. 23, beating Constantine, Virginia Evans, Illinois Egbert, Soudan and Sappo, and getting a record of 2.11¾. Constantine won the first heat in 2.13¼. His next encounter was in the Transylvania Stake at Lexington, which he took in straight heats, the phenomenal time of which was 2.11¾, 2.13 and 2.11¾.

Kremlin has shown more speed in a mile than any stallion living, and has done all of his work on regulation tracks.

New Jersey racing men are confident that the new Legislature just elected will enact a law before next May that will put racing on a legal basis in that State. A local option bill permitting the authorities of each county to decide whether racing shall be carried on within its limits, or not, is the measure deemed most probable of enactment.

Many of the uninitiated think Mike Dwyer's investment of $90,000 at Frank Ehret's sale was not a good one. They are asked to keep track of Don Alonzo, Yorkville Belle, etc., and see. It was merely laying money down to wait 12 months and treble it.

GOTHAM'S HORSE SHOW.

Where Canadians Captured Good Prizes —Some Results.

NEW YORK, Nov. 15.—The Canadians are having great success at the horse show. Yesterday a number of prizes fell to their lot.

In the thoroughbred stallions, 3-year-old or over, class, shown in hand, first prize $750, Robert Davies' br s Mikado, 16.2 hands, 11 years, by King Ernest—Mimi, bred by D. D. Withers, won; second prize, $250, Ralph Banks' b s Candlemas, 9 years, by Hermit—Fusee, bred by Lord Arlington; third prize, $100, Bellwood Stud's ch s imp. Lunar Eclipse, 15.3 hands, four years, by Xenophon—Vectis. Highly commended, Hempstead Farm's ch s Macbeth, aged, by Macaroon—Jersey Belle. Foxhall, Prestonpans and Dandie Dinmont were not shown in the ring.

The performance of Mayor Hugh J. Grant's grand Hunter 'Oxford in the hands of McGibbon was simply faultless, and handsomely deserved the blue ribbon he obtained. Mr. F Gray Griswold handled Mr. Fred Gebhard's imported Countess in fine, workmanlike manner, and was entitled to second honors. The third prize fell to Mr. Sidney Dillon Ripley's chestnut mare Molly, always a consistent performer over hurdles. Mr. George Pepper's Queensberry carried off the white ribbon. George Pepper also brought Queensberry, Maud and Bismarck.

After the luncheon recess the Clydesdales occupied the ring. There were only three entries and all could be only classed as very average. This breed of horses has gone somewhat out of fashion and does not attract much attention in the ring. Queen's Own was undoubtedly a finer animal than either of his competitors, both of which showed a decided lack of bone, and in addition Energy had a blemish in being a trifle cowhocked. Stallions, 3-years old or over, shown in hand—First prize, $200, Graham Brothers' b.s. Queen's Own, 17½ hands, 6 years; second prize, $100, Robert Davies' b.s. Energy, 17 hands, 4 years.

Here's a Race Horse Record.

Never was there a race horse yet to show such an unbeaten record as the celebrated Hungarian mare Kincsem, who won 54 races over all distances and in all sorts of weather, never on any occasion shrinking from her work or being beaten. As a 2-year-old she was 10 times successful. As a 3-year-old she was 17 times victorious. As a 4-year-old 15 times she caught the judge's eye and as a 5-year-old she repeated the performance successfully no less than 12 times, making an aggregate of 54 wins.

TRINITY OR TORONTO?

The Annual Local Inter-University Rugby Football Match To-Day.

The Rugby season will close in Toronto to-day, when the annual match between Toronto and Trinity Universities takes place on the lawn starting at 3 p.m. Both teams have been rather unsuccessful this season as regards winning matches, neither having scored a victory, although Varsity has played one drawn game. The red and black are in capital condition and a close contest may be looked for. The teams and field officers will be:

Trinity University: Back, Robertson; halves, Laing, Patterson, Southam; quarter, McCarthy (capt.); scrimmage, Buttler, Leech, Seym; wings, Cayley, Huntingford, Bedford-Jones, Chadwick, Wadsworth, Nellis, Ogilvie.

Toronto University: Back, McQuarrie; halves, J. Gilmour, Moore, Bunting; quarter, Parker (capt.); wings, Laidlaw, Barr, N. Lash, Clayes, Williams, White, C. McKee; scrimmage, M. Lash, McMillan, H. Kingstone; spare men, C. Kingstone, Hargraft, Eby.

Referee, W. A. H. Kerr; umpire, J. F. Smellie.

Prizes for Runners and Kickers.

In the fine hall of Upper Canada College's new building yesterday prizes were presented to several of the successful competitors in distance running and football.

Mr. A. A. Macdonald gave an account of this year's cross country race and compared it with that of '91. He hoped to see at least 50 entries next year. The donor's words were frequently interrupted by applause, which was redoubled when Kelso came forward to receive the cup and Bricker the medal. The Macdonald cup is a big silver one and only becomes the property of the winner when three times successful, and the medal goes to the runner having the best average in two successive races.

F. N. Waldie, the captain of the first football team, introduced the new members of the fifteen, and Mr. Jackson, Dean of the Residence, presented each one with the blue and silver Rugby cap, which the football representatives of the college are alone entitled to wear. The applause became deafening as each of the following players was solemnly invested with the mystic cap: Eby, McMaster, Denison, Hoskin, Campbell, Putnam, Counsell, Robertson, Falconer, Moss, Bull, McLennan, Cosby, Bricker.

The Scots for Detroit.

The clever kickers of the Toronto Scottish Football Club will play their annual match with the Michigan Amateur Athletic eleven at Detroit on Thursday, Nov. 24, which is Thanksgiving Day across the line. This match is usually a desperately fought one; this year will likely be no exception to the rule. Both teams have trained specially for this match.

The Scots will practice on the old Upper Canada College grounds this evening at 7.30 o'clock. It is requested that every member will turn out. After the practice a meeting will be held to select the team.

The Sophs are Class Champions

The Association football final match for the inter-year class championship of University College was played off yesterday between '95 and '94 on the Lawn, resulting in a score of 3 goals to 2 in favor of '95.

Lizzie Rode 700 Miles.

Miss Lizzie Haggerty of Chicago recently accomplished her seventh century run on a bicycle. Miss Lucy Porter, another Chicago lady, has also ridden the same number of centuries.

White Wings Comes to Toronto.

HAMILTON, Nov. 15.—The sloop White Wings has been sold to W. S. Begg of Toronto. The boat will be left here until spring and then taken to Toronto. The price is private.

White Wings was designed by Captain Cuthbert of Cobourg, and in her day she was the champion in the 46-foot class. She was bought by Æmilius Jarvis and A. G. Osborne from Capt. Cuthbert, and was sold by them three years ago to a Hamilton syndicate. The sloop held her own until Yama went into the 46-foot class.

Sporting Specialties.

Athenæum Cycling Club men will hold a smoker in their club rooms to-morrow evening. A pleasant time is anticipated. Pipes will be lighted at 8 o'clock.

A society for the purpose of raising and training messenger birds on the same principle as that of the Dominion Messenger Pigeon Association of Toronto is to be formed in Montreal.

The directors of the Chicago Cricket Club, of which Dr. E. J. Ogden is president, have decided to sell the property and wind up the affairs of the club. The property comprises seven acres of land, and is valued at $75,000.

The Toronto Kennel Club's new headquarters in the new Oddfellows' building, Yonge and College-streets, will be formally opened to-morrow evening, when Messrs. W. M. Brodie, A. D. Stewart and R. W. Boyle will deliver addresses on the Irish terrier, fox terrier and spaniel respectively.

NO SEWAGE-ICE THIS WINTER.

The Board of Health's Decision — The Medical Health Officer Is Decided On the Question.

The ice question has at last been settled, at least for the coming season.

The situation now is this: Ice-cutting is altogether prohibited on Toronto and Ashbridge's Bay and permitted on Small's and Grenadier Ponds for cooling purposes only.

Yesterday morning the members of the Local Board of Health made a tour of the breweries and packing houses to inspect their respective ice houses. The breweries visited were the Dominion, the Thomas Davies and the O'Keefe. A stay was also made at the pork-packing house of W. Davies & Co.

The Result of the Tour.

"We found," said Ald. Saunders, "that the cost of bringing in ice will not be so large as estimated by some of us, the average amount each brewery puts in being from 2000 to 2500 tons a year. We didn't get a guzzle in any of the breweries," added the worthy alderman with a laugh.

The committee held a special meeting at 4.30 p.m. Ald. Graham presided and there were present Ald. Bailey, Small, Leslie, Saunders, Burns, Orr, the Mayor and Medical Health Officer Allen.

"I am pleased to see all my members present," gleefully remarked the chairman, rubbing his hands together as he took his chair.

Ald. Leslie wanted to get a report of the result of the committee's morning tour before he could intelligently vote on the question.

Dr. Allen said that the system in vogue in a couple of the breweries was found to be absolutely perfect, but in other places he thought there was danger. "I find that some of the breweries are delivering ice around to their customers. And then some of the conditions are inimical to the health of the employes.

The Mayor's Firm Stand.

The Mayor: I think it is a pity that we have to send outside for ice, thus depriving a good many of employment here during the winter months. But, at the same time, I don't feel like taking upon myself the responsibility of cutting ice on Toronto Bay.

Ald. Leslie: You, Mr. Mayor, last year championed the cause of the brewers and icemen, and I want to ask you, Dr. Allen, and the chairman, if as a result of the privilege then accorded, you have discovered anything detrimental to the public health? Or is it because of the trend of public opinion that your views have changed?

His Worship said his private opinions had not changed, but that in view of Dr. Allen's strong report he felt it was best that the cutting of ice on Toronto Bay should be prohibited.

The Thin End of the Wedge.

Ald. Lamb moved the adoption of the report, adding a rider to the effect that, in order to prevent a monopoly, the Medical Health Officer be empowered to permit ice being cut on Toronto Bay under such conditions as he may consider advisable.

Ald. Small and Leslie wanted Ashbridge's Bay added.

Ald. Lamb: Then what you have been saying for years about the terrible condition of Ashbridge's Bay is not true. [Laughter.]

Ald. Small and Leslie in chorus: O, it's all right in the winter! [Renewed laughter.]

Ald. Orr said that Dr. Burgess, one of the largest practitioners in the East End, had told him that the water in Small's pond was infinitely worse than Toronto Bay. "And I believe he is right."

Ald. Lamb's motion was eventually carried on this vote:

Yeas: Burns, Small, Saunders, Lamb, Leslie, Orr—6.

Nays: The Mayor, Graham, Bailey—3.

"It is absolutely certain," remarked Dr. Allen, when the result was announced, "that, as far as I am concerned, no ice shall be cut on Toronto Bay."

It is the most palatable of all carbonated waters, and is strongly recommended by the most prominent physicians in this city and the United States. The demand for it is unprecedented. MacLean and Prescott.

The play of "The Duke's Wife," now being produced by R. G. MacLean and Marie Prescott, is a charming production, being from the pen of James Sheridan Knowles, the gifted and celebrated playwriter. The principal characters, Julien St. Pierre and Marianna, are peculiarly suited to Mr. MacLean and Miss Prescott, fitting them exactly, and so preserving the harmony of the whole play. The supporting company is an unusually strong one, it is announced, and the costumes and scenery, a carload of which they carry, are magnificent. These two excellent artists and their company of players will be seen here at the Grand Opera for the entire week commencing Nov. 21.

Carlton-street Service of Song.

There will be a service of song and readings in Carlton-street Methodist Church tomorrow evening, when a most attractive program will be given. Among those assisting the fine choir of the church are Miss Pauline Johnson, the Indian poetess-elocutionist; Miss Irene Gurney, pianist; Mr. Paul Hahn, 'cellist, and a number of popular singers. There will be the usual silver collection.

Mesmerism at the Auditorium.

Prof. John Reynolds gave a very interesting exhibition of mesmerism in the Auditorium last night. He had four subjects under the influence, and with these he illustrated the possibility of conveying mind impressions from mind to mind by the merest suggestion. The audience were kept in roars of laughter at the incongruous feats the subjects were obliged to perform. Prof. Reynolds will continue the performances every evening this week.

Notes.

No entertainment of the season will be more attractive than the dual costume recital to be given by Miss Pauline Johnson and Mr. Owen A. Smily in Association Hall on Monday evening, the 28th inst. Both of these clever artists will contribute entirely new selections to the program.
